

ofs

RE:

Effective March 2, 2015

Warranty, Terms and Conditions

OFS casegoods and conference products are guaranteed to be free from defects in design, material, and workmanship, given normal use and proper care, for 12 years of single-shift service with the exceptions noted below. OFS will repair or replace, at our discretion without charge to the original purchaser, any product or part thereof which fails as the result of such a defect during the warranty period. OFS assumes no responsibility for repairs to products that result from user modifications, attachments to a product, misuse, abuse, alteration, or negligent use. Except as stated above, OFS makes no expressed or implied warranties as to any product, and, in particular, makes no warranty of merchantability or of fitness for any particular purpose. OFS shall not be liable for consequential or incidental damages arising from any product defect.

All components not listed below — 12 years
All drawer glide suspensions — lifetime
All locking mechanisms — lifetime
All door hinges — 12 years
Door latches — 12 years
Drawer pulls — 12 years
Casters/pneumatic lifts — 2 years

This warranty does not cover:

- Damage caused by a transportation company.
- Natural variations in color, grain, or texture of wood and other covering materials over which OFS has no control.
- Damage created by loading file drawers with anything other than hanging files.
- Freight or other shipping charges on returned product or parts, labor and service.

ordering information

All orders should be placed with:

OFS
1204 East 6th St.
P.O. Box 100
Huntingburg, IN 47542
800-521-5381 Fax 812-683-7256
order_entry@ofsbrands.com

A customer drawing or sketch of the planned configuration in modular applications will facilitate order processing.

prices

All prices herein are list prices including delivery to one destination, effective with the date printed on the cover and supersede all other published price lists. US List Prices are domestic prices only for shipment within the Continental United States. Prices are subject to change without notice, unless quoted in writing. Possession of the price list does not constitute authority to sell or offer for sale OFS products.

acknowledgments

Orders are acknowledged upon receipt of credit approval. Your acknowledgment is a detailed description of items, prices, shipping information, and shipping date. Please read your acknowledgment closely and notify OFS immediately of any discrepancies. OFS is not responsible for errors on orders placed by phone without written confirmation.

availability

First Office is committed to the fastest possible shipment of all products. All other items are available within our normal manufacturing schedule. For information on stock availability, call our **customer service hotline 800-521-5381**.

Note: Planned shipping dates may be delayed due to fires, strikes, natural disasters, or other causes beyond our control.

quantity orders

Contact your OFS Customer Service Representative to verify inventory and production schedules to ensure requested shipment date prior to placing large quantity orders.

delivery and freight charges

All shipments are F.O.B. point of shipment, freight prepaid and allowed, excluding fuel surcharges. Shipments outside of the Continental United States are freight prepaid and allowed to port of exit. OFS reserves the right to select the most appropriate carrier and routing on all shipments; however, we will try to accommodate requests for your preferred carrier. OFS reserves the right to implement a fuel surcharge. **Orders of less than \$1500 net** will be assessed a handling charge of \$100 net per order. Any charges arising from failure to receive a shipment, rerouting while in transit, or carrier storage charges are not included in prices shown. Orders requiring special services are subject to an additional charge.

These services include:

- Reconsignment from original destination to new destination - \$35 plus \$3.00 per mile net
- Refused/Returned Freight
 - Freight refused at destination and returned to OFS - Double Freight
 - Freight refused at time of delivery; returned to OFS to deliver at a later date - Triple Freight
- Detention Fees (after 2 hours of waiting) - \$85 net per hour
- Weekend delivery available Friday after 3:00 p.m. through Sunday night, or Holiday - \$600 net per truck
- Customer Pickup
 - Customer Request for 3rd party to pick up freight at OFS terminal - \$125 net
- Change of Tags/Address/Phone #'s on Shipments - \$35 net

special orders

The OFS line of office furniture is among the most complete in the industry. However, should a particular need arise requiring size modification or customization, contact your Customer Service Representative for a price quotation. Because of the uniqueness of the product, special orders are not subject to cancellation.

cancellation and order changes

All orders accepted by OFS are considered firm and binding and are not subject to cancellation.

warehouse storage charges

If a shipment is held beyond fourteen (14) calendar days after the order is ready for shipment at your request, a .067% per day (2% per month) storage charge will be assessed. The effective date will be fourteen (14) calendar days after the order is ready for shipment, as long as this date is after the acknowledged ship date. Further, the prices applied to the order will be those prices in effect at time of shipment.

extended production and ship dates

Orders placed with OFS with extended lead times as requested by you will be subject to price in effect at time of shipment.

damaged merchandise and freight claims

1. Inspect all cartons for damage and verify carton quantity. All shipments are delivered to the transportation company in good condition; OFS's liability ceases at this time. Do not refuse merchandise damaged in transit. Instead, enter a claim with the transportation company.
2. Record damages and/or shortages on the bill of lading and freight bill. Do not accept the shipment until all shortages are noted on both the bill of lading and the freight bill. Sign only for the items you receive. If you give the delivering carrier a clear receipt for a shipment, the carrier is relieved of further responsibility.
3. If concealed damage is found: Notify the delivering carrier at once and request an inspection. For shipments via Styline Logistics, notify your OFS Customer Service Representative. This must be done within 20 calendar days of delivery. Without this inspection the transportation company will not entertain a claim for loss or damage. If the carrier will not perform the inspection, you should prepare an affidavit that you contacted the carrier, noting the time and date, and that the carrier failed to comply with your request. All shipping cartons and inner packing must be retained for carrier inspection. Do not move the damaged merchandise from the receiving location. It must also be retained for the inspection.

return of merchandise

OFS will not accept returned merchandise without a signed Return Authorization (RA) issued by our Customer Service Department. All returned merchandise must be properly packaged and cartoned to prevent further damage. Carton must be clearly marked with identifying RA number so that proper credit can be issued. We will consider issuing RAs for the following reasons:

- Manufacturing defect (must be inspected by an OFS sales representative)
- OFS order processing error
- Shipping error
- Duplicate shipments
- Mismatched cartons

All merchandise must be returned within thirty (30) days of the date of the RA to receive credit. Freight damage, signs of usage, missing parts, etc., will be adjusted on the amount of credit to be issued.

repair charges

Reimbursement from OFS for repairs must have prior approval.

finishes

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

custom finishes

Custom finish color matching is available for special requirements. OFS must be provided with a suitable 8" x 10" or larger finish sample. OFS has a complete library of previously developed custom finishes that may be an acceptable match. However, new custom finishes can be developed to meet specific needs. **There will be a \$300 net upcharge per order for new custom finishes (waived on projects of \$100,000 list price or more). Custom finish upcharge for repeat or additional orders will be \$150 per order, even when the upcharge was waived on the original project.** Custom finish matches are valid for 12 months from sample date. After this time period, custom finishes must be rematched and reapproved for use.

finish disclaimer

Some desktop accessories with plastic feet can penetrate or burn the finish. This is not a defect in the finish. Wood is a natural product and minor variations in wood color, grain, and texture may be visible even though the pieces are finished at the same time. Also, light finishes when exposed to ultraviolet rays may darken and change color. These are not defects in the finish, and merchandise cannot be replaced because of these natural variations.

BIFMA and ANSI testing

OFS is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, OFS products within this price list generally meet or exceed applicable BIFMA and ANSI standards.

memberships

OFS is proud to be a member and support these organizations:

tackboard fabrics

All OFS carded fabric patterns **except Vinyls and Leathers** are preapproved for tackboard application (see OFS Seating Price List for patterns and colors). A complete list of fabrics that have been tested for tackboard application can be accessed at www.ofs.com · Products · Materials · Textiles · Tackboard Fabrics. Each fabric pattern and vendor is listed with a "YES" or "NO" for approval. If your selected fabric is not on the list, please contact your Customer Service Representative for approval.

locking information

Standard Locks are always keyed alike with key number 345T. Standard locks are placed inside the top drawer for shipping and are field installed.

specific key options

Requirements for specific key options by office must be specified on the purchase order at the time the order is placed. Model Numbers with specific key options will specify "NO LOCK CORE" on the acknowledgment. A separate line item will be listed on the acknowledgment as "LOCK CORE SET." Lock core and key (only 1 key is now included).

keyless cabinet locking system

Keyless cabinet locking system uses radio frequency technology. One transmitter pad can operate single or multiple receiver latches. The locking system operates with separate and programmable user and supervisor codes. Optional modes are available for manual locking, self locking or single use locking of drawers and doors. Please contact your Customer Service Representative for applicability and for a price quotation.

field installation

Blank lock cores are installed at factory, allowing specific lock numbers to be ordered but shipped in a separate package for field installation. Lock Core Order Form (see page 5) **must be filled out and submitted** with the purchase order. Lock core/key numbers 100 through 150 are available. For quantity of locks per unit, please visit www.ofs.com and select Resources · Forms & Documents · Lock Core Guide.

re-keying in the field

Lock core and key can be purchased separately. The purchase order must specify quantity, key number(s), and color of the core (available in nickel, brass, or black). Key numbers above number 150 are not stocked and may require a 2-week lead time. Orders ship standard UPS ground. **Please note:** A lock core change tool must be ordered for lock cores that will be re-keyed in the field.

item	list
Lock Core and Key	\$15
Lock Core Change Tool	\$26
Master Key	\$26

All items are non-returnable.

Lock cores are available in **nickel, brass, or black**. Key numbers **100-150 are in stock**, and available for shipment with purchase order. Other key numbers will be ordered, acknowledged, and shipped on a separate order with a three week delivery. Please continue on additional page(s), if needed. Indicate No. of Pages here _____

OFS Environmental Attributes

Euroluxe™ with SilverBan™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the depth and clarity of OFS Brands finishes and achieves SCS Global Services' Indoor Advantage Gold Certification. SilverBan™ technology utilizes silver ions infused into the Euroluxe™ wood finish for anti-microbial protection on all exposed wood surfaces.

All OFS Brands products have achieved **SCS Indoor Advantage Gold Certification** from SCS Global Services. Indoor Advantage Gold certification is SCS Global Services' highest level of indoor air quality performance for furniture. The certification assures that furniture products support a healthy indoor environment by meeting strict chemical emission limits for volatile organic compounds (VOCs). To be certified, products must be tested by independent labs for compliance with the ANSI/BIFMA X7.1, and either ANSI/BIFMA e.3 or CDPH/EHLB Standard Method V1-1 for VOC emissions of concerns.

level is the multi-attribute, sustainability standard and third-party certification program for the furniture industry. It has been created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment.

Taking into account a company's social actions, energy usage, material selection and human and ecosystem health impacts, level addresses how a product is sustainable from multiple perspectives.

With level, customers can make informed choices about commercial furniture that exceed single attribute eco-certifications. The level brand identifies that a product has been vetted by an independent third party certifier and its numeric marking 1, 2, or 3 indicates what threshold of certification it has achieved.

Manufacturers – big and small – now have a methodology to present the environmental characteristics in a clear, easily understood manner with a vernacular that gives end users the ability to make an “apples to apples” comparison.

SCS Global Services (**SCS**) has been providing global leadership in third-party quality, environmental and sustainability verification, certification, auditing, testing, and standards development for three decades. Its programs span a cross-section of industries, recognizing achievements in green building, product manufacturing, food and agriculture, forestry, power generation retail, and more. SCS is accredited to provide services under a wide range of nationally and internationally recognized certification programs. Consistent with its mission, SCS is a chartered benefit corporation and Certified B Corp™, reflecting its commitment to socially and environmentally responsible business practices.

The **FSC®** standards (Forest Stewardship Council®) represent the world's strongest system for guiding forest management toward sustainable outcomes. us.fsc.org

FSC certified products are manufactured with material that comes from managed forests that are traceable from the time the logs are cut to the time the final project is installed and are recorded by way of a COC or chain of custody claim on all invoices.

The demand for certified forest products has grown significantly in recent years. OFS Brands' goal to act as a responsible steward of the environment encouraged us to pursue our FSC Chain of Custody (COC) certification which would provide our customers (Dealer, A&D Community and End-users) the added reassurance they've done their part to be earth friendly in their product purchase and enable them to substantiate the LEED (Leadership in Energy and Environmental Design) Materials & Resources Credit 7 for certified wood, in which the intent is to encourage environmentally responsible forest management.

FSC certification is optional on many, but not all, OFS Brands' product lines. Please contact OFS Brands Customer Service for information in regards to which of our product lines are available as FSC certified, and what the necessary procedures are for ordering FSC certified products from OFS Brands.

OFS Brands' company-owned transportation company, Styline Logistics, is **SmartWay**-certified. SmartWay is one of U.S. Environmental Protection Agency (EPA's) clean air programs that uses voluntary, rather than regulatory methods, to achieve air quality benefits. SmartWay's focus is in the transportation sector, and encompasses products and services associated with fuel-consuming engines.

The "**Premium Indiana Forest Products**" brand tells everyone that there is an abundant, sustainable supply of the finest Indiana hardwoods to meet consumer demand. It also tells them that Indiana's forests are well-managed, legally-harvested and environmentally responsible. The logo is reflective of the wood itself. Indiana hardwoods display a depth that defies imagination.

PRODUCT REFERENCE easy modification list

mod#	modification detail	list price
1. MOD#1	Standard OFS Brands Hardware Pulls	\$25 Each
3. MOD#3	Move or Add Grommets (customer to specify location)	\$61 Each
