#### **Project Details**

**1. Describe the commodity/service that the agency/institution is seeking to procure:**

The University of Mississippi Medical Center (UMMC) seeks to purchase MOSAIQ an electronic medical record (EMR) system developed by Elekta used for Radiation Oncology departments. This system records appropriate patient documentation for radiation treatments including but not limited to: prescriptions, simulation, treatment planning, dose tracking and delivery of daily treatments. This system is FDA regulated for radiation therapy delivery.

**2. Explain why the commodity/service is the only one (1) that can meet the needs of the agency/institution:**

A service agreement with the vendor will provide us with 24-7 support for the system. This will ensure management of the system and operational support for clinical use.

**3. Explain why the source is the only person or entity that can provide the required commodity/service:**

A service agreement is only offered by Elekta for their MOSAIQ product. See supporting letter from Elekta Attachment A.

**4. Explain why the amount to be expended for the commodity/service is reasonable:**

The estimated amount to be expended is for the purchase of the **Software Maintenance and support for: MOSAIQ; MOSAIQ Procedure Management; IQ Server Software; MOSAIQ RO; MOSAIQ Resource Scheduling; MOSAIQ IGRT Connectivity for Elekta; SYNERGISTIQ (Elekta Bundle); Connectivity to DICOM Port Elekta iView GT; Connectivity to DICOM RT Philips/ADAC Pinnacle; Oncology Workflow Manager for MOSAIQ Data Director; DICOM Information Manager for MOSAIQ Data Director; MOSAIQ Trials; MOSAIQ Trials Eligibility; ESI: ADT Import from TBD; ESI: Charge Export to TBD; Upgrade Only-Convert Licenses to 3D Offline Image Assessment** is \$198,910.73. This amount is within the expected price range for these products.

**5. Describe the efforts that the agency/institution went through to obtain the best possible price for the commodity/service:**

Through market intelligence, UMMC was able to negotiate best pricing for these products. All applicable discounts were explored and applied.
