

REQUEST FOR STATEMENT OF QUALIFICATIONS

West Jackson County Utility District will be accepting qualification statements for engineering services for a State Revolving Fund project from the Mississippi Department of Environmental Quality (MDEQ). Engineering services shall include providing program management, feasibility studies, preliminary engineering, design, engineering, surveying, mapping and construction management services. Criteria for selection shall be based upon the following:

Qualifications Criteria	Description of Criteria	Weight
Knowledge	Evidence of specialized training and education required of a public sanitary sewer	20%
Ability to Serve	Demonstrate the availability of resources necessary to meet the project schedule required by the Owner for funding	20%
Experience	Evidence of sufficient professional engineering experience with similar sanitary sewer projects including experience with similarly funded projects	20%
Past Performance	Prior experience with West Jackson County Utility District	20%
Communication	Ability to communicate in a timely and thorough manner	15%
References	Provide three or more references from previous clients for whom similar projects have been completed	5%

Three engineers will be selected from qualification statements received for interview. Upon completing the interview process, contract negotiations would proceed with the most highly qualified engineer. In the event that a contract cannot be negotiated with the most highly qualified firm, negotiations would continue in order of qualification.

A general description of the project and the project schedule can be secured by contacting West Jackson County Utility District at (228) 872-3898.

Engineers interested in being considered shall provide a statement of qualification on or before January 15, 2016 addressed to the following:

John Hannah, General Manager
WEST JACKSON COUNTY UTILITY DISTRICT
7312 Rose Farm Road
Ocean Springs, MS 39564
