

SCHOOL TABLE SOLUTIONS

Transforming spaces for the way schools use tables today.

SICO® 3-in-1 ConverTable

Easy In & Easy Out:

- SICO®'s innovative table design showcases a reduced caster beam length and one-of-a-kind frame design. No more stepping over an extended caster beam.
- When your new SICO® 3-in-1 ConverTable is configured in bench mode, there is easy access IN and OUT of aisles.

**LIMITED
LIFETIME
WARRANTY**

Tamper proof caster beam endcaps are secured with a unique stem and nut system, ensuring that they will not fall out.

Compact storage allows for efficient use of your space.

The back of the caster beam on the 3-in-1 ConverTable is 50% shorter than other convertible tables on the market.

Testing configuration.

2800 ConverTable also available.

Pacer II Seamless Top Table

One piece seamless laminate tabletop is an ideal addition to a multipurpose room or cafeteria.

All that you expect from a SICO® table • Style
• Quality
• Durability
• Ease of Use

**LIMITED
LIFETIME
WARRANTY**

Tough high-pressure laminate tabletops meet NEMA specifications for durability and wearability.

SICO® Armor-Edge® treatment has a proven track record that **eliminates** cracking, peeling, and chipping of table edges. Choose from a variety of colors.

Legs are quality nickel chrome plated or colorful powder-coat finished for superior durability and ease of cleaning.

Secured end-cap.

When in the open position, table rests on **durable plastic glides**. Casters engage only in the folded position.

Obstruction-free frame and leg design provides comfortable seating for all guests. Less bumping of legs.

Elegant 16-gauge oval tube leg design creates a table with increased strength and durability that requires no linens.

Understructure is square-tube design for extra strength and durability.

Backer sheet: moisture control, ease of cleaning, and stain resistance.

Tables nest compactly when in the stored position and roll easily into storage on 3" (7.6cm) casters.

Positive lock keeps table in open position until ready to fold and roll.

SICO® Table Features

Your choice for maximizing seating space in a table that is shaped to increase student interaction and hence decrease noise levels. A great choice for pre-school and elementary environments.

*Graduate table shown.
See page #5.*

½" (1.3cm) center gravity lock bar
prevents anyone from raising center
of table by sitting on the end. Easily
released from either side.

Two 7-gauge vertical hinges
won't trap food and provide
additional strength and durability.

LIMITED LIFETIME WARRANTY

Tough high-pressure laminate tabletops meet NEMA specifications for durability and wearability.

SICO® Armor-Edge® is incredibly durable. No cracks or seams to trap food. Hermetically seals table core for sanitary purposes and moisture resistance for longer life.

Almost indestructible 13" (33cm) one-piece ABS round seats. Or choose a comfort stool* with optional accent guard*.

Non-marking 4" casters provide smooth, easy transport. Casters, on most tables, have a thread guard to protect from debris and keep the wheel rolling smoothly.

Legs are quality nickel chrome plated or colorful powder-coat finished for superior durability and ease of cleaning.

Non-marking neoprene glides contain metal washers that protect floors by preventing leg tubes from breaking through glides.

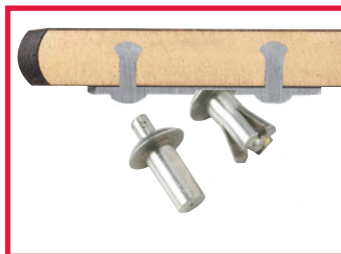

All SICO® tables come with serial numbers for easy ID.

- **Superior quality materials** and efficient design mean easier handling and longer life.
- **Operating instructions and serial #s** are attached to every table for convenience and easy identification.
- **SICO® table understructure is 14-gauge structural grade steel.** One piece unitized frame construction does not rely on table top for strength. Understructure is finished in black powder coat designed to take hard everyday use and still look good.
- **Create a dramatic new look for your cafeteria!** See back page for attractive new color combinations for tops, edges, legs, and seats.
- **LIMITED LIFETIME WARRANTY**

HPL backer applied for moisture control, ease of cleaning (including gum removal), stain resistance and fantastic appearance. Far superior to all types of paper backers.

Tamper proof expansion rivets secure frame onto sturdy MDF (Medium Density Fiberboard) core. No screws to work loose.

Patented square shape stool support post prevents any rotational movement of the stool seat. Lower portion of support post retains round shape, preserving the elegant look of the table.

Aircraft lock-nuts at all main pivot points remain tight and can't work loose.

SICO® Graduate Mobile Folding Table

Your choice for maximizing seating space in a table that is shaped to increase student interaction and decrease noise levels. A great choice for pre-school and elementary environments.

**LIMITED
LIFETIME
WARRANTY**

SICO® Armor-Edge® on top and bench edges is incredibly durable. No cracks or seams to trap food.

SICO® Strut™ lift assist, consistent lifting performance for the lifetime of the table.

Generous 12" (30.5cm) spacing from table top edge to edge of stool. 13" (33cm) spacing from table top to edge of bench for more comfortable seating.

Dual 16-gauge HSLA steel leg design means extra strength and durability.

Non-marking 4" casters provide smooth, easy transport.

Perfect for all levels
from pre-school to high school.

Oval or octagon shapes.
Promotes increased (and quieter) student interaction.

Ample spacing: 54" x 60" (137cm x 152cm) Oval with stools or benches & 60" (152cm) Octagon (round or comfort stool only) provides adequate spacing for 8 standard lunch trays. Graduate with benches provides spacious 12 person capacity depending upon student size.

Increases seating capacity
up to 15% - 20% over separate chairs and tables.

All stool Graduates provide a minimum of 26" (66cm) between seats (on center) for comfort of children or adults.

Quick set-up and storage. Folds and rolls with a low profile for easy operation and storage. Exclusive Mechanical strut means a lifetime of easy lifting.

SICO® Communicator Mobile Folding Table

Your choice of a unique elliptical shape that allows eye contact and interaction similar to the Graduate with the bonus of additional seating capacity.

**LIMITED
LIFETIME
WARRANTY**

½" (1.3cm) center gravity lock bar prevents anyone from raising center of table by sitting on the end. Easily released from either side.

Tough high-pressure laminate tabletops meet NEMA specifications for durability and wearability. Nearly 200 standard laminate options.

SICO® Armor-Edge® on top edges is incredibly durable. No cracks or seams to trap food.

Legs are quality nickel chrome plated or colorful powder-coat finished for superior durability and ease of cleaning.

**HSLA
STEEL**

Dual 16-gauge HSLA steel tube design means extra strength and durability. Twice the yield strength of competitive tables.

Twelve attached round seats on a 10' (305cm) table provide generous 23" (58cm) of spacing between each seat (on center) and plenty of space between student and tabletop. Choose comfort stool with optional accent guard.

Non-marking 4" casters provide smooth, easy transport. Casters, on most tables, have a thread guard to protect from debris and keep the wheel rolling smoothly.

Large capacity 42" x 10' (119cm x 305cm) top provides adequate spacing for 12 standard size lunch trays. Increased seating capacity is up to 15% - 20% over tables and chairs.

Unique Elliptical shape allows eye contact between all users, reducing noise levels and promoting quieter interaction.

Space Efficiency. Fewer tables are needed to seat many students, saving cost and space.

Quick clean-up and compact storage saves time, money and effort.

Flexibility. ADA model available with 8 seats and space for wheelchairs.

SICO® Mobile Folding Tables with Stools

Your choice for maximizing seating space in a table that is shaped to increase student interaction and decrease consistent, easy lifting for the life of the table. A great choice for pre-school and elementary environments.

The Associate:

4' (122cm) or 6' (183cm) options. Unit seats four (4' table) or six (6' table) with 24" (61cm) of space per seat (stools or bench). Non-folding unit has casters on two legs. Designed for any size student, K - 12.

The Director:

8' (244cm) table with adult size seating for eight. Offers 24" (61cm) table space per seat.

• The Senior: *(Pictured Right)*

10' (305cm) table with seating for twelve. Offers 20" (51cm) of table space per seat for maximum seating in limited space.

The Cadet:

10' (305cm) table with seating for twelve. Low 24" (61cm) height is designed as early childhood table. Allows 20" (51cm) of table space per child. * SICO® Strut™ Not Available

TC-65 SERIES

- **SICO® has been manufacturing cafeteria tables since 1951!** Our quality tables are used in school cafeterias in thousands of schools around the world.
- **Easiest-to-handle units.** The floating fold design includes exclusive mechanical strut lift assist, providing easy, consistent lifting for the life of the table. TC-65's are the easiest units to fold and roll on the market.
- **Cuts clean-up time by more than half.** Fold, roll, clean and reset in a fraction of time it takes to move, clean, and reset tables and loose chairs.
- **HSLA 16 gauge steel legs** has twice the yield strength of competitive tables.

* Not available on Associate or Cadet

The Prepster:

12' (366cm) table seats sixteen. Maximum seating for younger students. Allows 18" (46cm) table space per seat.

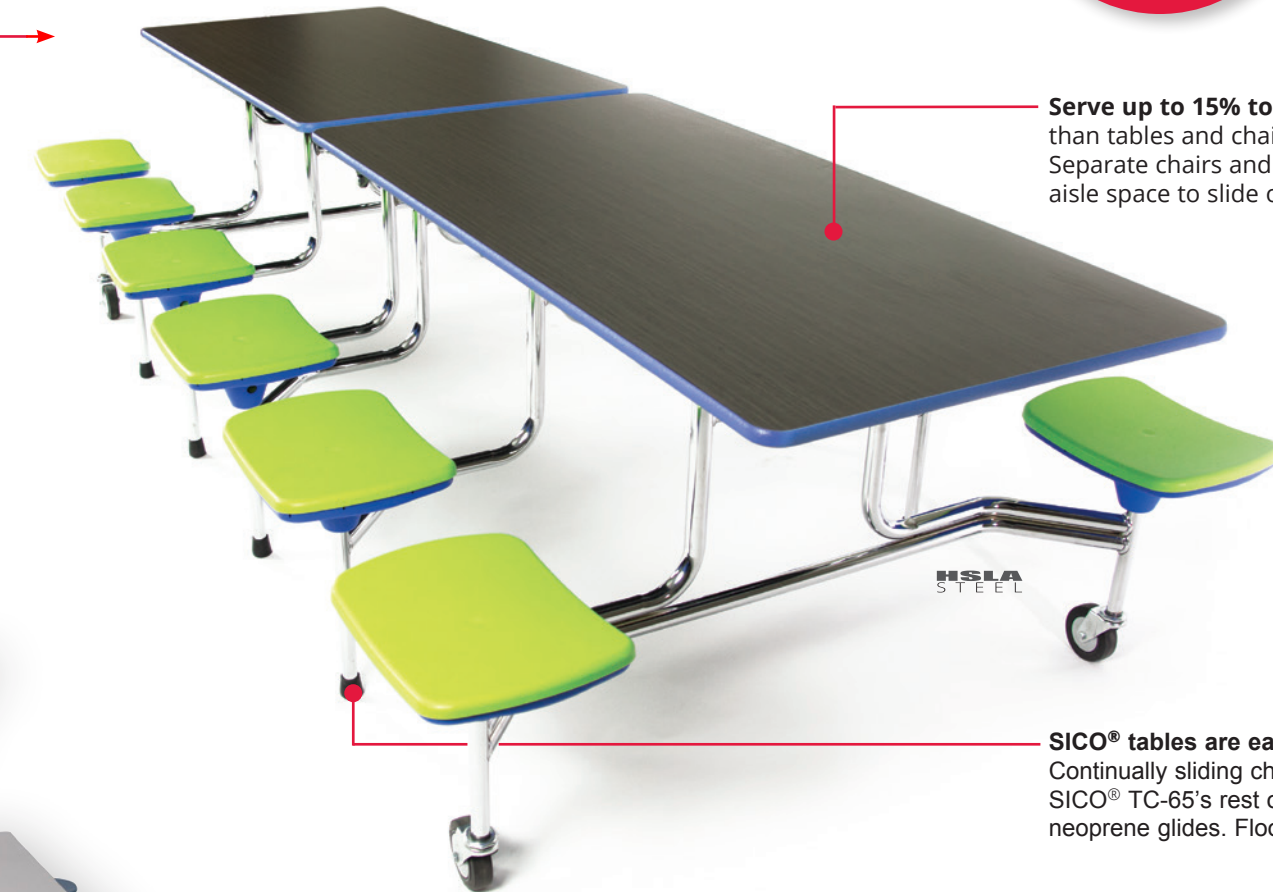

The President:

12' (366cm) table with seating for twelve. Maximum seating for larger students and adults. Allows 24" (61cm) of table space per seat.

e noise levels. Exclusive SICO® mechanical strut lift assist means

LIMITED
**LIFETIME
WARRANTY**

Serve up to 15% to 20% more people than tables and chairs in the same space. Separate chairs and tables require extra aisle space to slide out for entry.

SICO® tables are easier on your floors. Continually sliding chairs damage floors. SICO® TC-65's rest on non-marking neoprene glides. Floors look nicer longer.

Easy to open from the folded and locked position.

No assembly required.

- 1) Simply press the black handle (located at eye level on both sides)...
- 2) which unlocks the latch...
- 3) allowing the exclusive mechanical strut to assist in lowering the table slowly into the open and use position.

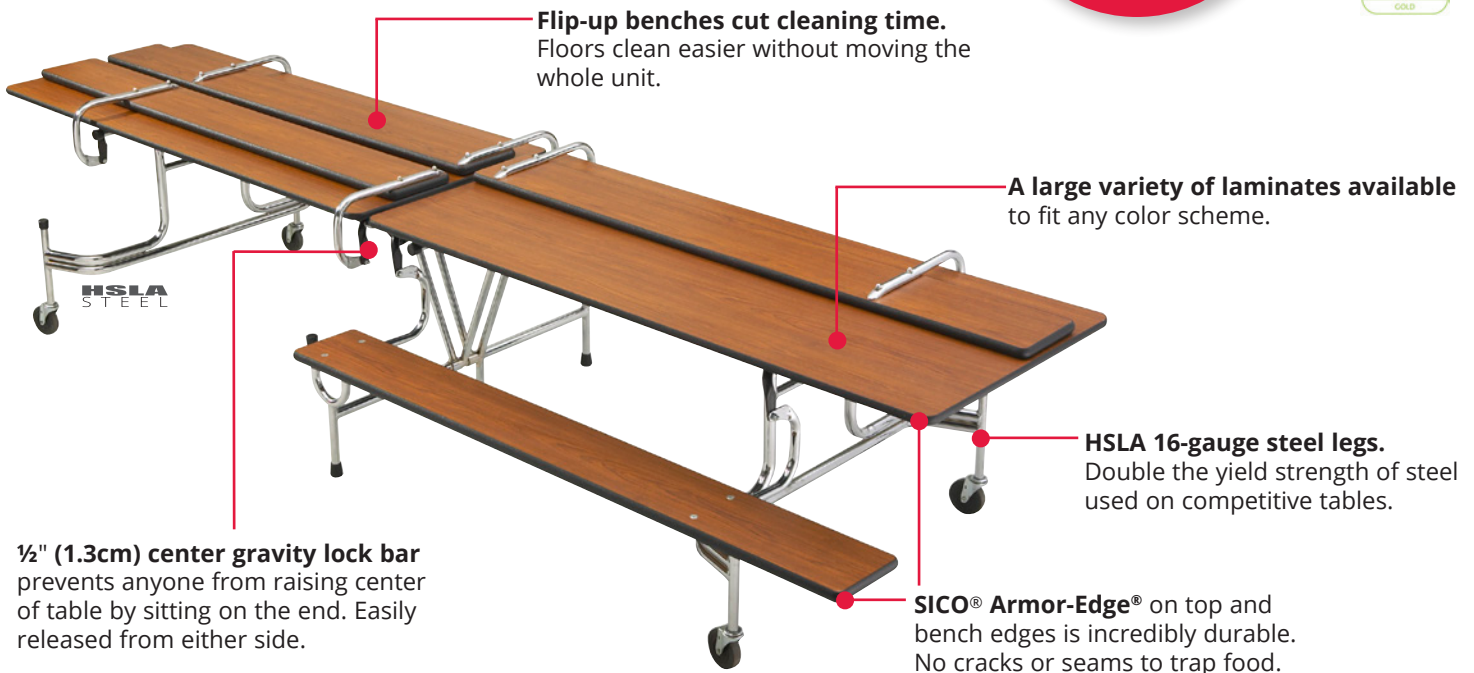

SICO® Mobile Folding Table with Benches

Maximize space utilization both in use and in storage. Easy lifting for the life of the table.

- **Reduce turns in food service areas.** A SICO® BY-65 12' (366cm) can seat up to 20 elementary age children, maximizing space use.
- **SICO® Strut™ Lift Assist.** Exclusive mechanical strut delivers repeatable lifting performance for the lifetime of the table.

LIMITED
LIFETIME
WARRANTY

When folded, table is surrounded by steel for protection from damage in stored position.

1-1/16" (2.7cm) thick, solid wood core benches support up to 1,000 lb. (454kg) distributed load per bench.

SICO® UNDERGRADUATE Tables

This new low storage height design features a one-piece tabletop that remains in the horizontal position. The stools or benches conveniently fold up under the table for easy cleaning, transport, and compact storage.

**LIMITED
LIFETIME
WARRANTY**

Durability: The tabletop is protected by the legendary SICO® Armor-Edge®—the edge treatment that has a proven track record for long term durability.

Heavy-duty 1/4" steel pivot mechanism, with solid 1-5/8" bushing, easily folds stools or benches into stored or use position.

Tube within a tube design for increased strength.

Split benches allow easy entrance and exit to and from the middle of the table for students of all sizes.

Form & function: The oval tube caster beam and understructure design bring both style and strength to the table.

- **Choice of seating:** Available with choice of eight folding stools, or four spacious 41" (104cm) long folding benches. Offered in both 29" (74cm) and 27" (69cm) heights to accommodate a variety of age groups.
- **Multiple use:** Use your new SICO® UNDERGRADUATE as a lunchroom, study hall, testing, or **COW** (computer table on wheels) table, as well as many other potential uses.
- **Saves time and money:** A breeze to operate with a number of advantages over traditional cafeteria table designs. No need to move the entire table to clean up a spill, or to clean under tables.
- **Easy to transport:** Simply load the table with food, computers, books, or keyboards and you are ready to transport anywhere in the building. Units also butt up to each other end-to-end or side-to-side to build whatever configuration you need to host school and community events.

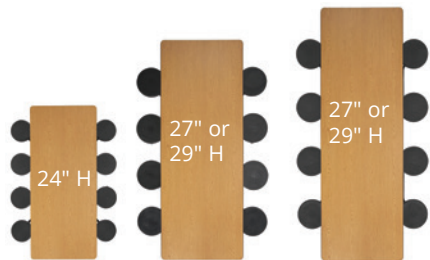

Fold the stool mechanism under the table and the unit will roll easily through a standard doorway on its 4" heavy-duty dual casters.

Arch shaped oval tube caster beam and heavy-duty 1-5/8" 14-gauge round tube legs provide an aesthetic new look and strength.

Computers on Wheels allows easy transport to multiple classrooms.

Multiple sizes:

26" W x 60"L (66cm W x 152cm L)
30" W x 80"L (76cm W x 203cm L)
30" W x 92"L (76cm W x 234cm L)

SICO® Pacer Table Series

Your choice when you are looking for a table that comes in a variety of shapes to mix the layout of tables in your cafeteria or multi-purpose room.

**LIMITED
LIFETIME
WARRANTY**

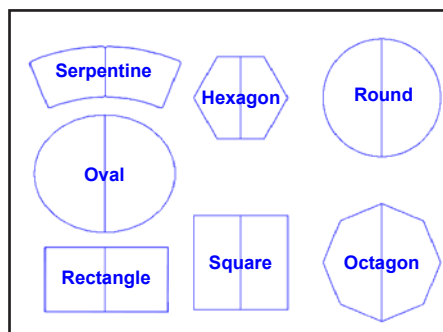

14-gauge square steel center support gives greater strength while preventing damage to tops at center.

Recessed legs and horizontal support frame means less bumping of legs.

Innovative lock bar. Releasing the lock allows for a gentler opening. Operable from either side of the table.

Square tube legs give extra strength. One-inch (25mm) 16-gauge steel square tube leg is 63% stronger than one-inch diameter 16-gauge round tube.

- **Tops never touch the floor** whether in the use or stored position. SICO® tables either are standing on their legs or on their wheels.
- **60% faster set-up** than conventional folding leg tables. The saving in labor alone can pay for SICO® tables in a short period of time.

Available in a variety of shapes.

**ROUND
OVAL
OCTAGON
SQUARE
HEXAGON
RECTANGLE
SERPENTINE**

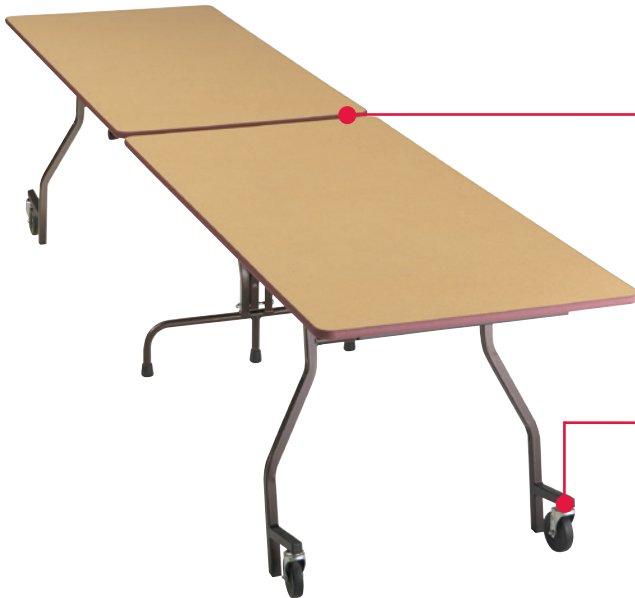

Casters are off the floor in open position, and table rests on its legs. The wheels engage only in folded position.

SICO® LB Mobile Folding Table

Your choice when you prefer to use separate chairs and need a mobile table that will serve in a variety of functions, including: food service, meetings, banquets, study hall, and testing.

**LIMITED
LIFETIME
WARRANTY**

Torsion bar assist for easy handling. One person can fold and roll any size LB.

Faster set-up take-down. Folds in seconds and ready to roll to its next use or into storage.

No trucks for storage. Stores on its own four wheels, nesting together compactly.

SICO® Mobile Folding EllipTable

Your choice to outfit a school conference room, board room, and office area. The EllipTable is also the perfect cafeteria table.

**LIMITED
LIFETIME
WARRANTY**

SICO® Armor-Edge® on top edges is incredibly durable

- **Choose from SICO® laminates** that match your décor.
- **Needs no caddy.** One person can easily roll table into service or storage. There is no lifting necessary, no parts to assemble.
- **Frame is designed for form and function.** Attractive curves are complimented with a powdercoat finish designed to stand up to heavy-duty use.
- **Requires a minimum of storage space.**

SICO® MultiApp IIS Mobile Folding Table

A mobile folding, seamless-top table designed for dual-sided seating.
Your choice for use throughout the school:
In a cafeteria, classroom, testing, registration, & auditorium.

**LIMITED
LIFETIME
WARRANTY**

- **Add visual variety** to other shaped tables, such as the SICO® Pacer II.
- **One piece seamless** laminate tabletop provides a spacious surface for food & beverages.
- **Pneumatic damper** makes raising and lowering tabletop an effortless one-person operation.
- **Tables nest compactly** when in the stored position and roll easily into storage on 3" locking casters.
- Optional table connector unit to unit latches & grommets available only on rectangle shaped tops.

SICO® MultiApp Mobile Folding Table

Your choice for multiple applications, such as boardroom, computer lab, conference hall, classroom, cafeteria, and ballroom. Set-up for food service, audio-visual equipment, displays, and much more.

**LIMITED
LIFETIME
WARRANTY**

- **Mobility:** Needs no caddy. One person can easily roll this table into service or storage.
- **Offset leg structure** allows plenty of leg room.
- **Modesty panel** adds privacy and serves as wire management tray to keep cables organized.

Optional: Unit-to-unit connectors. Keeps tables secured together.

SICO® Socializer Table

Your choice of a versatile table designed as a sit-around, stand-around, all-around unit perfect for a facility's varied needs. Multiple height mobile folding table features 12 height adjustments in 1 table.

**LIMITED
LIFETIME
WARRANTY**

● **Needs no caddy.** One person can easily roll multiple tables into service or storage.

● **Nests in a minimum of storage space** because of the unique leg design and the folding top. Each additional unit requires only 6" (15.24cm) of storage space.

Socializer also available with rectangular top (in both adjustable and fixed heights). Chrome frame finish not available.

Four locking, non-marking casters are constructed of reinforced nylon.

Gas spring assist allows finger-tip pressure to change heights. (Adjustable height model only.)

- **Comes in three distinct models.** Perfect for perimeter seating/standing, AV stand, concessions table, lectern, and parent/teacher conferences.
- **The All-A-Round:** 12 height adjustments in a single table, from 29" (74cm) to 41" (104cm) in 1" (2.54cm) increments.
- **The Sit-A-Round:** A 29" (69cm) high single height table designed for seating.
- **The Stand-A-Round:** A 41" (104cm) high single height table designed for pre-function events where guests remain standing.
