Muslin	P4J
Parchment	P93

SELECT COLORS GRADE P2

Brilliant White**	PQ8
Champagne Metallic	PR5
Gunmetal Metallic	PR3
Platinum Metallic	PR2
Silver**	PR6

**PR6 no upcharge on Involve; available as Select color on Align stanchions; is not available on Stride trim for panels and tiles, Optimize, Concensus, Cadence, Align, Essentials, and vertical files. PQ8 is not available on vertical files.

ACCENT COLORS GRADE P3

Flame	P7G
Ocean	P7H
Sprout	P7F
Tangelo	P7E

PAINT COLOR INDICATORS

Pages in this pricer reference the following symbols:

CORE PAINTED METAL COLORS

SELECT PAINTED METAL COLORS

ACCENT PAINTED METAL COLORS

Metallic paints, due to varying reflectance, may appear to have less visual color consistency than other paint finishes, even when L/A/B values are exactly the same. (L/A/B — measurable aspects of color — values are maintained within a specified range, to ensure consistent appearance of paint colors.)

Light Walnut	NT601

NATURAL VENEERS — NATURAL-2

GRADE V5

Dark Rift Oak	RF331
Horizontal surfaces to be full-fill, ClearTech® finish.	

***SE800 and NE800 are not available on Stride trim.

The beauty of wood is the natural variation of grain patterns and colors that make each piece unique. This variation is also influenced by lighting conditions, orientation of mated parts, and varying acceptance of the finishing process. The varying colors and physical characteristics naturally occur in all wood species but are most pronounced in lighter colored woods, and are especially evident in natural finishes.

GROMMETS ON VENEER WORKSURFACES

Wire management grommets come standard on most veneer worksurfaces. Choose between metal or plastic grommet option. Note: Plastic grommet color is predetermined based on finish selection.
All Maple veneers..... Muslin EU
All other veneers Black E4

ALIGN DESKING PRICE LIST

This Price List contains pricing information for Align Desking product. Align Desking specification information is located in this Align Specification Guide. Worksurfaces, storage solutions, and accessories for use with Align Desking are available in the Stride, Terrace, and Storage Specification and Price Lists.

- Software support packages furnished to the customer, either by Allsteel or by another source, which support the sale of Allsteel products are superseded by printed price lists.
- Prices are list price and are subject to change without notice. All orders are subject to prices in effect at the time of order.

This Specification and Price List is only available as a downloadable PDF on Synergy.

---------------------------------------	----

Align Stratawood and Natural Veneer

Wood owes its inherent beauty to variations in color, grain and texture, and therefore, these variations are not considered defects. There may be minor variations from one piece of furniture to the next, even though they are finished at the same time. Exposure to light and the aging process will cause darkening of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. Therefore, Allsteel does not guarantee the exact matching grain, pattern and color.

Align veneer is offered in 9 Stratawood (composite) finishes and in 11 Natural veneer finishes. (See inside front cover for finishes.) These products are finished with a catalyzed lacquer, semi-fill, which offers excellent scratch, stain, and abrasions resistance, plus a high level of clarity.

Align Stratawood and Natural veneer worksurfaces are protected by one of the world's most advanced wood coatings, the ClearTech® finishing process by Gunlocke®, a full-fill finish applied by state-of-the-art equipment. The polyacrylic and urethane resins feature a high-solids formula that meets the EPA's stringent requirements for VOC emissions and air quality. Cured in a specially designed ultraviolet oven, these resins fuse to the wood, forming a durable shield that provides the ultimate in scratch, stain, chemical, and heat resistance for these high-wear surfaces. The jewel-like clarity and depth allow the natural beauty of the wood to glow through.

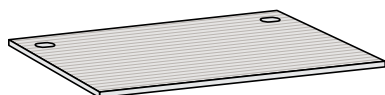

Stratawood Veneer Vs Natural Veneer. Which is best for you?

Stratawood and Natural veneer have similarities and differences. Both options provide a wood surface. Exposure to light will cause both options to darken. Both Stratawood and Natural veneer will be a stylish addition to any specification. However the look, feel and process for Stratawood and Natural veneer are different.

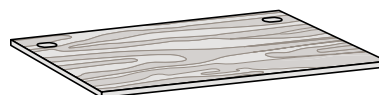

Stratawood Veneer

Stratawood veneer features a repeatable straight-grain pattern, absent of the cathedrals seen in Natural veneer. Although slight differences in tone should be expected, the Stratawood pattern will maintain a consistent appearance across all products.

Stratawood veneer is an engineered wood veneer enhanced by technology for consistency in both color and grain pattern resulting in very few defects.

Stratawood Veneer

Natural Veneer

Although exposure to light will cause Stratawood veneer to darken slightly, additional orders at later dates will match existing product pattern and will match the color when matured. This creates a smooth process for adding on to existing installations.

Natural Veneer

Natural veneer is subject to nature's quality control. Differences in grain and color are naturally occurring variations and can not be controlled by the manufacturer and cannot be considered as product defects. Natural veneer has the characteristics and beauty of a living organism; with its own variations of grain, growth, and color patterns. For these reasons Natural veneer is preferred by many for its warmth and personal characteristics.

Color changes will occur over time when wood is exposed to light. For this reason, when new product is ordered as an addition to existing product, there will be color variances between the old and new product. Please remember when specifying new product that although the species of veneer will be the same, additional product is being manufactured from a different tree. It may take several months for the new furniture to mature to the color level of the existing product. Even with this maturation process the additional product may not be an exact match.

Natural veneer worksurfaces may exhibit a color variance between the surface and the edge detail or when butted together at a 90 degree angle. This natural phenomenon is called polarization (or grain flip) which alters the color and appearance of adjacent worksurfaces with grain running perpendicular. The appearance of wood veneer may change slightly depending on what angle it is viewed from although it is most often noticed on worksurfaces installed at 90 degree angles to each other. For your guidance, please see illustrations within the worksurface section when specifying for an understanding of grain direction in your installation.

ClearTech Finishing System for Worksurfaces

The ClearTech Finishing System is a process that begins with the application of dye-based NGR stains, which promote exceptional depth and clarity. Next the worksurfaces receives a specialized coating of polyacrylic and urethane resins cured by ultraviolet light. The result is a full-filled, 45 sheen finish with exceptional durability and chemical resistance. The remaining surfaces (veneer tiles and storage fronts) receive an application of catalyzed lacquer top coat, which results in a semi-filled, 45 sheen finish. These finishing processes ensure depth, clarity, color consistency and durability throughout the product.

The Benefits of ClearTech

ClearTech is an environmentally friendly process. This finish systems emits on third of the VOCs (Volatile Organic Compounds) in comparison to conventional processes. Polyacrylic resins are recovered and recycled when the ClearTech process is used. Utilizing the ClearTech finish, your product has exceptional resistance to:

- Heat and moisture (hot beverages, pizza boxes)
- Chemicals (liquid paper, nail polish)
- Stains (permanent markers)
- Scratches and impact (everyday wear and tear)

Caring for your ClearTech finish:

- General maintenance procedures entail wiping clean the entire surface with a clean water dampened soft cloth once per week. (Be sure to wipe with the grain.)
- Murphy's Oil Soap may be used as a general purpose type cleaner with warm water to clean tops.
- The finish may also be polished with Guardsman Furniture Polish (contains no waxes or silicones) to provide renewed luster.
- Be sure to wipe up all spills immediately.

Veneer on Align

2 Different Veneer Types

Natural veneer is subject to nature's quality control. Each specimen will exhibit differences in grain pattern and tone. This is to be expected, and, in fact contributes to the individuality of each product.

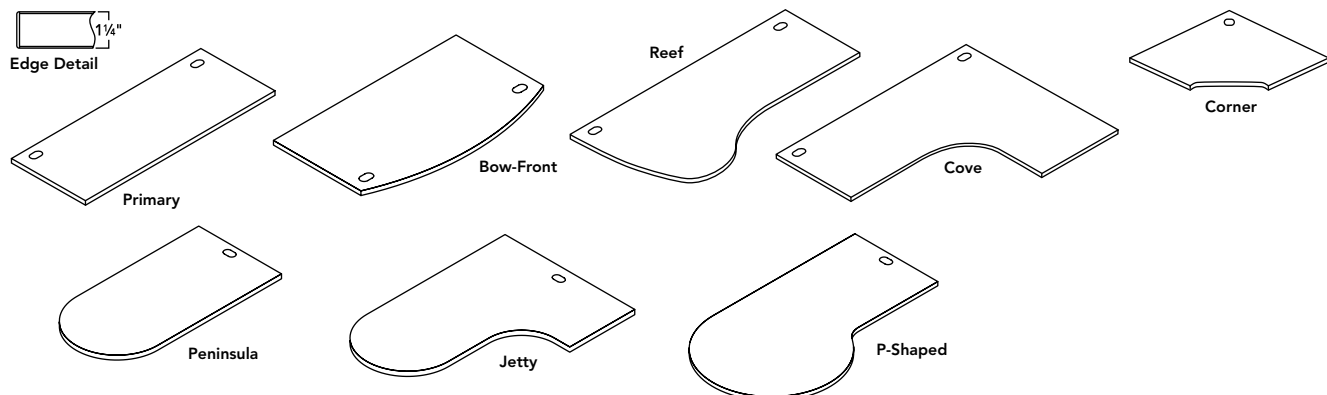

Stratawood veneer features a straight-grain pattern, absent of the cathedrals seen in natural veneer. Although slight differences in tone should be expected, the Stratawood pattern will maintain a consistent appearance across all products.

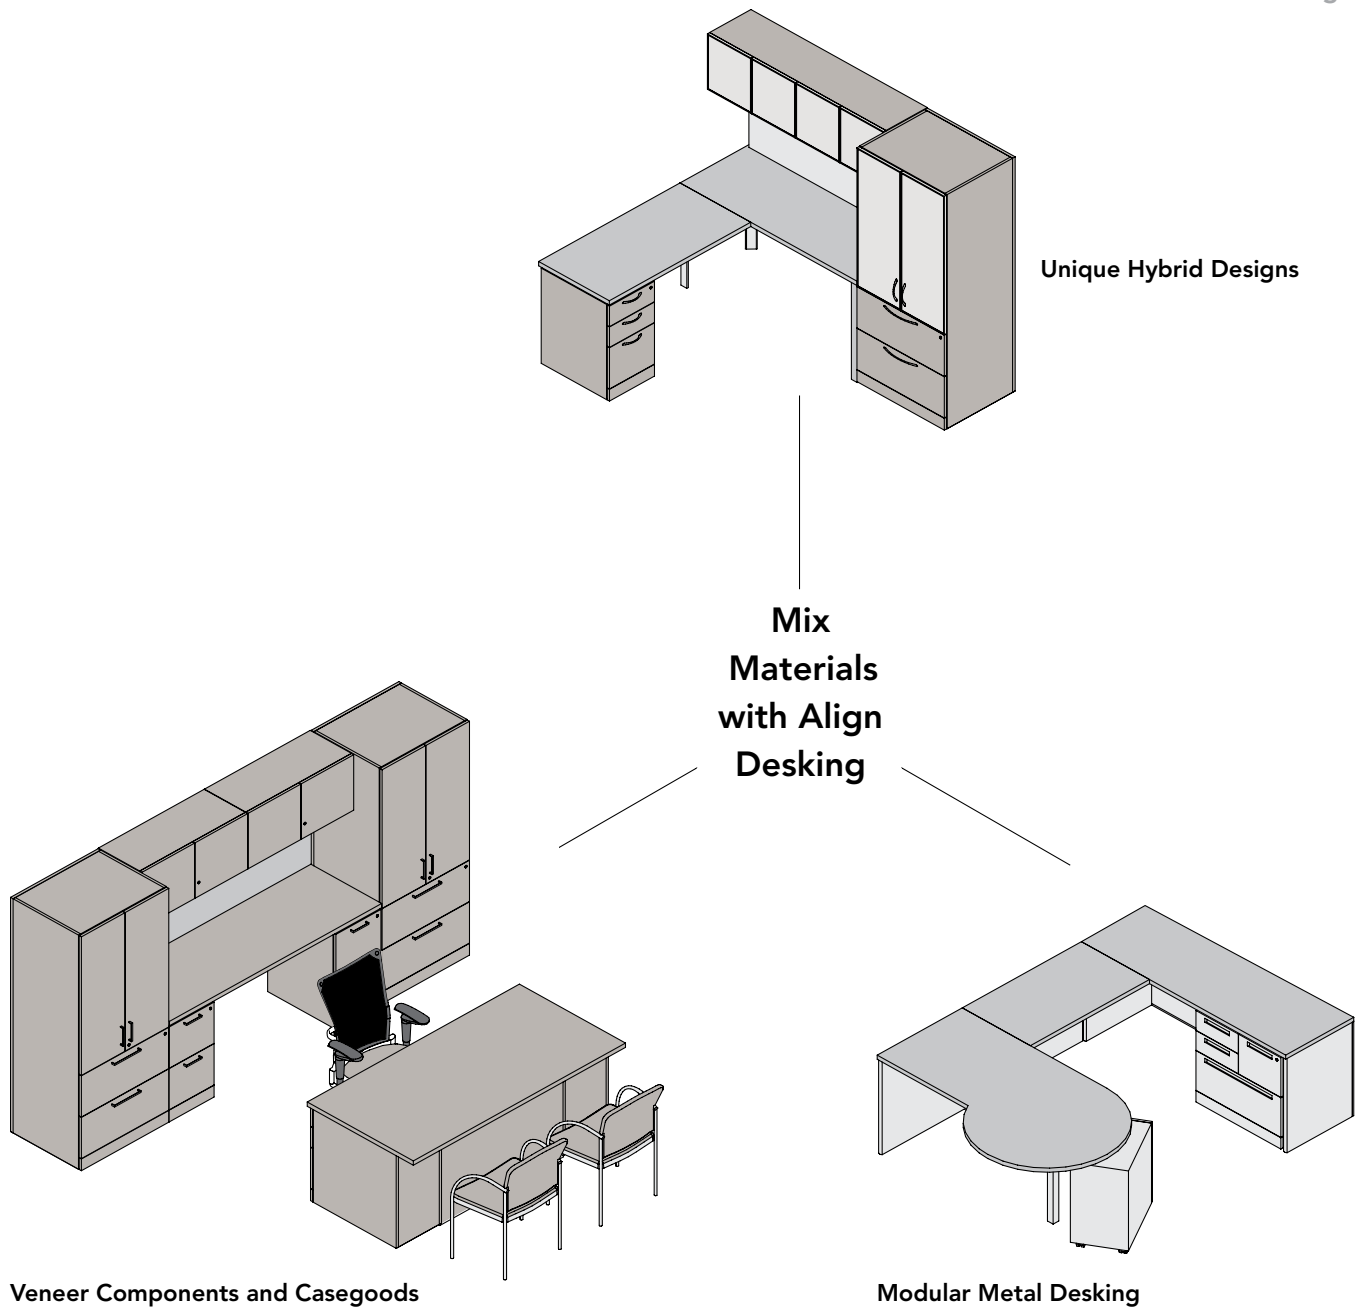

Veneer Finish Options

Natural veneer types are available in 8 finishes and Stratawood in 9 finishes (see inside front cover for finish indicators in both Natural and Stratawood):

- Burnished Cherry
- Clear Maple
- Clear Oak
- Coffee Walnut
- Dark Rift Oak
- Dark Roast Walnut
- Light Cherry
- Light Walnut
- Natural Maple
- Wheat Cherry

Laminate with Flat Edge or Veneer Worksurfaces

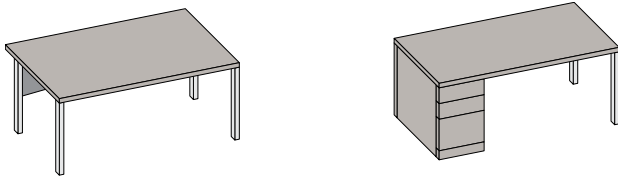

Align Desking System

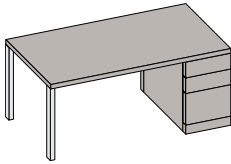

Mix-and-match materials such as metal, veneer, and Landscape to create an environment that reflects individual style and creativity. Make a splash with bold colors and textures in an open space or stick with a traditional setting in an enclosed office. Whatever the statement, Align Desking will let you make it!

When specifying Align Desking, it is helpful to keep the following general guidelines/specification steps in mind.

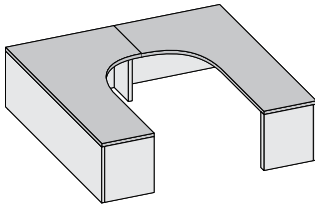

1. Choose the individual typical.

2. Modify each typical's orientation (left/right), size, color, material and finish selection to meet the desired application.

3. Group individual typicals as they will be placed in the office environment.

4. Audit for situations that require individual component modifications or offer cost saving opportunities. (See pages 10-11 for specific guidelines.)
5. When specifying Landscape modesty panels for Peninsula, Jetty, or P-Top surfaces consult the following matrix to determine appropriate modesty size.

WORKSURFACE/FULL END PANEL STYLE						
Modesty Panel	Peninsula/Jetty Top			Peninsula Top		
Width	30" x 60"	24"/30" x 66"	24"/30" x 72"	36" x 60"	36" x 66"	36" x 72"
37" Wide	—	—	—	Metal FEP	—	—
43" Wide	Metal FEP/Veneer	—	—	—	Metal FEP/Veneer	—
55" Wide	—	—	Metal FEP/Veneer	—	—	Veneer FEP
Modesty Panel	P-Top					
Width	30" x 60"	30" x 66"	30" x 72"			
37" Wide	Metal FEP/Veneer	—	—			
43" Wide	—	Metal FEP/Veneer	—			
55" Wide	—	—	—			

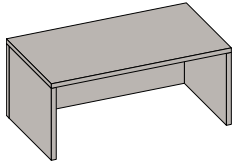

6. When not utilizing typical packages or pre-configured veneer components, specify parts individually.
A variety of Align Desk typicals are available for reference at www.allsteeloffice.com/TypicalsGallery.

Specification Guidelines:

1. Choose the individual typicals from the following pages.
2. Modify each typical's orientation (L/R), size, color, material, and finish selections.
3. Group individual typicals as they will be placed in the office environment.
4. Check for situations that require individual component modifications or offer cost saving opportunities.
5. Specify individual parts. When applicable, pre-configured veneer desks can be specified.
6. Add additional storage, lighting, or accessories. Align desking is designed for support pedestals to replace end panels; a desk shell created with veneer end panels and modesty does not provide sufficient clearance to nest Align support pedestals. Align mobile pedestals can nest.

NOTE: A variety of Align Desk typicals are available for reference at www.allsteeloffice.com/TypicalsGallery.

When specifying Align desking, the following guidelines should be kept in mind:

1) Creating an In-Line Desk from (2) Desks with Flush Tops

EXAMPLE:

Typical A-S1 contains:

- (1) 24"D x 72"W Worksurface
- (2) 24"D End Support Panels
- (1) 72"W Modesty Panel

For this application:

Omit: (2) End Support Panel

Add: (1) 24"D In-Line Support Panel

Note: Use 24"D In-Line Support Panel for either 24" or 30" Deep Worksurfaces, do not use 10"D In-Line Support Panel. Use same guidelines for Veneer, Metal, or Hybrid configurations.

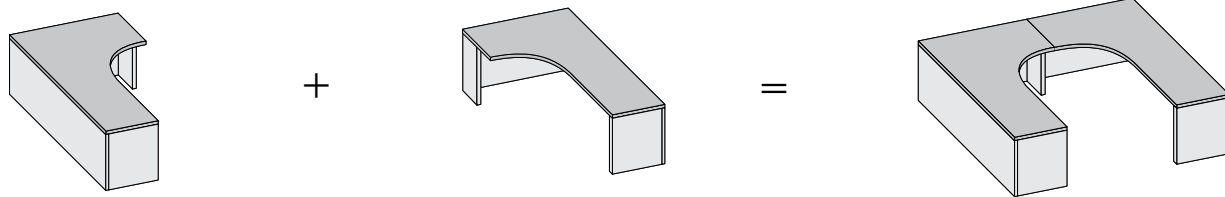

Typical A-S1 contains:

- (1) 24"D x 72"W Worksurface
- (2) 24"D End Support Panels
- (1) 72"W Modesty Panel

Revised Specifications:

- (2) 24"D x 72"W Worksurfaces
- (2) 24"D End Support Panels
- (1) 24"D In-Line Support Panel
- (2) 72"W Modesty Panels

2) Creating a U-Station from (2) Coves

EXAMPLE:

Typical contains:

- (1) 24"D x 48"D x 60"W Cove Worksurface (Extended Left)
- (1) 24"D End Support Panel
- (1) 10"D In-Line Support Panel
- (1) 60"W Modesty Panel
- (1) 48"W Corner Modesty Panel

For this application:

Omit: (1) In-Line Support Panel

Note: Use same guidelines for Veneer, Metal, or Hybrid configurations

Typical contains:

- (1) 24"D x 48"D x 60"W Cove Worksurface (Extended Right)
- (1) 24"D End Support Panel
- (1) 10"D In-Line Support Panel
- (1) 60"W Modesty Panel
- (1) 48"W Corner Modesty Panel

Revised Specifications:

- (2) 24"D x 48"D x 60"W Cove Worksurfaces (Extended Left and Extended Right)
- (2) 24"D End Support Panels
- (1) 10"W In-Line Support Panel
- (2) 60"W Modesty Panels
- (2) 48"W Corner Modesty Panels

When specifying Align desking, the following guidelines should be kept in mind.

3) Using Gussets to replace Modesty Panels on (1) Credenza/Desk

EXAMPLE:

Typical above contains:

- (1) 24"D x 60"W Worksurface
- (2) 24"D End Support Panel
- (1) 60"W Modesty Panel

Revised Specifications:

- (1) 24"D x 60"W Worksurface
- (2) 24"D End Support Panel
- (1) Gusset Pair

For this application:

Omit: (1) Modesty Panel

Add: (1) Gusset Pair

Note: Use same guidelines for Veneer, Metal, or Hybrid configurations.

4) Using Gussets to replace Modesty Panels on (1) Credenza/Desk

EXAMPLE:

Typical above contains:

- (1) 24"D x 60"W Worksurface
- (1) 24"D End Support Panel
- (1) 24"D BBF Pedestal
- (1) 60"W Modesty Panel

Revised Specifications:

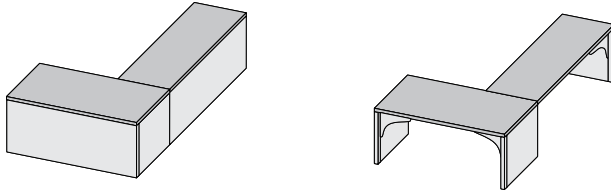

- (1) 24"D x 60"W Worksurface
- (1) 24"D End Support Panel
- (1) 24"D BBF Pedestal
- (1) Gusset Pair
- (1) Pedestal Back

For this application:

Omit: (1) Modesty Panel

Add: (1) Gusset Pair

5) Using Gussets to replace Modesty Panels on (1) Credenza/Desk and (1) Return

EXAMPLE:

Typical above contains:

- (1) 24"D x 60"W Worksurface
- (1) 24"D x 48"W Worksurface
- (3) 24"D End Support Panel
- (1) 60"W Modesty Panel
- (1) 48"W Modesty Panel
- (1) Return Kit

Revised Specifications:

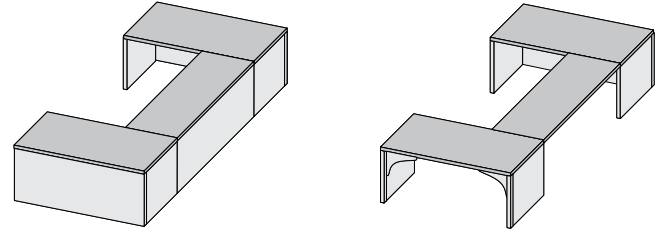

- (1) 24"D x 60"W Worksurface
- (1) 24"D x 48"W Worksurface
- (3) 24"D End Support Panel
- (2) Gusset Pair
- (1) 24"D Flat Bracket

For this application:

Omit: (2) Modesty Panel, (1) Return Kit

Add: (2) Gusset Pair. (1) 24"D Flat Bracket

6) Using Gussets to replace Modesty Panels on (2) Credenza/Desk and (1) Bridge

EXAMPLE:

Typical above contains:

- (2) 24"D x 60"W Worksurface
- (1) 24"D x 48"W Worksurface
- (4) 24"D End Support Panel
- (2) 60"W Modesty Panel
- (1) 48"W Modesty Panel
- (1) Bridge Kit

Revised Specifications:

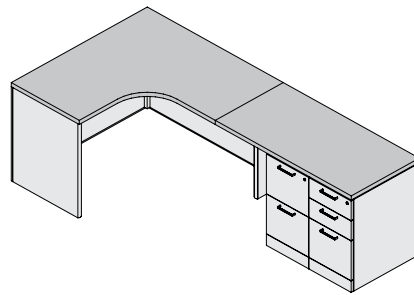

- (2) 24"D x 60"W Worksurface
- (1) 24"D x 48"W Worksurface
- (4) 24"D End Support Panel
- (1) 60"W Modesty Panel
- (1) Gusset Pair
- (2) 24"D Flat Bracket

For this application:

Omit: (2) Modesty Panel, (1) Return Kit

Add: (1) Gusset Pair. (2) 24"D Flat Bracket

NOTE: A variety of Align Desk typicals are available for reference at www.allsteeloffice.com/TypicalsGallery.

Desking — Metal Supports**End Support Panel**

- Includes End-Panel (non-handed), attaching hardware and adjustable glides. (Panel-Mount version includes Panel Mount Bracket.)
- Peninsula End Support Panel replaces modesty panel on depth dimension of P-Top and Peninsula worksurfaces.

In-Line Support Panel

- Includes Support Panel (non-handed), attaching hardware, adjustable glides and wire management grommet. (Panel-Mount version includes Panel-Mount Brackets.)

Light-scale Support Legs

- Order as pair (left and right) for modesty panel or as individual non-handed leg not for modesty panel attachment.
- Includes attaching hardware.

Light-scale In-line Support Leg

- Includes legs (non-handed, mounted to bracket) and attaching hardware.

Support Column

- Includes column, worksurface bracket kit T6BK, attaching hardware and adjustable glides.

Cantilever Bracket (handed)

- Cantilever support.
- Attachment hardware included.
- 24"D accommodates 24"D and 30"D worksurfaces.
- 12"D accommodates 12"D worksurfaces.
- Use with reasonable judgment — avoid long cantilevered runs. Do not use at the end of a worksurface where no 90° return panel is positioned.
- Do not use with wall tracks or to support a worksurface to which a return worksurface is attached.
- Left- and Right-hand brackets required in shared applications.

Worksurface Bracket Kit — T6BK

- Brackets — one pair.
- Attachment hardware included.

Worksurface Brackets — T6SB

- Worksurface Storage Bracket Kit (T6SB) is used for aesthetics where under-desk storage is immediately adjacent to the return panel. In all other applications use Worksurface Bracket Kit (T6BK) to utilize worksurface threaded metal inserts.
- Brackets — one pair. Available in Black only.
- Attachment hardware included.
- Brackets do not align with worksurface threaded metal inserts, and therefore, require wood screws (included).

Flat Brackets

- Attaching hardware.

Pedestal-to-Panel Attachment Bracket

- Can be used with pedestal in place of End Support Panel or return panel.
- Provides structural support to panel run by securing panel directly to pedestal.
- Non-handed.

Mixed Material Kit

- Used in applications when a veneer modesty panel is being connected to a metal support or metal pedestal. One kit required per connection.
- Kit includes one left-hand bracket, one right-hand bracket, and attaching hardware to complete the connection of one modesty panel to two metal support components (i.e., metal pedestals or end panels).
- Available in Black only.

Modesty Panel-to-Panel Frame Attachment Kit

- Used to connect a worksurface and 29½"H standard metal or veneer modesty panels perpendicularly to a panel of corresponding width.
- Non-handed. Includes T6BK.

Gusset

- Recommended for desk applications that are against a wall.
- Allows easy access to wall outlets.
- Can be used only with Metal End Support Panels.
- Cannot be used to support desk shells that are wider than 60".
- Cannot be used with suspended pedestals.
- Dimensions = 13" x 13".

Light-scale Flat Bracket

- Includes attaching hardware.
- Use when attaching worksurfaces by Light-scale desk legs.

Return Kit

- Includes attaching hardware.

Bridge Kit

- Includes attaching hardware.

Desking — Metal Modesty Panels and Pedestal Back

Modesty Panel

- Caps over back of End and In-Line Support Panels.
- Includes attaching hardware.
- Specify modesty panel width the same as worksurface width.
- When used with corner worksurface applications, specify one standard modesty panel and one corner modesty panel.

Corner Modesty Panel

- Caps over back of support leg.
- Need one Corner Modesty panel per Corner Worksurface (comes with corner support leg).
- Includes attaching hardware.

Pedestal Back

- Used in absence of modesty panels in Light-scale desking applications.
- Includes all mounting hardware and trim.

Desking — Veneer Supports, Modesty Panels & Pedestal Back

End Support Panel

- Includes End-Panel (non-handed), attaching hardware and adjustable glides.
- Panel mount bracket ordered separately.
- Peninsula End Support Panel replaces modesty panel on depth dimension of P-Top and Peninsula worksurfaces.

In-Line Support Panel

- Includes Support Leg (non-handed), attaching hardware, adjustable glides, and wire management grommet.
- Panel mount bracket ordered separately.

Panel Mount Brackets

- Includes hardware to convert freestanding end-panels and support legs to panel mount.
- Non-handed.

Pedestal Back

- Used in absence of modesty panels in Light-scale desking applications.
- Includes all mounting hardware and trim.

Mixed Material Kit

- Includes brackets and attaching hardware.
- Black only.
- Used to attach a veneer modesty panel or veneer pedestal back to a metal pedestal, in-line support panel, or end support panel. One kit required per modesty or pedestal back.

Desking — Landscape Modesty Panels

Landscape 12"H Modesty Panels

- Includes attachment hardware.
- Use matrix on page 7 to identify size of modesty panel needed for application.
- Leg-to-leg models for use with Light-Scale legs for modesty panels.
- Peninsula, Jetty, and P-Top models for use with Light-Scale Square Support column only. Order Square Support column separately.
- Landscape modesty panels frame available painted or with Matte Silver finish (anodized).
- Infinite Spectrum™ is a color-matched 100% recyclable polyester resin material.
- Sample kit required to confirm PANTONE color meets expectations.
- Review of PANTONE sample and customer approval required prior to order entry.
- Specify PANTONE color using a PANTONE print or paints and interiors color guide number or PANTONE MATCHING SYSTEM®. When using the print color guide, use the uncoated (U) color references, metallics not available.
- Visit pantone.com for additional PANTONE information.

*Allsteel is not responsible for PANTONE matching. It is the sole responsibility of the dealer and/or customer to ensure PANTONE color is correct. To ensure matching order Infinite Spectrum Sample Kit model YTSPSK prior to order

24"H Landscape Modesty Panels

- Used in Double Pedestal desking application.
- Includes attachment hardware.
- Landscape modesty panels frame available painted or with Matte Silver finish (anodized).

Veneer Casegoods — Square Edge

- Specify pedestal configuration from seated portion.
- Tops: 1¼" thick, 1mm rectangle edgebands.
- Pedestals, modesty panel, end support panels: ¾" thick, 3-ply panels, vertical grain.
- Drawers: Finished interiors, 5-sided, chuck and bore construction.
- Drawer fronts: Vertically matched veneer. Three pulls available — Arch, J and Square.
- Suspensions: Ball-bearing suspensions, full-extension file drawers, ¾ extension box drawers.
- Filing: Front-to-back letter filing, optional side-to-side legal filing.
- Glides: 1⅝" adjustment.

Square Edge Bow-Front Desks

- Locking: Factory-installed locks standard — double pedestal (2); single pedestal (1).

Square Edge Double Pedestal Desks

- Locking: Factory-installed locks (2) standard.

Square Edge Single Pedestal Desks

- Locking: Factory-installed locks (1) standard.

Square Edge Returns

- Drawer configuration: File/File.
- File drawer filing: Front-to-back letter filing, side-to-side legal filing.
- Locking: Factory-installed locks (1) standard.

Square Edge Bridges

- 30"-36"W bridges available as no grommet (G0) or center grommet (GC); 42"-48"W bridges available as no grommet (G0) or both grommets (G4) option.

Square Edge Peninsulas

- Support column: order separately.
- Not intended for freestanding applications.
- End panel included.
- ⅝" overhang where top and end panel butt together.
- Peninsula has 6" conference overhang with full modesty panel.
- Center drawer: field installed accessory, order separately. NOTE: 19" center drawer must be specified for use with peninsula extension.

Square Edge Corner Units

- Accommodates Articulating Keyboard Platforms.
- Requires returns or bridge and return on both sides.

Square Edge Credenzas — Full-Bank and Kneespace

- Pedestal Filing: Front-to-back letter filing, side-to-side legal filing.
- Lateral file: Side-to-side letter and legal filing standard (rail provided). Front-to-back filing with optional file bars.
- Full bank credenzas have no grommet; kneespace credenzas are available with no grommet (G0) or center grommet (GC).
- Hinged Doors: One adjustable shelf.
- Full-bank Credenza with Peds/Hinged Doors have 3 locks; Full-bank Credenza with Double Laterals and Kneespace Credenzas have 2 locks.

Square Edge Credenzas — Single Pedestal or Lateral Credenzas

- Pedestal File drawer filing: Front-to-back letter filing, side-to-side legal filing.
- Lateral file: Side-to-side letter and legal filing standard (rail provided). Front-to-back with optional file bar.
- Locking: Factory-installed locks (1) standard.

Veneer Casegoods — Accessories, Hutches, and Tackboards

Center Drawer

- Hardwood faced with dowel construction. For use under 24"D or deeper worksurfaces.

Pencil Tray

- Solid hardwood with clear finish.

Box Drawer Divider

- Hardwood with clear finish.

Filing Rails

- Allows side-to-side filing in pedestals or front-to-back options in lateral file drawers front-to-back options in lateral file drawers. Rail hangs in clips from top edge of drawer.
- One rail per package. Must order 2 rails per drawer.

Veneer Hutches

Chassis: ¾" thick, 3-ply panels, vertical grain, fully finished back.

- 84"W units have 6 doors, all others have 4 doors.
- Tasklights and tackboards ordered separately.
- Optional wire management grommet located in upper right-hand corner of back panel. Hole only, not covered.
- Hutches are capable of spanning "L" and "U" configurations.
- One lock per 2 doors. Landscape doors are non-locking.
- Specify Landscape doors separately.
- Metal hutches also available. See page 304.
- Tackboards are available for back panel.

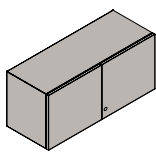

Tackboards for Hutches

- Use tackboard on back panel of hutch below storage unit.
- Due to width of fabric roll, 66"W and larger tackboards are available in Railroad Cut only.
- Wall-mounted tackboards come with brackets to mount to wall. Do not use wall track.

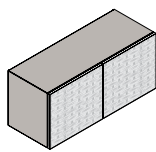

Landscape Door Fronts for Veneer Hutches

- Landscape doors are non-locking.
- Landscape door frame available painted or anodized with Matte Silver finish.
- Includes attachment hardware.
- Landscape fronts ship and install separately from hutch.
- 60"W-78"W are 4 door sets, 84"W are 6 door sets.
- Infinite Spectrum™ is a color-matched 100% recyclable polyester resin material.
- Sample kit required to confirm PANTONE color meets expectations.
- Review of PANTONE sample and customer approval required prior to order entry.
- Specify PANTONE color using a PANTONE print or paints and interiors color guide number or PANTONE MATCHING SYSTEM®. When using the print color guide, use the uncoated (U) color references, metallics not available.
- Visit pantone.com for additional PANTONE information.

Align Overhead Storage Cabinets

Veneer Case with
Veneer Hinged Doors

Veneer Case with
Landscape Hinged Doors

Veneer Overhead Cabinets and Landscape Door Fronts**Veneer Overhead Cabinets**

- Stratawood veneer has a consistent straight-grain pattern.
- Natural veneer will have cathedrals and as a natural material is subject to nature's quality control with variations in grain pattern and tone.
- Width can correspond with width of panel, or 2 panels joined without a connector.
- Self-engaging safety latch to secure cabinet to panel.
- Cabinets are 14¼"D x 16"H.
- Hinged doors only available without pulls.
- 24"-36"W hinged door cabinets have 2 doors with one lock on front of cabinet, and 42"-60"W have 4 doors with 2 independent locks on front of cabinet.
- Accommodates recessed task lighting — specify separately.
- For locking specifications, see Systems pages 578-580.
- Order Wall-Mount Brackets separately for wall-mounted application. For use with full veneer case overheads.
- Depth of shelf will not align with metal case with veneer front.

Wall-Mount Brackets

- Use to attach veneer overhead directly to wall.
- Attachment hardware not included.
- Cannot use with Open Bookshelf.

Overhead Cabinets — Veneer ready for Landscape Doors

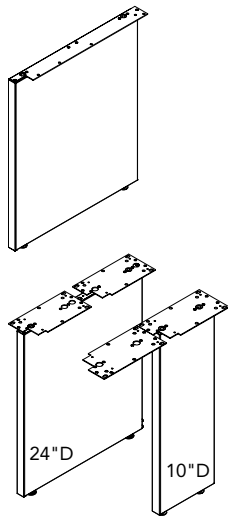

- Stratawood veneer has a consistent straight-grain pattern.
- Natural veneer will have cathedrals and as a natural material is subject to nature's quality control with variations in grain pattern and tone.
- Must order Landscape doors separately. Doors shipped separately.
- Width can correspond with width of panel, or 2 panels joined without a connector.
- Self-engaging safety latch to secure cabinet to panel.
- Cabinets are 14¼"D x 16"H.
- Hinged doors only available without pulls.
- 24"-36"W hinged door cabinets require 2 doors, and 42"-60"W require 4 doors.
- Accommodates recessed task lighting — specify separately.
- Landscape doors are non-locking.

Landscape Hinged Doors for Veneer Overhead Cabinet

- Doors are for use on Align Veneer Cabinets Ready for Landscape Doors.
- Landscaped door frame available painted or with Silver Matte finish (anodized).
- Includes attachment hardware.
- Landscape doors ship and install separately from overhead.
- Infinite Spectrum™ is a color-matched 100% recyclable polyester resin material.
- Sample kit required to confirm PANTONE color meets expectations.
- Review of PANTONE sample and customer approval required prior to order entry.
- Specify PANTONE color using a PANTONE print or paints and interiors color guide number or PANTONE MATCHING SYSTEM®. When using the print color guide, use the uncoated (U) color references, metallics not available.
- Visit pantone.com for additional PANTONE information.
