

SNAP!office™

xXtreme elegance

 xXtreme™

# i m a g i n e a g i n e

A workspace that expands freely  
along horizontal and vertical planes.

Imagine a system that allows you to place  
platforms, surfaces and storage components  
wherever you want without compromise.

Imagine being able to modify both appearance  
and purpose in mere minutes.

This is xXtreme™.

This is where you create your business advantage.

  
xXtreme™

# purpose

*xXtreme™ can turn an open work environment into a fully-enclosed office. Reconfigure 13- and 26-inch vertical platforms with off-module attachments to create walls from 43 inches to infinity.*

change is constant  
business demands it

when the environment changes  
xXtreme™ responds  
immediately  
effortlessly  
and in every dimension

xXtreme's exterior elegance  
conceals a finely-tuned system  
of vertical platforms  
precision-engineered for  
unprecedented flexibility

xXtreme's unique approach  
meets the challenge  
of optimizing floor space  
of the future office

stack, restack or destack  
for unlimited possibilities

xXtreme™ unites  
exceptional appearance  
with unparalleled  
functionality

to designers it's delightful  
to engineers, impressive

to philosophers  
xXtreme merely... exists

xXtreme features rich wood tones  
embossed steel  
and fabrics that range  
from simple to  
sophisticated to exotic

fusion

xXtreme™

# reflection

allow xXtreme™  
to reflect your imagination  
your personality  
your philosophy

select from xXtreme's  
unique paint or fabric finishes

or  
if the spirit moves you  
invent your own

xXtreme will meet the challenge  
because xXtreme is limitless

*xXtreme lets you create floor-to-ceiling walls using stacked combinations of standard and custom add-on vertical platforms. xXtreme offers a never-ending combination of finishes and looks. Alter them in tune with your needs, desires and tastes. Add xXtreme's floor and ceiling channel track to ensure stability, and create a light-and-sound barrier.*

# metamorphosis

*xXposed gives a completely open environment, or add any of xXtreme's standard faces, for whatever aesthetics are desired.*

xXtreme™ xXposed  
reveals the perfect symmetry  
of uninhibited frames  
in open office architecture

a window for creative thinking  
xXtreme has no boundaries

you design your own space

success in the new economy  
depends on the ability to adapt

xXtreme's revolutionary design  
is as surprisingly simple  
as it is sophisticated

it is  
inspired by imagination  
never limited by mathematics

off-modularity  
offers complexity  
simply

in the evolution of your business  
xXtreme holds the key

*"The most xXtreme™ thing about this new system is its off-modular design. Off-modularity lets you attach platform faces both vertically and horizontally to create pleasing, unusual designs. It lets you configure workstations to meet the most individual of needs, regardless of horizontal platform widths. It gives you efficient upper storage today -that can be moved anywhere tomorrow."*

*xXtreme™ lets you attach platform faces both vertically and horizontally to create pleasing, unusual designs. It lets you configure workstations to meet the most individual of needs, regardless of horizontal platform widths. And it gives you efficient upper storage today that can be moved anywhere tomorrow.*

  
xXtreme™

xXtreme is a work environment  
built on the premise that you want  
to live and breath  
In a greener world.

xXtreme can be reconfigured.  
But also repainted and resurfaced.  
Re-incarnated.  
Re-cycled.

No part of xXtreme needs  
ever be discarded.

xXtreme is that beautiful.

green revolution

  
xXtreme™

# interconnectivity

xXtreme™ is smart  
connected  
and focused  
on working at the speed of light

xXtreme™ knows no yesterday  
it flies to the future  
giving power where you need it  
when you need it

*xXtreme™ solves the cable management problem, living up to the demands of today's high power users.*

*xXtreme™ eliminates information gridlock, bringing you Versa-cable voice and data cabling. It guides voice and data cables smoothly between panels and frame, not through the frame, for unparalleled accessibility.*
