The upcharge for custom finishes varies with the type of finish and also with the quantity ordered. Please contact Customer Service for

pricing. For custom stain match – any order under \$5000 list there is a \$270 net upcharge.

### Note: COLOR VARIATION WILL OCCUR IN THE GRAIN OF ALL WOOD SPECIES.

This is an inherent characteristic caused by the annual growth rings found in all hardwoods and the manner in which the boards and veneers are cut across these growth rings. In some species, this color variation is very subtle. In other species this color variation is obvious and at times radical.

The process of finishing hardwood veneers determines whether these variations are enhanced or subdued. Natural finishes will show color variations in the grain and enhance the beauty of the wood to its fullest extent. Other stains and finishes tend to blend in these variations to some extent dependent upon the depth of color and the particular method of application.

### Standard Laminates

Laminate panels are laid up with Wilsonart® standard grade high pressure laminate with an equalized back to minimize warping and to balance stresses. Any laminate from the Wilsonart® General Purpose Series is standard. All Wilsonart® laminates with matte/textured finish (-60) are standard.
