# Fusion

*The Fusion chair has long been a success story for Bouty, one of the very first manufacturers to use high resilience polyurethane moulded foam in office chairs. Since the 1980s, the line has continued to evolve while offering exceptional value. Long-lasting comfort has made Fusion very popular with health and educational institutions.*

# Kendo

The wide range of configuration offered by Kendo gives this chair a natural versatility for working, community, studying/learning and entertainment. Its innovative concept allows both nesting and stacking capabilities while guaranteeing a high level of comfort and durability. With its multiple features to choose, such as frame, polypropylene and mesh finishes as well as writing tablets, Kendo has no equal in the multi-purpose chair category.

# Vittoria

Once again, Bouty reinvents the universal ergonomic office chair with Vittoria and sets itself apart from its rivals. Audaciously, Vittoria presents an extremely slim form combined with optimized adjustment settings that push back the boundaries of comfort at work. In the end, Vittoria defines a new generation of office seating and becomes the new leader in its class.
