

LESS LETHAL

PROTECT AND RESTRAIN

The Monadnock® brand has a rich history of pioneering state-of-the-art American-made batons and training aids that has defined the way law enforcement professionals operate, train with and purchase batons for more than a half a century. Our heritage and expertise focuses on our primary objective: providing the highest quality products to the men and women who depend on them every day.

Additionally, Monadnock now offers the legendary Hiatt® brand of metal restraints, along with riot control suits and accessories in both hard and soft shell versions, offering a one-stop-shop for protective less lethal gear. There's a reason Monadnock products are the preferred choice of law enforcement professionals around the world – we simply build our products better.

AUTOLOCK® X3™ BATONS

The Monadnock® AutoLock® X3™ expandable baton improves its original positive locking design with notable improvements which include an updated cam and stainless steel ball bearing design which offers reliably consistent locking action. A more solid feel in the hand when performing or demonstrating techniques and a new smooth plastic nose on the baton handle for more efficient holstering and transition from the holster to the hand. New blackened electroless nickel finish improves corrosion resistance on the inside and outside of the baton. See our website for more information about these batons.

AUTOLOCK™ X3

Made in the
USA

TIP OPTIONS

Available with either a Safety Tip®, 3xT Tactical Targeting Tip, or a **Power Safety Tip®** (shown here)

BLACKENED ELECTROLESS NICKEL FINISH

Improves corrosion resistance on the inside and outside of the baton

SMOOTH PLASTIC NOSE

Featured on the baton handle for more efficient holstering and transition from the holster to the hand

END CAP OPTIONS

The **patented AutoLock®** baton features a push button in the end cap to easily close the baton after it has been deployed

Baton is shown with optional **Wedge™ Baton Cap** accessory

Hindi Baton Cap™ accessory also available

IMPROVED POSITIVE LOCKING DESIGN

An updated cam and stainless steel ball bearing design offers reliably consistent locking action and a more solid feel in the hand when performing or demonstrating techniques

THE SAFARILAND TRAINING GROUP

MONADNOCK® EXPANDABLE BATON

// (MEB) INSTRUCTOR COURSE

This dynamic 2-day course is like no other because it provides you with useful defensive skills in all three zones of defense, especially for close quarter battles (CQB). It relies heavily on practical hands-on applications and is intended for first responders who want instruction in the proper uses of straight batons (expandable or rigid) used for self-defense and subject-control, for escort and handcuffing.

Contact the Safariland Training Group for details to take or host this course.

// AUTOLOCK® STARTER SERVICE KIT

- Kit allows you to service, repair and maintain the AutoLock baton when necessary
- Kit includes all relevant replacement parts including releases, rods, springs, cams, pliers and ball bearings
- Available for 16"/18", 21"/22", and 26" options

6500

// FULL SERVICE KITS

- Also available for 6500-16/18", 6500-21-22" and 6500-26" options

ULTRALITE™ FRICTION LOCK BATONS

The Monadnock® Ultralite baton is the most lightweight friction lock baton ever designed by Monadnock. The Ultralite features a carbon-graphite reinforced handle providing an impressive 35% weight reduction and a high strength-to-weight ratio. Each year officers are required to carry more and more gear on their duty belts, this baton is the answer to weight reduction without sacrificing performance or protection.

Ultralite Friction **LOCK BATONS**

Made in the
USA

STANDARD STEEL TIP

POLISHED BLACK
CHROME FINISH

END CAP OPTIONS

Standard Bore Guide End Cap centers the tip and shaft over an internal retention spring. Due to the reliable design of these batons, repairs are rarely needed

Wedge™ Baton Cap (shown here) features the same reliable bore guide in the end cap but with the added benefit of enhanced retention

FRICTION LOCKING TECHNOLOGY

The use of precision dies forms concentric tapers which significantly improve the lock open function of Monadnock® batons

LIGHTWEIGHT CARBON-GRAPHITE REINFORCED HANDLE

provides an impressive **35% weight reduction** compared to traditional friction lock batons

HINDI BATON CAP™

- Offers enhanced baton retention and maximum striking power during physical altercations while being safer to the suspect without limiting the use of force

WEDGE™ BATON CAP

- This tapered design offers a natural grip for maximum baton retention while in the field or performing techniques in a training environment

BATON TIP, GRIP AND FINISH OPTIONS

Monadnock batons feature a wide variety of grips, tips and finishes to allow you to choose the tool that best fits your duty requirements.

TIPS

Standard Steel Tip
Allows for opening the baton in a high-profile manner; may gain psychological advantage for officer over subject.

Safety Tip®
Reduces sharp edges; urethane covering allows passive drawing of the baton.

Power Safety Tip®
Engineered to put more weight forward to better balance the baton in the hand and improve kinetic energy transfer at the moment of impact. The larger tip surface may turn a subject's pockets inside out, reducing the risk of getting stuck with sharp objects.

3xT Tactical Training Targeting Tip
Featuring the Power Safety Tip that helps criminal justice professionals improve their striking skill because they can clearly see the track of the baton's tip during demonstrations, practice and/or in the street. Lime green only.

GRIPS

Foam Grip
Offers the highest tear strength and allows quick access from the Front Draw® Holder.

Super Grip®
The fluted surface texture provides excellent baton retention in and out of the holder.

Grenade Grip
Offers a ridged handle design for a sure grip.

Knurled Grip
The knurled grip enhances baton retention while performing strikes, blocks or jabbing techniques.

FINISHES

Black Chrome

Polycarbonate

Nickel

Black Anodized Aluminum

Blackened Electroless Nickel

TRAINING AIDS

THE FINEST TRAINING AIDS FOR THE FINEST PRODUCTS

Proper training with the right tools makes all the difference. Our line of practical training aids significantly enriches learning during practice exercises. Resistance training builds confidence. Our Universal Training Bags and foam batons can be used during dynamic or scenario training to improve skills and reduce the risk of injury.

MONADNOCK® PRACTICE SUIT

- Color-coded based on the escalation-of-trauma charts
- Provides realistic training opportunities
- Easy to put on and take off
- Breathable liner
- Cleans with soap and water

Training batons are recommended for use with static dynamic baton training

STRAIGHT // TRAINING BATONS

- High density, closed-cell foam white training baton
- Flexible design for lower impact while practicing techniques

ULTIMATE // TRAINING BATON

- Durable DuPont™ nylon cover
- 1/2" closed high-density cell foam
- Tip dipped in vinyl
- Energy absorbing construction allows scenarios to be performed with greater ease and comfort

SIDE-HANDLE // TRAINING BATON

- High density, closed-cell white foam training side handle baton
- Flexible for lower impact while practicing techniques

ULTIMATE // TRAINING BATON

- Durable DuPont nylon cover
- 1/2" closed high-density cell foam
- Tip dipped in vinyl
- Energy absorbing construction allows scenarios to be performed with greater ease and comfort

Model	Description	Length	Weight	Diameter
5103	Straight Training Baton	24" (60.96 cm)	9.4 oz.	1.25"
5105	Straight Training Baton	36" (91.44 cm)	9.8 oz.	1.25"
5106	Ultimate Straight Training Baton	24" (60.96 cm)	9 oz.	2"
5101	Side-Handle Training Baton	24" (60.96 cm)	10 oz.	1.25"
5107	Ultimate Side-Handle Training Baton	24" (60.96 cm)	17 oz.	2.25"

Training batons are recommended for use with static dynamic baton training

5002

// UNIVERSAL TRAINING BAG (UTB)

- Helps bridge the gap between static and dynamic movement in training
- Tactically used for baton physical encounter training:
 - » Simulated training scenarios
 - » Punching, kicking, elbowing, kneeing, etc.
 - » Action-reaction response drills, including unarmed self-defense training and baton training
- Easy to carry and store

5006

// UNIVERSAL TRAINING BAG 2 (UTB2)

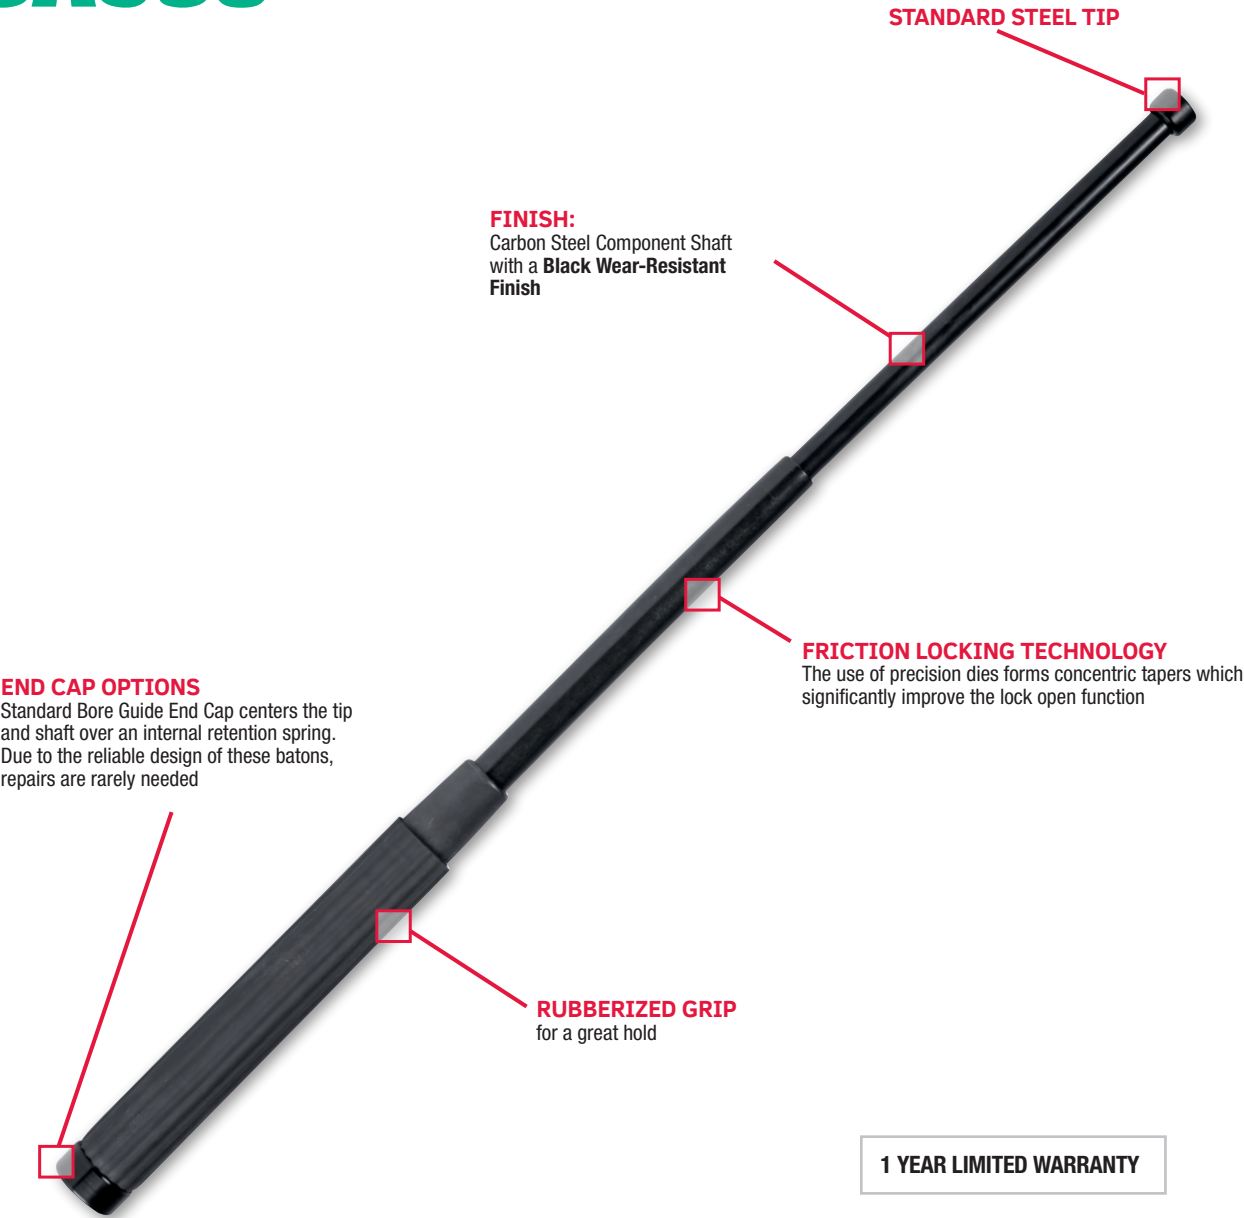

- Features a high-tech Force Deceleration Core to dissipate training blows from knees, elbows, fists or training-baton strikes with ease and comfort
- Offers six hand positions to create multiple target positions around the human body, which develops target acquisition and application skills for more realism in training
- Easy to carry and store

CASCO™ BATONS

The CASCO line of friction lock batons are made in the USA and are held to rigorous quality standards that are uncommon to other economy-priced batons. CASCO friction lock batons are easily opened with a flick of the wrist, lock into place via morse tapers and are closed by striking the baton on a hard surface.

HARD SHELL RIOT CONTROL SYSTEM

The cost-effective, lightweight ExoTech® System offers hard-shell protection without sacrificing mobility and can be quickly donned or doffed with ease for rapid riot control response. Each piece of the ExoTech system fastens and adjusts quickly with durable polypropylene and elastic straps with hook and loop closures, allowing a custom fit for a wide variety of body types. The contour molded polyethylene outer shell provides substantial protection from blunt force trauma.

HUEX100 HYDRATION SYSTEM

ECB100 HARD-SHELL TORSO PROTECTOR

EFP150 HARD-SHELL FOREARM GUARD

ETP200 HARD-SHELL THIGH & GROIN PROTECTOR

TS70 HARD-SHELL SHIN GUARD

ECB100

// UPPER BODY/SHOULDER

- Polyethylene outer shell
- L2500 EVA foam & 3mm polyethylene plate chest/back/arm padding
- EVA foam & polyethylene plate shoulder padding

OPTIONAL REFLECTIVE LABELS

6595 // POLICE
6596 // SHERIFF
6597 // CORRECTIONS

- Hook and loop compatible
- Dimensions: 3" W x 8 11/16" L x 1/8" D (7.6cm x 22.1cm x .3cm)
- Not shown: State (6772)

TS70

// HARD-SHELL SHIN GUARD

- Hard polyethylene shells with interior leg-brace support can safely withstand a substantial blow to the leg from non-ballistic weapons or flying debris
- Includes adjustable, removable foot protector
- Non-reflective outer surface

EFP150

// FOREARM

- Polyethylene outer shell
- EVA foam & polyurethane sponge padding
- Mesh inner lining

ETP200

// THIGH & GROIN SECTIONS

- Polyethylene outer shell
- Laminated EVA foam & L2500 EVA foam
- Mesh inner lining

HUEX100

// HYDRATION SYSTEM

- Includes bladder and carrier
- High-quality, odorless bladder
- 70 oz. capacity
- Features Bite Me™ revolutionary flow control valve for 360° activation and leak free operation
- Compatible with both ExoTech® and Centurion® Riot Control Systems

KNP100

// NECK PROTECTOR WITH KEVLAR®

- Offers protection for your throat, neck and larynx; designed to be worn with the Centurion™ and / or ExoTech® riot suits
- Design provides heat, abrasion and cut protection
- Comfortable stretch knit construction

KS19

// PROTECTIVE SLEEVES WITH KEVLAR®

- 2-ply, 7 oz. 100% KEVLAR® and resists bites, scratches or cuts from sharp objects
- Design provides a moderate amount of heat, abrasion and cut protection
- Excellent for deploying flash bangs

SOFT SHELL RIOT CONTROL SYSTEM

This protective piece is a must for riot control and cell extractions, effectively protecting the torso and shoulders from blunt force trauma. The lightweight, cellular pad design provides ample protection and allows excellent mobility. Includes attachment points for our HUEX100 Hydration System.

OPTIONAL REFLECTIVE LABELS

6595 // POLICE
6596 // SHERIFF
6597 // CORRECTIONS

- Hook and loop compatible
- Dimensions: 3" W x 8 11/16" L x 1/8" D (7.6cm x 22.1cm x .3cm)
- Not shown: State (6772)

**CPX2500**

// CENTURION™ UPPER BODY AND SHOULDER PROTECTION

- Torso protection consists of durable EVA foam with 7mm sponge foam on the interior for comfort
- Shoulder pad features hard-shell plastic plates with durable foam padding
- Will safely absorb blows delivered from blunt objects

**TS70**

// HARD-SHELL SHIN GUARD

- Hard polyethylene shells with interior leg-brace support can safely withstand a substantial blow to the leg from non-ballistic weapons or flying debris
- Includes adjustable, removable foot protector
- Non-reflective outer surface

**TPX200**

// CENTURION™ THIGH/GROIN PROTECTION SYSTEM

- Specifically designed for blunt trauma protection during riot control situations
- Multilayer protective design with 420-denier outer fabric covers hip and thigh areas and has an adjustable and removable groin protector
- Provides excellent shock-absorbing protection, and is flexible and comfortable

**GP300**

// CENTURION™ GROIN PROTECTOR

- Hook and loop fasteners provide groin protection without hindering mobility
- Construction consists of durable EVA foam pads with sponge foam covering on the inside for comfort and surrounded by a black polyester mesh rigging
- Fastens easily to the CPX2500 with 1" elastic and non-elastic straps
- Weight: 8 oz.
- One size fits all

Optional Police Decal
Shown

Comfort-Molded Handle

- 2036C: 20" x 36" (50.8cm x 91.4cm)
Weight: 6 lbs.
- 2448C: 24" x 48" (60.9cm x 121.9cm)
Weight: 6.8 lbs.

Triangle Handle

- 2036H: 20" x 36" (50.8cm x 91.4cm)
Weight: 6 lbs.
- 2448H: 24" x 48" (60.9cm x 121.9cm)
Weight: 6.8 lbs.

Optional Sheriff
Decal Shown

2448E // CAPTURE SHIELD

- Constructed of 4mm shatter-resistant polycarbonate
- Ambidextrous
- Features a convex design to restrain an attacker against a vertical structure without excessive force
- Weight: 8.5 lbs.

Capture Handle

2448E: 24" x 48" (60.9cm x 121.9cm)

- Available in:
 - » POLICE (H7000)
 - » SHERIFF (H7001)
 - » CORRECTIONS (H7002)
 - » POLICÍA (H7003)

NON-BALLISTIC RIOT HELMETS

TR-1000

// NON-BALLISTIC RIOT HELMET

- Durable injection-molded polycarbonate shell
- High-retention strap system with flexible chin cup and quick connect release buckle
- High density foam neck protector for added comfort
- Combi-Fit Pad System provides sizing options for most head sizes
- Weight: 3.6 lbs (1.63 kg)

// INTEGRATED NON-BALLISTIC RIOT FACE SHIELD

- Molded polycarbonate for clear viewing area
- Brim extends outward for extra clearance to accept gas masks
- Dual liquid barrier which channels liquid back away from lens and away from field of vision
- Meets NIJ standard 0104.02 Riot helmet requirements

R2S™ SYSTEM

// RATCHET RETENTION SUSPENSION SYSTEM

- Ratchet system provides enhanced security and a customizable fit for any head size
- 2-inch diameter ratchet dial at nape of helmet is easily adjusted even while wearing gloves
- Fas-Trac® components allow for effortless tightening while creating resistance to prevent loosening during use
- 360° of comfort foam, moisture-wicking pads including a removable nape pad for added comfort and stability

THE SAFARILAND TRAINING GROUP

C.E.R.T.

// CORRECTIONAL EMERGENCY RESPONSE TEAM BASIC INSTRUCTOR COURSE

Designed for operators and on-scene supervisors, this exciting course teaches students how to operate in a high-risk correctional environment and handle unruly, belligerent and dangerous inmates. It teaches tactics designed for a successful outcome and prepares students to become instructors in those tactics.

Contact the Safariland Training Group for details to take or host this course.

// CUFF CUTTER

- Can be used on any disposable restraint
- Pocket-sized for easy carry and storage
- Inexpensive and durable

THE SAFARILAND TRAINING GROUP

HIATT® TACTICAL HANDCUFFING

// INSTRUCTOR TRAINING COURSE

Handcuffs are used more than any other tool in law enforcement and, unfortunately, many officers are placed in vulnerable positions or hurt during the handcuffing process. This course presents simple, effective techniques that allow officers to quickly control and handcuff an individual by using handcuffing skills that can be performed whether a subject assumes a kneeling, standing or prone position.

Contact the Safariland Training Group for details to take or host this course.

MONADNOCK® DEFENSIVE TACTICS SYSTEM

// (MDTS) INSTRUCTOR COURSE

This powerful 2-day course shows you how to use your hands, elbows, knees and feet for protection against an attack, especially in close quarter battles (CQB). It relies heavily on practical hands-on applications and is intended for first responders who want instruction in how to use their personal weapons for self-defense and subject-control, for escort and handcuffing.

Contact the Safariland Training Group for details to take or host this course.

METAL RESTRAINTS

TAKE CONTROL. AND KEEP IT.

Hiatt® handcuffs offer a variety of unique features designed to address the needs of today's law enforcement personnel. Our fast back-loading application allows an open cuff to be snapped back into place with a quick motion of the wrist and then reapplied without having to release the offender's hand. With 18 teeth, 3 independent retaining bars with 6 teeth on each, we make it extremely difficult to pick, while providing increased strength as the shackle engages the additional teeth. Finally, True Swing Technology ensures the swing arm is balanced and centered so it locks into the center of the shackle every time.

STANDARD CHAIN STYLE

2010H

2010H / 2015H

// STANDARD CHAIN STYLE

Made from top quality steel, the chain style model features reinforced steel swivels for added strength and durability.
