

State of the art... A concentrated water-based, fluoropolymer emulsion provides outstanding soil and stain resistance simply by spraying and allowing to air dry. No heat or extended cure times are required. Optical brighteners enhance fabric appearance.

Versatility and value... Imparts effective soil and water based stain resistance to all types of carpets and upholstery fabrics not affected by water including synthetic, natural, and blended fibers. Keeps fabric looking cleaner longer.

GENERAL DIRECTIONS FOR USE:

1. Dilute one part concentrate with three parts water.
2. With spray device, apply to carpet at rate of 2-4 ounces per square yard. For short nap commercial looped carpet, apply at a rate of 1-3 ounces per square yard. For upholstery, apply at a rate of 1-2 ounces.
3. For proper performance, fabric being treated must be free from all detergent residue. If not new, extraction of fabric with hot water is recommended prior to treatment. Best if applied to dry carpet.

Manufactured By:
CANBERRA CORPORATION
3610 N. Holland-Sylvania Rd.
Toledo, OH 43615
P 419-841-6616 • F 419-841-7597

This container is coded for Recycling

4. Allow carpet or upholstery to dry completely before returning to service.

SAFETY DATA:

CAUTION: Keep out of reach of children. May cause eye irritation. Avoid breathing spray mist.

PRACTICAL TREATMENT:

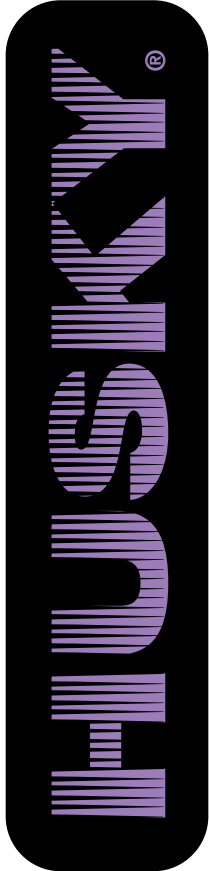

Ingestion: Drink 1 – 2 glasses of milk or water. Do not induce vomiting. Get medical attention. **Eye or Skin Contact:** Irrigate with lukewarm water for 15 minutes. For skin, wash with soap and water. If irritation persists, get medical attention. **Inhalation:** Move to fresh air. If symptoms persists, get medical attention.

CONTAINS: Water CAS# [7732-18-5], Fluoropolymer CAS# N/A
