REPAIRS TENNIS COURT/IG LEVY PARK

Specifications:

1. Thoroughly clean and pressure wash the courts utilizing a pressure washer with at least 3500 psi. Areas of algae, dirt, sand, delaminating surface material, etc. should be removed.
2. All cracks should be filled and leveled with American Acrylic Crack Filler.
3. Install the RiteWay Crack Repair System as specified by the manufacturer.
4. All low areas must be leveled to within 1/8" with American Patch Binder. Mix 100 lbs. silica sand with 2 gallons of Portland Cement and add Binder until desired consistency is achieved.
5. Over the Asphaltic Surface Course, apply one (1) coat of Premier Acrylic Resurfacer in accordance with the manufacturer's directions at a rate of not less than .04-.06 gallons per square yard (32-48 gallons for 800 square yards). Dilution rate will not exceed 1 part water, 2 parts concentrate.
6. The second coat should be Premier Color Concentrate in accordance with the manufacturer's directions at a rate of not less than .03-.06 gallons per square yard (24-48 gallons for 800 square yards). Dilution for this texture coat shall be 2 parts concentrate, 1 part water, and 1 part sand.
7. The final Finish Coat of Premier shall be applied as directed by the manufacturer at a rate of not less than .03-.06 gallons per square yard (24-48 gallons for 800 square yards). Dilution for this texture coat shall be 2 parts concentrate, 1 part water, 1 part sand.
8. White lines conforming to U.S. Tennis Association specifications shall be laid out and Latexite Textured Line Paint (100% acrylic latex) applied by brush using masking tape or templates.
9. Sand and paint the net posts.

General:

Materials specified for the Color System shall be delivered F.O.B. to the site in sealed, painted containers, properly labeled with Manufacturer's labels, and stenciled with the proper batch code number. Products packaged or labeled in any other manner will not be accepted. Mixing with clean fresh water shall only be done at the job site. Spreading rates are based upon material prior to mixing with water as directed.

Upon completion, the Contractor shall remove all containers, surplus, materials and debris, and leave the site in a clean and orderly condition acceptable to the Owner.

Guarantee:

The Contractor shall guarantee labor, materials, and workmanship (except for the return of any or new cracks) for a period of one (1) year from the date of the final billing. Anytime during this time, the Contractor shall make necessary repairs to the surface without cost to the Customer.

Bidder Qualifications:

Bidder must have ten (10) years minimum experience in tennis court construction and resurfacing. Upon request, Bidder must present a minimum of fifteen (15) major tennis projects completed during the past five (5) years, as well as, a list including resurfacing projects with multiple tennis courts. Bidder must have five (5) years minimum experience in the installation of the RiteWay Crack Repair System.

Bidder must be an approved member and a Certified Tennis Court Builder of the American Sports Builders Association.

Bidder must be an approved applicator for Premier Sports Coatings Surface System and the RiteWay Crack Repair System.

Bidder must be a licensed contractor in the State of Mississippi.

REFERENCE SHEET
(Required)
