

enzyme presoak

PROTEOLYTIC ENZYME PRETREATMENT

Product Properties

COLOR: White
ODOR: None
pH (1%): 9-10
SOLUBILITY IN WATER: Complete
HARD WATER TOLERANCE: Excellent

Description

This enzyme based presoak is specially formulated to remove protein-based stains and soils. It attacks food-based protein and stains as well as blood, fecal matter and grass stains. Quickly removes both fresh stains and those "set" by age, heat and unsuccessful prior removal.

The enzyme system provides broad spectrum activity against numerous soils under varied use conditions, giving superior cold temperature results. It attacks the stain, not the fabric, for excellent results and improved fabric life.

Features...Benefits

Highly Concentrated.....Economical
Excellent Destaining.....Reduces Rewash
Does Not Degrade Fabrics.....Save Linen Costs
Excellent Solubility.....Ease of Use
Versatile.....Labor Saving

Directions

WHEN USED AS A PRESOAK: Fill soak bin half full with room temperature water. Add product at a rate of 1/4 to 1 cup to soak bin. Place stained linens in soak bin. For light stains, allow 1 hour contact time. For heavier stains, allow to soak overnight. Change solution daily.

Safety Information

KEEP OUT OF REACH OF CHILDREN

DANGER

Causes serious eye damage. Causes mild skin irritation. Wear protective gloves/protective clothing/eye protection/face protection. Wash thoroughly after handling.

If skin irritation occurs: Get medical advice.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor.
