WARRANTY:

Loewenstein products are guaranteed to be free from defects in design, material, and workmanship, given normal use and proper care, for 5 years of single-shift service from date of purchase as shown on your original receipt or other proof of purchase with the exceptions noted below. Loewenstein will repair or replace, at our discretion without charge to the original purchaser, any product or part thereof which fails as the result of such a defect during the warranty period. Freight or other shipping charges on returned product or part must be prepaid by the purchaser. Labor and service not covered under warranty. Loewenstein assumes no responsibility for repairs to products that result from user modifications, attachments to a product, misuse, abuse, alteration, or negligent use. Except as stated above, Loewenstein makes no expressed or implied warranties as to any product, and, in particular, makes no warranty of merchantability or of fitness for any particular purpose. Loewenstein shall not be liable for consequential or incidental damages arising from any product defect.

Foam padding — 2 years

Pneumatic Cylinders & Control mechanisms — 2 years

Casters — 2 years

This warranty does not cover:

- Damage caused by a transportation company.
- Natural variations in color, grain, or texture of wood and other covering materials over which loewenstein has no control.
- Freight or other shipping charges on returned product or parts, labor and service.

ORDERING INFORMATION:

All orders should be placed with:

Loewenstein:

1204 East 6th Street, Huntingburg, IN 47542

P 800.327.2548 F 812.683.7256

order_entry@ofsbrands.com

PRICES:

All prices herein are list prices including delivery to one destination, effective with the date printed on the cover and supersede all other published price lists. US list Prices are domestic prices only for shipment within the Continental United States. Prices are subject to change without notice, unless quoted in writing. Possession of the price list does not constitute authority to sell or offer for sale Loewenstein products.

ACKNOWLEDGEMENTS:

Orders are acknowledged upon receipt of credit approval. Your acknowledgement is a detailed description of items, prices, shipping information, and shipping date. Please read your acknowledgment closely and notify loewenstein immediately of any discrepancies. Loewenstein is not responsible for errors on orders placed by phone without written confirmation.

LOEWENSTEIN QUICKSHIP PROGRAM:

Many Loewenstein products are available on a "quickship" basis. Contact your Loewenstein Sales Representative or Customer Service for availability, terms and conditions.

QUANTITY ORDERS:

Contact your Loewenstein customer service representative to verify inventory and production schedules to ensure requested shipment date prior to placing large quantity orders.

CANCELLATION / ORDER CHANGES:

All orders accepted by Loewenstein are considered firm and binding and are not subject to cancellation.

WAREHOUSE STORAGE CHARGES:

If a shipment is held beyond fourteen (14) calendar days after the order is ready for shipment at your request, a 0.067% per day (2% per month) storage charge will be assessed. The effective date will be fourteen (14) calendar days after the order is ready for shipment, as long as this date is after the acknowledged ship date. Further, the prices applied to the order will be those prices in effect at the time of shipment.

EXTENDED PRODUCTION / SHIP DATES:

Orders placed with loewenstein with extended lead times as requested by you will be subject to price in effect at time of shipment.

DELIVERY & FREIGHT CHARGES:

The delivering location must be able to accommodate between 70'-72' of equipment. We do have 48' and 53' trailers in our fleet. All shipments are F.O.B. point of shipment, freight prepaid and allowed, excluding fuel surcharges. Shipments outside of the Continental United States are freight prepaid and allowed to port of exit. Loewenstein reserves the right to select the most appropriate carrier and routing on all shipments; however, we will try to accommodate requests for your preferred carrier. Loewenstein reserves the right to implement a fuel surcharge. **Orders of less than \$1500** net will be assessed a handling charge of **\$100** net per order (this will be waived for items shipped via UPS). Any charges arising from failure to receive a shipment, rerouting while in transit, or carrier storage charges are not included in prices shown. Orders requiring special services are subject to an additional charge.

These services include:

- Reconsignment from original destination to new destination - \$35 plus \$3.00 per mile net
- Refused/Returned Freight
- Freight refused at destination and returned to loewenstein - Double Freight
- Freight refused at time of delivery; returned to loewenstein to deliver at a later date - Triple Freight
- Detention Fees (after 2 hours of waiting) - \$85 net per hour
- Weekend delivery available Friday after 3:00 p.m. through Sunday night, or Holiday - \$600 net per truck
- Customer Pickup
- Customer Request for 3rd party to pick up freight at loewenstein terminal - \$125 net
- Change of Tags/Address/Phone #'s on Shipments - \$35 net

DAMAGED MERCHANDISE & FREIGHT CLAIMS:

1. Inspect all cartons for damage and verify carton quantity. All shipments are delivered to the transportation company in good condition; Loewenstein's liability ceases at this time. Do not refuse merchandise damaged in transit. Instead enter a claim with the transportation company.
2. Record damages and/or shortages on the bill of lading and freight bill. Do not accept the shipment until all shortages are noted on both the bill of lading and the freight bill. Sign only for the items you receive. If you give the delivering carrier a clear receipt for a shipment, the carrier is relieved of further responsibility.
3. If concealed damage is found: Notify the delivering carrier at once and request an inspection. For shipments via Styline Logistics, notify your Loewenstein Customer Service Representative. This must be done within 20 calendar days of delivery. Without this inspection the transportation company will not entertain a claim for loss or damage. If the carrier will not perform this inspection, you should prepare an affidavit that you contacted the carrier, noting the time and date, and that the carrier failed to comply with your request. All shipping cartons and inner packing must be retained for carrier inspection. Do not move the damaged merchandise from the receiving location. It must also be retained for the inspection.

RETURN OF MERCHANDISE:

Loewenstein will not accept returned merchandise without a signed Return Authorization (RA) issued by our customer service department. All returned merchandise must be properly packaged and cartoned to prevent further damage. Carton must be clearly marked with identifying RA number so that proper credit can be issued.

We will consider issuing RAs for the following reasons:

- Manufacturing defect (must be inspected by Loewenstein sales representative)
- Loewenstein order processing error
- Shipping error
- Duplicate shipments
- Mismatched cartons

All merchandise must be returned within thirty (30) days of the date of the RA to receive credit. Freight damage, signs of usage, missing parts, etc. will be adjusted on the amount of credit to be issued.

REPAIR CHARGES:

Reimbursement from Loewenstein for repairs must have prior approval.

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS Brands finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous

formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve GREENGUARD Indoor Air Quality Certification® by the GREENGUARD Environmental Institute.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

CUSTOM FINISH COLOR:

Custom finish color matching is available for special requirements. Loewenstein must be provided with a suitable 8" x 10" or larger finish sample. Loewenstein has a complete library of previously developed custom finishes that may be an acceptable match. However, new custom finishes can be developed to meet specific needs. There will be a \$300 net upcharge per order for new custom finishes (waived on projects of \$100,000 list price or more). Custom finish upcharge for repeat or additional orders will be \$150 per order, even when the upcharge was waived on the original project. Custom finish matches are valid for 12 months from sample date. After this time period custom finishes must be rematched and reapproved for use.

FINISH DISCLAIMER:

Some accessories with plastic feet can penetrate or burn the finish. This is not a defect in the finish. Wood is a natural product and minor variations in wood color, grain, and texture may be visible even though the pieces are finished at the same time. Also, light finishes when exposed to ultra violet rays may darken and change color. These are not defects in finish, and merchandise cannot be replaced because of these natural variations.

FABRIC PUDDLING:

The content of certain fabrics makes these fabrics susceptible to puddling and wrinkling over which Loewenstein has no control. Slight changes in weather and humidity can affect these fabrics. Loewenstein will not assume responsibility when this happens.

FABRIC COLOR MATCHING:

Loewenstein does not guarantee and will not assume responsibility for the fastness of colors or wearing qualities of any material. Because of industry dye lot variations, colors may not match exactly. Any adjustments made will depend upon the fabric manufacturer's willingness to stand behind their product.

DIRECTIONAL FABRICS:

Directional fabrics such as plaids, stripes and certain patterns may not meet your expectations due to certain sewing patterns, tufting and contoured shapes of certain styles and models. When required we will upholster to customer specifications but such orders are not subject to return. If you have a question or concern about one of these fabrics, please contact your Loewenstein Customer Service Representative and submit a fabric sample for approval prior to placing an order.

FIRE RETARDANT PRODUCTS:

- California Technical Bulletin 117-2013: All Loewenstein upholstered seating products and the resilient filling materials used in the upholstered seating products meet or exceed the requirements of the State of California, Department of Consumer Affairs, Technical Bulletin 117-2013. Compliance with these requirements is indicated by the label attached to the seat bottom.
- Flame Retardant Chemicals: All standard Loewenstein upholstered seating products are offered with components, as identified in TB117-2013, that are free of flame retardant chemicals. All Loewenstein upholstered seating products will indicate Flame Retardant chemical composition in accordance to the labeling requirements of California Senate Bill 1019.
- California Technical Bulletin 133: Cal TB 133 is a flammability test for seating products used in public spaces. The testing procedure for Cal TB 133 requires the burning of an entire product since the test is a composite test and not a component test. Loewenstein has pretested and certified many different chair styles and upholsteries. If Cal TB 133 certification is required, a burn test may need to be completed with a specific model and upholstery combination. Contact Customer Service for Cal TB 133 approval, pricing and lead times
- Loewenstein cannot be held liable if purchase order does not indicate a requirement for Cal TB 133 compliance. On some product lines, the fire barrier material may slightly affect the upholstered appearance.
- Boston Fire Code: Please contact Carolina Customer Service if compliance is required

BIFMA & ANSI TESTING:

Loewenstein is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, Loewenstein products within this price list generally meet or exceed applicable BIFMA and ANSI standards.

MEMBERSHIPS:

Loewenstein is proud to be a member and support these organizations:

EASY MODIFICATION LIST:

mod#	modification detail	list price
11. MOD#11	Seating with 2 Different Fabrics Two Same Grade Fabrics = Next Higher Grade Two Different Grade Fabrics = Higher of the Two Three Different Grade Fabrics = Highest of the Three (drawing may be required from customer at time of ordering)	
16. MOD#16	Laser Logo Burn In	ONE TIME SET UP FEE NET \$125 + NET \$20 EACH

Liability Clause:

This pricing structure represents the more commonly requested product modifications. Although these modifications can be applied to the vast majority of products listed in our price books, some modifications cannot be applied to products with non-standard design features. Please contact your Customer Service Representative if you require assistance.

Euroluxe™ with SilverBan™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the depth and clarity of OFS Brands finishes and achieves SCS Global Services' Indoor Advantage Gold Certification. SilverBan™ technology utilizes silver ions infused into the Euroluxe™ wood finish for anti-microbial protection on all exposed wood surfaces.

All OFS Brands products have achieved **SCS Indoor Advantage Gold Certification** from SCS Global Services. Indoor Advantage Gold certification is SCS Global Services' highest level of indoor air quality performance for furniture. The certification assures that furniture products support a healthy indoor environment by meeting strict chemical emission limits for volatile organic compounds (VOCs). To be certified, products must be tested by independent labs for compliance with the ANSI/BIFMA X7.1, and either ANSI/BIFMA e.3 or CDPH/EHLB Standard Method V1-1 for VOC emissions of concerns.

level is the multi-attribute, sustainability standard and third-party certification program for the furniture industry. It has been created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment.

Taking into account a company's social actions, energy usage, material selection and human and ecosystem health impacts, level addresses how a product is sustainable from multiple perspectives.

With level, customers can make informed choices about commercial furniture that exceed single attribute eco-certifications. The level brand identifies that a product has been vetted by an independent third party certifier and its numeric marking 1, 2, or 3 indicates what threshold of certification it has achieved.

Manufacturers – big and small – now have a methodology to present the environmental characteristics in a clear, easily understood manner with a vernacular that gives end users the ability to make an “apples to apples” comparison.

SCS Global Services (**SCS**) has been providing global leadership in third-party quality, environmental and sustainability verification, certification, auditing, testing, and standards development for three decades. Its programs span a cross-section of industries, recognizing achievements in green building, product manufacturing, food and agriculture, forestry, power generation retail, and more. SCS is accredited to provide services under a wide range of nationally and internationally recognized certification programs. Consistent with its mission, SCS is a chartered benefit corporation and Certified B Corp™, reflecting its commitment to socially and environmentally responsible business practices.

The **FSC®** standards (Forest Stewardship Council®) represent the world's strongest system for guiding forest management toward sustainable outcomes. us.fsc.org

FSC certified products are manufactured with material that comes from managed forests that are traceable from the time the logs are cut to the time the final project is installed and are recorded by way of a COC or chain of custody claim on all invoices.

The demand for certified forest products has grown significantly in recent years. OFS Brands' goal to act as a responsible steward of the environment encouraged us to pursue our FSC Chain of Custody (COC) certification which would provide our customers (Dealer, A&D Community and End-users) the added reassurance they've done their part to be earth friendly in their product purchase and enable them to substantiate the LEED (Leadership in Energy and Environmental Design) Materials & Resources Credit 7 for certified wood, in which the intent is to encourage environmentally responsible forest management.

FSC certification is optional on many, but not all, OFS Brands' product lines. Please contact OFS Brands Customer Service for information in regards to which of our product lines are available as FSC certified, and what the necessary procedures are for ordering FSC certified products from OFS Brands.

OFS Brands' company-owned transportation company, Styline Logistics, is **SmartWay**-certified. SmartWay is one of U.S Environmental Protection Agency (EPA's) clean air programs that uses voluntary, rather than regulatory methods, to achieve air quality benefits. SmartWay's focus is in the transportation sector, and encompasses products and services associated with fuel-consuming engines.

The "**Premium Indiana Forest Products**" brand tells everyone that there is an abundant, sustainable supply of the finest Indiana hardwoods to meet consumer demand. It also tells them that Indiana's forests are well-managed, legally-harvested and environmentally responsible. The logo is reflective of the wood itself. Indiana hardwoods display a depth that defies imagination.

COM / COL ORDERING INSTRUCTIONS:

All COM and COL materials must be submitted to Loewenstein for preliminary approval prior to shipment of fabric or leather.

Loewenstein approval signifies only that such materials can be applied to the products for which they are intended. Such approval does not constitute any responsibility nor any warranty on the part of Loewenstein as to the appearance, behavior or durability of the COM or COL.

1. Send 4" x 4" swatch for approval to: Loewenstein, Attn: Customer Service, 1204 East 6th St., Huntingburg, IN 47542
2. Send a swatch along with the order to: Loewenstein, Attn: Customer Service, 1204 East 6th St., Huntingburg, IN 47542
This sample is used to verify that the correct fabric is received. It is not used for application approval.
3. Specify the COM or COL supplier's company name, pattern, color and number.
4. The COM or COL supplier must include the dealer name and purchase order number on all packing lists.
5. Include application instructions for striped, plaid, patterned or unusually designed fabrics (i.e. direction of stripes) and which face to use on reversible fabrics.
6. Ship COM or COL material to: Loewenstein Plant 3, Attn: COM Department, 105 West 10th Street, Huntingburg, IN 47542
COM and COL orders will be scheduled for production only upon receipt of production yardage. In the absence of a representative sample sent with the purchase order or application instructions, OFS will apply the fabric in what it determines to be the best manner and cannot be held responsible after upholstering.

Excess COM/COL materials will be discarded at the discretion of OFS unless otherwise instructed by the customer at the time the order is placed.

COM YARDAGE REQUIREMENTS:

For clarification and convenience, Loewenstein has listed yardage requirements for non-directional COM and COL for each frame throughout the price list. Yardage requirements are based on 54" wide plain fabric. Extra fabric is needed to match any pattern with matching repeats. Use the chart below as a guide for additional COM yardage needed where repeats are involved.

Repeat Percent of Extra Fabric Needed

- 1" – 4" Additional 10%
- 5" – 9" Additional 20%
- 10" – 14" Additional 25%
- 15" – 19" Additional 30%

Repeats larger than 19", fabrics less than 54" wide, or fabrics requiring matching (stripes, plaids, prints, large patterns) will require additional yardage based on the fabric used and the item ordered. COM must be a single cut piece. Multiple pieces will require more yardage. A swatch showing one full repeat must be sent for yardage requirements instructions for these special circumstances.

COL SQUARE FOOTAGE REQUIREMENTS:

COL requirements are based on an average hide size of 50-55 square feet. Please consult the sales office for requirements on sizes different from this. All square footage requirements are based on usable footage. The shape of the hide and the usable footage may make it necessary for us to request more leather after your COL is received. Please note that leather is a natural product and variation in texture is a pleasing quality belonging exclusively to high grade, full top grain leathers. Due to the variation in thickness of leather, Loewenstein recommends sending a 4" x 4" swatch for approval. Loewenstein approval signifies only that such materials can be applied to the products for which they are intended. Such approval does not constitute any responsibility nor any warranty on the part of Loewenstein as to the appearance, behavior or durability of the COL.

Note: Calf hide requirements will vary based on the chair model selected. Please contact the sales office for pattern adaptability confirmation and square footage requirements prior to placing an order.

FABRIC APPLICATION:

All COM fabrics are cut according to the fabric pattern at the discretion of Loewenstein unless otherwise directed by the customer. Fabrics such as plaids, stripes and certain patterns may not meet your expectations due to certain sewing patterns, tufting and contoured shapes of certain styles and models. When required we will upholster to customer specifications but such orders are not subject to return. If you have a question or concern about one of these fabrics, please contact your Loewenstein customer service representative and submit a fabric sample for approval prior to placing an order.

Standard Euroluxe™ Hardwood Stains:

The following wood finishes are available on lounge chairs, side & dining chairs, and stools at standard list prices unless otherwise specified. Please use the corresponding wood finish code when placing your order.

*For Occasional Table finishes see page 145 of the product guide.

*For Dining Table finishes see page 176 of the product guide.

MBM	Blonde Maple	MGC	Grand Cherry	MSW	Sable Walnut
MHM	Honey Maple	MVC	Vintage Mahogany/Cherry	MRO	Clear Oak
PWM	Quartered Maple	QEC	Quartered Espresso Cherry	MUO	European Oak
MLC	Light Cherry	MNW	Natural Walnut	MGO	Steel Grey Oak
MNC	Natural Cherry	MGW	English Walnut	MSO	Espresso Oak
MFC	Formal Mahogany/Cherry	MEW	Executive Walnut	GBM	Matte Black
MMC	Mocha Cherry	MVW	Vintage Mahogany/Walnut		

NOTE: Check individual product page in price book for additional finish information and specifications within each series.

Standard Hardwood Paint Finishes:

The following paint finishes are available on lounge chairs, side & dining chairs, and stools at standard list prices unless otherwise specified. Please use the corresponding wood finish code when placing your order.

*For Occasional Table finishes see page 147 of the product guide.

*For Dining Table finishes see page 160 of the product guide.

Standard Paints:	Studio Paints (10% Upcharge):
-------------------------	--------------------------------------

BLK	Black	PE1	Peachy (Pantone 7415U)
WHT	White	PH1	Poolhouse (Pantone 7457U)
CH1	Charcoal	MN1	Minted (Pantone 7464U)
FO1	Fog	CT1	Citrus (Pantone 607U)
OY1	Oyster		
MTL	Metallic		
RDC	Red		

NOTE: Check individual product page in price book for additional finish information and specifications within each series.

*Wood is a natural product and minor variations in wood color, grain and texture may be visible enough though the pieces are finished at the same time. Also, light finishes, when exposed to ultraviolet rays, may darken and change color. These are not defects in the finish and merchandise cannot be replaced because of these natural variations.

Modular Lounge Seating

Bända	38-58
Hinchada.....	59-67
Salomé	68-73
Tangent	74-90

Bända Design Overview

Bända replaces the mass and bulk of conventional lounge furniture with an open steel frame that creates accessible, fluid spaces and allows easy access for power/data cable management. Bända is ideal for open plan applications due to the 360 degree view and limitless connectivity. Three scaleable framesets and smart elements provide virtually unlimited options for modular seating, tables, and space division.

Designed by Daniel Korb

Design Details:

- Folded Steel Frame Design that utilizes a rigid, recycled content steel frame that remains solid and functional for its entire service life
- 24 inch platform with 3 frame sizes 24, 48 and 72
- Built up benches, tables and component pieces for maximum flexibility for any design
- One and one and half seat options (24" & 36")
- Optional backrest
- 3 arm and space divider options – steel arm, upholstered arm, wood arm
*wood arm version comes in multiple options
- 8 standard powdercoat finishes (additional colors available at an upcharge)
- Table surface options in two heights available in wood veneer and solid surface options
- Complete interchangeability of seat cushions and table surfaces without special fasteners or tools which can be easily reconfigured in the field
- Offers effective way to bring color, material, texture to interior spaces using up to 50% less textile yardage for upholstery than most modular lounge products
- Seat cushions and table surfaces are easily removable for cleaning and replacement

The Bända frame works as a chassis. Seat cushion, backrest, and armrest elements are universally-sized to Bända's three framesets, allowing both the specifier and the end-user to mix, match seats and surfaces. A bench for three can quickly and easily become seating for two with a shared table.

Bända Design Overview

BÄNDA is a multi-use modular lounge collection that is perfect for many different applications such as public spaces, customer waiting areas, open lounge, and any high traffic area.

Hinchada Design Overview

Hinchada Modular Lounge is low profile, plush seating that is sure to be the place where everyone wants to kick up their feet. Fresh details like contrasting wide welts and slatted platforms enhance a simple statement of line. With a few components you can create a lounge layout to fit your lifestyle.

Design Details:

- 5 cushions available with glide base, plinth base or complimenting slatted platform.

Cushion Details:

- Plywood substructure with webbed seat area
- 6" top cushion foam
- 2" cushion foam on all sides
- 1" wide accent welt
- Screw in adjustable glides come standard
- Optional 4" tall black laminate plinth base
- On cushions specified to go with platforms, heavy duty stick velcro is supplied to attach to underside of the cushion
- To attach cushions to platforms, remove glides and stick velcro under side of cushion on seat box. Then set cushion in place and apply pressure to adhere velcro to platform.

Platform Details:

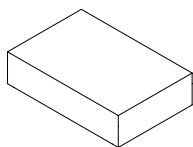

- 1" thick plywood slats topped with Russian Birch veneer spaced 1/4" apart
- 3" inset plinth base
- Euroluxe Matte clear finish comes standard

***Please supply customer service with floor plan of cushion and platform lay out with slat direction noted.**

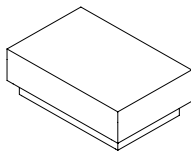

***Contact customer service for two-tone diagrams for cushions requiring more than one fabric.**

Slatted Platform
36W x 36D x 4H

How To Order Platforms:

The Hinchada platforms are sized to allow for optional 10" cantilever space on one or two sides of all 4 square cushions with slats running vertically or horizontally, but the position of the cushion on the platform is open for interpretation.

- It is recommended to determine the cushion layout and then pair up platform sizes according to desired cantilevers.

Example 1:

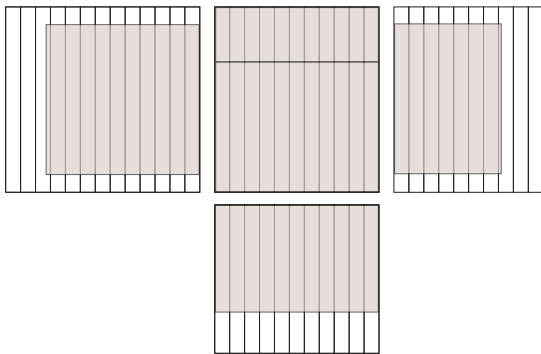

Cushion Components:

- (1) HN-3636C
- (1) HN-4636C
- (2) HN-2436C

Platform Components:

- (1) HN-4646WP
- (2) HN-4636WP
- (1) HN-3636WP

Example 2:

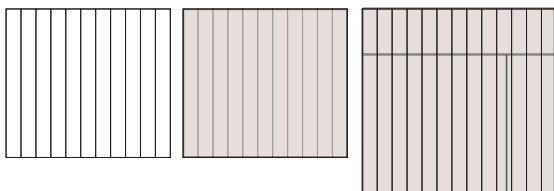

Cushion Components:

- (1) HN-4646C
- (1) HN-3636C

Platform Components:

- (1) HN-4646WP
- (2) HN-3636WP
- (1) HN-3636WP

How to Order:

- 1. Model Number
 - 2. Specify Glide or Plinth Option
 - 3. Specify Fabric Grade / Pattern / Color of Cushion Panels
 - 4. Specify Welt Option
 - 5. Specify Fabric Grade / Pattern / Color of Contrasting Welt (if applicable)
- Two-toning of fabrics is available, see page 5 for pricing information.
Contact customer service for two-tone diagram and COM/COL yardages.

To determine the list price with contrasting welt:
Grade list/price for specified fabric pattern on chair
+
Grade list/price for contrasting welt fabric

Tangent Design Overview

Perhaps the greatest feature of Tangent is the longevity that it affords a space. This product has been designed to have the capability to change the way a space functions through simple reconfiguration. Designers can now offer multiple alternatives within one budget, creating designs that can be refreshed and reinvented as needed.

Designed by Ai3

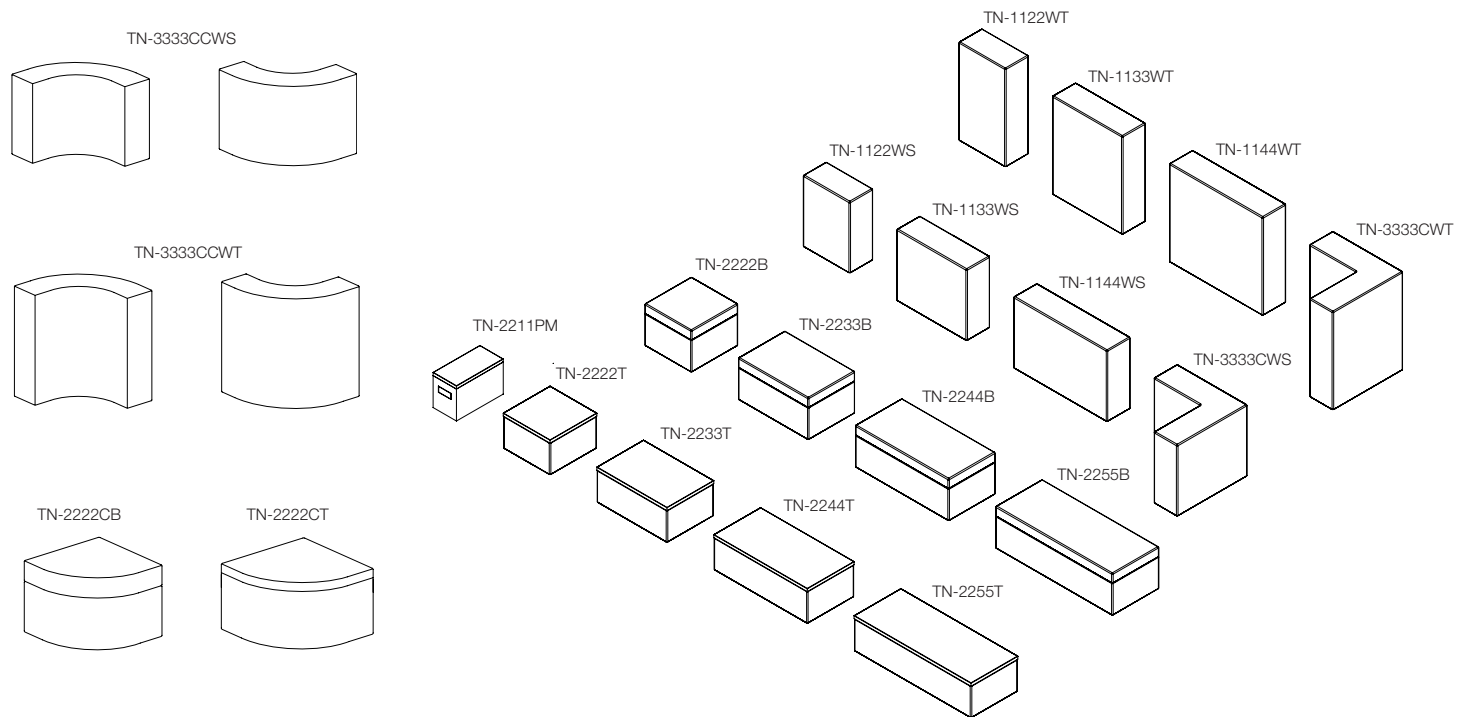

Tangent is a new breed of modular seating, which allows for limitless variations and offers a wide variety of seating within a limited square footage. A simple composition of ottomans, benches and backs, it operates as a refined system, snapping easily together or apart through a series of plugs disguised as upholstery buttons. This series was designed to be as flexible as possible to accommodate various positions and parties and gives designers the ability to customize spaces, large or small. Electrical ports can be specified to power up with ease in any location and overlay tables provide hard surfaces for beverages or writing surfaces without taking up additional floor space. Optional removable top gives you the ability to use the benches and ottomans for storage space. Two wall height options can be specified and the width of the back and corner pieces are configured to maintain a sense of personal space from side to side, but aren't so wide to as to discourage interaction.

Design Details:

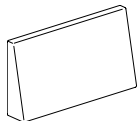

- Bench
 - 18" overall seat height
 - 5" top-seat cushion
 - 1.875" thick wood top
- WALL UNITS:
 - 30" and 41" overall back height option
 - Top row of buttons 11" from top of back
 - Bottom row of buttons align with seat
 - Buttons recommended if planning for reconfiguration
- BUTTONS: (Optional)
 - 5½" from top and sides
 - 11" apart

Casegoods & Storage

Beck.....	161
Hitch	163-171

How to Order:

1. Model Number
2. Specify Chassis Finish
3. Specify Door Pull, Leg & Base Finish (if different from chassis finish)

NOTE: If contrasting finishes are selected, the pull/leg/base hardwoods will match the chassis veneer species. \$680 upcharge only applies if Walnut has been specified for the chassis

EXAMPLES:

MBM chassis + MNW door pull/leg/base = ash veneer & hardwoods
 MNW chassis + MBM door pull/leg/base = walnut veneer & hardwoods

Example:	BC-3072DSD	MBM	MNW
	MODEL	CHASSIS FINISH	LEG/BASE FINISH

When ordering options, a complete description of the option and its upcharge must be detailed on the order form.
 For additional ordering information see pages 2-8 of Loewenstein product guide.

Standard Veneer & Hardwood Finishes: ♦ ASH HARDWOODS / VENEERS • WALNUT HARDWOODS / VENEERS

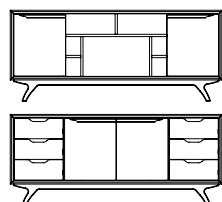

***Because of the unique nature of ash and walnut veneers and solids, only the following standard stains are available:**

- ♦ **MBM** Blonde Maple (comes standard on ash hardwoods and veneers) no upcharge
- ♦ **MHM** Honey Maple (comes standard on ash hardwoods and veneers) no upcharge
- ♦ **MNC** Natural Cherry (comes standard on ash hardwoods and veneers) no upcharge
- **MNW** Natural Walnut (comes standard on walnut hardwoods and veneers) + \$680
- **MGO** Steel Grey Oak (comes standard on walnut hardwoods and veneers) + \$680

NOTE: If contrasting finishes are selected, the pull/leg/base hardwoods will match the chassis veneer species. \$680 upcharge only applies if Walnut has been specified for the chassis.

Beck / Drawer - Shelf - Drawer Credenza

BK-3072DSD	W	D	H	WT	CU FT
-------------------	----------	----------	----------	-----------	--------------

**Standard Features:**

- Ash or walnut veneer chassis
- Solid ash or walnut sliding door pulls
- Solid ash or walnut base
- 6 drawers with cut out pulls
- Two-toned finishes available

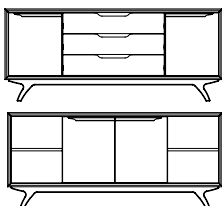

Note:

- Because of the unique color of ash and walnut veneers and hardwoods, stains are a slightly different color than they appear on other standard veneers and hardwoods. If pairing with another wood unit the stains will not match exactly.

Options / List Price	Single Finish	Two-Tone Finish
	5335	5385

Beck / Shelf - Drawer - Shelf Credenza

BK-3072SDS	W	D	H	WT	CU FT
-------------------	----------	----------	----------	-----------	--------------

**Standard Features:**

- Ash or walnut veneer chassis
- Solid ash or walnut sliding door pulls
- Solid ash or walnut base
- 3 drawers with cut out pulls
- Two-toned finishes available

Note:

- Because of the unique color of ash and walnut veneers and hardwoods, stains are a slightly different color than they appear on other standard veneers and hardwoods. If pairing with another wood unit the stains will not match exactly.

Hitch Design Overview

Hitch is a versatile modular storage and shelving system based off a simple platform of blocks that clip together. Built to inspire creativity, you decide what configuration and colors work best for you, and if needs change, so can Hitch.

Design Details:

- 7 boxes - including open storage, storage with back panels, and storage with sliding doors, 2 base options, and connector clips.

Box Details:

- Butt joint construction
- Box frame can be specified in TFL, studio TFL, veneer/paint or studio veneer/paint
- Back panels can be specified in HPL, studio HPL, veneer/paint, studio veneer/paint or dry erase
- Door panels can be specified in HPL, studio HPL, veneer/paint or studio veneer/paint

Platform Details:

- wood platform has a solid european beech hardwood base with top slab that can be specified in TFL, studio TFL, veneer/paint or studio veneer/paint
- Polished aluminum metal legs on wood platform base; can be powdercoated
- Raw steel metal platform with clear powdercoat has exposed welds; if specified in a powdercoat welds are sanded down to create a smooth finish.

Connector Clip Details:

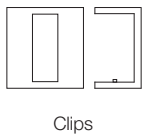

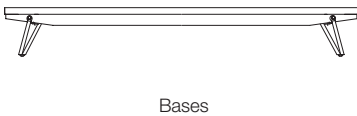

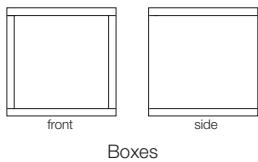

- Polished aluminum with no-marring nylon set screw
- Can be powder coated
- Connector clip required at two points on any box that butts up to another box.

***Maximum height of 5 rows tall or 74" overall.**

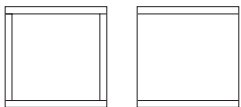

***Please supply customer service with a diagram of the desired storage layout.**

Table Tops

Table Program	174
Top Surfaces	175
Standard Top Finishes	176
Wilsonart Laminate Top Finishes	177-178
1000 1 3/16" Thick Veneer & HPL Self Edge	179
34000 3 Millimeter Wood Edge	180
35300 Reverse Knife Plywood Edge	181
40000 1 1/4" Solid External Rims	182
49000 Urethane Edge	183
FG60888 1 1/4" Fiberglass	184
SS66000 Stainless Steel	185

The Loewenstein table program consists of 7 styles of tops in various top surfaces, some of which are suitable for outdoor use. The various top surfaces include High Pressure Laminate (HPL), veneer, fiberglass, and stainless steel. Natural and artificial stone material, Solid surface material, and glass tops are available upon special request. Please contact customer service for assistance with these materials.

Table Tops

1000 Series 13/16" Thick HPL Self Edge

13/16" thick self-edged top with WilsonArt Matte Texture High pressure laminate top surface and edges or veneer

34000 Series Veneer 3 Millimeter Wood Edge

13/16" thick veneered top surface with 3 mil thick wood edge-banding. Total of four edge shape options available.

35300 Series HPL Reverse Knife Plywood Edge

13/16" thick high pressure laminate top with 21 ply Baltic Birch rim exposed on underside of table.

40000 Series Veneer & HPL 1¼" Wide Solid External Rim

13/16" thick high pressure laminate or veneer top surface with externally applied solid hardwood rim.

Available in five different edge shape options.

49000 Series HPL Urethane Edge

13/16" thick high pressure laminate top surface with molded urethane rubber edge in four edge shape options available.

FG60888 Series 1" Thick Fiberglass Encapsulated

1" thick marine grade plywood inner core fully encapsulated with fiberglass material. Suitable for outdoor use. Available in white color with "slate" surface texture. Our fiberglass tops consist of a 5/8" thick plywood core which is then fully-encapsulated in a fiberglass shell. A chemical reaction initiated in the resin through means of a catalytic agent causes hardening of the surface, providing a moisture-proof hard surface. Special colors and smooth finishes are available upon request. Contact customer service for assistance with these special requests.

SS66000 Stainless Steel

11/8" thick top consisting of composite core encapsulated in a one-piece stainless steel sheeting on top and sides with white TFL surface on underside of top.

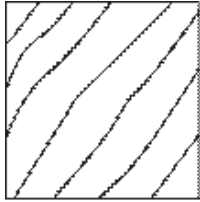

Bases

See page 183-192 for details.

Veneer

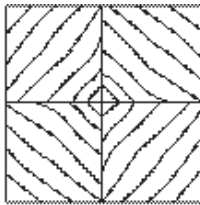

Loewenstein uses select Beech hardwood veneers in the production of tops. Veneers are thermally pressed onto the core material and sanded prior to the finishing process. Straight grain veneer standard on all tops. Several "sketch-face" patterns are also available as standard options.

Straight Grain Veneer:

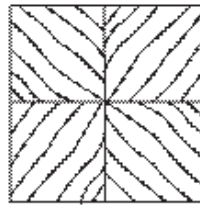

Straight Grain (A1S)

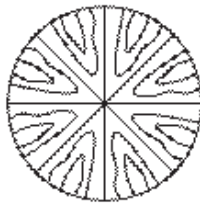

Sketch Face Patterns:

Diamond (A6L)

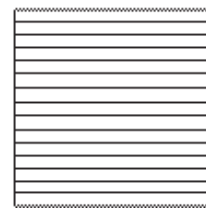

Reverse Diamond (A1Q)

Sunburst (A2G)

Vinterio creates fine wooden surfaces with an entirely new look. The new and innovative manufacturing process developed by the Danzer Group uses a collection of hardwoods to create a linear "butcher-block" appearance with the environmental advantages and flexibility of veneer. Vinterio is available as a standard option in select species; however, other species can be found on their website at www.vinterio.com and are available at Loewenstein upon request.

A6P Vinterio Walnut Classic with Sap

A6S Vinterio European Sycamore Classic

Additional Studio Veneer Top Surface Options:

SVC Silver Grey Oak

C2Q Linea American Walnut

C2P Linea Silver Birch

NOTE: Available only on 1000, 34000, 40000 tops
MCL - Standard with Clear Finish

Standard Euroluxe™ Veneer Finishes:

The following wood finishes are available on 1000, 34000, and 40000 tops. Please use the corresponding wood finish code when placing your order. **Straight grain beech veneer used for A1S option, quartered maple veneer used for sketch face options.**

*For Lounge, Side & Dining and Stool finishes see page 8 of the product guide.

*For Occasional Table finishes see page 145 of the product guide.

1000-7236RDT	554	884	1180	2973	-	1.1875	36	72	114	6.5

How to Order:

1. Model Number
 2. Specify Top Surface
 3. Specify Finish / Color (see complete list of finishes on page 176-178)
- Note:** Studio Veneers come standard with Clear finish (MCL).

Example: 1000-24RNDT A1S MLC

MODEL TOP SURFACE FINISH

When ordering options, a complete description of the option and its upcharge must be detailed on the order form.

For additional ordering information see pgs. 2-8 of Loewenstein product guide.

Top Surface:

A1R Laminate (HPL) (see HPL options on pg. 176-178)

A1S Straight Grain (see veneer finishes on pg. 176)

- Studio Veneer (see options and designators on pg. 176)

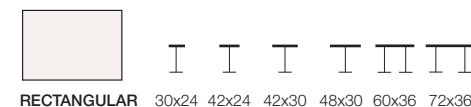

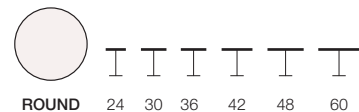

A6L Diamond (see veneer finishes on pg. 176)

A1Q Reverse Diamond (see veneer finishes on pg. 176)

A2G Sunburst (see veneer finishes on pg. 176)

Standard Features:

- 1.1875 edge thickness
- Top surface options include HPL, Straight Grain Beech Veneer, Studio Veneer or Sketch Face
- Edge finishes in matching HPL self edge or matching veneer
