**ABRIDGE**  
by Brodart

## INTELLIGENT DESIGN. TIMELESS PERFECTION.

Bridging the past and the future, Brodart has created a unique expression with the **Abridge Collection**. Abridge offers a flexible range of design options which bring together traditional and contemporary elements to create unparalleled appeal. Whether you would like to outfit a new facility from start to finish or want to integrate new pieces into an existing space, the Abridge Collection is a perfect fit.

The **Abridge self check-out station**, made especially for our clients' needs, allows easy access for users to check out resources.

Featuring a shelf for a computer monitor, wire passage way, and pull-out printer shelf, this convenient product will effortlessly serve your patrons.

The new **End-Of-Range Workstation** is the perfect solution to adding a computer, reference materials, or work space to the end of a range of shelving. The add-on station attaches easily and can be used to complement existing end panels.

The **Abride tables** feature smooth edges for a more comfortable workspace coupled with sleek triangular-shaped legs. The optional curved accent strips add a design element, making the table anything but ordinary. The Abride line also features a pedestal-based table, offering a new spin on the conventional table.

The **four-position computer station** allows four people to share a table in privacy without an overlap in workspace. Accommodating design, comfort, and pure usability are just a few benefits.

## SMART FURNITURE FOR TODAY AND TOMORROW

The Abride Collection was created with a simple purpose in mind; to offer a complete group of intelligently engineered, attractively designed products aimed to serve for years to come. Abride is everything your facility needs and everything your patrons want. We invite you to learn more about the comprehensive Abride Collection by calling **888-521-1884** or visiting **[brodartfurniture.com](http://brodartfurniture.com)**.

## CUSTOMIZED TO REFLECT THE INDIVIDUALITY OF YOUR SPACE

The **Modular Media Station** has a convenient wire management area to ensure the workspace remains orderly while making wires easily accessible through the cabinet doors beneath the work surface.
