STATE CONTRACT NO. 8200013695

STATE CONTRACT SMART NO. 1130-15-C-SWCT-00337*

OPTFM has listed a state contract number and a state contract *smart* number. The contract number is an automatically generated number. The smart number is a more unique identifier that lists OPTFM's agency's number, contract year and shows agencies that it is a statewide contract. Also there is an asterisk listed at the end of the smart number. The asterisk is added at the end of the number for searchable purposes only; this is because each time a contract is changed, the Version number of the contract changes. It is not actually a part of the smart number. Either number can be used by agencies to search for this contract in the State's e-procurement system.

Any items covered by a competitively bid contract with the Office of Purchasing, Travel and Fleet Management will not be included in this agreement.
