Ordering Verity: Stand-Alone Units

Verity benching can be ordered as Stand-Alone Units or as Elements.

See below for further details about Stand-Alone Units and a guide on how to order.

Stand-Alone Units

Stand-Alone Units are pre-configured, freestanding units. All Stand-Alone Units include the basic parts necessary to build a unit: structure, support and worksurface.

Additions, such as storage and accessories, are not included and need to be ordered separately.

Available single-sided or double-sided, either non-powered or powered.

Support Options*	Single-Sided	Double-Sided
Triangle Legs (both sides)	X	X
Triangle Legs and Pedestals		X

*Not to be connected to other SA Units or elements

How to Order Stand-Alone Units

1 Select a Stand-Alone Unit.

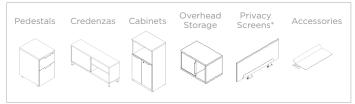

Order electrical components, as necessary.
Order infeeds, duplexes and power jumpers from page 36.

3 Optional: Select Additions to complete your unit.

For all specification options and details, please reference the corresponding page from the table of contents.

^{*}Available as fabric tackboards, glass, markerboards and modesty panels.

Ordering Verity: Elements

Verity benching can be ordered as Stand-Alone Units or as Elements.

See below for further details about Elements and a guide on how to order.

Elements

Elements are parts to build a larger and more customized complete unit. They are not freestanding, must be combined with other elements, and require ordering supports separately. An Element consists of structure and worksurface only.

There are three types of Elements:

- Starter/End Elements
- Extension Elements
- SA Elements (Stand Alone)

Starter/End Elements are required at both the start and end of every run. Extension Elements are used anywhere between the Starter and End Elements.

Support options for Elements include legs, pedestals, cabinets or credenzas.

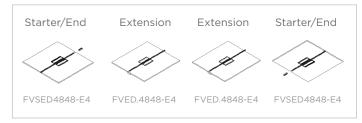

Additions, such as storage and accessories, are not included and need to be ordered separately.

Available single-sided or double-sided, either non-powered or powered.

How to Order Elements

1 Build a run with Starter/End and Extension Elements.

First, select a Starter/End Element to start the run. Next, select one or more Extension Elements to extend the run. Last, select a Starter/End Element to end the run.

2 Select the supports.

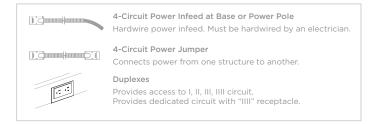

Starter/End Elements can be supported by triangle legs or supporting storage. Extension Elements can be supported by open center legs, enclosed center legs or credenzas.

All storage supports require ordering attachment brackets separately.

3 Order electrical components, as necessary.

Order infeeds, duplexes and power jumpers from page 36.

4 Optional: Select Additions to complete your unit.

For all specification options and details, please reference the corresponding page from the table of contents.

*Available as fabric, tackboards, glass, and markerboards *Not to exceed 20'

Powering Verity

A guide to ordering electrical components for Verity benching.

See below for further details about running electrical/data.

Connecting to Power

Power can be brought in 3 different ways, which are all shown below. Select the option that best fits the needs of the space and order from the components shown on pages 30-31.

- Wire Manager + Basefeed connect power anywhere along the run and use the wire manager to conceal wires.
- Power Pole may be used only at the start or end of a run.
- Enclosed Center Leg + Basefeed connect power at the center of a run and conceal wires inside the leg.

Power Duplexes

Order two duplexes per workstation.

Duplexes provide access to I, II, III, and IIII circuits. Use receptacle IIII for a dedicated circuit.

ELEMENTS

Ordering Verity: Elements

Verity benching can be ordered as Stand-Alone Units or as Elements.

See below for further details about Elements and a guide on how to order.

Elements

Elements are parts to build a larger and more customized complete unit. They are not freestanding, must be combined with other elements, and require ordering supports separately. An Element consists of structure and worksurface only.

There are two types of Elements:

- Starter/End Elements
- Extension Elements
- SA Elements (Stand Alone)

Starter/End Elements are required at both the start and end of every run. Extension Elements are used anywhere between the Starter and End Elements.

Support options for Elements include legs, pedestals, cabinets or credenzas.

Additions, such as storage and accessories, are not included and need to be ordered separately.

Available single-sided or double-sided. Single-sided elements are available either non-powered or powered. Double-sided units are available powered only.

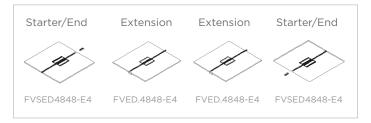

How to Order Elements

1 Build a run with Starter/End and Extension Elements.

First, select a Starter/End Element to start the run.

Next, select one or more Extension Elements to extend the run.

Last, select a Starter/End Element to end the run.

2 Select the supports.

Starter/End Elements can be supported by triangle legs or supporting storage. Extension Elements can be supported by open center legs, enclosed center legs or credenzas.

All storage supports require ordering attachment brackets separately.

3 Order electrical components, as necessary.

Order infeeds, duplexes and power jumpers from pages 36-37.

4 Optional: Select Additions to complete your unit.

For all specification options and details, please reference the corresponding page from the table of contents.

*Available as fabric tackboards, glass, markerboards and modesty panels.
*Not to exceed 20'

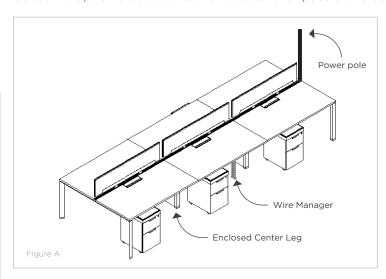

Powering Verity

A guide to ordering electrical components for Verity benching.

See below for further details about running electrical/data.

Connecting to Power

Power can be brought in 3 different ways, which are all shown below. Select the option that best fits the needs of the space and order from the components shown on page 37.

- Wire Manager + Infeed connect power anywhere along the run and use the wire manager to conceal wires.
- Power Pole may be used only at the start or end of a run.
- Enclosed Center Leg + Infeed connect power at the center of a run and conceal wires inside the leg.

Power Distribution

To bring power from one Element to another, order a 4-circuit power jumper.

Order power jumper based on the widest length of the two structures it will connect. **Example**: When connecting a 48"W with a 60"W structure, order the 60"W jumper.

Power Jumper for 96"W Elements

When connecting power for a 96"W element, order only one 48"W jumper.

84	FVJUMP.66	FVJUMP.72	FVJUMP.72	FVJUMP.78	FVJUMP.78	FVJUMP.84	FVJUMP.84

Power Duplexes

Order two duplexes per workstation.

Duplexes provide access to I, II, III, and IIII circuits. Use receptacle IIII for a dedicated circuit.

14

Starter/End Element, Single-Sided

NON-POWERED

DESCRIPTION

Starter/End Elements are required at the start and end of every run.

Includes a support structure with wire management trough, and worksurface with access grommet.

NOTES

Starter/End Elements:

- Order another Starter/End Element (required) separately to complete run.
- Order Extension Elements (optional) to expand a run.
- Order supports separately (supporting legs, pedestals, cabinets, credenzas).
- 96"W worksurfaces have two grommets.

Starter/End Element, Single-Sided

POWERED

DESCRIPTION

Starter/End Elements are required at the start and end of every run.

Includes a support structure with 4-circuit power block, wire management trough, and worksurface with access grommet.

NOTES

Starter/End Elements:

- Order another Starter/End Element (required) separately to complete run.
- Order Extension Elements (optional) to expand a run.
- Order supports separately (supporting legs, pedestals, cabinets, credenzas).
- 96"W worksurfaces have two grommets.

Powered:

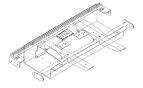

- Includes a 4-circuit power block.
- Order 4-circuit power infeed, jumper, and duplexes separately.
- Each grommet has 2 duplex locations

FVJUMP.48	_	_	-	_	\$233
FVJUMP.54	_	_	_	_	\$252
FVJUMP.60	_	_	_	_	\$280
FVJUMP.66	_	_	_	_	\$305
FVJUMP.72	_	_	_	_	\$327
FVJUMP.78	_	_	_	_	\$353
FVJUMP.84	_	_	_	_	\$381

NOTES

Connects power from one Element to another.

For a 96"W element, order one additional for middle 48" power jumper, FVJUMP.48.

When connecting two elements of equal width, order Power Jumper to match width of elements.

When connecting two elements of different width, reference chart below for applicale Jumper size.

Power Jumper Sizing Chart

	48	54	60	66	72	78	84
48	FVJUMP.48	FVJUMP.54	FVJUMP.54	FVJUMP.60	FVJUMP.60	FVJUMP.66	FVJUMP.66
54	FVJUMP.54	FVJUMP.54	FVJUMP.60	FVJUMP.60	FVJUMP.66	FVJUMP.66	FVJUMP.72
60	FVJUMP.54	FVJUMP.60	FVJUMP.60	FVJUMP.66	FVJUMP.66	FVJUMP.72	FVJUMP.72
66	FVJUMP.60	FVJUMP.60	FVJUMP.66	FVJUMP.66	FVJUMP.72	FVJUMP.72	FVJUMP.78
72	FVJUMP.60	FVJUMP.66	FVJUMP.66	FVJUMP.72	FVJUMP.72	FVJUMP.78	FVJUMP.78
78	FVJUMP.66	FVJUMP.66	FVJUMP.72	FVJUMP.72	FVJUMP.78	FVJUMP.78	FVJUMP.84
84	FVJUMP.66	FVJUMP.72	FVJUMP.72	FVJUMP.78	FVJUMP.78	FVJUMP.84	FVJUMP.84

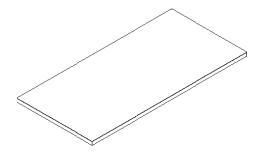

Example Jumper Calculation

Calculate the jumper needed between element A and element B.

- Step 1 Take the width of the first element and find that number in the left column. A is 54" and 54 is the second row down in the table.
- Step 2 Take the width of the second element and find that number across the top. B is 78" and 78 is sixth column to the right.
- Step 3 Where the row and column intersect that is the required jumper needed. 54 and 78 intersects at FVJUMP.66.

Rectangular Worksurfaces For Use w/ MY-HITE Base

DESCRIPTION

Worksurface top only, for use with height adjustable base within workstation application

NOTES

- Add circular grommet (add \$75 list) Specify GL, GC, GR
- Order base separately from MY-HITE pricebook

Note: Top size reduced 1" in depth and 2" in with to fit within system workstation and prevent pinch points. See system pricebook for details. We do not recommend using full size worktop in paneled workstation appplications.

SPECIFICATION OPTIONS

product #: see charts below
top, edge finish: worksurface finish:

ADDITIONS

Ordering Verity: Additions

Additions can be used with both Stand-Alone Units or Elements.

See below for a quick overview of the types of Additions available.

Additions

Additions are storage or accessory items that can be added to a unit. Options include:

Return Worksurfaces

Pedestals

Credenzas

Cabinets

Over-worksurface Storage

Fabric Tackboards

Glass Screens

Markerboards

Metal Shelves

Open Shelves

Monitor Arms

Modesty Panels

Accessories

Accessories are available as either track-mounted, worksurface-mounted, or available in both.

Accessories	Track-Mounted	Worksurface-Mounted
Fabric Tackboard	×	X
Glass Screen	×	X
Markerboard		X
Metal Shelf	×	
Open Shelf	×	
Monitor Arm	×	
Modesty Panel		X

Tackboard: Fabric Directions

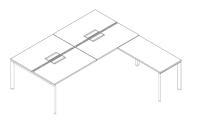

Passage and Terrain fabrics run in horizontal direction (i.e directional) for application on tackboards.

horizontal

Return Worksurface

Return Worksurfaces attach perpendicular to a worksurface either at the end of a run (A style attachment) or at the worksurface seam (B style attachment).

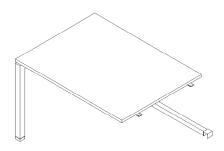

A Style Attachment at the end of a run

B Style Attachment at the worksurface seam

Return Worksurface

A Style attachment shown

See page 38 for drawings of how to specify A style or B style return worksurfaces.

DESCRIPTION

Attaches perpendicular to a worksurface, either at the end of a run (Attachment A) or at the worksurface seam (Attachment B).

Includes an open leg on one side, worksurface attachment bracket on the other, and worksurface without power/data grommet.

NOTES

- Specify -A or -B style attachment.
- Cannot use A style attachment for:
 24"D Return Worksurface on a 48"W or 96"W Element.
- 30"D Return Worksurface on a 54", 60", 66" or 72"W Element.
- Can be used with Stand Alone units, Starter/End Elements or Extension Elements.

Each set includes four Lock Cores, each with two keys, all with the same lock number.

One Lock Core Removal Key is shipped with every order.

Additional Lock Core Removal Keys and Master Keys are available.

Terms and Conditions

PRICES

All Prices are F.O.B. destination (Continental U.S.). We reserve the right to change prices without prior notice. See Friant policy at www.Friant.com

ORDERING

Purchase Orders should be sent to Friant & Associates, LLC at orders@friant.com, or faxed to (510) 535-6895. If your specifications were created with CAP, GIZA, or Project Matrix please send the worksheet (SP4) with your Purchase Order.

TERMS

Net 30 days from date of invoice. Invoices are delinquent if not paid 30 days from date of invoice. In the event timely payment is not made, interest will be charged at the rate of 1.5% per month on delinquent accounts. Buyers will also be liable for normal collection costs and attorney's fee. 50% deposit is required with every order, unless prior arrangements have been made.

ORDERS

Orders are only accepted by issuance of our formal acknowledgment, and are subject to the terms set forth herein and on our order acknowledgment. It is the responsibility of the buyer to review our acknowledgment for its accuracy, and to notify Friant within 48 hours from the date of the acknowledgment of any discrepancies.

LEAD TIME

Lead times are subject to availability.

SHIPPING

Friant generally palletizes, boxes and/or shrink-wraps its products. If buyer requests additional packaging or special shipping, then it is responsible for any extra costs that result. Buyer obtains title to products and assumes the risk of loss for them upon shipment from Friant's plant.

CLAIMS

We are not responsible for damage suffered in transit. Merchandise should be inspected for possible freight damage upon delivery. The consignee should file for damage or shortages with the carrier within 5 days of delivery. You are also protected for "concealed damage" if you file claim with the carrier within 5 days of delivery. Buyer must make all claims against Friant for defects, errors or shortages in writing within 10 days after delivery. Failure to make such a claim shall constitute full acceptance.

RETURNS

No merchandise may be returned without our written consent and shipping instructions. Unauthorized returns will not be accepted and will be returned freight collect.

PARTIAL SHIPMENTS

We will make every attempt to ship orders complete and on schedule. However, we reserve the right to make partial shipments, as merchandise is ready. Invoices covering these shipments are to be paid as they become due.

ORDER CHANGE — CANCELLATIONS

Our order confirmation is final and binding. Any order change or cancellation is subject to our ability to conform. Such requests are to be made in writing to our office.

SHIPMENT AND PREPAID FREIGHT

Unless otherwise instructed, we reserve the option to ship by what is, in our opinion, the best possible way. Upon request, we will prepay and add freight for accounts with established credit.

DELIVERY

We are not liable for delay or failure of delivery due to strikes and/or differences with workmen, war, riot, fire, compliance with government regulations, acts of nature, failure or delays of sources of supply, or any other causes beyond our control.

STORAGE

If buyer cannot accept delivery when merchandise is ready, we reserve the right to transfer goods to storage. Costs of transfer and storage will be charged to the buyer's account, and we will deem such transfer as constituting shipment for all purposes, including invoicing, as of the date the transfer is made.

54

Terms and Conditions

CONSTRUCTION — SPECIFICATIONS

All items are produced to price list specifications unless otherwise advised. All dimensions shown are approximate. Manufacturer reserves the right to make modifications and/or improvements without prior notice.

FABRIC APPLICATION

Standard fabric application is horizontal application.

Friant & Associates is not responsible for charges associated with replacement of products due to incorrect specifications. Please note: Some patterns require horizontal or vertical application specifically tailored to those products. See individual pricebook specifications for details.

CUSTOMER'S OWN MATERIAL

Yardage requirement is based on 66" wide plain covering material, and must be increased if less than 66" wide. Special instructions for handling material (pattern, directional fabric, right side of reversible fabric, etc.) must be submitted in writing before fabric is delivered. In the absence of special instructions, we reserve the right to use our own judgment. We reserve the right to reject any covering, which in our opinion, is unsuitable for our upholstery purposes. However, in no instance shall we be held responsible for unsatisfactory results due to use of covering unsuitable for our upholstery methods.

We will not be responsible for errors caused by buyers not supplying us with sample cuttings attached to their order giving full identification of covering material, (name of supplier, covering name, number and color) for identification purposes and advising us of model number and quantity to which each cover is to be applied.

Customer's own material that is shipped freight collect will be refused. A service charge will be applied for the return of unusable C.O.M. Contact factory.

RIGHTS AND WARRANTIES - LIMITED LIFETIME WARRANTY

This warranty is given to the initial purchaser and is valid from the date of purchase, for as long as the initial purchaser owns the product. This warranty covers defects in material and craftsmanship found during normal usage of the product during the warranty period. If the product is defective, and if written notice of the defect is given to Friant & Associates within the applicable warranty period, Friant & Associates, at its option, will either repair or replace the defective product with a comparable component or product. This warranty applies to all products except as noted below.

High wear parts, such as wood veneer, fabrics, laminates, and other covering material/finishes, foam. glides, etc. are warranted for one (1) year. This warranty does not apply to damage caused by a carrier, alteration to the product not expressly authorized by Friant & Associates, nor to product considered to be of a consumable nature such as bulbs, light ballasts, etc. It also does not apply to "Customer's Own Material" (i.e. material specified by the customer that is not a standard Friant & Associates offering) used in the manufacture of Friant & Associates products.

Friant & Associates does not warrant the matching of colors, grain or texture, except to within commercially acceptable standards. This includes normal variations between dye lots (fabrics).

A product will not be considered defective, and Friant & Associates will not be obligated to replace it, if it is not installed in a proper manner (i.e. product not leveled, not secured properly, etc.).

Except as noted above, Friant & Associates makes no express or implied warranties to any product, and in particular makes no warranty of fitness for any particular use. At Friant & Associates' option, product repair and replacement is the customer's exclusive remedy for any and all product defects.

Friant & Associates shall not be liable for consequential, economic, or incidental damages arising from any product defect.

CALIFORNIA PROP 65 WARNING
