PRODUCT SIZING GUIDE

MEASURING FOR SIZE MEANS BETTER COMFORT AND MORE EFFICIENT USAGE

Briefs, Protective Underwear and Knit Pant Sizing

For briefs, underwear and pant measure the hips or waist (select the larger of the two) as follows:

Step 1:

Measure the largest area from hip bone to hip bone and over the abdomen (see illustration above)

Example:

Hip bone to hip bone = 19" (48.3 cm)

Step 2:

Double the measurement in Step 1 and add two inches

Example:

19" (49 cm) x 2 = 38" (96.5 cm)

38" (96.5 cm) + 2" (5 cm) = 40" (102 cm)

Bladder Control Pads and Liner Sizing

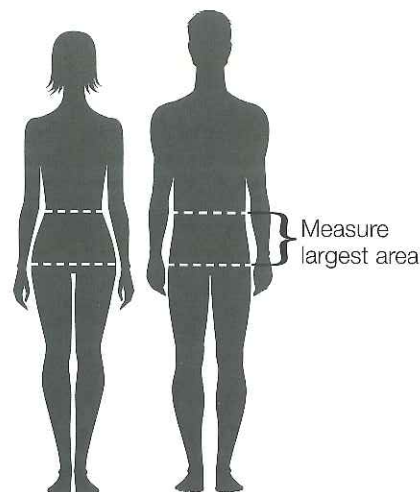

One size fits all. Continue to step 3.

Step 3:

Using this number, select the product size from the chart below

Example:

40" (102 cm) = medium or regular brief

MEDLINE REMEDY ADVANCED SKIN CARE

The difference between a remedy and a functional product line...

Medline Remedy goes beyond cleansing, moisturizing and protecting the skin. Medline Remedy helps to replenish nutrients, antioxidants and essential fatty acids to help deliver nourishment to the skin.

Instead of using harsh surfactant-based cleaners, Medline Remedy cleansers are derived from coconuts and phospholipids, helping retain the natural oils and skin's moisture.

Medline Remedy moisturizes only with natural oils that provide essential fatty acids and help build the "mortar" in between the dead cells and reduce the excessive transepidermal water loss (e-TEWL).

In addition, Medline Remedy skin protectants utilize silicones and zinc oxide to protect the skin from moisture, from incontinence-associated moisture, perspiration or wound exudate.

Medline Remedy helps restore the skin's natural moisture balance. It is indicated for all patients, including those who are at high risk for skin breakdown.

Medline Remedy Phytoplex, the next generation Remedy line, has been formulated without parabens, aloe, phthalates or sulfates, for patients with the most sensitive skin.

Apply Remedy with our dry wipes, see page 47
