

CLEAN SWEEPTM LF

Dust Control and Wetting Agent

Low Foaming formula ensures maximum load capacity of water trucks

Highly dilutable formula can be effective at a rate of up to 1:3,500 parts!

EFFECTIVELY CONTROLS DUST

Provides Exceptional Cleaning Performance for

- Industrial Manufacturing
- Transportation and Fleet
- Steel Mills and Foundries
- Paper Mills, Printing, and Packaging
- Construction, Mining, and Agriculture
- Excavation and Demolition
- Utility Construction
- Concrete and Asphalt Paving
- Federal, State, and Local Agencies

- **Controls and settles dust** – Deep moisture penetration ensures slower evaporation and long-lasting results
- **Saves, money, labor, and water** – Reduces frequency of treatments which translates into savings
- **Economical solution** – Highly dilutable for a variety of soil conditions and needs
- **Produces fast results** – Soaks into dirt quickly to help keep muddy areas from forming
- **Clean to apply** – No black, oily mess or equipment cleanup problems, unlike conventional dusting oils
- **Up to 10 times more effective than using plain water**
- **Contains biodegradable surfactants** – Reduces water's tension which increases the penetration ability of plain water
- **Little to no foam when mixed into water** – Even with high volume filling systems
- **Reduces air pollution** – Airborne particle levels are greatly reduced
- **Increases efficiency of street sweeping operations**
