

TENA®

2-Piece Heavy Pads

Pad and Pant System

For moderate to heavy bladder and/or bowel incontinence protection.

DRY-FAST CORE™

technology rapidly pulls fluid away from the skin and traps it into the lower storage core where it is gelled by Superabsorbent microbeads for greater security and skin dryness.

CONTOURED CORE

promotes improved comfort and leakage protection.

LIGHT AND AIRY

2-Piece pad and pant system helps promote skin health. Pad design is open on the sides, leaving more skin surface exposed to the air. Secure pad with breathable TENA® Reusable Pants for an underwear-like fit.

OVAL-SHAPED ELASTICS

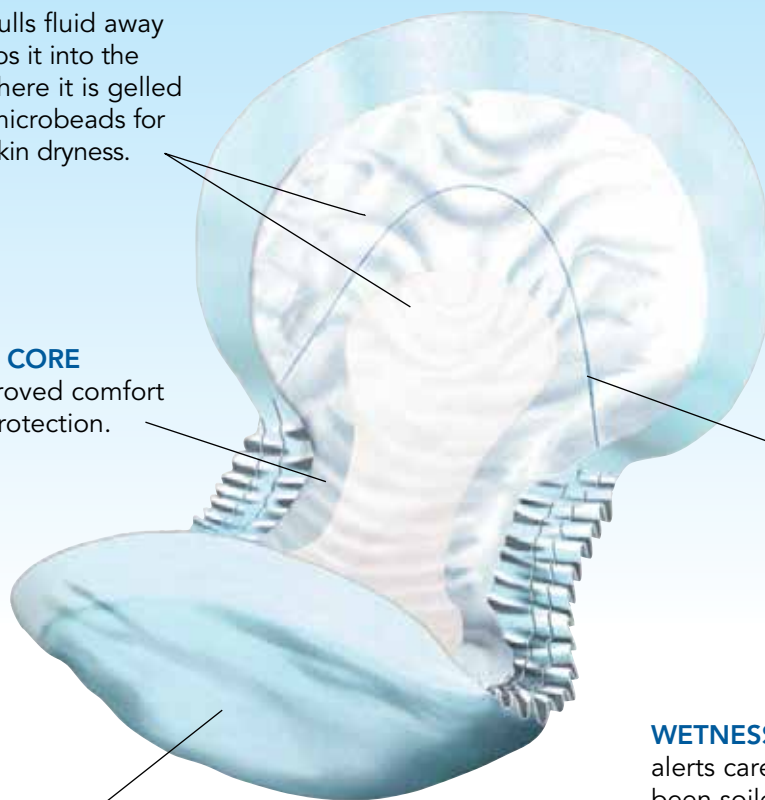

hug the body, creating a comfortable seal for improved leakage protection.

WETNESS INDICATOR (on back)

alerts caregivers that the pad has been soiled and needs to be checked.

SOFT, NONWOVEN BACKSHEET

is gentle against the skin and less noisy, providing improved comfort and greater dignity.

USE WITH TENA® REUSABLE PANTS

- Designed like regular underwear for comfortable fit.
- Soft, comfortable, breathable with a superior body-close fit.
- Seamless pants eliminate potential pressure points, enhancing wearer comfort.

*Features of the Day Light vary

PRODUCT

PANTS

TENA® Comfort and Knit Pants

- TENA® Day Regular, Day Plus and Night Super pads provide a more discreet, body-close fit when worn with TENA® Comfort or Knit pants.
- Both pant styles are reusable: launder on delicate cycle and dry using a low heat setting.
