JACKSON

STATE CONTRACT NO. 8200004233

STATE CONTRACT SMART NO. 1130-14-C-SWCT-00432*

OPTFM has listed a state contract number and a state contract *smart* number. The contract number is an automatically generated number. The smart number is a more unique identifier that lists OPTFM's agency's number, contract year and shows agencies that it is a statewide contract. Also there is an asterisk listed at the end of the smart number. The asterisk is added at the end of the number for searchable purposes only; this is because each time a contract is changed, the Version number of the contract changes. It is not actually a part of the smart number. Either number can be used by agencies to search for this contract in the State's e-procurement system.

CONTRACTOR: Sharp Electronics Corporation
Please use Supplier No. 3100034060
when ordering.

DATE: April 30, 2014

ITEMS: Sharp Copy Machines and Related
Supplies

EFFECTIVE: May 1, 2014
through
April 30, 2015

AMENDMENT EFFECTIVE: February 13, 2015

F. PRICES

The following items have been replaced on this contract:

The Sharp MX-M623N has been replaced by the MX-M654N.

The Sharp MX-M753N has been replaced by the MX-M754N.

STATE CONTRACT 5-600-21380-14

CONTRACTOR: Sharp Electronics Corporation

DATE: April 30, 2014

ITEMS: Sharp Copy Machines and
Related Supplies

EFFECTIVE: May 1, 2014
through
April 30, 2015

A. AUTHORITY

This certifies that a contract has been executed between the Department of Finance and Administration, Office of Purchasing and Travel for the State of Mississippi and the herein designated Contractor pursuant to Section 31-7-7, Mississippi Code of 1972, Annotated, for the items specified herein.

B. EFFECT

During the term of this contract no purchase of copy machines and related supplies manufactured and/or distributed by the above-designated Contractor shall be made by state agencies at a price in excess of that established by the prices set out in this regulation (See Section "F").

Commodities purchased under provisions of this contract from the above Contractor or his authorized distributors shall be exempt from competitive bid requirements otherwise applying to purchases by the state agencies, counties, municipalities and other political subdivisions.

C. PURCHASE ORDERS

Purchase orders prepared by the various state agencies shall show the state contract number on the P. O. in the designated space, quantity, description of the items and prices, also shipping or delivery instructions, if any.

D. PAYMENT

The supplier shall be paid by the ordering agency upon submission of properly certified invoices or vouchers for articles or services delivered and accepted less deductions, if any, as provided.

E. ORDERING

Purchasers shall order in such quantities as required. Purchase orders are to be directed to address of Contractor or Distributors shown in Section "J". The Bureau of Financial Control of the State shall not approve any account nor order and direct payment of any account for the purchase of any commodity covered by this contract certification when the purchase price is in excess of the maximum price fixed in this purchasing regulation.

F. PRICES

Prices for the new period are set forth on the following price list. The following information on multi-functional devices and networking copiers is also considered to be part of this agreement.

Multi-Functional Devices and Networking Copiers

In the past, a copier was clearly a copier and a computer printer was clearly a computer printer. However, as technology advances, the line of distinction has become not so clear. Because of this "twilight zone," Information Technology Services (ITS) and the Office of Purchasing and Travel (OPT) have set forth the following policy guideline: If a machine can be used as a walk-up copier and published product literature indicates that one of its primary functions is copying documents, then that machine can be included in the OPT Copier Contract. It is intended that this policy will allow copiers with computer interface, facsimile and digitizing features to be placed on the OPT contract. In addition, it is intended that this policy will allow equipment commonly called "multi-functional" to also be included in the OPT contract. ITS will continue to manage purchasing for their established classes of computer and communications peripherals. In situations where a state agency or institution under ITS purview intends to use the machine interfaced with a computer or in a network configuration primarily in a traditional information systems application capacity, and the total amount of the purchase/rental exceeds \$250,000, the agency or institution must first contact ITS through the formal procurement exemption request process. In the request, the agency or institution may express a desire to use the OPT state contract to fulfill its technical needs. ITS will work with the requesting entity toward reaching a consensus as to technical appropriateness of equipment from the OPT contract in each given case.

ITS will approve the exemption request if appropriate. If ITS does not concur with the exemption, then the project will be handled through standard ITS policies and procedures in lieu of the OPT state contract. If the total amount of the purchase/rental does not exceed \$250,000, ITS approval is no longer required. "Total amount of the purchase" shall mean the cost of the copier and all attachments. "Total amount of the rental" shall mean the monthly cost of the copier and all attachments multiplied by the term of the rental agreement.

Product literature may be obtained from the Contractor.

Entities making purchases over \$50,000 may consider obtaining two competitive quotes from the authorized dealers' list on this manufacturer's contract. If this manufacturer does not have a dealers' list, the manufacturer should be prepared to submit a quote.

G. TRANSPORTATION

F.O.B. destination, freight prepaid.

H. POLITICAL SUBDIVISIONS -COUNTIES, MUNICIPALITIES, SCHOOLS, ETC.

This contract provides that the provisions thereof may be available to any county, municipality, school board or other local public agency or authority of the State of Mississippi which may elect to purchase at the prices, terms and conditions of sale specified therein. Any such agency or political subdivisions electing to purchase as herein provided shall write the following on the face of the purchase order:

"P. O. issued pursuant to provisions of
Mississippi State Contract No. 5-600-21380-14."

I. TERMS

Net Forty-five (45) days

J. CONTRACTOR

Please place all orders under this agreement with the following:

Ordering instructions and a list of authorized dealers is included with this notice.

B & W COPIERS

The Sharp MX-B201D Digital Multifunction Document System is big on performance, but compact in size. Designed for small offices and workgroups, the MX-B201D delivers all the required features for fast-paced, small office environments. With 20 page-per-minute copying/printing and integrated color scanning, your office workflow won't miss a beat. A 50 sheet document feeder provides standard 2-sided scanning for extra efficiency, as well as duplex printing and copying. The cost-effective, consumable system utilizes a three-component system that's easy to replace and easy on your wallet. And since business never stands still, the MX-B201D offers flexible options to add Super G3 faxing, networking and web-based management...so you'll be ready for anything.

Features at a glance

- ◆ 20 PPM Compact Desktop Digital Copier with high-quality 600 dpi output
- ◆ Up to 100-Page Electronic Sorting and Offset Output Stacking allows copying of multiple sets quickly and efficiently
- ◆ 50-sheet Reversing Single Pass Feeder with standard 2-sided PC scanning
- ◆ Paper capacity maximum: 550 sheets
 - Standard 250 sheet paper drawer and 50 Sheet multi-purpose bypass tray handles different size paper ranging from 3 1/2" x 5 1/2" up to 8 1/2" x 14" as well as envelopes, labels, and transparencies
 - Optional 250 sheet paper drawer
- ◆ 25% to 400% zoom magnification with eight preset modes for easy image-to-paper sizing
- ◆ Scan and send documents to a variety of destinations for easy distribution
- ◆ Copy both sides of an ID card, and print both images on a single page with the ID Card Shot feature (standard)
- ◆ Optional Network Expansion Kit with 10Base-T/100Base-TX Ethernet, Network PCL@6 Printing and Network Scanning
- ◆ Optional PostScript@3™ compatible Expansion Kit
- ◆ Optional Super G3 Fax Kit with 118 auto-dial destinations
- ◆ Dimensions: 20-3/8" (w) x 18-1/8" (d) x 14-3/4" (h)
(Measurements for base model without Stand)

The Sharp MX-M232D delivers the advanced performance needed for today's small office—all in a value-driven, multifunction document system. This 23 ppm versatile performer comes equipped with electronic sorting as well as 600-dpi speed-enhanced PC printing. But that's not all! The MX-M232D also offers full-color ledger-size PC scanning—enabling you to share or archive documents with just a few keystrokes. With up to 1,100 sheet paper capacity, this robust MFP can easily keep pace with even the most demanding offices. And, with flexible connectivity options such as PCL®6 and PS®3 network printing, network scanning and Super G3 faxing, the Sharp MX-M232D can easily help grow your business.

In today's fast-paced business environment, you need to operate at peak efficiency. With Sharp's MX-M264N / M314N / M354N Monochrome Document Systems, you'll be able to raise office productivity to a new level. Offering enhanced versatility, Sharp's Monochrome Document Systems deliver everything your business needs to get ahead with up to 35-ppm copying and printing, color network scanning, and integrated multi-tasking capabilities - all this, while being easy to afford. Features include a high resolution touch-screen color display with graphical user navigation for easy operation. A powerful true multi-tasking controller offers quick processing of even complex print jobs. The MX-M264N / M314N / M354N Document Systems also produce crisp, clear documents in-house, helping you save time and money. Sharp's advanced device management tools make it simple for businesses to control access and usage. To make integration with network applications easy, the MX-M264N / M314N / M354N Document Systems support the Sharp OSA® development platform. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

The MX-M364N, MX-M464N and MX-M564N Essentials Series monochrome document systems offer flexible multitasking workflow features and high quality output at speeds up to 56 pages-per-minute. Designed for busy workgroup environments, these models combine versatile paper handling with robust finishing options in a compact modular design that is also affordable. The Sharp Essentials Series can help virtually any office accomplish more in less time.

These models include standard full multifunction capability out-of-box copying, PCL® 6 network printing and color network scanning for today's demanding office environments. They also offer a high-capacity tandem paper drawer and productive inner finisher options that provide high functionality in a compact footprint. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

The MX-M364N, MX-M464N and MX-M564N monochrome document systems have been built on the Sharp OSA® development platform, making integration with network applications and cloud services easier than ever. And Sharp's energy efficient design offers low power consumption and fast warm-up time.

Features at a glance

- ◆ 36 / 46 / 56 PPM Digital Copier - Networked
- ◆ 600 x 600 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
 - 600 Sheets Standard: one 500 sheet paper drawer and one 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with (3) x 500 sheet paper drawers
 - Optional Stand with (1) x 500 sheet paper drawer + 2,000 sheet tandem paper drawer
- ◆ Large (7") high resolution touch-screen color display with graphical navigation
- ◆ Standard 320GB Hard Drive
- ◆ Standard 100 sheet reversing single pass feeder
- ◆ Scans documents at up to 56 images per minute
- ◆ 800 MHz true multi-tasking controller
- ◆ ImageSEND™ function scans documents to USB devices, network folders, email and more
- ◆ Optional Retractable Keyboard
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Flexible paper handling system feeds up to 80 lb cover through the paper trays and up to 110 lb cover through the bypass tray
- ◆ Network ready PCL®6 printing system with direct print function and available PostScript® 3™ and XPS options
- ◆ Dimensions: 24-1/4"(w) X 28"(d) X 33-1/4"(h)
(Measurements for base model without stand)

The MX-M365N, MX-M465N and MX-M565N Advanced Series monochrome document systems offer powerful multitasking workflow features and exceptional image quality at speeds up to 56 pages-per-minute. Designed for busy workgroup environments, these models combine a versatile modular design with tablet-style menu navigation and powerful output capabilities that can help virtually any office accomplish more in less time.

These models include standard out-of-box wireless networking and true Adobe® PostScript® 3™ network printing that offer enhanced compatibility with today's modern office environments. They also offer a high-capacity tandem paper drawer and productive inner finisher options that provide high functionality in a compact footprint. The Advanced Series support Cloud Portal Office, a new content management software service from Sharp for storing and sharing scanned documents and other electronic files. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

The MX-M365N, MX-M465N and MX-M565N monochrome document systems have been built on the Sharp OSA® development platform, making integration with network applications and cloud services easier than ever.

Features at a glance

- ◆ 36 / 46 / 56 PPM Digital Copier - Networked
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
 - 600 Sheets Standard: one 500 sheet paper drawer and one 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with (3) x 500 sheet paper drawers
 - Optional Stand with (1) x 500 sheet paper drawer + 2,000 sheet tandem paper drawer
- ◆ Large (10.1" - diagonally measured) tablet-style touch-screen color display with image preview feature with flick, tap and slide navigation, and pinch-and-zoom capability
- ◆ Standard 320GB Hard Drive
- ◆ Standard 150 sheet duplexing single pass feeder
- ◆ Scans both sides of a document in a single pass at up to 170 images per minute
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ ImageSEND™ function scans documents to USB devices, network folders, email and more
- ◆ 1.8 GHz true multi-tasking controller
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Flexible paper handling system feeds up to 80 lb cover through the paper trays and up to 110 lb cover through the bypass tray
- ◆ Network ready PCL®6 and true Adobe PS®3™ printing system with direct print function and available XPS option
- ◆ Dimensions: 24-1/4"(w) X 28"(d) X 33-1/4"(h)
(Measurements for base model without stand)

Precision engineered to help increase workflow efficiency and provide exceptional image quality, Sharp's MX High-Speed Monochrome workgroup document system takes you to the next level in MFP performance and productivity. A large customizable, high resolution touch-screen color display with graphical menu navigation and a full-size retractable keyboard to simplify data entry are just two of the many advanced features offered on this model. The powerful 800 MHz true multi-tasking controller enables users to save time and money while producing professional documents in-house - robust performance that is also economical. Sharp's advanced device management makes it easy to control usage and costs. With the latest Sharp OSA® development platform, integration with network applications has never been easier. And, to help safeguard the confidentiality of your intellectual property, Sharp's industry-leading security suite is second to none.

Features at a glance

- ◆ 62 PPM Digital Copier - Networked
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
 - Standard 2,000 sheet paper drawer, (2) x 500 sheet paper drawers and 100 sheet bypass tray
 - Optional 3,000 sheet large capacity tray (letter / legal / ledger) or a 3,500 sheet large capacity tray (letter)
- ◆ Large high resolution touch-screen color display with graphical navigation
- ◆ Standard 80GB Hard Drive
- ◆ Standard 150 sheet duplexing single pass feeder with color Scan² Technology minimizes paper misfeeds and enhances reliability
- ◆ 800 MHz true multi-tasking controller
- ◆ Standard retractable keyboard
- ◆ ImageSEND™ function with blank-page skip scan documents to e-mail, network folders and USB devices
- ◆ Network interface supports gigabit ethernet
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Sharp OSA® development platform with standard application communication module and external accounting module
- ◆ Standard PCL6/PCL5e printing system with direct print function and available Postscript 3 and Windows XPS options
- ◆ Dimensions: 29"(w) X 27"(d) X 48"(h)

Precision engineered to help increase workflow efficiency and provide exceptional image quality, Sharp's MX High-Speed Monochrome workgroup document system takes you to the next level in MFP performance and productivity. A large customizable, high resolution touch-screen color display with graphical menu navigation and a full-size retractable keyboard to simplify data entry are just two of the many advanced features offered on this model. Sharp's advanced device management makes it easy to control usage and costs. With the latest Sharp OSA® development platform, integration with network applications has never been easier. And, to help safeguard the confidentiality of your intellectual property, Sharp's industry-leading security suite is second to none.

Features at a glance

- ◆ 75 PPM Digital Copier - Networked
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
 - Standard 2,000 sheet paper drawer, (2) x 500 sheet paper drawers and 100 sheet bypass tray
 - Optional 3,000 sheet large capacity tray (letter / legal / ledger) or a 3,500 sheet large capacity tray (letter)
- ◆ Large high resolution touch-screen color display with graphical navigation
- ◆ Standard 80GB Hard Drive
- ◆ Standard 150 sheet duplexing single pass feeder with color Scan² Technology minimizes paper misfeeds and enhances reliability
- ◆ Optional 800 MHz true multi-tasking controller
- ◆ Standard retractable keyboard
- ◆ ImageSEND™ function with blank-page skip scan documents to e-mail, network folders and USB devices
- ◆ Network interface supports gigabit ethernet
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation when network-connected
- ◆ Sharp OSA® development platform with standard application communication module and external accounting module
- ◆ Standard PCL6/PCL5e printing system with direct print function and available Postscript 3 and Windows XPS options
- ◆ Dimensions: 29"(w) X 27"(d) X 48"(h)

MX-M904 / MX-M1054 / MX-M1204 Networked Digital Duplicator

From walk-up office environments and corporate data centers to high-volume CRD and copy rooms, Sharp's top-of-the-line MX-M904, MX-M1054 and MX-M1204 High-Speed Light Production Monochrome Series provide advanced technology and features that will streamline your document workflow like never before. The MX-M904, MX-M1054 and MX-M1204 have been designed from the ground up to handle the rigorous demands of high volume environments. With three engine speeds (90ppm, 105ppm and 120ppm), standard networking and flexible configurations these high volume workhorses are a perfect fit where productivity and reliability are essential.

A large 10.1" (diagonally measured) high-resolution, touch-screen display offers real-time scan preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. With Sharp's micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your business can produce professional looking monochrome documents with razor-sharp image quality that is also economical. A new paper feed option utilizes air-feed technology, which offers higher reliability and enhanced media capabilities.

Built on the latest Sharp OSA® development platform, the MX-M904, MX-M1054 and MX-M1204 make integration with network applications and cloud services easier than ever. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 90 / 105 / 120 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
 - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
 - Optional 3,000 sheet letter / legal / ledger size large capacity cassette - only for MX-M904
 - Optional 3,500 sheet letter size large capacity cassette
 - Optional 5,000 sheet letter / legal / ledger size large capacity tray
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Web browser feature allows easy access to web-based information
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 7 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 250 Sheet Duplexing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide menu navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Scans documents at up to 208 images per minute (Monochrome or Color)
- ◆ Network ready PCL®6/PS3 printing system with direct print function and available XPS options
- ◆ Flexible paper handling system feeds up to 110 lb cover stock through paper trays and through bypass tray
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 46-3/4" (w) x 31-1/4" (d) x 48-3/4" (h)
(Measurements for base model without stand)

COLOR COPIERS

The MX-C250 and MX-C300W desktop color document systems are designed to be compact and powerful, bringing performance and productivity to individuals and small workgroups. These models are capable of output speeds of up to 30 pages per minute (PPM), regardless of whether you're working with monochrome or color documents. They offer print, copy, scan and fax features that enhance day-to-day workflows. The compact size of the MX-C250 and MX-C300W enable them to fit into tight workspaces without sacrificing the advanced technology that provides professional quality output. Standard wireless networking on the MX-C300W allows users to connect to the multifunction device without having to be near a wired network connection. Sharpdesk Mobile compatibility offers cutting edge mobile scanning and printing that connects the MX-C250/C300W to mobile products such as iPad®, iPhone®, Android™, Windows® 8, or Windows® RT devices. The compact design of the MX-C250/C300W series was achieved using breakthrough technologies developed internally by Sharp, which include a high performance lens, downsized scanning unit, side-by-side toner cartridges and a reduction in overall parts. These technologies have helped Sharp offer one of the lowest costs-per-copy (CPC) in this category.

Features at a glance

- ◆ Productive Printing and Copying 25 PPM/CPM (MX-C250) and 30 PPM/CPM (MX-C300W)
- ◆ Paper capacity maximum: 800 sheets
 - Standard 250 sheet paper drawer and 50 sheet bypass tray
 - Optional: 500 sheet letter/statement drawer
- ◆ PLC6 / Postscript® 3 network printing for both PC and Mac printing environments
- ◆ 35 Page Single Pass Document Feeder (MX-C250)
50 Page Reversing Single Pass Document Feeder (MX-C300W)
- ◆ Standard Auto Duplex Printing
- ◆ Sharpdesk Mobile offers powerful, mobile scanning and printing for users' mobile products including iPad, iPhone, Android, Windows 8 and Window RT devices
- ◆ Compact Design: does not require a special cabinet and easily fits into today's small office environments
- ◆ High Quality 600 x 600 dpi copy and print
- ◆ Simplified user interface utilizing a 5-line LCD operation panel
- ◆ Full Color Scanning to E-mail, FTP Server, network folder, USB memory or desktop
- ◆ Front USB port for easy scan to USB memory or printing from USB
- ◆ ID card shot feature for easy copying of insurance cards, credit cards or drivers license
- ◆ IPv6 support ensures the latest compatibility with network environments
- ◆ Dimensions 17" x 20" x 15 3/4" - MX-C250 (fully configured)
17" x 20" x 16 3/4" - MX-C300W (fully configured)

MX-2615N / MX-3115N Networked Digital Color Copier

A full color ledger-size document system that will meet virtually all of your business needs. Boost workgroup efficiency and productivity with Sharp's MX-2615N/MX-3115N full color Multi-Function Document Systems, designed to deliver amazing image quality and consistent day-to-day performance while also being easy to afford. Features include Standard PCL®6 compatible printing language, a high resolution touch screen color display with graphical user navigation for easy operation, and a total paper capacity up to 3,100 sheets. Equipped with a powerful true multi-tasking controller that allows quick processing of even complex print jobs, the MX-2615N/MX-3115N produces high quality, vibrant color documents in-house, helping you save time and money. Sharp's advanced device management tools make it simple for businesses to control system access, color usage and costs. To make integration with network applications easier than ever, the MX-2615N/MX-3115N supports the Sharp OSA® Development Platform. Sharp's industry-leading security helps assure the confidentiality of your intellectual property. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 26 / 31 PPM Black & White / 26 / 31 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 3,100 sheets
 - 600 Sheets Standard: one 500 sheet paper drawer and one 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with (3) x 500 sheet paper drawers
 - Optional Stand with (1) x 500 sheet paper drawer + 2,000 sheet tandem paper drawer
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to seven times
- ◆ Powerful true multi-tasking full-color document system
- ◆ Large, high resolution touch-screen color display with graphical navigation
- ◆ Enhanced second generation micro-fine toner technology offers sharp, high-quality images page after page
- ◆ 600 x 600 dpi printing provides clear, crisp images
- ◆ Advanced ImageSEND™ function scans documents to USB devices, network folders, e-mail and more
- ◆ Robust 320 GB HDD with Document Filing System with thumbnail view and image preview features
- ◆ Network ready PCL®6 printing system with direct print function and available PS®3 and XPS options*
- ◆ Supports the Sharp OSA™ development platform, enabling businesses to streamline document workflow and enhance productivity with speed and efficiency*
- ◆ Remote Front Panel feature allows users and administrators to view and control machine operations from a PC workstation*
- ◆ Environmentally friendly design offers low power consumption, fast warm up, compact design and long-life parts and supplies
- ◆ Dimensions 24" (w) x 25-1/2" (d) x 33" (h)
(Measurements for base model without Stand)

MX-2616N / MX-3116N Networked Digital Color Copier

A full color ledger-size document system that helps with all of your business needs. Sharp's MX-2616N/MX-3116N - with all the essential copy, print, color network scan functions and convenient fax option - is an attractive, user-friendly addition to any workplace. To move your business forward, these full-color A3 MFPs from Sharp are the smart choice. Sharp's MX-2616N/3116N full-color multifunction document systems have been meticulously engineered to help businesses maximize their document workflow efficiency while providing outstanding image quality and performance. The MX-2616N/3116N multi-processor design with Standard PCL® 6 Printing System produces brilliant, high-quality color documents as well as razor-sharp monochrome documents at speeds of 26/31 ppm. There is an available 2,000 + 500 sheet Tandem Paper Drawer that fits within the standard footprint of the MFP, offering higher paper capacity without sacrificing valuable office space. The standard 100 sheet Reversing Single Pass Document Feeder scans up to 50 originals per minute, helping to maximize productivity. With Sharp's powerful multi-tasking controller, the MX-2616N/3116N can help save time and money producing professional color documents in-house with breathtaking image quality in a value-packed system. Sharp's advanced device management and Remote Front Panel feature makes it easy to control color usage and costs. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 26 / 31 PPM Black & White / 26 / 31 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 3,100 sheets
 - 600 Sheets Standard: one 500 sheet paper drawer and one 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with (3) x 500 sheet paper drawers
 - Optional Stand with (1) x 500 sheet paper drawer + 2,000 sheet tandem paper drawer
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to seven times
- ◆ Powerful true multi-tasking full-color document system
- ◆ Large, high resolution touch-screen color display with graphical navigation
- ◆ Enhanced second generation micro-fine toner technology offers sharp, high-quality images page after page
- ◆ 600 x 600 dpi printing provides clear, crisp images
- ◆ Advanced ImageSEND™ function scans documents to USB devices, network folders, e-mail and more
- ◆ Robust 320 GB HDD with Document Filing System with thumbnail view and image preview features
- ◆ Network ready PCL®6 printing system with direct print function and available PS®3 and XPS options*
- ◆ Remote Front Panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Environmentally friendly design offers low power consumption, fast warm up, compact design and long-life parts and supplies
- ◆ Dimensions 24" (w) x 25-1/2" (d) x 33" (h)
(Measurements for base model without Stand)

Sharp's MX-2640N/3140N/3640N color series document systems combine the simplicity of touch-screen menu navigation with robust multi-tasking workflow features that can help virtually any office accomplish more in less time. A large 10.1" (diagonally measured) high-resolution, tilting touch-screen display offers real-time image preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. This series also offers many advanced features such as a fully customizable home screen, dynamic action menus that provide feature-specific guidance, and a standard full-size retractable keyboard for easy data entry. Plus, with Pantone licensing, these models offer unprecedented levels of color fidelity – combined with true 1200 x 1200 dpi print resolution, they can help your business produce professional-looking color documents in-house with breathtaking image quality that is also economical. The MX-2640N/3140N/3640N color series has been built on the latest Sharp OSA® development platform, making integration with network applications and cloud services easier than ever. And with Sharp's industry-leading security platform with standard 256-bit data encryption and overwrite protection, you can rest assured that your intellectual property is well protected. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 26 / 31 / 36 PPM Black & White - 26 / 31 / 36 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,600 sheets
 - 600 Standard - One 500 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with (3) x 500 sheet paper drawers
 - Optional Stand with (1) x 500 sheet paper drawer + 2,000 sheet tandem paper drawer
 - Optional 3,500 sheet large capacity tray
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to seven times
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry

Sharp's MX-4140N color document system combines the simplicity of touch-screen menu navigation with robust multi-tasking workflow features that can help virtually any office accomplish more in less time. A large 10.1" (diagonally measured) high-resolution, tilting touch-screen display offers groundbreaking real-time image preview with intuitive flick and tap editing to help ensure your documents are produced accurately and without waste. This color series also offers many advanced features such as a fully customizable home screen, dynamic action menus that provide feature-specific guidance, and a full-size retractable keyboard for easy data entry. Plus, with Sharp's enhanced second-generation micro-fine toner technology and true 1200 x 1200 dpi print resolution, this series can help your organization produce professional looking color documents in-house with breathtaking image quality that is also economical. The MX-4140N color copier has been built on the latest Sharp OSA® development platform, making integration with network applications and cloud services easier than ever. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 41 PPM Black & White / 41 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,600 sheets
 - 1,100 Standard - Two 500 sheet paper drawers and 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with 2,000 sheet tandem paper drawer
- ◆ Large 10.1" high resolution touch-screen display with tilt view and faster response time
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to seven times
- ◆ 100 Sheet Reversing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide navigation, and pinch-and-zoom capability to shrink and enlarge images
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Action menus to provide users with feature-specific guidance
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Standard Wireless LAN connects to your network or allows users to print to and scan from the device via Sharpdesk® Mobile
- ◆ Compact PDF format can dramatically reduce the file sizes of scanned PDFs, allowing for faster transmission times and decreased traffic on your network
- ◆ Web Browser feature with built in PDF Viewer allows easy access to web-based information and applications
- ◆ Cloud Portal Office Ready
- ◆ ImageSEND™ function scans documents to USB devices, network folders, email and more
- ◆ Scans documents at up to 51 images per minute in both Black and Color
- ◆ Network ready PCL®6 and PS3 printing system with direct print function and available XPS option
- ◆ Document filing system with thumbnail view and image preview features for easy identification
- ◆ Flexible paper handling system feeds up to 80 lb cover through the paper trays and up to 110 lb cover through the bypass tray
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 25-1/2" (w) x 30" (d) x 38" (h)
(Measurements for base model without Stand)

* Customer site installation/training includes set-up as printer/copier ready for network installation by customer Network Administrator, with customer telephone assistance available from Sharp for network installation. On-site network installation assistance can be obtained on an open market basis through a separate contract from the local dealer. Contact your Sharp Representative with any questions. A Digital Site Survey is required.

Sharp's MX-5140N color document system combines the simplicity of touch-screen menu navigation with robust multi-tasking workflow features that can help virtually any office accomplish more in less time. A large 10.1" (diagonally measured) high-resolution, tilting touch-screen display offers groundbreaking real-time image preview with intuitive flick and tap editing to help ensure your documents are produced accurately and without waste. This color series also offers many advanced features such as a fully customizable home screen, dynamic action menus that provide feature-specific guidance, and a full-size retractable keyboard for easy data entry. Plus, with Sharp's enhanced second-generation micro-fine toner technology and true 1200 x 1200 dpi print resolution, this series can help your organization produce professional looking color documents in-house with breathtaking image quality that is also economical. The MX-5140N color copier has been built on the latest Sharp OSA® development platform, making integration with network applications and cloud services easier than ever. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 51 PPM Black & White / 51 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,600 sheets
 - 1,100 Standard - Two 500 sheet paper drawers and 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with 2,000 sheet tandem paper drawer
- ◆ Large 10.1" high resolution touch-screen display with tilt view and faster response time
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to seven times
- ◆ 100 Sheet Reversing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide navigation, and pinch-and-zoom capability to shrink and enlarge images
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Action menus to provide users with feature-specific guidance
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Standard Wireless LAN connects to your network or allows users to print to and scan from the device via Sharpdesk® Mobile
- ◆ Compact PDF format can dramatically reduce the file sizes of scanned PDFs, allowing for faster transmission times and decreased traffic on your network
- ◆ Web Browser feature with built in PDF Viewer allows easy access to web-based information and applications
- ◆ Cloud Portal Office Ready
- ◆ ImageSEND™ function scans documents to USB devices, network folders, email and more
- ◆ Scans documents at up to 51 images per minute in both Black and Color
- ◆ Network ready PCL®6 and PS3 printing system with direct print function and available XPS option
- ◆ Document filing system with thumbnail view and image preview features for easy identification
- ◆ Flexible paper handling system feeds up to 80 lb cover through the paper trays and up to 110 lb cover through the bypass tray
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 25-1/2" (w) x 30" (d) x 38" (h)
(Measurements for base model without Stand)

Unleash the potential of Sharp's advanced technology with the MX-6240N and MX-7040N High-Speed Color Document System. The MX-6240N and MX-7040N combine a flexible, modular design with robust paper handling and productive output capabilities that can streamline your document workflow like never before. Built for high-volume office environments, small CRDs and copy rooms, the MX-6240N and MX-7040N are a perfect fit where productivity and reliability are essential.

A large 10.1" (diagonally measured) high-resolution, touch-screen display offers real-time scan preview with intuitive flick-and-tap editing to help ensure your documents are produced accurately and without waste. With Sharp's next-generation micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your business can produce professional looking color documents in-house with breathtaking image quality that is also economical. Sharp's Color Consistency System helps ensure brilliant, high-quality color output page after page. A new paper feed option utilizes air-feed technology, which offers higher reliability and enhanced media capabilities. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

The MX-6500N and MX-7500N high performance color document systems offer exceptional productivity, professional features and world-class image quality at speeds up to 75 ppm. Designed for busy in-plant and on-demand workflow environments, these new models combine a versatile, modular design with a wide range of supported media and powerful output capabilities that can help your business produce more jobs in-house and improve profitability. Edge-to-edge printing enables operators to output high quality, full-bleed booklets in-line, helping to reduce outsourcing costs as well as production time. A powerful external Fiery® Color Print Server with Command WorkStation® is available for color critical environments that need precision job management. Command WorkStation is fully integrated with the Sharp touch-screen for unmatched control and ease-of-use. Sharp's exclusive triple air-feed paper handling option provides higher reliability for maximum uptime as well as enhanced media support, and is virtually maintenance free. The MX-6500N and MX-7500N also support Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to help safeguard your business's intellectual property. When it comes time to trade in, a convenient End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 65 / 75 PPM Black & White - 65 / 75 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
 - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
 - Optional 3,000 sheet letter / legal / ledger-size large capacity cassette
 - Optional 3,500 sheet letter large capacity tray
 - Optional 5,000 sheet letter / legal / ledger-size large capacity tray
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Edge-to-edge printing enables operators to output high quality, full-bleed booklets in-line, helping to reduce outsourcing costs as well as production time
- ◆ A powerful external Fiery® Color Print Server with Command WorkStation® is available for color critical environments that need precision job management. Command WorkStation is fully integrated with the Sharp touch-screen for unmatched control and ease-of-use.
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ Web browser feature allows easy access to web-based information
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 15.4" high resolution color touch-screen display with integrated keyboard
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 7 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 150 Sheet Duplexing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide menu navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Scans documents at up to 150 images per minute in both Black and Color
- ◆ Network ready PCL®6/PS3 printing system with direct print function and available XPS options
- ◆ Flexible paper handling system feeds up to 110 lb (300 gsm) cover stock through paper trays and through bypass tray even when duplexing
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 33-1/4" (w) x 33-1/4" (d) x 48" (h)

A4 COPIERS

Sharp combines the simplicity and convenience of network printers with the multi-tasking productivity of color MFPs to achieve the best of both worlds. The MX-C312 is an exciting example of the Sharp® Frontier Series, bringing brilliant color output closer to your workgroup with hybrid design that has a small footprint to fit into environments others won't, yet isn't small on functionality. The large 7" diagonal color touch-screen simplifies operation by providing an intuitive user interface to keep ahead of today's fast-paced office document distribution needs. Incorporating next-generation common controller architecture, the Frontier Series provides uniform functionality and operability as found in Sharp's award-winning MFP product line. Engineered to help reduce operating costs and downtime, the MX-C312 is easier than ever to set up, monitor, and maintain. Offers modular expandability, remote-access capabilities, and a value-added approach to network and software integration.

Features at a glance

- ◆ Vivid color and crisp black-and-white at speeds up to 31 pages per minute
- ◆ Paper capacity maximum: 2,100 sheets
 - Standard 500 sheet paper drawer and 100 sheet bypass tray
 - Optional: up to 3 additional 500 sheet paper drawers
- ◆ Large 7" diagonal high resolution, wide-screen color touch display with intuitive graphical user interface that makes advanced copying, printing, scanning and faxing functions easy to use.
- ◆ Powerful 800 MHz controller for true multi-tasking performance.
- ◆ Direct USB scanning and printing provides a whole new level of convenience.
- ◆ Powerful ImageSEND™ technology securely scans documents to up to seven destinations, including: USB devices, network folders, email, fax machines and desktop PCs, at speeds up to 35 images per minute.
- ◆ Easy to use Document Filing System provides high-capacity 38 GB of hard drive space for fast document storage and retrieval, with thumbnail view and image preview modes that allow users to easily locate, identify and retrieve files.
- ◆ PCL® 5c/PCL 6/Postscript® 3 network printing
- ◆ Third-generation Sharp OSA development platform enables users to access network applications directly from the device's touch-panel display, helping to reduce redundancy and streamline workflow.
- ◆ Cutting-edge Sharp Remote Front Panel feature allows administrators and helpdesk professionals to access and control the device from a remote PC workstation.
- ◆ Environmentally-friendly in design, engineering and manufacturing
- ◆ Power consumption is among the lowest in its class. Complies with the EnergyStar™ Program and the RoHS program to minimize energy consumption and the use of chemicals and materials that can harm the environment.
- ◆ Dimensions 22-3/64" x 17 x-1/4" x 28-7/64"
(Measurements for base model without Stand)

HEIGHTENED SECURITY ENSURES CONFIDENTIALITY

"Most Secure MFP Range"
2009 Award
6th Consecutive Year

Sharp's industry-leading document and device protection ensures confidentiality and safeguards your assets.

Authority Groups and Access Control

Advanced account management enables administrators to set authority groups for access to features of the new Frontier workgroup laser printers. Administrators can control which department, for instance, has full printing access. Walk up users enter a code, Local Name and Password, or LDAP User Authentication to access the features assigned to their group. Users can also login utilizing a USB enabled card reader for magnetic stripe cards or proximity cards.*

Data Erase and Encryption*

To help protect your data, Sharp MFPs offer an optional data security kit that encrypts document data using **AES** (Advanced Encryption Standard) **encryption**. The data security kit erases the temporary memory on the hard drive by overwriting the encrypted data up to seven times, offering an unprecedented level of assurance. Additionally, the data security kits for these models comply to the new IEEE 2600TM-2008 security standard for hardcopy devices. This new standard specifies security requirements and provides a new international reference to assess contemporary MFP security.

Control Device Access Over the Network

To help restrict access to the device over the network, Sharp MFPs offer IPsec, SMB and extended support for **SSL Encryption** (Secure Sockets Layer), **IP/MAC address filtering**, IEEE 802.1x authentication, protocol enable/disable and port management for maximum security.

Documents Remain Confidential

To help protect your printed documents from unauthorized viewing, Sharp MFPs offer encrypted PDF files for printing, as well as **Confidential Printing** that requires users to authenticate to the device in order to print a queued document. So compliance with security standards and industry regulations is easier.

Tracking and Auditing Information

Legislation and industry policies require companies to be more aware of information flow from their offices. Sharp offers both built-in and additional hardware/software which allows users to control, access, and track usage of each device on the network.

These scalable security offerings aim to protect your intellectual property, preserve confidential information and help your business to meet regulatory requirements, such as the Health Insurance Portability and Accountability Act (HIPAA), and the Gramm Leach Bliley Act (GLB).

For additional information visit: www.sharppusa.com/security.

Protect Your Data

As the leader in office equipment security, Sharp makes it easy for any business or government entity to safely deploy and facilitate secure printed documents.

ENVIRONMENTAL CONSERVATION

Sharp's ongoing commitment and dedication to developing eco-friendly document systems set a high standard for the industry

Sharp's commitment to the environment sets a high standard for the industry.

Designed with a Strong Commitment to Protecting the Environment

Our document systems utilize Sharp's second generation micro-fine toner technology, which offers a lower consumption rate than conventional toners. This also results in less packaging material and longer replacement intervals. Additionally, all Sharp supplies are packaged using fully recyclable materials. Power consumption on the Sharp MFPs is among the lowest in the industry and supports two different energy saving modes to reduce or shut off power after a set interval. All Sharp document systems belong to the EnergyStar® program, and RoHS program.

An Economical, Low Maintenance Color Document System That Makes Sense

Sharp MFPs are designed to accommodate both large and small office environments. With a compact wingless design, the footprint of each base model is less than 25" x 27". Our new long-life consumable parts and supplies minimize service intervals and down time, helping result in lower operating costs.

Sharp's Environmental Leadership

As a testament to our commitment to the environment, Sharp was a former recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the U.S. Government's General Services Administration and the Coalition for Government Procurement.

The **Green Contractor Award** recognizes contractors that have made the best overall commitment to the environment by offering environmentally friendly products and services or adhering to environmentally sound manufacturing procedures.

The **Evergreen Award** identifies environmentally-friendly businesses and their efforts in recycling and waste reduction practices. Please visit www.sharppusa.com/environment to learn more about our environmental leadership.

Toner Recycling Program

As part of our commitment to preserving the environment, Sharp has partnered with a zero waste to landfill recycler for recycling all Sharp consumables including cartridges, bottles, waste collection containers and drum units. Customers can participate in Sharp's free Stop, Drop, Recycle Program by visiting our website: www.sharppusa.com/recycle.

Revised 2/24/14

MISSISSIPPI RENTAL AGREEMENT

RENTAL AGREEMENT
FOR USE BY MISSISSIPPI AGENCIES & GOVERNING AUTHORITIES
AND VENDORS
(applicable to equipment rental transactions)

This Rental Agreement (hereinafter referred to as Agreement) is entered into by and between _____ (hereinafter referred to as Customer), and _____ (hereinafter referred to as Vendor). This Agreement becomes effective upon signature by Customer and Vendor, and shall take precedence over all agreements and understandings between the parties. Vendor, by its acceptance hereof, agrees to rent to Customer, and Customer, by its acceptance hereof, agrees to rent from Vendor, the equipment, including applicable software and services to render it continually operational, listed in Exhibit A, which is attached hereto and incorporated herein.

1. **CUSTOMER ACCOUNT ESTABLISHMENT:**

- A. A separate Vendor Customer Number will be required for each specific customer/installation location.
- B. The Customer is identified as the entity on the first line of the "bill-to" address. All invoices and notices of changes will be sent to the "bill-to" address in accordance with Paragraph 8 herein.
- C. Ship-to and/or Installed-at address is the location to which the initial shipment of equipment/supplies will be made and the address to which service representatives will respond. Subsequent shipments of supplies for installed equipment will also be delivered to the "installed-at" address unless otherwise requested.
- D. Unless creditworthiness for this Customer Number has been previously established by Vendor, Vendor's Credit Department may conduct a credit investigation for this Agreement. Notwithstanding delivery of equipment, Vendor may revoke this Agreement by written notice to the Customer if credit approval is denied within thirty (30) days after the date this Agreement is accepted for Vendor by an authorized representative.

2. **EQUIPMENT SELECTION, PRICES, AND AGREEMENT:** The Customer has selected and Vendor agrees to provide the equipment, including applicable software and services to render it continually operational, identified on Exhibit A attached to this Agreement. The specific prices, inclusive of applicable transportation charges, are as set forth on the attached Exhibit A. The parties understand and agree that the Customer is exempt from the payment of taxes.

3. **SHIPPING AND TRANSPORTATION:** Vendor agrees to pay all non-priority, ground shipping, transportation, rigging and drayage charges for the equipment from the equipment's place of manufacture to the installation address of the equipment as specified under this Agreement. If any form of express shipping method is requested, it will be paid for by Customer.

4. **RISK OF LOSS OR DAMAGE TO EQUIPMENT:** While in transit, Vendor shall assume and bear the entire risk of loss and damage to the equipment from any cause whatsoever. If, during the period the equipment is in Customer's possession, due to gross negligence of the customer, the equipment is lost or damaged, then, the customer shall bear the cost of replacing or repairing said equipment.

5. **DELIVERY, INSTALLATION, ACCEPTANCE, AND RELOCATION:**

A. **DELIVERY:** Vendor shall deliver the equipment to the location specified by Customer and pursuant to the delivery schedule agreed upon by the parties. If, through no fault of the Customer, Vendor is unable to deliver the equipment or software, the prices, terms and conditions will remain unchanged until delivery is made by Vendor. If, however, Vendor does not deliver the equipment or software within ten (10) working days of the delivery due date, Customer shall have the right to terminate the order without penalty, cost or expense to Customer of any kind whatsoever.

B. INSTALLATION SITE: At the time of delivery and during the period Vendor is responsible for maintenance of the equipment, the equipment installation site must conform to Vendor's published space, electrical and environmental requirements; and the Customer agrees to provide, at no charge, reasonable access to the equipment and to a telephone for local or toll free calls.

C. INSTALLATION DATE: The installation date of the equipment shall be that date as is agreed upon by the parties, if Vendor is responsible for installing the equipment.

D. ACCEPTANCE: Unless otherwise agreed to by the parties, Vendor agrees that Customer shall have ten (10) working days from date of delivery and installation, to inspect, evaluate and test the equipment to confirm that it is in good working order.

E. RELOCATION: Customer may transfer equipment to a new location by notifying Vendor in writing of the transfer at least thirty (30) calendar days before the move is made. If Vendor is responsible for maintenance of the equipment, this notice will enable Vendor to provide technical assistance in the relocation efforts, if needed, as well as to update Vendor's records as to machine location. There will be no cessation of rental charges during the period of any such transfer. The Vendor's cost of moving and reinstalling equipment from one location to another is not included in this Agreement, and Customer agrees to pay Vendor, after receipt of invoice of Vendor's charges with respect to such moving of equipment, which will be billed to Customer in accordance with Vendor's standard practice then in effect for commercial users of similar equipment or software and payment remitted in accordance with Paragraph 8 herein.

6. RENTAL TERM: The rental term for each item of equipment shall be that as stated in the attached Exhibit A. If the Customer desires to continue renting the equipment at the expiration of the original rental agreement, the Customer must enter into a new rental agreement which shall be separate from this Agreement. There will be no automatic renewals allowed. There shall be no option to purchase.

7. OWNERSHIP: Unless the Customer has obtained title to the equipment, title to the equipment shall be and remain vested at all times in Vendor or its assignee and nothing in this Agreement shall give or convey to Customer any right, title or interest therein, unless purchased by Customer. Nameplates, stencils or other indicia of Vendor's ownership affixed or to be affixed to the equipment shall not be removed or obliterated by Customer.

8. PAYMENTS:

A. INVOICING AND PAYMENTS: The charges for the equipment, software or services covered by this Agreement are specified in the attached Exhibit A. Charges for any partial month for any item of equipment shall be prorated based on a thirty (30) day month. Vendor shall submit an invoice with the appropriate documentation to Customer.

1. E-PAYMENT: The Vendor agrees to accept all payments in United States currency via the State of Mississippi's electronic payment and remittance vehicle. The Customer agrees to make payment in accordance with Mississippi law on "Timely Payments for Purchases by Public Bodies", Section 31-7-301, *et seq.* of the 1972 Mississippi Code Annotated, as amended, which generally provides for payment of undisputed amounts by the agency within forty-five (45) days of receipt of the invoice.

2. PAYMODE: Payments by state agencies using the Statewide Automated Accounting System (SAAS) shall be made and remittance information provided electronically as directed by the Customer. These payments shall be deposited into the bank account of the Vendor's choice. The Customer, may at its sole discretion, require the Vendor to submit invoices and supporting documentation electronically at any time during the term of this Agreement. The Vendor understands and agrees that the Customer is exempt from the payment of taxes. All payments shall be in United States currency.

B. METER READINGS: If applicable, the Customer shall provide accurate and timely meter readings at the end

of each applicable billing period on the forms or other alternative means specified by Vendor. Vendor shall have the right, upon reasonable prior notice to Customer, and during Customer's regular business hours, to inspect the equipment and to monitor the meter readings. If Customer meter readings are not received in the time to be agreed upon by the parties, the meter readings may be obtained electronically or by other means or may be estimated by Vendor subject to reconciliation when the correct meter reading is received by Vendor.

C. COPY CREDITS: If applicable, if a copier is being rented, the Customer will receive one (1) copy credit for each copy presented to Vendor which, in the Customer's opinion, is unusable and also for each copy which was produced during servicing of the equipment. Copy credits will be issued only if Vendor is responsible for providing equipment services or maintenance services (except time and materials maintenance). Copy credits will be reflected on the invoice as a reduction in the total copy volume, except for run length plans which will be credited at a specific copy credit rate as shown on the applicable price list.

9. USE OF EQUIPMENT: Customer shall operate the equipment according to the manufacturer's specifications and documented instructions. Customer agrees not to employ or use additional attachments, features or devices on the equipment or make changes or alterations to the equipment covered hereby without the prior written consent of Vendor in each case, which consent shall not be unreasonably withheld.

10. MAINTENANCE SERVICES, EXCLUSIONS, AND REMEDIES:

A. SERVICES: If Vendor is responsible for providing equipment services, maintenance services (except for time and materials), or warranty services: (1) Vendor shall install and maintain the equipment and make all necessary adjustments and repairs to keep the equipment in good working order. (2) Parts required for repair may be used or reprocessed in accordance with Vendor's specifications and replaced parts are the property of Vendor, unless otherwise specifically provided on the price lists. (3) Services will be provided during Customer's usual business hours. (4) If applicable, Customer will permit Vendor to install, at no cost to Customer, all retrofits designated by Vendor as mandatory or which are designed to insure accuracy of meters.

B. EXCLUSIONS: The following is not within the scope of services: (1) Provision and installation of optional retrofits. (2) Services connected with equipment relocation. (3) Installation/removal of accessories, attachments or other devices. (4) Exterior painting or refinishing of equipment. (5) Maintenance, installation or removal of equipment or devices not provided by Vendor. (6) Performance of normal operator functions as described in applicable Vendor operator manuals. (7) Performance of services necessitated by accident; power failure; unauthorized alteration of equipment or software; tampering; service by someone other than Vendor; causes other than ordinary use; interconnection of equipment by electrical, or electronic or mechanical means with noncompatible equipment, or failure to use operating system software. If Vendor provides, at the request of the Customer, any of the services noted above, the Customer may be billed by Vendor at a rate not to exceed the Master State Prices Agreement between the Vendor and the State of Mississippi, or in the absence of such agreement at the then current time and materials rates.

C. REMEDIES: If during the period in which Vendor is providing maintenance services, Vendor is unable to maintain the equipment in good working order, Vendor will, at no additional charge, provide either an identical replacement or another product that provides equal or greater capabilities.

11. HOLD HARMLESS: To the fullest extent allowed by law, Vendor shall indemnify, defend, save and hold harmless, protect, and exonerate the Customer and the State of Mississippi, its Commissioners, Board Members, officers, employees, agents, and representatives from and against all claims, demands, liabilities, suits, actions, damages, losses, and costs of every kind and nature whatsoever, including, without limitation, court costs, investigative fees and expenses, and attorneys' fees, arising out of or caused by Vendor and/or its partners, principals, agents, employees, and/or subcontractors in the performance of or failure to perform this Agreement. In the Customer's sole discretion, Vendor may be allowed to control the defense of any such claim, suit, etc. In the event Vendor defends said claim, suit, etc., Vendor shall use legal counsel acceptable to the Customer; Vendor shall be solely liable for all reasonable costs and/or expenses associated with such defense and the Customer shall be entitled to participate in said defense. Vendor shall not settle any claim, suit, etc., without the Customer's concurrence,

which the Customer shall not unreasonably withhold.

12. ALTERATIONS, ATTACHMENTS, AND SUPPLIES:

A. If Customer makes an alteration, attaches a device or utilizes a supply item that increases the cost of services, Vendor will either propose an additional service charge or request that the equipment be returned to its standard configuration or that use of the supply item be discontinued. If, within five (5) days of such proposal or request, Customer does not remedy the problem or agree in writing to do so within a reasonable amount of time, Vendor shall have the right to terminate this Agreement as provided herein. If Vendor believes that an alteration, attachment or supply item affects the safety of Vendor personnel or equipment users, Vendor shall notify Customer of the problem and may withhold maintenance until the problem is remedied.

B. Unless Customer has obtained title to the equipment free and clear of any Vendor security interest, Customer may not remove any ownership identification tags on the equipment or allow the equipment to become fixtures to real property.

13. ASSIGNMENT: The Vendor shall not assign, subcontract or otherwise transfer in whole or in part, its right or obligations under this Agreement without prior written consent of the Customer. Any attempted assignment or transfer without said consent shall be void and of no effect.

14. GOVERNING LAW: This Agreement shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflicts of laws provisions, and any litigation with respect thereto shall be brought in the courts of said state. The Vendor shall comply with applicable federal, state, and local laws and regulations.

15. NOTICE: Any notice required or permitted to be given under this Agreement shall be in writing and personally delivered or sent by certified United States mail, postage prepaid, return receipt requested, to the party to whom the notice should be given at the address set forth below. Notice shall be deemed given when actually received or when refused. The parties agree to promptly notify each other in writing of any change of address.

For the Vendor:

For the Customer:

Name

Address

City, State, & Zip Code

City, State, & Zip Code

16. WAIVER: Failure by the Customer at any time to enforce the provisions of this Agreement shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of this Agreement or any part thereof or the right of the Customer to enforce any provision at any time in accordance with its terms.

17. CAPTIONS: The captions or headings in this Agreement are for convenience only, and in no way define, limit or describe the scope or intent of any provision or section of this Agreement.

18. SEVERABILITY: If any term or provision of this Agreement is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this Agreement shall be valid and enforceable to the fullest extent permitted by law.

19. THIRD PARTY ACTION NOTIFICATION: Vendor shall give Customer prompt notice in writing of any action or suit filed, and prompt notice of any claim made against Vendor by any entity that may result in litigation related in any way to this Agreement.

20. AUTHORITY TO CONTRACT: Vendor warrants that it is a validly organized business with valid authority to enter into this Agreement and that entry into and performance under this Agreement is not restricted or prohibited by any loan,

security, financing, contractual or other agreement of any kind, and notwithstanding any other provision of this Agreement to the contrary, that there are no existing legal proceedings, or prospective legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under this Agreement.

21. **RECORD RETENTION AND ACCESS TO RECORDS:** The Vendor agrees that the Customer or any of its duly authorized representatives at any time during the term of this Agreement shall have unimpeded, prompt access to and the right to audit and examine any pertinent books, documents, papers, and records of the Vendor related to the Vendor's charges and performance under this Agreement. All records related to this Agreement shall be kept by the Vendor for a period of three (3) years after final payment under this Agreement and all pending matters are closed unless the Customer authorizes their earlier disposition. However, if any litigation, claim, negotiation, audit or other action arising out of or related in any way to this Agreement has been started before the expiration of the three (3) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved. The Vendor agrees to refund to the Customer any overpayment disclosed by any such audit arising out of or related in any way to this Agreement.

22. **EXTRAORDINARY CIRCUMSTANCES:** If either party is rendered unable, wholly or in part, by reason of strikes, accidents, acts of God, weather conditions or any other acts beyond its control and without its fault or negligence to comply with any obligations or performance required under this Agreement, then such party shall have the option to suspend its obligations or performance hereunder until the extraordinary performance circumstances are resolved. If the extraordinary performance circumstances are not resolved within a reasonable period of time, however, the non-defaulting party shall have the option, upon prior written notice, of terminating the Agreement.

23. **TERMINATION:** This Agreement may be terminated as follows: (a) Customer and Vendor mutually agree to the termination, or (b) If either party fails to comply with the terms and conditions of this Agreement and that breach continues for thirty (30) days after the defaulting party receives written notice from the other party, then the non-defaulting party has the right to terminate this Agreement. The non-defaulting party may also pursue any remedy available to it in law or in equity. Upon termination, all obligations of Customer to make payments required hereunder shall cease.

24. **AVAILABILITY OF FUNDS:** It is expressly understood and agreed that the obligation of the Customer to proceed under this Agreement is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of state and/or federal funds. If the funds anticipated for the continuing fulfillment of the agreement are, at any time, not forthcoming or insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided or if funds are not otherwise available to the Customer, the Customer shall have the right upon ten (10) working days written notice to the Vendor, to terminate this Agreement without damage, penalty, cost or expenses to the Customer of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.

25. **MODIFICATION OR RENEGOTIATION:** This Agreement may be modified, altered or changed only by written agreement signed by the parties hereto. The parties agree to renegotiate the Agreement if federal, state and/or the Customer's revisions of any applicable laws or regulations make changes in this Agreement necessary.

26. **WARRANTIES:** Vendor warrants that the equipment, when operated according to the manufacturer's specifications and documented instructions, shall perform the functions indicated by the specifications and documented literature. Vendor may be held liable for any damages caused by failure of the equipment to function according to specifications and documented literature published by the manufacturer of the equipment.

27. **E-VERIFY COMPLIANCE:** If applicable, the Vendor represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act of 2008, Section 71-11-1, *et seq.* of the Mississippi Code Annotated (Supp 2008), and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. The Vendor agrees to maintain records of such compliance and, upon request of the State and

approval of the Social Security Administration or Department of Homeland Security, where required, to provide a copy of each such verification to the Customer. The Vendor further represents and warrants that any person assigned to perform services hereafter meets the employment eligibility requirements of all immigration laws of these warranties, the breach of which may subject the Vendor to the following: (1) termination of this Agreement and ineligibility for any state or public contract in Mississippi for up to three (3) years, with notice of such cancellation/termination being made public, or (2) the loss of any license, permit, certification or other document granted to the Vendor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (3) both --in the event of such cancellation/termination, the Vendor would also be liable for any additional costs incurred by the Customer due to the contract cancellation or loss of license or permit.

28. **HARD DRIVE SECURITY:** Vendor must properly format the hard drive, deleting all information, or replace the hard drive with a new hard drive prior to storing or re-selling the equipment. The Customer may request to retain the hard drive for a nominal fee. Vendor will supply written notification to the Customer that all data has been made inaccessible. This notification must be provided with forty-five (45) days of the equipment being returned to the Vendor.

29. **ENTIRE AGREEMENT:** This Agreement constitutes the entire agreement of the parties with respect to the equipment, software or services described herein and supersedes and replaces any and all prior negotiations, understandings and agreements, written or oral, between the parties relating hereto. No terms, conditions, understandings, usages of the trade, course of dealings or agreements, not specifically set out in this Agreement or incorporated herein, shall be effective or relevant to modify, vary, explain or supplement this Agreement.

30. **TRANSPARENCY:** This Agreement, including any accompanying exhibits, attachments, and appendices, is subject to the "Mississippi Public Records Act of 1983," codified as Section 25-61-1 et seq., Mississippi Code Annotated and exceptions found in Section 79-23-1 of the Mississippi Code Annotated (1972, as amended). In addition, this Agreement is subject to provisions of the Mississippi Accountability and Transparency Act of 2008 (MATA), codified as Section 27-104-151 of the Mississippi Code Annotated (1972, as amended). Unless exempted from disclosure due to a court-issued protective order, this Agreement is required to be posted to the Department of Finance and Administration's independent agency contract website for public access. Prior to posting the Agreement to the website, any information identified by the Vendor as trade secrets, or other proprietary information including confidential vendor information, or any other information which is required confidential by state or federal law or outside the applicable freedom of information statutes will be redacted. A fully executed copy of this Agreement shall be posted to the State of Mississippi's accountability website at: <http://www.transparency.mississippi.gov>.

31. **COMPLIANCE WITH LAWS:** The Vendor understands that the Customer is an equal opportunity employer and therefore maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, genetic information, or any other consideration made unlawful by federal, state, or local laws. All such discrimination is unlawful and the Vendor agrees during the term of the Agreement that the Vendor will strictly adhere to this policy in its employment practices and provision of services. The Vendor shall comply with, and all activities under this Agreement shall be subject to, all applicable federal, State of Mississippi, and local laws and regulations, as now existing and as may be amended or modified.

For the faithful performance of the terms of this Agreement, the parties have caused this Agreement to be executed by their undersigned representatives.
