FLAME RETARDANT PROGRAM (CAL 133)

All seating manufactured by RFM is made to comply with California Technical Bulletin 117 and BIFMA F-1-1978 unless a customer's own material (COM) is used, in which case RFM cannot guarantee the flame retardant properties of the fabric.

RFM seating products can be ordered to meet California Technical Bulletin 133 (CAL 133). CAL 133 is a full composite burn test which was designed for furniture which is used in public and private buildings. This test does not specify how to construct any furniture; however it does tell how well each piece of furniture will perform under a controlled burn. The solution to this problem is to use a fire barrier between the fabric and the foam. This barrier will help extinguish the fire by smothering the flame.

For additional information regarding CAL 133 fully upholstered seating protection, please contact the California Bureau of Home Furnishing and Thermal Insulation.

For pricing and ordering information see the options page on pages 125-126.

RFM will not accept any C.O.M. orders which have to pass CAL 133.

For additional information regarding CAL 133 please contact RFM Customer Service at 800.447.5542 or sales@rfmseating.com

ELECTROSTATIC DISCHARGE OPTION

The RFM ESD Chair option is available on all task chairs (excluding Echelon, Ray, Rainier, Tech and all mesh seating) as an additional option. This option is used on chairs that are in a static sensitive environment.

THE ESD OPTION PACKAGE INCLUDES THE FOLLOWING:

1. ESD conductive fabric with superior surface conductivity with easy to clean and extremely high abrasion resistance ratings – *standard*.
2. Chrome lift cylinders, five-legged base, and contoured back bars provide all chrome metal parts for highly functional static control and durable easy to clean surface – *standard*.
3. ESD heavy duty casters either for carpet or hard floor production environments – *standard*.
4. ESD drag chain for added protection and identification – *standard*.

ADDITIONAL ESD ACCESSORIES

- ESD adjustable arm rests
- ESD chrome plated footrests are available with the counter height stool options

STATIC DISCHARGE TESTING DATA

Surface resistivity	Resistance measured at 100v
left side of seat to r.h. side.....	2.4 (10 ⁸) ohms/square
left side of back to r.h. side.....	2.2 (10 ⁸) ohms/square

Testing results shown above conducted at 50 ± 5% rh and 73 ± 5° f test date 8-1-97

Resistance to groundable point.....	Resistance measured at 100v
surface of seat to ground	2.0 (10 ⁸) ohms
surface of back to ground.....	2.0 (10 ⁸) ohms
rear surface back to ground.....	2.0 (10 ⁸) ohms
arm l.h. & r.h. average to ground.....	2.0 (10 ⁸) ohms
foot rest (where required) to ground.....	2.0 (10 ⁸) ohms
base (where required) to ground.....	2.0 (10 ⁸) ohms

*Electrodes used in testing confirm to ANSI/EOS/ESD - S41 - 1990.
Test results certified to meet procedures and requirements of ESD DS 12.1 - 1995. Detail test reports available upon request*

RFM PRODUCT WARRANTY

Effective October 1, 2009

RFM Preferred Seating products are engineered to provide many years of use under normal conditions when cared for properly. Normal conditions are defined as an office environment during a single shift consisting of 8-hour days, 5 days a week for a user weighing 300 pounds or less. Products manufactured by RFM carry the following limited lifetime warranties to the original purchaser:

All ergonomic, task & conference chairs: Lifetime warranty on cylinder, 12 years on all other parts.

All Multi-Shift and Nurse's Station: 7 year warranty on all parts.

All Big and Tall chairs: Lifetime warranty on cylinder, 7 years on all other parts.

All guest, lobby, and fully upholstered conference chairs: Lifetime warranty on all steel and wood frames, 5 years on all other components.

Chat, Essentials and Icons chairs: 5 years on all components.

THE ABOVE WARRANTIES EXCLUDE THE FOLLOWING:

- SEAT AND BACK FABRIC IS COVERED FOR FIVE YEARS AND NOT WARRANTED FOR MULTI-SHIFT OPERATIONS
- Any product, which has been repaired or altered by the customer.
- Any variation in color, grain, or texture of wood, leather, or fabric.
- Any incidental damage resulting from the neglect or inability to use RFM products properly with regular maintenance.
- Any normal wear and tear. The warranty is a protection from defects only.
- **Warranties are NOT transferable.**

To make claim under this warranty, the claim must be processed through the original dealer of purchase. The dealer will inspect for warranty qualifications and must obtain a return material authorization (RMA) number from RFM. RFM shall provide, at our option, parts, replacements or monetary adjustments.

Labor is not covered under warranty. The warranties indicated above are the only warranties made by RFM and no other warranties expressed or implied are given on products manufactured by RFM.

The return of products will NOT be accepted without an RMA number issued by RFM Customer Service. All returned products must be protected to prevent damage in transit and shipped pre-paid. The warranty form can be found below.

CARE AND MAINTENANCE

In order to enhance the longevity of your new RFM chair, it is important that you maintain your chair and keep in a clear work environment.

- 1. Casters:** Your casters do most of the work throughout the day and it is important that you clean them at least once a month. When using, especially on a hard floor or a chair mat, the casters will accumulate dirt and foreign particles on the wheel and especially between the wheels. You can use a solvent based cleaner and wipe clean. If you visually don't see debris, a canister of air will do the trick.
- 2. Hardware:** Over time bolts or other hardware can become loose. You should go through your chair and tighten all hardware twice a year. This will help to eliminate squeaks and ensure nothing is broken or damaged.

3. Lubrication: As you can imagine, lubricating your control from time to time will be necessary. With all of the moving parts and the locking and unlocking of the different adjustments, a can of white lithium grease will be your best defense against squeaks and creeks. We have specific diagrams for each of our controls that we would be happy to email to you. Please call RFM Customer Service at 800.447.5542 and they will be happy to email, fax or US Mail you the instructions.

4. Clutch Plate adjustment: Our controls are locked and released with the use of clutch plates. Over time with the constant adjusting of the seat the clutch plates can start to loosen and not hold as well. Part of maintaining your chair, you will need to tighten the clutch plates

should they come loose and start to slip. Please call customer service for instructions on how to do this.

5. Upholstery: Vacuuming and a dry wipe down of your seat and back will help in keeping your upholstery fresh and clean. Spills on the fabric can be cleaned according to the fabric manufactures specific instructions usually located on the back of the fabric card or on their web site.

WARRANTY REQUEST FORM

Fax to RFM Customer Service 800.734.6377 or email to customerservice@rfmseating.com

WHERE IS THE PROBLEM? Please mark on the diagrams where the problem(s) is. Describe the problem for us:

RFM	RFM
Customer Service	Customer Service
619 S.W. Wood St.	1213 136th St.
Hillsboro, OR 97123	Lansing, KS 66043

C.O.M. must be shipped PREPAID and must show the following:

- Customer's name,
- Customer's purchase order number,
- Fabric supplier's name,
- Fabric name & number.

**Any missing information will cause shipment delays.
RFM reserves the right to requote any C.O.M. fabric.**

Check for fabric direction:

Special instructions

C.O.M. FABRIC UPCHARGE INSTRUCTIONS

Please call customer service for Customer's Own Material yardage requirements

MATCHING UPCHARGE

There will be an upcharge for C.O.M. fabric requiring centering a pattern, matching a stripe or plaid.

LIST PRICE

Metal Side/Guest Chairs, Executive Swivel & Task Chair	\$85.00
---	---------

***The C.O.M. order form must be used on all orders
— no exceptions***

C.O.M. material should be shipped PREPAID and marked with the following information:

- ☐ Dealer name and purchase order number
- ☐ Fabric pattern name and color
- ☐ Supplier's name, fabric name and color
- ☐ A sample of the fabric attached to the order
- ☐ The style numbers of the item in which the fabric is to be applied
- ☐ Special application instructions

MATCHING AND CENTERING FABRICS

For certain chair designs, because of the curvature or upholstery techniques, C.O.M. fabrics or vinyl can only be applied by blind-tacking or special handling. Striped and patterned C.O.M. fabrics if requiring matching or centering will require adjustments in yardage. (Special quotations upon request.)

CONTROL OPTIONS

CONTROL 01 Swivel task

CONTROL 03 Tri-Action

CONTROL 04

Multi-function

A Tension Knob

Turn clockwise to increase tension, turn counter-clockwise to decrease tension.

B Seat Slider

While seated, pull lever, push seat to desired depth and release lever to lock. Locks in 5 positions over 2 1/2".

C Rest Position Adjustment

Loosen hand wheel (do not remove), and slide back to desired position, then re-tighten hand wheel.

D Back Angle Adjustment

While seated, pull paddle up, when desired angle found push paddle down to lock. Back Free floats in the paddle up position.

F Pneumatic Height Adjustment

To lower, lift paddle while seated. To raise, lift paddle with your weight off seat.

G Forward Tilt

Lean back in chair and roll or pull lever forward for forward tilt, push or roll lever backward for straight position during rocking. Attention: lever can only be moved when in a rear rocking position.

H Back Height Adjustment

Turn knob counter-clockwise to loosen, lift or lower chair back to desired position and re-tighten. Critical lumbar curve positioning.

CONTROL OPTIONS

I Infinite Seat Angle Adjust with 6 Degree Forward Tilt

To change seat angle, pull paddle up while seated, push paddle down to lock when desired angle is achieved. Seat can rock.

J Infinite Seat Angle & Back Angle Adjustment

To change seat and back angle, pull paddle up while seated, push paddle down to lock in desired locations, seat and back free float/rock.

K Infinite Position Tilt Lock

To lock chair in position, push paddle down. To allow free rocking movement, pull paddle up.

L Ratchet Back Height Adjustment

Simply lift back to desired position and back locks automatically. To release and reset back position, lift back completely to bottom stop and then move up to the new position.

M Pneumatic Height Adjustment/Tilt Rock Lock

Adjust to raise or lower seat (See F). The lever pushes in towards control to lock in the neutral position. Pull lever out to rock free.

N Infinite Tilt/Lock Screw

Turn screw paddle to adjust seat tilt. Screw paddle system eliminates tilt slippage.

CONTROL 15 Knee Tilting Conference Control
