Description

This liquid laundry whitener sour removes detergent residue and mineral build-ups while neutralizing the alkalinity normally encountered in laundry. This product is the second component of an amazing two part "reclaim" process to remove build-ups and unremoved stains from linens. Used in conjunction with RECLAIM PART A it helps get unusable "reject" linen back into use, thus stretching the laundry budget. It also "blues" whites, enhancing their brightness and removes stains caused by iron and rust deposits.
