NOTES:

- To build tandem configurations, always specify units from left-to-right as facing.
- Starter units ("ST") represent the first seating model in a configuration with subsequent modular units building onto them towards the right.
- Bariatric Add-On units ("AO") can only be added next to non-bariatric Tandem Seating Starter and Add-On units as well as In-Line Benches (two bariatric chairs cannot be adjoined together side-by-side).
- End-units ("EU") represent the final seating model in a configuration.
- Center and corner tables are for in-line placement only (cannot start or end a configuration) and for specification purposes, will always come before a Starter unit or after an End unit (i.e. Add-On units cannot be specified next to connecting tables).
- End tables can only start or end a configuration, therefore they will always come before a Starter unit or after an End unit (i.e. Add-On units cannot be specified next to connecting tables).
