

Steelcase Product Environmental Profile – Low-Profile Floor

Environmental Attributes

Product Category	— Architectural Solutions
LEED Contribution	— Recycled content — Regional materials — Sustainable purchasing
Environmental Facts	— 100% recyclable — 32% recycled content

Recycled Content Summary

Total Weight (lbs) 580.5

Recycled Content (lbs)	184.1	Recycled Content	32%
Post Consumer (lbs)	103.5	Post Consumer	18%
Pre Consumer (lbs)	80.5	Pre Consumer	14%
Recyclable Content (lbs)	580.3	Recyclable Content	100%

Disclaimer

Numbers may vary based on model and options selected. Calculations based on Floor: Low Profile of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Steelcase Product Environmental Profile – Low-Profile Floor

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post-consumer (18%) + ½ pre-consumer (14%) = 25.8%.
	Materials & Resources	MR 5 (regional materials)	Low-Profile Floor is assembled in Grand Rapids, MI. Projects ≤ 500 miles from this location qualify.
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	Post-consumer (18%) + ½ pre-consumer (14%) = 25.8%.
LEED-OPERATIONS & MAINTENANCE (formerly LEED-EB)	Materials & Resources	MR 2.2 (sustainable purchasing – durable goods)	Exceeds the ≥ 10% post consumer or ≥ 20% pre-consumer criteria.

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.
