SPECIFICATIONS FOR  
LASER PRINTER TONER CARTRIDGES - TYPE I - NEW  
ORIGINAL EQUIPMENT MANUFACTURER

1. SCOPE AND CLASSIFICATION

- 1.1 Scope. These specifications cover the normal requirements for miscellaneous laser printer toner cartridges as described herein.
- 1.2 Classification. The laser printer toner cartridges covered by these specifications shall be furnished in the first quality characteristics required of each item. The cartridges shall be classified as Type I - Original Equipment Manufacturer (OEM) Cartridges Only.

2. REQUIREMENTS

- 2.1 Standards. The laser printer toner cartridges specified shall conform to the highest quality of materials and shall be manufactured in accordance with the industries best recognized production standards.
- 2.2 Workmanship. The laser printer toner cartridges shall be made in accordance with reasonable industry practice.
- 2.3 Dependability. The laser printer toner cartridges shall function properly when used in the manner intended.
- 2.4 Type I Cartridges. All Type I Cartridges shall be a brand recognized in the industry as being produced by a recognized manufacturer of equipment and/or cartridges. Currently the recognized and acceptable products are Brother, Canon, Hewlett Packard, IBM, Lexmark, NEC, Verbatim, and Xerox. All products bid as Type I cartridges shall be the manufacturer/brand name and model number listed on the Qualified Products List for each item. No substitutions or alternates will be accepted or allowed unless documents are provided stating the manufacturer has been bought by another manufacturer, or the product number has been changed.
- 2.5 Warranty. All cartridges purchased under the terms of this bid will be guaranteed for a period of one year from date of purchase and shall perform without streaks, smudges, faded print, or any other problems which would detract from the quality of the printed product. Any cartridge failing to meet this performance requirement will be replaced by the vendor at no cost to the using agency. The vendor must prove the cartridge to be not at fault to subdue any claims under this section.
- 2.6 Empty Cartridge Return/Buy Back Policy. Vendors bidding on Type I cartridges shall include with their bid a copy of their "Empty Cartridge Return/Buy Back Policy" which shall allow the agencies to return empty

cartridges at the agency's option. All cost associated with the return of empty cartridges shall be the responsibility of the awarded vendor. If this procedure includes a buy back option on returned cartridges, the dollar amounts and the associated cartridge model number shall also be included with your bid.

## 3. SAMPLING, INSPECTION AND TEST PROCEDURES

- 3.1 Tests. Unless otherwise specified, evaluation for the required characteristics shall be based on the performance at the time of actual use.
- 3.2 Bid Samples. The successful bidder will be required to submit not more than three samples of each cartridge as called for, within five (5) days after written or verbal notification is received by the bidder. It is the bidder's responsibility to ensure that samples are delivered and that identification on all delivered bid samples are identical to that referred to in the Bid. Samples shall be furnished at no expense to the State of Mississippi. Failure to deliver samples within five (5) days after notification will result in rejection of the bid.
- 3.3 Random Samples. Samples of delivered commodities may be randomly selected and tested for compliance with bid award specifications. If it is found that laser printer toner cartridges delivered are not as specified, the Office of Purchasing and Travel may proceed as stipulated in General Conditions 7.1.
- 3.4 The test inspection procedure will be as follows:
- A. Check to determine if packaging adequately contains and protects the cartridge and is in compliance with Section 4.1 of the Specifications.
  - B. Check for presence of cartridge return kit, including instruction sheet, plastic bag with tie, and preprinted return shipping label.
  - C. Check for presence of cleaning rod (not required for EP-L).
  - D. Check for presence of anti-static poly foil bag.
  - E. Remove poly bag and observe for presence of loose toner denoting leakage of toner during shipment.
  - F. Check cartridge for vendor identification.
  - H. Remove seal and run test sheets in laser printer. Review test sheets for adequacy of printing. Test will be performed with laser density setting at mid range, using manufacturers' test pattern resident in printer.

## 4. PREPARATION FOR DELIVERY

- 4.1 Packaging. Unless otherwise specified, all Type I, OEM Cartridges, shall be furnished in manufacturer-sealed, new containers of uniform size and kind commonly used for the purpose, so constructed as to insure acceptance and safe delivery to the point of delivery called for in the contract or purchase order.

## 5. NOTES

## LASER PRINTER TONER CARTRIDGES - TYPE I – NEW

- 5.1 Commodities procured under these specifications shall not deviate from those originally contracted for without written approval from the Office of Purchasing and Travel.
- 5.2 This specification shall, until revised or rescinded by the Office of Purchasing and Travel, apply to each future purchase and contract for the commodities described herein.
- 5.3 It is the intent of the specifications to establish a contract whereby the buying entity could initially purchase a Type I Brand Name Cartridge.

Upon completion of use of the original Type I product, the buying entity will have the option of turning in the empty cartridge to the original vendor and buying another Type I cartridge, or the buying entity could turn in the empty cartridge to the vendor awarded the Type II Remanufactured Cartridge and purchase a remanufactured cartridge.

- 5.4 It is the intent of the specifications to obtain a commodity that will adequately meet the needs of the user while promoting the greatest extent of competition that is practicable. It is the responsibility of the prospective bidder to review the entire Request for Bids packet and to notify the Office of Purchasing and Travel if the Specifications, Instructions, General or Special Conditions are formulated in a manner which would unnecessarily restrict competition. Any protest or question concerning the specifications or bidding procedures must be received by the Office of Purchasing and Travel not less than 72 hours prior to the time and date set for the bid opening.
