Motia Sit-to-Stand Tables

In an ongoing effort to promote wellness in the workplace, the Motia Sit-to-Stand Table puts people and workplaces in motion. Moving with workers and their workflow, Motia enables a smooth transition between sitting and standing. Designed with quality, minimal materials, and available in various finishes, Motia makes height adjustability easy to afford, easy to use, and easy to integrate—in any setting.

Ergonomically, Motia works with performance seating and technology support such as monitor arms to provide a range of healthy postures at various heights. Privacy screens can be added to give people a sense of solitude within open environments.

Promote Wellness at Work

It's commonly known that a sedentary lifestyle can cause a higher risk of health problems. However, most of us are motionless about 21 hours a day, between sitting and sleeping. The Motia Sit-to-Stand Table makes it easier to move throughout the workday—keeping bodies healthier.

Motia is available with an electric standard base that has a height range of 27 to 46 inches and an electric extended base that has a height range of 22 to 48 inches.

Motia integrates with all Herman Miller workstations, including Action Office® seen here, to create a common aesthetic across the office environment. With a design that provides ample clearance for knees and legs, Motia offers maximum comfort to users.

Well-made Tables for Employee Well-being

Motia offers reliable height adjustability, durability, and stability backed by unmistakable Herman Miller quality and service. Designed to integrate with any workplace, Motia tables require minimal assembly upon delivery.

Ease into Sit-to-Stand Solutions

Height-adjustable solutions are gaining popularity within workplaces, promoting health and happiness. At an affordable price point, Motia is an opportunity to ease into height adjustability with a Herman Miller product.

Materials

Motia comes in a variety of surface colors and a choice of base finishes so you can personalize the look of the table. Visit hermanmiller.com/materials to see representational samples of our complete textile and materials offering.

Motia™ Sit-to-Stand Tables

Product Story

In an ongoing effort to promote wellness in the workplace, the Motia Sit-to-Stand Table puts people and workplaces in motion. Moving with workers and their workflow, Motia enables a smooth transition between sitting and standing. Designed with quality, minimal materials, and available in various finishes, Motia makes height adjustability easy to afford, easy to use, and easy to integrate – in any setting.

Promote Wellness at Work

It's commonly known that a sedentary lifestyle can cause a higher risk of health problems. However, most of us are motionless about 21 hours a day, between sitting and sleeping. The Motia Sit-to-Stand Table makes it easier to move throughout the work day—keeping bodies healthier.

Well-made Tables for Employee Wellbeing

Motia offers reliable height adjustability and unmistakable Herman Miller quality. Designed to integrate with any workplace, Motia tables require minimal assembly upon delivery and come with a 5-year, 3-shift Herman Miller Warranty.

Ease into Sit-to-Stand Solutions

Height-adjustable solutions are gaining popularity within workplaces, promoting health and happiness. At an affordable price point, Motia is an opportunity to ease into height adjustability with a Herman Miller product.

Brand Positioning Statement

For people seeking the essentials in height-adjustable solutions, the Motia Sit-to-Stand Table delivers affordability and wellness at work with Herman Miller quality and design.

Herman Miller's Design Protocol

Our commitment to corporate sustainability naturally includes minimizing the environmental impact of each of our products. Our Design for Environment team (DfE) applies environmentally sensitive design standards to both new and existing Herman Miller products.

The DfE Design Protocol goes beyond regulatory compliance to thoroughly evaluate new product designs in four key areas:

- *Material Chemistry and Safety of Inputs*—What chemicals are in the materials we specify, and are they the safest available?
- *Disassembly*—Can we take products apart at the end of their useful life, to recycle their materials?
- *Recyclability*—Do the materials contain recycled content, and more importantly, can the materials be recycled at the end of the product's useful life?
- *LCA*—Have we optimized the product based on the entire life cycle?

level® Certification

Motia Tables are level 3 certified. The level conformance mark ensures a comprehensive, independent, and impartial assessment of the environmental and social impacts of a product. For more information, go to www.levelcertified.org.

FSC® Certification

Herman Miller has Forest Stewardship Council® (FSC) chain of custody certification and offers certain standard laminate and veneer worksurfaces and storage products with wood fronts and tops, with exceptions, as FSC-certified products. For a detailed list of these products and exceptions, please visit HermanMiller.com/certified-wood.

Environmental Product Summary
Thrive Portfolio

Motia Sit-to-Stand Tables

GREENGUARD Certified

Motia Tables have achieved GREENGUARD and GREENGUARD Gold Certifications. GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.

Material Content*

Motia Table components are constructed from steel, particle board, and miscellaneous.

A Motia Table is up to 71 percent recyclable based on availability of recycling facilities.

Motia Tables are comprised of 49-percent recycled materials. This figure breaks down to 22-percent post-consumer and 27-percent pre-consumer recycled content.

- Wood, while not technically recyclable, can be cycled back to the natural environment through processes such as composting. The wood content in our work surfaces, tables, and storage unit substrates is made primarily of sawdust generated by other upstream wood process operations. Additionally, wood waste from our operations is

burned in our Energy Center, which generates steam that we use in our manufacturing facilities.

- Steel components contain approximately 37 percent recycled content and are 100 percent recyclable.
- Most metal components are finished using materials that emit negligible volatile organic compounds (VOCs).
- *Returnable Packaging*—Packaging materials for Motia Tables include corrugated cardboard and polyethylene stretch wrap. These materials are part of a closed-loop recycling system, meaning they can be recycled repeatedly.
 - Whenever possible, shipments between Herman Miller and its suppliers include the use of pallets and other returnable packaging to minimize waste.

Manufacturing Process

- *ISO*—Motia Tables are manufactured in West Michigan at an ISO 14001-certified site.
- *Worker Health and Safety*—Herman Miller strives to meet or exceed OSHA standards. Motia Tables are manufactured at an OHSAS 18001-certified site.

Product Performance

- Easy assembly for cost-efficiency and quick parts replacement.
- Easy disassembly for recyclability.
- Bases can support tops up to 84" long.
- Designed for durability, an important environmental criterion.

Corporate Sustainability Policy

For more information on Herman Miller’s Corporate Sustainability Policy and other environmental efforts, please visit HermanMiller.com/environment.

Supplier Support

At Herman Miller, we are committed to working closely with our suppliers to reduce our collective impact on the environment. We not only encourage our suppliers to minimize their operations’ environmental impacts, but require they assist us in decreasing our facilities’ negative environmental effects, as well.

Motia Sit-to-Stand Tables

LEED

Motia Tables may contribute to LEED credits due to their returnable/reusable packaging, durability, pre-consumer recycled content, and post-consumer content. Depending on location, Motia Tables also may contribute to a LEED Regional Materials credit. Please refer to <http://hermanmiller.com/ecoScorecard> or contact your Herman Miller representative for detailed LEED information.

rePurposeSM Program

Good design includes thinking about how to recycle used products. Our program, rePurpose, gives new life to furniture that's no longer needed. By employing a thoughtful combination of resale, recycling, and donation on each project, rePurpose ensures each asset, including furniture, equipment, and supplies, reaches its best destination. The rePurpose program is a cost-effective, reliable, and efficient service that protects the environment and benefits the community. rePurpose is a single-source approach, which saves time and money, eliminates liability, and keeps 99 percent of product out of landfills. Its robust web-based reporting helps organization of all types and sizes align economic, environmental, and social goals. Want to learn more about rePurpose? Contact us at rePurpose@hermanmiller.com.

It's important to note that no interior furnishings, individually or collectively, can guarantee a specific number of points for LEED certification.

Herman Miller complies with the Federal Trade commission's Part 260 Guides for the Use of Environmental Marketing Claims.

Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective February 6, 2017, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $\frac{1}{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Adjustable Height Table

Sit to Stand Table Bases

Rectangular Table with T-Foot

DV6ATS

Motia™ Adjustable Height Table

Product Information

Description

This rectangular height-adjustable table has a T-leg configuration and laminate top with square thermoplastic edge. Multiple height adjustment options come with a simple up/down touch switch. Glides have 1/2" leveling range. Shipped knocked down.

Notes

Floor to top-of-surface height adjustment ranges are 27"-46" for the electric standard range (E) option, and 22"-48" for the electric extended range (D) option.

Sizes listed for table depth and width are nominal. Depth of surface is reduced 1" for cord management. Width of surface is reduced 2" to minimize possible pinch point hazards.

Legs are nearly flush with sides of the surface for maximum knee clearance. Knee clearance is equal to nominal top width minus 8".

Table includes stiffener located toward back of table for increased leg clearance.

See Motia™ Sit-to-Stand Tables planning guide for additional information about compatible products such as screens and wire managers.

For additional edge, finish, and cutout options, see Vary Easy Program in appendices.

Height Adjustable Base Kit with T-Foot

DV7AT.

Product Information

Description

This independent 2-leg kit converts existing work surfaces into height adjustable tables. Legs come in 2 depths and multiple widths with a choice of switch type. Glides have 1/2" of leveling range. Shipped knocked down.

Notes

With standard 1 1/8" thick work surface, floor to top-of-surface height adjustment ranges are 27"-46" for the electric standard range (E) option, and 22"-48" for the electric extended range (D) option.

Sizes listed for foot depth and base width are nominal. Depth of foot is reduced 1" for cord management when paired with equal depth work surface. Width of base is reduced 2" to minimize possible pinch point hazards when paired with equal width work surface.

Work surface stiffener included.

See Motia™ Sit-to-Stand Tables planning guide for proper installation of leg kit and design information.

(866) 854 3048 EXT 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Vary Easy Program

Program Overview

Vary Easy is a program designed to help dealers specify standard products with a larger breadth of options. For example, depending on the type of product being specified, choices include additional size, finish, edge types, and cable management features. Vary Easy 3D, specIT, and third-party text-based specification packages support the Vary Easy program. Vary Easy 3D enables designers to create a 3D image, CAD symbols, and a price book page. A Vary Easy product number is assigned for each product as the user selects specific options. Once the product is completely specified, the order can be submitted via Kiosk's Order Manager or a dealer's business system.

Accessing and Specifying Vary Easy

To view the full product vocabulary, go to the Vary Easy Product Offering on Kiosk. To specify Vary Easy, go to the Vary Easy 3D website on Kiosk, specIT, or your third-party text-based specification package.

Once you've made your product line selection, continue to follow through each option and enter the specific options that represent the product you need. When the product is fully specified, Vary Easy will generate an orderable product number and instantly calculate a price.

Note: Failure to completely specify a product will cause a delay in order acknowledgements. Be sure to make a selection for all options offered.

The acknowledgement process for Vary Easy products is the same as for any standard order. Vary Easy products ship with a standardized lead time and are competitively priced.

For more information, contact your Customer Care Line at (866) 854 3048 EXT 3400.

Stain-to-Match Program

Stain-to-Match Program

Program Overview

The Stain-to-Match program gives you the option of using veneer finishes that are not listed in the standard offering. The program allows Herman Miller to match a customer's existing recut or natural veneer, or create a new finish that is unique to an installation.

Specific information on approval, ordering, pricing, and warranty for the Stain-to-Match program is listed below. Questions and requests for assistance may be directed to Herman Miller Options at:

(800) 654 3910

Ordering Products with Stain-to-Match Veneers

1. Fill out the Options Stain-to-Match Request Form and send along with a color sample (2" x 3" minimum) to the Herman Miller Options Applications Team at the address provided on the form. The form can be found on Omni.
2. Within 7-10 working days, Herman Miller Options will send a sample of the color-matched stain on Herman Miller veneer to the requester for the customer's signed approval.
3. If the sample meets the customer's approval, sign the reverse side of the sample, scan and email the approval to:
options@hermanmiller.com.
4. After the stain has been approved, a formal quotation with special number and pricing can be provided, or the product can be specified through the Vary Easy program, if available. Work with the Options team on final product needs and how to specify.
5. A purchase order can then be placed.

Stain-to-Match Warranty

Herman Miller warrants its products to be free from defects in craftsmanship from the date of delivery for the applicable warranty period. Herman Miller is responsible for the physical properties of the veneers available through the Stain-to-Match program, which include:

- STA: Stain-to-Match on Recut Ash
- STB: Stain-to-Match on Beech
- STC: Stain-to-Match on Cherry
- STD: Stain-to-Match on Oak
- STK: Stain-to-Match on Reltech Anigre (Geiger)
- STM: Stain-to-Match on Recut Mahogany
- STP: Stain-to-Match on Maple
- STU: Stain-to-Match on Walnut (Geiger)

See your specification tool for product specific finish offering limitations.

For more information about our products and services or to see a list of dealers, please visit us at HermanMiller.com or call (800) 851 1196.

This book is recyclable. Printed in U.S.A. on recycled paper.

2016

Herman Miller was recognized by the Michigan Minority Supplier Development Council (MMSDC), as a "Corporation of the Year" and was the only company in West Michigan to receive an "Ambassadors Championing Excellence" Award from the MMSDC this year.

Contract Information

continued

Herman Miller received a “2016 Excellence in Supplier Diversity Award” from the Great Lakes Women’s Business Council.

Herman Miller was named a 2020 Women on Boards Winning Company. Companies selected for this recognition are considered champions of board diversity as 20 percent or more of their board seats are occupied by women.

Herman Miller was selected for inclusion in the 2016 RobecoSAM Sustainability Yearbook for twelfth consecutive year.

2004-2015

Herman Miller was recognized for its commitment to best-in-class economic, environmental, and societal sustainability, earning a spot on the prestigious Dow Jones Sustainability Index (DJSI) for 12 consecutive years. We are one of 317 companies worldwide to be included in the DJSI World Index, and the only contract furniture company recognized globally for its corporate sustainability leadership.

2015

This is the fourth consecutive year that Herman Miller was named one of Michigan’s Best and Brightest Sustainable Companies.

Herman Miller has received the Forest Stewardship Council (FSC) Leadership Award for longstanding commitment to manufacturing with wood sourced from responsibly managed forests. Herman Miller was recognized for being dedicated to reducing environmental impacts by protecting against deforestation and forest degradation.

Herman Miller accepted its second Excellence in Reusable Packaging Award from the Reusable Packaging Association. We were acknowledged for eliminating more than 28,000 tons of corrugated waste from piling up in landfills.

Herman Miller received a Michigan Business Pollution Prevention (MBP₃) Certificate – a recognition given by the Michigan Department of Environmental Quality (MDEQ) to organizations committed to environmental stewardship, conservation, and sustainable operations.

Fast Company named Herman Miller as one of the World’s Top 10 Most Innovative Companies of 2015 in Design.

Renew Sit-to-Stand tables recognized on Record Products 2014 list by Architectural Record.

Herman Miller was again awarded a perfect score in the 2015 Corporate Equality Index.

2014

Herman Miller’s Locale wins International Design Excellence Awards (IDEA) Gold in the Office & Productivity category.

2013

Herman Miller Earns Perfect Score on the Corporate Equality Index. We are one of only 303 major U.S. businesses to receive a perfect score in 2013, an achievement we have now obtained seven years in a row.

Herman Miller is listed in Forbes Magazine inaugural “Platinum List” of America’s 400 best managed, large companies.

For the second consecutive year, Herman Miller is honored as one of West Michigan’s “101 Best and Brightest Sustainable Companies”.

2012

Architectural and design professionals participating in *Contract* magazine’s 2011 Brand Report Awareness Survey have once again named Herman Miller and its subsidiaries as their preferred source for key furnishings in the workplace and healthcare environments.

Herman Miller is named “Corporation of the Year” in the commercial products sector by the Michigan Minority Supplier Development Council.

Herman Miller was inducted into the Made in the USA Hall of Fame. Herman Miller was one of only 20 companies across the nation to receive this distinction. The Hall of Fame showcases exceptional U.S. manufacturers and demonstrates that many high-quality products are made in the United States.

Herman Miller is honored as one of West Michigan’s 101 Best and Brightest Sustainable Companies. The award celebrates organizations that are making their business more sustainable; the lives of their employees better; and the community, both locally and globally, more responsible as a whole.

The Sustainable Asset Management (SAM) group selected Herman Miller for inclusion in “The Sustainability Yearbook 2012” and has awarded Herman Miller both the “SAM Sector Leader” and “SAM Sector Mover” distinctions.

Herman Miller was named one of 16 Section Leaders on Climate Counts 2011-2012 Scorecard Report, making us the industry leader for Home and office Furnishings. The scorecard measures how well the largest companies across 16 industry sectors are preparing for a low-carbon future. Companies are scored based on 22 criteria including a company’s efforts to assess their climate footprint, reduce greenhouse gas emissions, and the ability to communicate their efforts to consumers.

2011

Herman Miller again tops the contract furniture industry in FORTUNE’s ‘Most Admired’ Companies survey. For the 23rd time in 25 years, Herman Miller was the highest ranking furniture manufacturer in a survey among the executives and board members of peer companies and independent industry analysts, as published in FORTUNE Magazine’s Annual ‘Most Admired’ Companies feature. Taking second overall in the expanded, 14 company category of ‘Home Equipment, Furnishings,’ Herman Miller received the number one ranking in five of the nine attributes surveyed.

Contract Information

continued

Trust Across America, a company dedicated to unraveling the complexities of trustworthy business behavior, listed Herman Miller as one of their "Top Ten Most Trustworthy Companies in America 2011."

The Michigan Minority Supplier Development Council (MMSDC) named Herman Miller as its "Corporation of the Year." The company was selected for the honor from among several finalists, including its largest direct competitors. This was the fifth time Herman Miller has received the prestigious award since 2005. When accepting the award, the Inclusiveness & Diversity Program Manager stated, "We are honored to be recognized for our commitment to creating an inclusive supply chain. Herman Miller strives to create a better world through all aspects of our business. Working with diverse suppliers, and the support of the MMSDC, brings us closer to that goal."

Herman Miller receives the Reader's Choice award from TreeHugger's Best of Green: Design and Architecture category for the SAYL chair.

Herman Miller wins prestigious Just Means Social Innovation Award for "Best Sustainability Performance." Herman Miller was nominated for making substantial gains in reducing its CO₂ footprint and significantly outperformed other nominees in the category of Operations.

Herman Miller Healthcare's Compass system was awarded a 2011 Medical Design Excellence Award (MDEA) for its research-based design and ability to be used in a variety of healing spaces, while simultaneously improving the overall delivery of healthcare.

The Sustainable Asset Management (SAM) Group selected Herman Miller for inclusion in the "Sustainability Yearbook 2011" and awarded us both the "SAM Sector Leader" and "SAM Sector Mover" distinctions.

2010

Herman Miller's SAYL chair named "Product Design of the Year" by the International Design Awards (IDA) jury. The award recognizes smart and sustainable multidisciplinary design.

The Flo monitor arm from Herman Miller, was chosen to receive a 2010 "Red Dot" award for product design. The Red Dot Program is considered by many to be the largest and most distinguished international design competition. There were almost 14,000 entries from 68 countries, with more than 4,400 products from 60 countries entered into the product design category.

The NASDAQ OMX CRD Global Sustainability Index (QCRD) has included Herman Miller among their top 100 companies in the world.

Herman Miller achieves LEED-CI Platinum certification from the U.S. Green Building Council for its recently completed Los Angeles Showroom.

2009

Herman Miller named Green Champion by *Business Review West Michigan*.

Herman Miller awarded the 2009 Recycling by Design award by the Institute of Scrap Recycling Industries, Inc.

Aeron receives MBDC Silver Cradle to Cradle certification.

Herman Miller's local fleet is recognized as a U.S. EPA SmartWay Transport Partnership Certified Carrier.

Herman Miller achieves LEED-CI Gold certification for its Main Site B West renovation.

2008

Herman Miller recognized by *Occupational Hazards* magazine as one of America's Safest Companies (ASC). It was one of 18 companies to achieve this distinction.

Herman Miller's Zeeland Main Site awarded status as a STAR participant in the Michigan Voluntary Protection Program (MVPP). The MVPP Star Award is the most prestigious safety and health award given in Michigan. Zeeland Main Site is the fourth Herman Miller facility to receive MVPP status, along with the Greenhouse (in 2005), Midwest Distribution Center (in 2007), and 171st Avenue facility (in 2006).

Teneo, Tu, and Meridian filing and storage product lines receive McDonough Braungart Design Chemistry (MBDC) Silver Cradle to Cradle certification.

2004-2009

Herman Miller achieves sixth consecutive placement on the Dow Jones Sustainability World Index, an international stock portfolio that evaluates the annual performance of the world's largest 2500 companies using economic, environmental, and social criteria, known as the "triple bottom line" of sustainability.

2007

Herman Miller earns the 2007 Waste Wise Gold Achievement Award for Smart Packaging. The U.S. Environmental Protection Agency (EPA) recognizes Herman Miller for its ongoing commitment to reduce transport packaging.

Herman Miller's IT North building in its Main Site facility earns LEED-CI Silver certification from the U.S. Green Building Council (USGBC).

My Studio Environments receive McDonough Braungart Design Chemistry (MBDC) Silver Cradle to Cradle certification.

Herman Miller, Inc., chosen for Sustainable Business 20 List. The company is featured for the fifth time as one of the "World's Top Sustainability Stocks," which includes companies with strong environmental initiatives and solid financial performance.

Herman Miller earns LEED-CI Gold Certification from the U.S. Green Building Council (USGBC) for its National Design Center in Atlanta, Georgia.

Contract Information

continued

2006

Business Ethics ranks Herman Miller, Inc. among the “100 Best Corporate Citizens” in America.

Herman Miller earns LEED-CI Gold Certification from the U.S. Green Building Council (USGBC) for its National Design Center in New York City, New York. This is the first LEED-CI Gold rating to be awarded in New York City.

Herman Miller honored by the U.S. Environmental Protection Agency (EPA) with its WasteWise Award for its commitment to build or renovate its facilities--leased or owned--to meet at least a LEED (Leadership in Energy and Environmental Design) Silver certification.

2005

The U.S. Environmental Protection Agency's Pacific Southwest office honors Herman Miller with its seventh annual Environmental Awards, recognizing the company's efforts to protect and preserve the environment during 2004.

The U.S. Environmental Protection Agency presents Herman Miller with its WasteWise 2005 Product Stewardship Gold Achievement Award in the Design category; Honorable Mention also received in the Large Business category for its recycling efforts.

Herman Miller earns LEED Gold Certification from the U.S. Green Building Council (USGBC) for the Design Yard Front Door in Holland, Michigan.

Michigan “Clean Corporate Citizen” Award given to Herman Miller's Greenhouse manufacturing facility for its environmental management system and record for active pollution prevention.

2004

American Institute of Architects (AIA) Committee on the Environment selects Herman Miller's Building C-1 renovation as one of the AIA/COTE Top 10 Green Projects in America.

The U.S. Green Building Council (USGBC) names Herman Miller among the recipients of its Green Building Leaders Recognition Award for 2004, in the Green Building Business category.

For the third year in a row, Herman Miller is included on SustainableBusiness.com's list of the top 20 sustainable stocks among public companies worldwide.

2003

The University of Colorado, Leeds School of Business, names Herman Miller among three finalists for the first annual “Summit Awards for Social Impact,” citing the company's environmental leadership.

Environmental Building News magazine's GreenSpec Product Directory names Herman Miller's Mirra chair among its Top 10 picks for best new “green” products.

2002

Program Champion recognition from the U.S. Environmental Protection Agency's WasteWise Program, for overall waste reduction achievements.

2000-2003

Business Ethics ranks Herman Miller, Inc. in the top 10 among the “100 Best Corporate Citizens” in America, and first among all ranked companies for “Service to the Environment.”

1999-2001

Environmental Protection Agency's (EPA) Large Industry Partners of the Year Award for overall waste reduction achievements.

2000

Waste Reduction Award Program (WRAP) from the State of California Environmental Protection Agency Integrated Waste Management Board for improving the environment by reducing waste.

Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective April 3, 2017, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $\frac{1}{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Adjustable Height Table

Sit to Stand Table Bases

Rectangular Table with T-Foot

DV6ATS

Motia™ Adjustable Height Table

Product Information

Description

This rectangular height-adjustable table has a T-leg configuration and laminate top with square thermoplastic edge. Multiple height adjustment options come with a simple up/down touch switch. Glides have 1/2" leveling range. Shipped knocked down. Product is UL Listed.

Notes

Floor to top-of-surface height adjustment ranges are 27"-46" for the electric standard range (E) option, and 22"-48" for the electric extended range (D) option.

Sizes listed for table depth and width are nominal. Depth of surface is reduced 1" for cord management. Width of surface is reduced 2" to minimize possible pinch point hazards.

Legs are nearly flush with sides of the surface for maximum knee clearance. Knee clearance is equal to nominal top width minus 8".

Table includes stiffener located toward back of table for increased leg clearance.

See Motia™ Sit-to-Stand Tables planning guide for additional information about compatible products such as screens and wire managers.

For additional edge, finish, and cutout options, see Vary Easy Program in appendices.

Height Adjustable Base Kit with T-Foot

DV7AT.

Product Information

Description

This independent 2-leg kit converts existing work surfaces into height adjustable tables. Legs come in 2 depths and multiple widths with a choice of switch type. Glides have 1/2" of leveling range. Shipped knocked down. Product is UL Recognized.

Notes

With standard 1 1/8" thick work surface, floor to top-of-surface height adjustment ranges are 27"-46" for the electric standard range (E) option, and 22"-48" for the electric extended range (D) option.

Sizes listed for foot depth and base width are nominal. Depth of foot is reduced 1" for cord management when paired with equal depth work surface. Width of base is reduced 2" to minimize possible pinch point hazards when paired with equal width work surface.

Work surface stiffener included.

See Motia™ Sit-to-Stand Tables planning guide for proper installation of leg kit and design information.

20-Day or Less/Assigned Lead-Time Order Information

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon **A** will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an **A** are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number for Passage®, 5000 Series, and Meridian® Filing and Storage: (616) 846 9236.

Order Entry fax number for all other products:
(616) 654 3085.

For more information, contact your Customer Care representative at:
(866) 854 3048 EXT 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Vary Easy Program

Program Overview

Vary Easy is a program designed to help dealers specify standard products with a larger breadth of options. For example, depending on the type of product being specified, choices include additional size, finish, edge types, and cable management features. Vary Easy 3D, specIT, and third-party text-based specification packages support the Vary Easy program. Vary Easy 3D enables designers to create a 3D image, CAD symbols, and a price book page. A Vary Easy product number is assigned for each product as the user selects specific options. Once the product is completely specified, the order can be submitted via Kiosk's Order Manager or a dealer's business system.

Accessing and Specifying Vary Easy

To view the full product vocabulary, go to the Vary Easy Product Offering on Kiosk. To specify Vary Easy, go to the Vary Easy 3D website on Kiosk, specIT, or your third-party text-based specification package.

Once you've made your product line selection, continue to follow through each option and enter the specific options that represent the product you need. When the product is fully specified, Vary Easy will generate an orderable product number and instantly calculate a price.

Note: Failure to completely specify a product will cause a delay in order acknowledgements. Be sure to make a selection for all options offered.

The acknowledgement process for Vary Easy products is the same as for any standard order. Vary Easy products ship with a standardized lead time and are competitively priced.

For more information, contact your Customer Care Line at (866) 854 3048 EXT 3400.

For more information about our products and services or to see a list of dealers, please visit us at HermanMiller.com or call (800) 851 1196.
