### **MISSION STATEMENT**

To provide uncompromised commitment to customer service, design integrity, and manufacturing excellence to the customer/ market we serve.

### **RESPONSE TO SPECIAL NEEDS**

The following product detail manual describes and details those products most frequently selected by our customers. We believe that the willingness and ability of a supplier to be responsive to special needs through product/ design modification is extremely important.

We pledge our cooperation to modify designs or create new designs when the need arises within the market.

We also recognize the need for easy and rapid communications with the supplier for:

1. Early and accurate shipping dates.
2. Quotation requests.
3. Product status inquiries.
4. Customer service.
5. Acknowledgment or invoice questions.
6. Parts availability and pricing.
7. Complete product specifications.
8. General product information.

### **PRICES**

Prices shown in our price list are suggested list prices. They do not include freight, inside delivery, or installation. All orders are accepted with the understanding that prices, terms, and conditions of the sale in

effect at the time of the order acceptance will prevail.

All standard options and accessories are listed after each product section.

### **TERMS**

Payment terms are net 30 days from the invoice date. Special payment terms may be extended at the discretion of the seller. Any delays, changes, or cancellations of orders must be with the consent of the seller and may be subject to service charges.

### **CREDIT CARD USAGE**

Quotations for credit card purchases are available but limited to purchases below \$5000.

### **ORDERING CHECK LIST**

So that your order can be processed promptly and delivered without delay, it is necessary to adhere to the following when placing an order:

1. Order must be in written form and submitted on an official Purchase Order Form with an authorized signature.
2. Fax copies are acceptable with the original to be received within seven days.
3. Order must include both the billing and shipping addresses. The shipping address must include a contact name and telephone number.
4. The correct product number and brief descriptions should be used.
5. All laminate selections, wood stains, or fabric selections must appear on the

order. Verbal color selections will not be acceptable.

6. The correct quantity must be listed.
7. Any applicable cartoning charge must be included.
8. The freight status must be included.
9. An official Tax Exempt Certificate must be submitted with the order or tax will be assessed.

### **ORDER CHANGES/CANCELLATIONS**

Any order changes are subject to the seller's ability to conform and will be subject to the expense of material, labor, or other costs involved in the change.

Cancellations will not be accepted on any orders in process without prior approval. Cancellation charges may be assessed depending on the amount of work completed at the time of cancellation approval.

### **CUSTOM SIZES AND STYLES**

We are not limited to the sizes and styles of the items contained within this product detail manual. We acknowledge the need to meet special requirements that are critical to certain purchases.

Modifications to the product's style or function will be considered in order to meet the conceptual needs of the purchaser.

Your local representative will assist you in defining these needs and the development of our responses.

### **STANDARD LEAD TIME**

The lead time for shipment of product will vary from 30 days to 90 days after the receipt of a completed purchase order. A completed purchase order constitutes one having met all requirements listed previously under ordering check list.

Lead times vary according to the time of the year of order placement. A commitment of the lead time will be extended at the time of order placement.

### **IN-STOCK PROGRAM**

Items in-stock will be shipped within seven

days after receipt of a completed written purchase order.

### **CARTONING AND CRATING**

When items are shipped in small quantities, they may require an additional cartoning and crating charge. We will do everything possible to eliminate or minimize freight damage.

### **SHIPPING**

Our reputation for quality and service is based not only on the quality of the product manufactured, but on the condition of that product when delivered to our customers. Before any product leaves our factories, it is carefully inspected and packaged to ensure that the product will be received at its destination in excellent condition.

Unless the customer indicates specific shipping instructions, we have the option to determine the most suitable shipping method and carrier. Shipments are made according to the terms and conditions of the sale.

### **FREIGHT DAMAGE AND CLAIMS**

For shipments received in a damaged condition, the damage must be noted at the time of delivery. Insist that the driver note the damage on both copies of the freight bill. Be certain that the driver signs both copies. In all instances, please do not reject the shipment, as it is necessary to get a freight inspector on site immediately to process your freight claim.

For any shipments received with shortages, overages, or with the appearance of potential concealed damage, please follow the same procedures as described above.

Uncrated furniture haulers will not be held responsible for damage or shortages discovered after the carrier leaves the point of delivery. All notations must be made prior to signing the freight bill.

The purchaser must examine for the possibility of concealed damage as soon as possible. A notice of freight claim must be given to the carrier within 15 days of delivery. Damaged merchandise and packaging

material must be retained until inspected by the carrier. The seller is not responsible for any losses sustained due to the purchaser's failure to comply with this written procedure. Invoicing by the seller must be paid in full according to the established terms and irrespective of pending freight claims.

In all cases, the burden of proof for liability rests with the claimant.

Good receiving practices and proper inspection at the time of delivery will help to ensure all bonafide claims are collected from the transportation companies.

### **RETURNS**

The return of merchandise for any reason will not be accepted without prior approval and the assignment of a return authorization number. Do not return merchandise without the proper authorization, as the shipment will be refused and the freight charges will be the purchaser's responsibility.

### **WARRANTY**

The products represented in this product detail manual are warranted against defective material, workmanship, and performance under normal use. The period of warranty varies according to products and will be identified at the time of sale. The warranty becomes invalid if products exhibit abuse and improper use.

### **EXPORT PACKAGING**

Special export packaging is available. Please contact us for pricing adjustments.

# WARDROBES

## OPTIONS & ACCESSORIES

1. **Overhead storage units** are available for all wardrobe sizes. Units have one hinged door (24"W) or two hinged doors (30", 36", 42", 48" widths). All units are 21" high and connect to the top of the wardrobe.
2. **Finished backs** are available for all wardrobes and overhead storage units. The back is constructed of material to match the doors and side panels.
3. **Finished tops** are available for all wardrobes.
4. **Shaped door tops** are available in a variety of designs.
5. **Coat hooks** are cast metal and can be added in various locations.
6. **Towel bars** are chrome plated and can be added in various locations.
7. **Center partition** is constructed of material similar to that used for the wardrobe panels and is located in the center of the unit. Two half width shelves with chrome rods are included with one on each side.
8. **Storage shelves** can be added to full width units or half shelves when a center partition is used. Shelves can be fixed or adjustable.
9. **Coat rods** are chrome and can be added in various locations.
10. **Mirror** is an acrylic material and can be added to the inside of the door. Face or full length sizes available.
11. **Locks** are available in two styles. A keyed lock or padlock eyes.
12. **Wood door pull** can be substituted for the standard loop pull.
13. **Drawers** can be added to any size wardrobe. All drawers are 7" high and can be ordered in multiple numbers. The drawers can be hidden behind the doors or left exposed.
14. **Casters** are available for all units.
15. **84" high** units are available in all models.
16. **Tamper resistant rod** is available on all units.
17. **ADA compliance** requires the coat rod to be lowered to the acceptable height. Sliding doors may also be required.
18. **Sliding doors** are available upon request.

<b>TWO SHELF CARREL</b>  <p><b>TSC-48</b></p>	<b>TSC-48</b> 48"W x 10"D x 30"H	Two shelf carrel with finished back and fascia. Double shelf for extra storage capacity. Attaches securely to all desks and study tables.
 <p><b>TSC-54</b></p>	<b>TSC-54</b> 54"W x 10"D x 30"H	Two shelf carrel with finished back and fascia. Double shelf for extra storage capacity. Attaches securely to all desks and study tables.

# DESKS/CARRELS

## OPTIONS & ACCESSORIES

1. **Pedestal width** is standard at 17". A 24" wide pedestal is available on all desks that are at least 48" wide.
2. **Desk depth** is standard at 24". An 18" deep unit can be specified if the need demands less depth.
3. **Kneespace shelf** is available on all study table and desk units. It is positioned in the back of the kneespace area.
4. **Kneespace drawer** is optional on all models. The drawer can be added when specified.
5. **Scalloped kneespace drawer front** can be specified on all desks. The computer keyboard can be placed in the drawer with the scalloped front allowing access.
6. **Modesty panel** can be lowered for cord management.
7. **Cord management grommets** can be supplied in the desk top, modesty panel, pedestal back panel, or the carrel back panel.
8. **Overhang tops** are available on all units. The overhang is 6" and is always to the rear of the unit.
9. **Radius tops** are available on all models.
10. **Pull-out writing/reference shelf** is available on all desks. It positions on a glide system under the desktop between the pedestal side panels. An expandable desk top identical to the pull-out writing shelf can be positioned in the kneespace.
11. **Wood drawers** are available for all units.
12. **Inset drawers** are available on all models.
13. **Solid oak drawer fronts** are available on all units.
14. **Security doors** are available on all no drawer or one drawer pedestals.
15. **Bottom routed drawer pulls** are available on all models.
16. **Drawer pulls** a variety are available.
17. **Loop pulls** are available for ADA requirements.
18. **Cam or hasp locks** are available for doors and drawers.
19. **Casters** are available on the pedestals and study tables of all split desk models.
20. **Strip light** unit for use under carrel shelf. Unit has a plastic diffuser, bulb, electrical outlet, quick start, push switch, and a three-pronged 90 degree plug.
21. **Bulletin board** is mounted to carrel back panel. Vinyl wrapped material for extended life. Champagne color. Other colors can be custom ordered.
22. **ADA heights** are available on the study tables to meet the necessary requirements.
23. **ADA pedestals** are available for use with all study tables. The pedestal is free standing and available in all the configurations described for the desks.
