Mica <i>(Not recommended for contract /commercial application.)</i>			Tobacco

FAIRShield+

Fairfield's Fair-Shield Plus finish offers enhanced chemical, moisture, mar and scratch resistance, ideal for high use commercial environments. Fair-Shield Plus' clear top-coat conversion varnish forms a chemically cross-linked barrier that is more resistant to wear and abrasion and is more impervious to moisture and commercial cleaning materials. Fair-Shield Plus is also formulated with UV inhibitors to reduce the harmful effects of sunlight and features silver ion technology for antimicrobial performance. Fair-Shield Plus is denoted by the suffix "FS" following the name of the finish (i.e. Manhattan-FS).
