

DM225™ Series Digital Mailing System

The all-in-one mail center

Invoices. Promotions. Packages. This compact system handles it all, so you can spend less time on routine tasks.

Mail. The semi-automatic feeder handles 45 letters per minute. You can add a personalized message to the envelope for added impact.

Ship. Accurately weigh parcels up to 70 pounds, print postage and select delivery confirmation services in seconds.

Manage. A simple online dashboard lets you manage all of your postal expenses.

Work less, save more.

- Avoid trips to the Post Office.
- Get mail out fast.
- Never overstamp.
- Add postage in seconds.
- Update rates and software quickly.

Watch your weight.

Eliminate guesswork on postage. The integrated scale calculates precise postage, with 5 lb. and 10 lb. options. External weighing platforms handle packages from 30 to 70 lbs. You can also add software for fast, simple processing of mixed-weight mail.

Keep current.

The IntelliLink® Control Center keeps you current and compliant. Download the latest postal rates, software updates, postal inscriptions and graphics at the touch of a button.

Stay connected.

LAN-enabled Constant Connection provides 24/7 digital access to your account for postage refills. With the Wi-Fi option, you can connect wirelessly, so no need to have a dedicated phone line. Downloads are faster, and you can upload Confirmation Services transactions in seconds.
