TOGETHER, WE SAVE LIVES.™

TACTICAL ARMOR

Lab tested and field proven: PROTECH® Tactical is proud to be one of the most well-known and widely respected tactical brands in the world. Through innovative designs and cutting edge technologies, we continually strive to be the experts in tactical body armor, accessories and equipment. Staying ahead of the competition and ensuring we fulfill our

purpose of protecting the protectors, we collaborate with companies driven by the same passion for quality products and design ingenuity. Protech and its exclusive partners set the standard for quality and innovation across a range of products designed to perform and protect in the world's most demanding security environments.

TECHNOLOGIES

HARDWIRE ARMOR SYSTEMS

Hardwire® Ballistic Technologies

In collaboration with Hardwire, LLC, PROTECH® Tactical now offers their most coveted carriers and plate rack systems with the lightest Level II and Level IIIA body armor on the market, as well as lightweight Type III plates.

Hardwire panels and plates are produced using manufacturing processes never used before in ballistics, setting a new standard in shock dissipation, momentum transfer efficiency and overall ballistic performance.

PROTECH® Tactical is pleased to partner with FirstSpear® LLC, bringing an array of load-bearing platforms and closure system offerings to your favorite PROTECH carriers.

FirstSpear® 6/12™ LOAD-BEARING PLATFORM

Durable and lightweight, the laser cut slits of the 6/12™ technology provide an extremely lightweight option for the operator. This new offering expands our breadth of load-bearing platforms and is compatible with all pouches offered in the PROTECH® Tactical line.

FirstSpear® 6/12 POUCH BACKERS

The latest in pouch backer technology, FirstSpear® in partnership with Safariland, brings you the 6/12™ backer system, compatible with PROTECH® carriers featuring FirstSpear 6/12 load-bearing platform.

FirstSpear® Tubes™ RAPID RELEASE CLOSURE SYSTEM

The Tubes™ closure is a highly sought-after rapid release system that utilizes polymer tubes for shoulder-to-carrier and cummerbund-to-carrier attachment points.

A multi-year partnership with Blue Force Gear® enables Safariland users to choose between some of the most cutting-edge pouch and material technologies available, in both tactical and concealable categories.

Blue Force Gear® Helium Whisper® POUCH BACKERS

Helium Whisper® is a revolutionary pouch attachment system that capitalizes on the lightweight and durable properties of state-of-the-art ULTRAcamp™ material.
