

PROTECTIVE GEAR

THE POWER OF PROTECTION

Since 1967, the Hatch® name has been synonymous with the very finest in protective performance gloves for the law enforcement, tactical, military, medical and industrial safety markets. As part of The Safariland Group, our lineup is the most extensive in the industry,

offering advanced designs for cut-resistance, cold weather, impact protection, and much more. We use only the finest leathers, along with synthetic and high-tech materials to ensure that our protective gear performs to the world's most uncompromising standards.

THE HATCH® DIFFERENCE

THE POWER OF PROTECTION

BROAD, ALL-INCLUSIVE PRODUCT LINE
Hatch provides hand protection for law enforcement, military, shooting and other tactical applications.

INTENTIONAL RESEARCH AND DEVELOPMENT

Each product development series begins with a general survey of the market, gathering input from end users and observation in the field. Then with prototypes in hand, field testing is conducted, final adjustments made and a product is ready for introduction to the market.

THE RIGHT MATERIALS FOR THE RIGHT JOB

Hatch incorporates high grade materials to enhance the features required for each application. For example, our duty gloves are made of sheepskin leather to provide an enhanced sense of touch while conducting a field search.

5 POINTS OF INNOVATION - TASK SERIES

All models in the Hatch Task Specific Line feature these 5 innovative features.

TOUCHSCREEN-COMPATIBLE KNUCKLE FOR USE WITH ELECTRONICS

The knuckle pad provides the ability to quickly swipe the phone to take or send a call without having to remove gloves or worry about contaminating the device.

HATCH SIGNATURE ERGO-CUT™ THUMB PATTERN FOR AN ACCURATE AND COMFORTABLE FIT

Conforms to the natural curvature of the hand and offers greater dexterity and freedom of movement than a "single palm pattern". Because we have opposable thumbs, a single piece palm bunches up and twists on the thumb when the hands are clasped

ARTICULATED STRAP

Accommodates a larger watch as it is angled away from the wrist.

ALL-SOFT CUFF TO FLEX AROUND A WATCH ON THE WRIST

Many gloves are primarily made with a "ridged cuff", which is actually a detriment to a watch wearer in that the cuff then has to be pushed over or under the watch. With a soft compression cuff, the cuff gently compresses around the watch during wrist flexion, and allows the watch to be usable without having to constantly adjust the cuff.

HATCH PATENTED CUT-RING

This feature allows for the optional removal of the index finger for trigger control, without unraveling the remaining edge.

ADVANCED TOUCHSCREEN SYSTEM

FOCUS ON FUNCTIONALITY

Hatch offers a full a line of gloves designed specifically for use with touchscreen devices. Each glove is designed with purpose and intention based on the job at hand. Our newest Touchscreen gloves feature embedded ATS™ technology in the index knuckle allowing an officer to access a touchscreen device without worry of contaminating their device during grimy situations.

DUTY GLOVES

TASK SERIES

See more gloves in the Task Specific Series line in the Tactical and Traffic sections

TSK324 // TASK MEDIUM

- Durable synthetic palm with touchscreen capabilities in all fingers
- Soft and lightweight, breathable stretch material on back of hand
- Hatch touchscreen technology
- Reinforced fingertips
- Sizes: S-2XL

TSK323 // TASK LIGHT LEATHER

- Genuine goatskin leather palm
- Soft and lightweight, breathable stretch material on back of hand
- Touchscreen feature on middle finger knuckle
- Great for fine motor skill requirements
- Sizes: S-2XL

DuPont™
Kevlar®

TSK325 // TASK MEDIUM W/ KEVLAR®

- Kevlar® slash-resistant palm liner
- Durable synthetic palm with touchscreen technology in all fingers
- Soft, lightweight and breathable stretch material on back of hand
- Reinforced fingertips
- Sizes: S-2XL

PATENTED

TSK326 // TASK HEAVY KNUCKLE

- Patented Z-pattern palm with diamond grip for heavy duty applications
- Shock absorbing TPR (Thermoplastic Rubber) knuckle
- Durable synthetic palm material with touchscreen technology in index finger
- Soft, lightweight and breathable stretch material on back of hand
- Reinforced fingertips
- Sizes: S-2XL

DUTY TOUCHSCREEN GLOVES

TDG-100 // PATROLMAN TOUCHSCREEN DUTY CE

- Touchscreen-compatible leather on thumb, index finger and knuckle
- Performance-fit gusset back to improve overall flexibility
- Perforated leather for cooling or ventilation for all-day comfort
- Soft, sheepskin leather materials for increased tactility
- Neoprene cuff, closure-less design for easy on and off application
- Sizes S-2XL

TWG-100 // PATROLMAN WITH COOLMAX® TOUCHSCREEN CE

- Touchscreen-compatible leather on thumb, index finger and knuckle
- COOLMAX® performance fabric for comfort in warmer climates
- Soft, sheepskin leather materials for increased tactility
- Four-way stretch nylon spandex finger sidewalls
- Hook and loop closure
- Sizes S-2XL

TUG-100 // TECHNICIAN TOUCHSCREEN UTILITY CE

- Touchscreen-compatible synthetic leather on thumb, index finger and knuckle
- Reinforced rubberized fingertips and spandex back
- Rugged synthetic materials for durability
- Hook and loop closure
- Sizes S-2XL

DUTY GLOVES

NS430

// SPECIALIST® ALL-WEATHER NEOPRENE SHOOTING/DUTY CE

- Constructed of neoprene for comfort, flexibility and warmth
- Palm made of Synsi-feel™ synthetic leather for excellent grip and accurate feel
- Extreme-Grip™ sewn onto palm and fingertips for maximum grip
- Hook and loop closure
- Sizes XS-2XL

SG20P

// DURA-THIN™ POLICE SEARCH DUTY CE

- Unlined and constructed from soft, durable premium leather that is cut "second-skin" thin for superior feel and dexterity while shooting, searching, handcuffing or driving
- Short elasticized cuff provides a snug fit and will not interfere with jacket or shirt cuff
- Sizes S-2XL

CT250

// COOLTAC™ POLICE DUTY CE

- Lightweight glove design offers excellent comfort in warm climates
- 3-D knit spacer performance fabric on back
- Palm is constructed of ultra-thin leather for dexterity
- Extreme-Grip™ provides weapon control and reinforcement of wear area
- Features the Hatch® Signature Ergo-Cut™ for excellent fit
- Hook and loop closure
- Sizes S-2XL

CUT RESISTANT GLOVES

RFK300

// RESISTER™ WITH KEVLAR® CE

- Constructed of goatskin leather
- KEVLAR® knit liners provide moderate cut resistance
- Short elasticized cuff
- Sizes XS-3XL

DuPont™
Kevlar®

SGX11

// STREET GUARD™ WITH DYNEEMA® CE

- Dyneema® liner for the ultimate in cut protection, comfort and dexterity for the entire hand
- Digitized synthetic leather palm with Extreme-Grip™ nonslip cradle, offering sure grip and positive weapon control
- Neoprene and spandex back allows air circulation for maximum comfort while providing a proper, snug fit
- Hook and loop closure
- Sizes XS-3XL

SB8500

// FRISKMASTER™ SUPERMAX™ CE

- Premium goatskin leather construction
- Dyneema® liner offers unparalleled cut protection to prevent injuries from knives, razors and other sharp objects - for the ultimate in cut protection, comfort and dexterity
- Dyneema® offers the cut protection required for the highest rating in the EN 388 test standard
- Extended, elasticized cuff
- Sizes XS-3XL

Honeywell
SPECTRA

FM2000

// FRISKMASTER™ WITH HONEYWELL SPECTRA® CE

- Honeywell Spectra® knit liner protects from sharp objects
- Constructed of premium leather
- Wrist length elasticized cuff
- Sizes XS-3XL

CUT RESISTANT GLOVES

SGK100

// STREET GUARD™ WITH KEVLAR® CE

- Design offers excellent protection from cuts and sharp objects over the entire hand
- Digitized synthetic leather palm with Extreme-Grip™ non-slip cradle, offering a sure grip and positive weapon control
- KEVLAR® lining palm and fingers as an extra safeguard
- Neoprene and spandex back provides maximum comfort while providing a proper, snug fit
- Hook and loop closure
- Sizes XS-3XL

DuPont™
Kevlar®

PPG2

// ARMORTIP™ PUNCTURE PROTECTIVE GLOVE CE

- Synthetic suede leather palm
- Exclusive ArmorTip® system offers optimum protection on the leading edges of the fingertips and thumb
- Neoprene and spandex back with hook and loop closure
- Sizes XS-3XL

CYCLING GLOVES

LIQUICELL®

FLG250

// SHEARSTOP™ FULL-FINGER CYCLE CE

- LiquiCell® technology provides superior comfort and performance
- Strategically placed grip pads for control
- Terry cloth thumb for sweat removal
- Spandex back for exceptional fit
- Hook and loop closure
- Sizes S-2XL

HLG250

// SHEARSTOP™ HALF-FINGER CYCLE

- Same features as the FLG250
- Sewn-in loops for easy removal
- Sizes S-2XL

PC290

// LYCRA® CYCLING CE

- Comfortable fit with a sure grip and great control
- Synthetic leather palm with foam padding provide grip
- Lycra® back and hook and loop wrist closure provides a snug, yet forgiving fit
- Absorbent terry cloth on the back of the thumb to wipe away perspiration
- Sizes S-2XL

COLD DUTY GLOVES

APG30

// ARCTIC PATROL™ CE

- Constructed of a breathable, waterproof Hipora® insert, polyester lining and water-resistant polyester shell
- A polyester lining provides additional warmth and comfort
- 3M Thinsulate™ insulation
- Rubberized Sure-Grip™ palm with “trigger control” index finger provides grip and control for use with a firearm
- Sizes S-2XL

EWS530

// ELITE WINTER SPECIALIST® CE

- Nylon back with goatskin palm for durability and dexterity
- Thin polyester insulation lining for warmth; wicking action pulls perspiration from hand to prevent the loss of body heat
- 3M Thinsulate™ lining and water-resistant shell
- Spandex wrist cuff for a snug fit keeps out cold weather
- Extreme-Grip on thumb cradle for enhanced weapon control
- Adjustable hook and loop closure on outer shell helps to keep out debris
- Sizes S-2XL

WPG100

// WINTER PATROL

- Made of leather and a water-resistant shell
- Digitized print in the palm increases surface area to allow for a better grip
- C70 Thinsulate™ insulation with a soft brushed tricot inner liner
- Leather cinch strap provides a snug fit to block out cold
- Sizes S-2XL

NS430L

// WINTER SPECIALIST® ALL-WEATHER NEOPRENE SHOOTING/DUTY

- Palm made of Synsi-feel™ synthetic leather provides excellent grip and accurate feel
- Extreme-Grip™ sewn onto the palm and fingertips (except the index finger) to facilitate trigger control
- Dual inner lining of 3M Thinsulate™ insulation and breathable, waterproof Hipora® work together to keep the hand warm and dry
- Hook and loop closure
- Sizes S-2XL

TSK327 // TASK HEAVY SOGL

- Heavy duty Nomex® and goatskin leather construction
- Hinged EVA foam knuckle for shock absorption and maximum dexterity
- Z-pattern palm reinforcement with EVA foam shock absorption
- Sizes: S-2XL

DuPont™
Nomex.

PATENTED

PATENTED

TSK328C // TASK HEAVY SOGL LT

- Soft and lightweight, breathable stretch material on back of hand
- Hinged EVA foam knuckle for shock absorption and maximum dexterity
- Z-pattern palm reinforcement with EVA foam shock absorption
- Sizes: S-2XL

DuPont™
Nomex.

PATENTED

TSK329 // TASK HEAVY SOGHK

- Heavy duty Nomex® and goatskin leather construction
- Hinged hard knuckle for shock absorption and maximum dexterity
- Z-pattern palm reinforcement with EVA foam shock absorption
- Sizes: S-2XL

PATENTED

TSK330C // TASK HEAVY SOGHK LT

- Soft and lightweight, breathable stretch material on back of hand
- Hinged EVA foam knuckle for shock absorption and maximum dexterity
- Z-pattern palm reinforcement with EVA foam shock absorption
- Sizes: S-2XL

TACTICAL GLOVES

DuPont™
Kevlar®

KSG500 // SHOOTING GLOVE WITH KEVLAR® CE

- Lightweight, comfortable shooting glove designed for use in SWAT and tactical operations
- KEVLAR® interlock fabric construction
- Form-fitting design and thin, yet durable leather palm provides excellent tactility, dexterity and grip for high-performance shooting
- Short, open cuff allows easy pull on and removal
- Sizes S-2XL

HMG100 // HATCH® MECHANIC'S

- Synthetic suede leather palm with high-density foam padded reinforcements
- KEVLAR® abrasion-resistant heel pad
- Flexible, breathable spandex back with ergonomically split high-density foam padding
- Reinforced fingertips with Toughtek™ grip patches
- Double-layered reinforced cradle
- Elasticized wrist with hook and loop closure
- Sizes S-2XL

DuPont™
Nomex®

BNG190 // FLIGHT GLOVE WITH NOMEX® IIIA

- NOMEX® IIIA blend construction
- Durable, yet soft premium leather palm
- Engineered to U.S. military specifications
- Sewn entirely with NOMEX® thread
- Sizes S-2XL

LR25 // REACTOR™

Designed for rappelling tactical entry and shooting. It is also, excellent for disturbance control operations

- Thick foam padding on the back is ergonomically split to improve dexterity
- Tested leather construction makes them extremely strong and durable
- An additional layer of leather in the palm provides added durability during rapid rappels, and unpadded index finger allows maximum trigger control
- Hook and loop closure
- Sizes S-2XL

TACTICAL GLOVES

PATENTED

DuPont™
Nomex.
DuPont™
Kevlar.

SOG-600 // OPERATOR™ TACTICAL

- Durable leather palm sewn with all NOMEX® thread
- NOMEX® / KEVLAR® blend construction
- Elasticized wrist keeps the Operator taut, while the elasticized gauntlet keeps out foreign objects and prevents snagging
- Patented Cut-Ring stitching allows optional removal of the index finger for trigger control without unraveling the remaining edge
- SOG now available in black only

Nomex.
ATS
ADVANCED TOUCHSCREEN SYSTEM

EFG-100 // CONTACT™ TOUCHSCREEN FLIGHT WITH NOMEX® IIIA

- Touchscreen-compatible leather on all fingers, index finger and knuckle
- Durable leather palm
- Cut-out panel for wrist watch
- Also available in a Berry compliant model
- Sizes S-2XL

RIOT CONTROL GLOVES

PATENTED

SP100 // DEFENDER™ II WITH STEEL SHOT CE

- Double layered leather palm, spandex back and Ergo-Cut™ design
- Foam padded fingers with 4 ounces of steel shot in each knuckle area
- Spandex fabric allows for freedom of movement
- Hook and loop closure
- Sizes S-2XL

Not available for sale in some states. Check local city and state laws pertaining to SAP Gloves.

TRAFFIC GLOVES

TSK331

// TASK HI VIZ

- Durable synthetic Hi Viz suede with reflective striping on palm
- Hatch touchscreen technology on knuckle
- Perfect for low light, traffic management and high visibility requirements
- Available in yellow and orange
- Sizes: S-2XL

RTG100

// REFLECTIVE TRAFFIC CE

- Constructed of fluorescent polyester cotton blend fabric
- 3M reflective strips around the circumference reflect at oncoming lights, allowing others to read your hand signals clearly
- Rib knit cuff
- Sizes S-2XL

DNR100

// DAYNITE™ REFLECTIVE

- Constructed of black spandex with patches of a retro-reflective microprism material with cube-corner prisms, three times more efficient at reflecting light than glass bead systems
- Allows the wearer to be seen by motorists at the critical viewing distances of 100 to 600 feet
- The stretchable spandex fabric allows the DayNite™ glove to be worn alone or over virtually any other glove
- Hold palm outward to reveal the red STOP signal, and use the yellow-green markers on outside of hand to direct traffic onward
- Sizes S/M, L/XL

WG1000S

// WHITE COTTON PARADE CE

- For special occasions and formal events in either law enforcement or military engagements, as well as for directing traffic or crowds
- Constructed of 100% medium-weight cotton
- Snap cuff design
- Sizes S-XL

KNEE & ELBOW PADS

NEW

S7 // SLING PACK

Convenient carry bag for everything from magazines to cell phones

- Constructed of heavy-duty 1000-denier nylon
- 3 exterior compartments and 8 interior pockets and 1 hidden padded compartment on side closest to body
- MOLLE loops cover the front of the bag for easy attachment of accessories
- 1 key clip, 2 pen/pencil pockets; multiple magazine/clip holders
- Unique C-Clip on back for easy-on/easy off access and minimizes bouncing while running
- Heavy duty hardware for durability
- Weight: 2 lbs. (32 oz.), 0.9 kg.

A6 // MUNITIONS BAG

- Designed to organize a 37/40mm launcher and plenty of munitions
- Features two clear vinyl document pockets (one interior, one exterior) and several large exterior zipper pouches for additional gear
- Constructed of durable nylon and heavy-duty hardware with two molded rubber carry handles
- 2" wide padded nylon shoulder straps allow the A6 to be carried as a backpack and stowed away when not in use
- Durable 600-denier polyester and 420-denier nylon inside with PVC reinforcement construction
- Weight: 11.65 lbs. (186.4 oz.), 5.28 kg.
- Exterior dimensions: 38"L x 18.5"W x 4"H (96.52cm x 46.99cm x 10.16cm)
- Interior dimensions: 37.75"L x 18.25"W x 3.25"H (95.88cm x 46.35cm x 8.25cm)
- Large exterior compartment: 34"L x 9.5"W x 3.5"H (86.36cm x 24.13cm x 8.89cm)
- Small exterior compartments: 16.75"L x 7"W x 3.5"H (42.54cm x 17.78cm x 8.89cm)

E4

// EXOTECH® CARRY BAG

- Designed to carry and store the ExoTech® riot suit
- Constructed of Cordura® nylon
- Nylon web carry handles are on both sides and ends
- Features a separate helmet section
- Padded shoulder strap
- Weight: 3.35 lbs. (53.6 oz.), 1.51 kg.
 - » Large interior compartment: 26"L x 16"W x 15"H (66cm x 40.6cm x 38.1cm)
 - » Small interior compartment: 14"L x 16"W x 15"H (35.6cm x 40.6cm x 38.1cm)

G3

// GIANT SWAT BAG

- Construction consists of water-resistant polyester shell with PVC backing and heavy-duty reinforced handles and straps
- Nylon web carry handles are on both the sides and ends
- The G3 may be worn as a backpack using the 2"-wide (5cm) padded adjustable straps affixed to the bottom
- The exterior features two zippered mesh end pockets and a total of five clear vinyl map/document pockets on the top and sides
- The interior has four expandable zippered mesh pockets, four zippered pockets and one zippered pouch with padded walls for fragile gear
- Weight: 7.05 lbs. (112.8 oz.), 3.19kg.
- Exterior dimensions: 41.5"L x 14"W x 12"H (105.4cm x 35.56cm x 30.48cm)
- Interior dimensions: 41"L x 13.5"W x 11.5"H (104.14cm x 34.29cm x 29.21cm) with use of small compartment: 35"L (88.9cm)
- Small Interior compartment: 13"L x 8"W x 6"H (33.02cm x 20.32cm x 15.24cm)

M2

// MISSION SPECIFIC GEAR BAG

- Designed to carry riot or SWAT gear and includes a separate helmet storage area
- Water-resistant Cordura® nylon
- Heavy-duty zippers and removable nylon web shoulder strap
- Removable rigid bottom in the main compartment and padded exterior walls in the helmet compartment
- Three zippered cargo pockets and two zippered mesh pockets on the exterior hold a wide variety of items
- Nylon web carry handles are on both the sides and ends
- Hook and loop straps on the padded top can secure a baton or flashlight
- Weight: 3.60 lbs. (57.6oz.), 1.63kg
- Exterior dimensions: 34"L x 13"W x 12"H (86.4cm x 33cm x 30.5cm)
 - » Large interior compartment: 20"L x 13"W x 12"H (50.8cm x 33cm x 30.5cm)
 - » Small interior compartment: 14"L x 13"W x 12"H (36cm x 33cm x 30.5cm)

D1

// PATROL DUTY BAG

- Water-resistant nylon with PVC backing with heavy-duty zippers and removable nylon web shoulder strap
- The spacious interior compartment has an adjustable divider and removable rigid bottom, two zippered cargo pockets and six pen/pencil pockets
- The exterior features two zippered cargo pockets, two flip-top pockets and three open-top pockets
- Hook and loop straps on the padded top can secure a baton or flashlight
- Weight: 5.2 lbs. (82.4 oz.), 2.33 kg.
- Exterior dimensions: 25"L x 10"W x 12"H (63.5cm x 25.4cm x 30.48cm)
- Interior compartment: 18"L x 8"W x 11"H (45.72cm x 20.32cm x 27.94cm)
