TRONEX<sup>®</sup>

# ABOUT TRONEX

Tronex International, Inc., was founded in 1989 with the great vision to become a world-class manufacturing, marketing, and distribution enterprise. The progressive Tronex business model merges superior quality customized products with an unparalleled culture of service and responsiveness. Our core conduct and approach are rooted in what we believe are the important values of integrity, delivering upon commitments, and the true spirit to be of service.

For more than a quarter century, Tronex has steadily grown to become one of the most reliable and well-respected national brands and leading providers of innovative disposable Personal Protective Equipment (PPE). Our advanced PPE solutions include vital safety and disposable infection-control products, such as examination and general-purpose gloves, head-to-toe protective apparel, face masks, N95 respirators, elastic bandages, and surgical/operating room protective products.

All Tronex Brand products are meticulously crafted in our state-of-the-art ISO-certified and U.S. FDA-registered manufacturing facilities to ensure optimal quality and compliance with clean air, water, and energy best practices to promote a safer environment for us all. Our sophisticated vertically integrated supply chain and inventory planning system provides a key competitive advantage, enabling us to commit

specific inventory for each customer and deliver industry-leading fill rates, cost efficiencies, consistent quality, and superior supply dependability for our treasured customers across the nation and around the world.

Tronex's long-term partnerships with the leading healthcare Group Purchasing Organizations, major health systems throughout the United States, national quality foodservice brands, leading government institutions, and a number of Fortune 500 companies are a testament to our expertise and capacity to consistently perform and reliably deliver safe, quality product solutions. Tronex Brand products are recognized nationally and internationally as some of the most finely crafted and specialized in design, exceeding both the specifications and performance requirements for each application, while delivering exceptional value and minimizing environmental impact.

Tronex is proud to have received numerous Supplier Excellence and Business Leadership awards, as well as various Diversity and Philanthropic awards – all of which exemplify our unwavering commitment to honor the best interests of our diverse customers, the patients they serve, and the communities that we affect, which is the driving force behind the dedication and teamwork of our entire organization.

# EXAMINATION GLOVES

Disposable examination gloves are one of the most important first-line levels of protection for clinical staff and patients. Despite how straightforward products in the category may seem, the material composition, quality standards, and manufacturing intricacies are all major factors that impact how an exam glove performs and protects during use in its intended applications. Careful selection of the proper brand and style of exam glove to meet the critical quality, performance, protection, and value demands within each setting of a facility is essential to ensure that patients and staff alike are properly protected.

Tronex Healthcare is pleased to offer a comprehensive line of advanced examination gloves that delivers unparalleled protection, comfort, and value while simultaneously meeting or exceeding all industry standards for quality and safety. Our extensive range of superior quality exam gloves includes nitrile, latex, vinyl, and synthetic styles in a wide selection of sizes, textures, finishes, and thicknesses that are ideal for various healthcare applications. Tronex exam gloves provide optimal levels of protection and perform consistently, offering the industry-leading quality and proven reliability for which Tronex is renowned.

## NITRILE EXAMINATION GLOVES

Tronex disposable nitrile examination gloves are carefully manufactured from unique formulations to provide superior material softness for outstanding comfort, durability, tensile strength, and elasticity. 100% latex free, our advanced nitrile exam gloves offer exceptional protection and resistance to chemicals, punctures, abrasions, oils, and temperature extremes when compared to latex or vinyl gloves.

### FEATURES

- 100% Latex & Powder Free
- FDA 510(k) Approved for Medical Use
- ASTM D6319 Specification for Nitrile Examination Gloves for Medical Application
- ASTM F1671 Test Method for Resistance of Materials by Blood-Borne Pathogens (Viral Penetration)
- Ambidextrous Fit With Beaded Cuffs

Additionally, all Tronex chemotherapy-rated nitrile exam gloves meet and exceed ASTM D6978 Resistance of Medical Gloves to Permeation by Chemotherapy Drugs with FDA 510(k) Approval.

## 9128 Nitrile “NEW AGE®” Chemo-Rated, Powder-Free, Fingertip-Textured Exam Gloves

## LATEX EXAMINATION GLOVES

Tronex disposable latex examination gloves are the “Gold Standard” for second-skin-like fit and feel. Formulated from the highest quality virgin latex, they provide outstanding barrier protection against viruses and pathogens, while offering excellent tactile sensitivity, dexterity, durability, and resistance to tears and punctures. They are also manufactured to ensure exceptionally low protein content.

### FEATURES

- FDA 510(k) Approved for Medical Use
- ASTM D3578 Specification for Latex Examination Gloves for Medical Application
- ASTM F1671 Test Method for Resistance of Materials by Blood-Borne Pathogens (Viral Penetration)
- Available in Powdered and Powder-Free Styles
  - Powdered Gloves Feature Uniform U.S. Pharmacopeia (USP) Approved Premium-Grade Cornstarch
- Ambidextrous Fit With Beaded Cuffs

## 1210 Latex Powdered Exam Gloves

Quality form-fitting, powdered exam gloves with smooth satin finish, providing exceptional comfort, tensile strength, barrier protection, and dexterity.

Item Code	Size	Packaging	Color
1210-05	XS	100 gloves/box, 10 boxes/case	Natural
1210-10	SM		
1210-20	MD		
1210-30	LG		
1210-35	XL		

## 3010 Latex Powder-Free Exam Gloves

Form-fitting, powder-free choice with comfortable and smooth satin finish, offering excellent barrier protection. Interior polymer coating eases donning.

Item Code	Size	Packaging	Color
3010-05	XS	100 gloves/box, 10 boxes/case	Natural
3010-10	SM		
3010-20	MD		
3010-30	LG		
3010-35	XL		

## 3110 Latex Powder-Free, Fully Textured Exam Gloves

Low-protein, powder-free, fully textured exam gloves featuring enhanced gripping capabilities and tactile sensitivity. Double-chlorination process ensures added strength.

Item Code	Size	Packaging	Color
3110-05	XS	100 gloves/box, 10 boxes/case	Natural
3110-10	SM		
3110-20	MD		
3110-30	LG		
3110-35	XL		

## 3166 Latex Powder-Free, Fully Textured Exam Gloves

Latest generation natural rubber latex formulation offers superior elasticity and barrier protection, while the fully textured exterior provides a sustained grip. Smooth interior polymer coating eases donning.

Item Code	Size	Packaging	Color
3166-05	XS	100 gloves/box, 10 boxes/case	Natural
3166-10	SM		
3166-20	MD		
3166-30	LG		
3166-35	XL		

## 1010 Latex Powdered Exam Gloves (Dental)

Specially designed for dentistry with a smooth finish for a comfortable fit, offering premium sensitivity, tensile strength, and dexterity. Excellent choice, together with the Tronex #1210 series gloves, for dental healthcare professionals.

Item Code	Size	Packaging	Color
1010-05	XS	100 gloves/box, 10 boxes/case	Natural
1010-10	SM		
1010-20	MD		
1010-30	LG		
1010-35	XL		

## STERILE LATEX

Tronex disposable sterile latex powder-free exam gloves provide exceptional barrier protection against contaminants and infectious substances. They offer legendary Tronex comfort, texture, and quality, plus exceptionally low protein content. Sterilized to all ASTM and ISO requirements with FDA 510(k) approval, Tronex sterile latex gloves are packaged conveniently in “easy-peel” pouches that fit in pockets, resist moisture, reduce fiber tears, and maintain sterile integrity.

## 3044STR & 3088STR Sterile Latex Powder-Free, Fully Textured Exam Gloves

Fully textured ambidextrous gloves offering maximum sensitivity, tensile strength, and dexterity.

Item Code	Size	Packaging	Color
3044STR-10	SM	<b>Singles:</b> 1 glove/pouch, 100 pouches/box, 4 boxes/case	Natural

1610UNI	Unisize	50 gloves/box, 20 boxes/case	Natural

## 3610UNI Latex Powder-Free Exam Gloves

An excellent powder-free choice for medical-grade protection, providing low protein content for reduced allergen exposure, while offering maximum comfort, sensitivity, and tensile strength.

Item Code	Size	Packaging	Color
3610UNI	Unisize	50 gloves/box, 20 boxes/case	Natural

# SPECIALTY GLOVES

## SPECIALTY GLOVES

Specialty gloves are comprised from specially crafted material formulation pairings and blends, combined with innovative glove construction designs, to provide optimal barrier protection and glove performance durability for a wide range of industrial workforce applications.

Additionally, all Tronex specialty gloves comply with FDA CFR Title 21 Part 177 for Safe Contact With Food Surfaces.

Following is a sampling of the comprehensive range of specialty gloves offered by Tronex Healthcare. These select glove types are among our most popular, providing reliable protection and offered in hand-specific pairs for a comfortable, customized fit.

### 1908 12" Multipurpose Flock-Lined Latex Gloves

Our most popular flock-lined gloves have a long track record of performance excellence in various multipurpose functions. The extra-soft flock lining helps absorb perspiration for added comfort and reduced hand fatigue, while the raised honeycomb pattern on the exterior provides a secure grip.

Item Code	Size	Packaging	Color
1908-10	SM	1 pair/bag, 12 bags/inner bag,	Yellow
1908-20	MD	12 inner bags/case	
1908-30	LG		
1908-35	XL		

### 9500 13" Premium Gauge Unlined Nitrile Gloves

Specially formulated nitrile compound provides extra barrier protection and durability. Unlined interior surface offers enhanced tactile sensitivity, flexibility, and dexterity. Featuring a raised diamond texture for a secure grip, these latex-free gloves offer a high degree of chemical, puncture, abrasion, and tear resistance.

Item Code	Size	Packaging	Color
9500-10	SM	1 pair/bag, 12 bags/inner bag,	Green
9500-20	MD	12 inner bags/case	
9500-30	LG		
9500-35	XL		

### 9655 13" Multipurpose Flock-Lined Nitrile Gloves

Latex-free gloves specially designed and crafted for performance versatility, providing an ideal multipurpose solution for a wide range of heavy-duty applications. Extra-soft flock lining promotes easy donning and superior comfort, while the raised diamond texture ensures an excellent grip.

Item Code	Size	Packaging	Color
9655-10	SM	1 pair/bag, 12 bags/inner bag,	Green
9655-20	MD	12 inner bags/case	
9655-30	LG		
9655-35	XL
