Light-Duty Storage

storage optimized

MONTEL®
The Intelligent Use of Space

Montel's SmartSpace storage systems bring practical, efficient, and cost-effective storage solutions to various light-duty applications. With SmartSpace, we set out to design a straightforward mobile shelving system to maximize storage space for smart solutions to your everyday challenges.

Designed to accommodate Montel shelving systems (SmartShelf, Hybria, 4D Wide Span, and Cabinet style case type), SmartSpace carriages allow easy assembly of other brands of shelving available on the market.

Features

- Maximum width: 48" (1.21m)
- Maximum length: 288" (24') (7.3m) depending on the weight
- Surface mounted design
- Operation: manual and mechanical-assist
- Wide selection of shelving options & accessories
- Best service and warranty program in the industry

With its three (3) inch high mobile base, SmartSpace carriages are able to withstand a weight of 2,000 lb (907 kg) per bay of shelving.
