Titan®

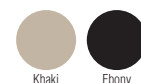

Looking for aesthetically pleasing, residential furniture that can endure years of day in, day out use in your facility? Look no further than the Titan® Series from Norix – a complete line of steel case goods that combines functional versatility with the durability of all-steel construction. There's no substitute for the strength, safety, aesthetics and durability of steel furniture, and Titan has emerged as the product of choice in constant-use settings. Why? Because Titan was designed to perform in the most challenging environments. Titan products are heavy...and heavy duty. You don't have to worry that they'll be invaded by bedbugs, picked apart or broken. Steel stands the test of time, provides the best value option and is attractive to boot.
