Fabric Cleaning Codes

This information is provided only as a service and should not be interpreted as a warranty. Cleaning and spot-cleaning results may vary in individual cases. Always test the fabric for discoloration on an inconspicuous part of the furniture before spot cleaning. If there are any questions, consult a professional dry cleaner.

Spirit[®]Millennium[™]

Color truly comes to life in Spirit Millennium from Naugahyde[®]. Designed with the colors of the new generation, Spirit Millennium represents a generously rich palette of 85 beautiful colors including new directional soft tones and pastels – and the classics that made Spirit pattern the first ASID Contract Design Award winner.

Advanced BeautyGard[®] protective top coat finish is produced from environmentally friendly materials and processes and is technically formulated to achieve the highest performance standards.

Durability

When subjected to rigorous abrasion exposure using the industry accepted Wyzenbeek test standard, Naugahyde with Advanced BeautyGard exceeds:

- Over 500,000 cycles (one million rubs) on 1.21 cotton/polyester sateen (standard clothing material).
- Over 50,000 cycles on #8 cotton duck (canvas/tent material).
- Over 15,000 cycles on #10 cotton duck (heavy canvas/tent material).

Serviceability

Naugahyde with Advanced BeautyGard provides outstanding protection in difficult medical and health care environments.

- This product contains an agent to protect it against bacterial and fungal micro-organisms.

Disinfectability

Naugahyde with Advanced BeautyGard has been formulated to achieve a superior level of disinfectability with disinfectant products containing sodium hypochlorite (common household bleach) diluted 1:10.

Flammability

Formulated to meet the small

scale flammability* test requirements contained in the following specifications:

- California Fire Regulation (Bulletin 117, Sec. E)
- Automotive (MVSS-302)
- BIFMA (Screen Test, Sec. 4.6.1.1)
- Boston Fire Code (BFD IX-1)
- CID A-A-2950-A (Federal Standard 191A test method 5903) replaces CCC-A-680a
- Upholstery Requirements of FAR 25.853
- Port Authority of NY and NJ.

Recommended Applications

- Office
- Hotel/Motel
- Restaurant
- Lounge
- Hospital
- Nursing home
- Dental clinic
- Truck seating
- RV/Van upholstery
- Auto trim
- Airports
- Family room
- Living room
- Casual dining

Cleanability

Cleaning is a breeze with Naugahyde brand fabric and its Advanced BeautyGard protective finish. While staining and soiling exposures are common to upholstery fabrics, Naugahyde's sulfide stain resistant formulation allows most to be removed using the following methods:

Step 1. Light soiling, the most common of problems.

- A solution of 10% household liquid dish soap with warm water applied with a soft damp cloth.

- If necessary, a solution of liquid cleanser and water applied with a soft bristle brush. Wipe away the residue with a water dampened cloth.

Step 2. Heavy soiling.

- Dampen a soft white cloth with lighter fluid (naphtha) and rub gently. Rinse with a water dampened cloth.

Step 3. For more difficult stains follow these steps.

- Dampen a soft white cloth with a solution of household bleach (sodium

hypochlorite); 10% bleach, 90% water. Rub gently. Rinse with a water dampened cloth to remove bleach concentration.

- Allow 1:10 diluted bleach solution to puddle on the affected area or apply with a soaked cloth for approximately 30 minutes. Rinse with a water dampened cloth to remove any remaining bleach concentration.

NOTE: To restore luster, a light coat of spray furniture wax can be used. Apply for 30 seconds and follow with a light buffing using a clean white cloth.

Please Review Carefully

When using strong cleaning agents such as bleach, it is advisable to first test in an inconspicuous area. Other cleaning agents may contain harsh or unknown solvents and are subject to formula changes by the product manufacturer without notice. Should you desire to use other cleaning agents, carefully try them in an inconspicuous area to determine potential damage to the material. Never use harsh solvents or cleaners which are intended for industrial application. To clean stained or soiled areas, a soft white cloth is recommended. Avoid use of paper towels.

NOTE: Cleaning products may be harmful and irritating to your skin, eyes, etc. Use protective gloves and eye protection. Do not inhale or swallow any cleaning product. Protect surrounding area and clothing from exposure. Use in a well ventilated area. Follow all product manufacturers' warnings. Uniroyal Engineered Products, Inc. cannot be held responsible for damage or injuries resulting from the use or misuse of cleaning products.

Big Cozy Books Reviews

“Our new cozy corner is a dream come true. The furniture is so colorful and welcoming. Since the new furniture has arrived, we find that our students are reading even more. Erik and Carol worked with us to design an arrangement that fits our needs perfectly. It is the showcase of our library!” **Helen Huber, Cathedral School for Boys, San Francisco California**

“The cozy books made our library complete. It is now a beautiful setting for children and books. Every morning when I walk into the room, I smile when I see the furniture-so kid-friendly, so perfectly appropriate for any library setting. Everyone who visits oohs and ahhs over it, including the parents and high school students. It's also comfortable and sturdy. Your staff was terrific to work with, wonderfully professional and personable. I would happily recommend your furniture to anyone.” **Joyce Belanger, Head Royce School, Oakland, California**
