terms and conditions

LIFETIME WARRANTY

+EKO CARE warrants products to be free from defects in materials and workmanship for the lifetime of their use. This warranty is applicable to products in use by their original purchaser. This warranty does not apply to components and materials not manufactured by EKO. These are subject to the specific warranties of their manufacturers (if any). Repairs or replacement of any defect covered under this warranty by EKO will be made, at our option and method, at no charge to the original purchaser. EKO's judgment is final and binding with respect to the nature or cause of defects or damage, and the necessity or manner or repair or replacement. This warranty does not apply to defects or damage resulting from:

- 1.) Normal wear and tear occurring with the use of the product.
- 2.) Negligence, misuse, excessive use, alteration, improper cleaning or repair.
- 3.) Substitution or use of incorrect or unauthorized components or material.
- 4.) Handling or installation that is incorrect, or that causes damage or defect.
- 5.) Damage incurred by a freight carrier other than EKO.
- 6.) Wearing of finishes and fabrics, and normal variations in materials (including dye lot variations).
- 7.) Properties of natural materials, including wood and leather.
- 8.) Exposure to environments with uncontrolled temperature and humidity (products must be transported, stored and used in climate controlled conditions).

CUSTOMER SATISFACTION

It is the primary goal of EKO and our team to ensure the complete satisfaction of our customers with our products and performance. If a problem arises with an EKO product after the expiration of the limited warranty period, EKO will exercise its best efforts to achieve the satisfaction of the customer in a manner that is fair to all concerned.

TERMS AND CONDITIONS

Net 30 days. All applicable sales taxes are extra. Distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized EKO dealers. Acceptance of any order and terms of sale may be established at the discretion of EKO. Deposits are required from new accounts as well as on large or special orders. EKO reserves the right to discontinue designs, or to change designs, construction, prices, or materials without notice.

ORDERING AND ORDER ACKNOWLEDGEMENTS

Please email all orders to sales@ekocontract.com. You will receive an order acknowledgement, with ship date or terms of purchase, within 24 hours of order notification. This email is for incoming orders only.

To make your purchase experience with EKO the best possible, make sure your purchase order is complete. Many times our products are not ordered complete. Orders with missing finish colors, laminate colors, incorrect pricing, and options not matching descriptions will be returned to clients and must be revised with corrections and resent to EKO before an order is placed. See product price list for ordering instructions and please double check your order prior to sending.

Each order will be acknowledged via email or fax. This acknowledgement is the final agreement between EKO and the customer, superseding all previous communications regarding the purchase order. Where there is a discrepancy on a purchase order between the product code and a description, EKO will make every effort to resolve the discrepancy, but will be ruled by the product code ordered. Please check all acknowledgements for accuracy, and advise EKO of any discrepancies with a purchase order.

If you have not received an order acknowledgement after 24 hours, please contact brandi@ekocontract.com for further assistance.

ADVANCE SHIP NOTICE

After shipment is made, each order will receive an Advance Ship Notice (ASN) via email or fax. You will receive a PDF of the signed bill of lading containing ship date, pro number, and carrier. Invoices are also sent along with the ASN. Hard copy invoices can be mailed upon request.

IN-GRADED FABRIC PROGRAM

EKO in conjunction with ArcCom, Architex, CF Stinson, DesignTex, Helvetia, Knoll, Maharam, Mayer, Momentum, Spinneybeck, and UltraFabrics offers their textiles in our online database for accurate in-graded pricing. To see textiles, refer to the supplier's website or binder. Lead-time for chairs upholstered with in-graded fabrics are subject to availability of the actual fabric selected. While these suppliers generally have a consistent record of filling orders promptly, there may be temporary conditions affecting availability. Furthermore, patterns from this group may be discontinued at any time. Fabric will be orientated on the product according to our best judgment, unless we are given specific instructions on the direction of the textile.

EKO CUSTOMER CARE HOURS

Please note customer care hours are:
8:30 AM to 5:00 PM EST Monday-Thursday
8:30 AM to 2:00 PM EST Friday
1.866.814.8EKO phone
1.615.676.4861 fax
brandi@ekocontract.com

CANCELLATION

A cancellation can be made only by expressed agreement with EKO. A cancellation fee will be incurred on all orders not cancelled within 48 hours after receipt. Fees are based on percentage of order completed, i.e. fabric ordered, shipping charges, etc.

DIMENSIONS

Dimensions are in inches and approximate, and subject to change without notice. Contact Customer Service if dimensions are critical.

terms and conditions

BLANKET WRAPPING

EKO will blanket wrap seating orders at a customer's request. Please indicate on your purchase order and contact Customer Service. This option is available to onsite deliveries in full truckloads only and is an extra charge. Please contact customer service for quote.

STORAGE POLICY

We will store product at our warehouse for up to 3 days at no charge. Any order requiring storage beyond 3 days may be subject to a storage fee of 1% of the total net order. Order postponements must be received in writing at least 2 weeks prior to shipment.

STORAGE CHARGES

EKO reserves the right to assess a nominal storage charge if a customer does not accept shipment of an order within a week of the ship date.

CUSTOM CAPABILITIES

A portion of our business involve some type of custom work, and we invite our customers to make use of our capabilities. These include:

- 1) Customization of standard size products
- 2) Custom finishes

Custom orders require additional production lead times. Contact Customer Service for more information.

DAMAGED SHIPMENTS

All EKO product is carefully inspected, protected with well-engineered packaging. All shipments leave the factory in good condition. Do not refuse merchandise damaged in transit, as EKO is not responsible for damage to goods which occur in transit or storage. **It is the purchaser's responsibility to examine the goods upon receipt and to file any claims with the carrier.** Any damage or shortage should be noted on the bill of lading. The delivering carrier may not accept responsibility for shortages or damages if signed for "clear". Notification of concealed damage claims must be made to the delivering carrier within 5 days after delivery. All cartons must be available for inspection. Carrier liability ceases after 5 days and neither EKO, nor the carrier, will be responsible for concealed damages if shipments are left unopened.

RETURNS

No merchandise may be returned without EKO's prior written consent. In the event of an authorized return, a Return Merchandise Authorization (RMA) number will be issued, and a restocking charge will apply. Return transportation charges must be prepaid. Unauthorized returns will not be accepted and will be returned freight collect. All merchandise being returned must be properly packaged in its original or comparable replacement packaging to ensure protection of the product during handling and transportation. Returns on orders duplicated by the customer must be received in their original packaging to be accepted.

RETURN MERCHANDISE AUTHORIZATION

EKO's written authorization, in the form of a RMA number, must be obtained prior to incurring charges of any kind if EKO is expected to pay these charges. This includes authorization for field repairs and replacements, installation and delivery charges. EKO reserves the right to have its representative inspect product related to any request for such authorizations, prior to that authorization being provided. Deductions from invoices paid for any charges to EKO, without prior written authorization in the form of an RMA, will not be accepted. Digital photography may be required to complete the RMA process.

CARE AND MAINTENANCE

Wood Finishes

There are several steps that can be taken to protect and prolong the life and beauty of the finish. Dust only with a clean, dry cloth, going with the grain. Clean any marks with a damp cloth, using a small quantity of mild soap or detergent. Do not use any wax-based polish, spray or silicone. Eventually, a film will build up and discolor the top. Do not place your furniture in a position of permanent exposure to direct sunlight.

Fabric Upholstery

Professional upholstery cleaning is recommended.

FREIGHT PROGRAM

All shipments are F.O.B. factory and freight prepaid to one continental United States destination (excluding fuel surcharges.) EKO reserves the right to select the most appropriate F.O.B. point carrier, and routings on all shipments. Normal deliveries are "dock to dock" basis. No customer pick ups allowed without written authorization. All pricing shown includes freight prepaid for orders over \$8,000 list. You must add a \$225 net freight charge per order if list price is less than \$8,000.

The following states include freight prepaid for orders over \$12,000 list and a \$350 net charge for all orders below \$12,000 list: WA, OR, CA, NV, AZ, NM, CO, UT, ID, MT, WY, ME, VT, NH.

Note: If purchasing from any state located in the light area and shipping to any state located in the dark area, you must use the freight policy defined for the dark area described above. Example: Orders purchased in North Carolina and shipping to Nevada that are over \$12,000 list price qualify for free freight. Orders below the \$12,000 threshold must add a net freight charge of \$350 per order.

Additional charges: Residential delivery charge, inside delivery and installation services are not included in the pricing shown. These charges will be prepaid and added to the net invoice. *EKO reserves the right to apply freight surcharges at any time due to market conditions or other factors beyond EKO's control.*

COM MATERIAL

(See back section of price list for Required COM Form)

All upholstered items may be ordered using customer's own fabric or vinyl materials (COM). Prices listed under COL refer to customer's own leather.

Yardage requirements shown in the price list are based on non-directional 54" material. Please note, 54" wide rolls need to be 54" of usable material. The following conversion chart should be used to determine requirements when COM is 54" wide and has a repeat.

Repeat	Across Roll	Up the Roll	2 Way Repeat
1 - 5"	Add 10%	Add 15%	Add 15%
6 - 9"	Add 15%	Add 20%	Add 25%
10 - 13"	Add 20%	Add 25%	Add 30%
14 - 20"	Add 25%	Add 30%	Add 35%
21 - 27"	Add 30%	Add 35%	Add 40%
28 - 34"	Add 35%	Add 40%	Add 45%

These percentages are for estimating purposes only. Eko will not be held responsible for shortages on COM products. If you would like assistance, please see our website for fabric diagrams and email completed diagrams to Eko Customer Care (brandi@ekocontract.com). Eko will, at no charge, calculate the required yardage for your project and return within 24 hours.

There may be an upcharge above COM price for combination upholstery (two or more COM's) applied to the same chair. Please call factory and attach diagram of how to apply multiple fabrics and welt if applicable.

COM orders cannot be scheduled into production until the fabric has arrived and inspection is complete.

Send all COM materials freight paid to:

EKO
Attn: COM Department
145 Rymer Road, NE
Cleveland, TN 37323

To help us expedite your order, please email all COM tracking information to: lori@ekocontract.com

Clearly mark all materials with the following: dealer's name, EKO acknowledgement number, purchase order number, model number and quantity of item to be covered. Failure to provide your customer purchase order number along with COM will cause a delay in processing your order.

In today's market, some fabric's are "reversible", it is extremely important to send us a swatch of COM with the exposed side marked as such. On orders specifying COM/COL, please supply following: application instructions for striped/patterned or reversible fabrics. In the absence of special instruction, EKO reserves the right to use their own judgment and will apply the fabric in what is determined to be the best manner.

We reserve the right to reject any covering that, in our professional opinion, is unsuitable for upholstery purposes. EKO's approval signifies only that the material in question can be applied to the products for which intended. This approval does not constitute any responsibility nor any warranty on the part of EKO as to appearance, behavior or durability of COM.

EKO will not be responsible for, how an upholstery material wears in an installation setting. We will not be held responsible for wear, fading, stretching or performance of any covering materials whether supplied by the buyer or by our sources. Vinyl upholstery materials must be the expanded type reinforced with elastic backing. We shall not be held responsible for blemishes or platemarks, or differences in color or tone between covering material supplied and samples from which the choice was made. EKO cannot be held responsible for defects, color inaccuracies, dye lot variations and other such flaws. We inspect fabrics for mill imperfections, some are difficult to recognize.

COL LEATHER

Published square footage for COL is based on hides measuring A minimum of 50 to 55 square feet. Half hides are not acceptable. On smaller hides, add 15 percent to the COL requirement. All square footage requirements are based on usable footage. The shape of the hide, excessive holes, cuts or other unusable imperfections may make it necessary for us to request more leather after COL is received. Due to variation in thickness of leather, it is important to send a 4" x 4" swatch for approval. EKO approval signifies only that such leather can be applied to the products intended. Such approval does not constitute any responsibility nor any warranty on the part of EKO as to appearance, behavior or durability of COL.

Note: Excess COM/COL will not be stored or returned unless very clearly indicated on purchase order.

FIRE RETARDANCY REQUIREMENTS CALIFORNIA TECHNICAL BULLETIN 117 AND CALIFORNIA TECHNICAL BULLETIN 133

All standard upholstered seating and the resilient filling materials used in the manufacturing of all upholstered seating by EKO meet or exceed the flame requirements of State of California, Department of Consumer Affairs, Bureau of Home Furnishings and Thermal Insulation, Technical Bulletin 117 and National Fire Prevention Association Standard Method 261. Compliance with these requirements is indicated by the label attached to the seat bottom.

CAL 133 FOAM UPCHARGE

CAL 133 California Technical Bulletin 133 is a flammability test. EKO products, in combination with non-flammable fabrics can be manufactured to meet the requirements for certification to this test. A double upholstery method is used, incorporating a fire-retardant barrier that, in combination with fire retardant foam, fire retardants in wood finishes, and fabrics with some natural fiber content, may pass the CAL 133 fire test. An upcharge of \$60 list per yard of upholstery is applicable to incorporate the elements listed above. The application of this upcharge and the materials noted does not certify that the specific configuration of product and upholstery is tested and officially certified. If actual certification is required, a charge of \$500, plus the cost of the product to be tested, is applicable. The testing process requires at least several weeks of additional lead time. EKO assumes no responsibility for composite testing or the certification of specific configurations of product and upholstery to the CAL 133 flammability test. Some specific configurations of product and upholstery have been tested. Please contact Customer Service for more information.

MOISTURE BARRIER UPCHARGE

Moisture Barriers that are designed to prevent moisture from penetrating the foam and other filling materials are available on most items at an additional up-charge. Moisture barriers are applied between the upholstery cover and filling materials. The following up-charges apply to each surface on which the protective barrier may be applied.

Seat	\$45.00 List
Back	\$45.00 List
Arms	\$45.00 List (Per Arm)

MULTIPLE UPHOLSTERY COVER UPCHARGE

Most items can be manufactured with a combination of covers including: vinyl and fabric, leather and fabric, or contrasting fabrics. Multiple Cover Upholstery option should be clearly indicated on the customer's purchase order. Fabric diagrams are available online at www.ekocontract.com

There is an extra charge for Multiple Upholstery Cover Applications:

COM GRADE

Two Covers	\$100.00 List Per Line Item*
Three Covers	\$125.00 List Per Line Item*

1-8 GRADES

Use the higher of the 2 grades specified. If textiles are the same grade add the COM Grade upcharges above.

*Per Line Item

When ordering several units that are exactly the same model, color and application, add only \$100 list per line item. Example: 32041/53 2-Tone, Maharam Chime, Momentum Bravo, Diagram Attached – Qty. 6. (There would be a one-time charge of \$100 list for all 6 chairs.)

WOOD FINISHES

10	NATURAL
11	MONTICELLO
12	HUNTINGTON
13	WILD CHERRY
14	VERSAILLES
16	CAFELLE

Wood is a natural product with inherent color variations that will never be fully mitigated by the finishing process. Please anticipate variation in colors within a single unit, from piece to piece, and from EKO wood finish samples. If a very close match is required, a sample must be provided with the order and an additional charge will apply. Exact color matches are not possible.

CUSTOM WOOD FINISHES

(See back of price list for Required Custom Wood Finish Form)

Add 6% list to your order for special finishes, minimum charge is \$300 list per finish per order. (For example, on all orders up to \$5000 list an upcharge of \$300 list will apply, on orders \$5000 list and up add 6% list to order.) No upcharge for special finishes on orders exceeding \$50,000 list. For orders with special finishes, a sample that is a minimum 3" by 3" must be received with the order. Special finishes may add additional lead time to production schedules. Since wood is a natural product, some variations in grain, color and stain acceptance will occur. In our finishing processes, we try to minimize variations, but some variation between samples and finished goods should be anticipated. See back of price list for Required Custom Wood Finish Form.

OTHER LAMINATE SUPPLIERS

Most laminate suppliers stock a multitude of colors and patterns. The following laminates are acceptable for application on EKO products as they feature a matte finish. There is a 5 table minimum when using non-standard laminates not listed in our price list.

Nevamar: All laminates with "T" in the suffix (i.e., MR2002T)

Wilsonart: All laminates with "60" in the suffix (i.e., 4779-60)

Arborite: All laminates with "CA" in the suffix (i.e., 1531-CA)

Pionite: All laminates with "Suede" in the name (i.e., WW561 Suede)

Formica: All laminates with "58" in the suffix (i.e., 756-58)

Additional laminate codes may be acceptable for use on EKO furniture, however, they may be subject to an additional upcharge or extended lead time due to material complexity. High sheen laminates are not acceptable for application on EKO furniture due to their inherent nature of scratching and marring during the production process. Please contact EKO Customer Service for additional information.

ONLINE EKO PROGRAM AT WWW.EKOCONTRACT.COM

EKO, in collaboration with our preferred textile suppliers, is proud to present an outstanding palette of colors and textures available for online review.

NEW ONLINE GRADE-IN DATABASE AT http://ekocontract.com/surface_materials_data.html

In addition, all of our graded partners: ArcCom, Architex, CF Stinson, DesignTex, Helvetia, Knoll, Maharam, Momentum, Spinneybeck, and UltraFabrics are available for search in our grade-in textile database. This database allows easy searching by manufacturer, name, color, category, or grade and provides instant price verification of textiles relative to the price list grade categories within the Eko price list.

CUE GRADE

Designer selected complimenting textiles and vinyls in basic color palettes provide a starting point with simple patterns and textures for everyday use. Affordable, durable and in stock, always. View our selection at: ekocontract.com/surfacematerials

For memo samples and availability contact Helvetia at 828.325.0022 or online at www.helvetialeather.com

Grade C1

Basic

A top grain, lightly sanded leather highlighted by a pebble grain, Basis is an excellent value-priced leather that performs well in high traffic areas.

Grade C2

Fundamental

A quality semi-aniline top grain leather with a soft hand and a good drape. Fundamental is aniline dyed and finished with a durable, light finish highlighted with natural looking grain.

Grade C3

Hampton

Produced using superior European hides, Hampton is a very soft and supple lightly corrected leather with small natural embossed grain. An excellent leather value and preferred choice of upholstery clients and specifiers for applications in the office, hospitality and aircraft industries.

+ekocare feature definitions

BELOW IS A LIST OF +EKOCARE PRODUCT FEATURES AND BENEFITS. PLEASE CONSULT INDIVIDUAL PRICE LIST PAGES FOR THE +EKOCARE LIST OF FEATURES THAT ARE AVAILABLE, STANDARD OR OPTIONAL ON EACH PRODUCT LINE. UPCHARGES MAY APPLY FOR THESE FEATURES ON SOME PRODUCT LINES.

CLEAN OUT SEAT

+EKOCARE models feature a clean out space at the back of the seat that allows dirt and debris to fall through to the floor for easy cleanup and maintenance.

VELCRO DUST COVER

Allows easy access to inner components of seating products. Arms and seats are easily replaced and the dust cover is reusable.

URETHANE OR WOOD ARM CAPS

Optional arm caps provide enhanced durability and protection for upholstered arms. Caps are field replaceable if damaged over time by use.

EKO GUARD® FINISH DURABILITY

+EKOCARE models come standard with EKO GUARD®, a proprietary anti-microbial catalyzed varnish formulation powered by Agion® technology, that inhibits the growth of mold and mildew. Surfaces coated with this finish will have reduced fungal, spore and bacteria growth.

MULTIPLE UPHOLSTERY COVERS

Most items can be manufactured with a combination of covers including: vinyl and fabric, leather and fabric, or contrasting fabrics. Some products feature this at no upcharge. See individual price list product pages for availability and upcharge classification. Upcharge pricing information and directions on this feature are located on page 7.

MOISTURE BARRIER

Moisture Barriers are designed to prevent moisture from penetrating the foam and other filling materials are available on most items at an additional up-charge. Moisture barriers are applied between the upholstery cover and filling materials. See individual price list product pages for availability and upcharge classification. Upcharge pricing information and directions on this feature are located on page 7.

CAL 133

CAL 133 California Technical Bulletin 133 is a flammability test. EKO products, in combination with non-flammable fabrics can be manufactured to meet the requirements for certification to this test. A double upholstery method is used, incorporating a fire-retardant barrier that, in combination with fire retardant foam, fire retardants in wood finishes, and fabrics with some natural fiber content, may pass the CAL 133 fire test. Upcharge pricing information and directions on this feature are located on page 7.

ENVIRONMENTALLY FRIENDLY SOY BASED FOAMS

Many +EKOCARE products use ergonomically designed, soy based, cold molded Bio Foam® or Preserve Foam® in seats and backs to provide long lasting comfort and support.

LOAD RATING

Refers to the amount of weight seating products can support. Most +EKOCARE products have a load rating of at least 350 lbs. See individual price list product pages for actual weight rating.

ROUNDED ARM DESIGN

+EKOCARE models are designed with rounded arms for safe and easy ingress and egress of seating.

CNC CONSTRUCTION

Many +EKOCARE products use CNC cut engineered hardwood plywood in the construction of their products for lasting durability.

STEEL SEAT AND BACK FRAME CONSTRUCTION

The structural seat and back frame is made from welded steel with a powder-coated finish that wekk exceeds ANSI/BIFMA standards.

MORTISE AND TENON FRAME CONSTRUCTION

Mortise and tenon frame construction provides optimal strength in wood joinery.

METAL-TO-METAL CONNECTIONS

Steel seat frames are joined to other components with hardened steel bolts and inserts, ensuring exceptional durability and strength, easy reconfigurability, and on-site replacement of damaged or degraded components.

FLEX BACK

An ergonomically designed back with a slight flexing action to enhance the level of long-term sitting comfort and provide greater ease of egress.

WALL SAVER LEGS

The angle of the back and rear legs are designed to keep the back away from the wall to prevent wear and damage to both chairs and walls of a facility.

REMOVABLE COVERS AND REPLACEMENT COMPONENTS

Many +EKOCARE products are designed with removable covers and replacement components allowing for on-site replacement of damaged or degraded components and ease of cleaning.

MATTRESSES

The patented Cozy Mattress® brings 8.5-inches of pillow-top, bed-quality comfort, while providing unmatched seating comfort. The historical discomfort of the sleeper sofa, due to the physical limitations of the inner cavity, has been overcome by the creation of an ingenious spring system in the Cozy Mattress®. The Z-Spring technology forever removes "bars in the back" and eliminates the need for air mattresses, creating renewed demand for sleeper products.

IV POLE / OXYGEN TANK HOLDER

These items are accessories and location must be specified when ordering. Items are either left or right handed, while seated. Oxygen tank holder is for use with a size "D" tank only.

LIFETIME WARRANTY

All +EKOCARE products feature a limited lifetime warranty from defects in materials and workmanship for the lifetime of product use.

hypate lounge

PRODUCT SPECIFICATIONS

HYPATE LOUNGE FLAUNTS GRACEFUL CURVES, REFINED SHAPES, AND FLARED LINES, FROM EVERY ANGLE, IN A COLLECTION THAT SHOWCASES ATTENTION TO DETAILS.

HYPATE LOUNGE'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

PRODUCT SPECIFICATIONS

THIS COMPLETE COLLECTION OF SEATING IS THOUGHTFULLY DESIGNED FOR SEAMLESS SPECIFICATION THROUGHOUT HIGH TRAFFIC HEALTHCARE FACILITIES. INTELLIGENT FEATURES INCLUDE: WALL SAVER LEG DESIGN, CLEAN-OUT SEAT, MOISTURE BARRIER PROTECTION, AND EKO GUARD® ANTI-MICROBIAL FINISH POWERED BY AGION TECHNOLOGY. ALL KARDIA HEALTHCARE PRODUCTS OFFER A LIMITED LIFETIME WARRANTY FROM DEFECTS IN MATERIALS AND WORKMANSHIP FOR THE LIFETIME OF USE.

KARDIA'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

DESIGNED BY JOHN STAFFORD/CHRIS CARTER.

PRODUCT SPECIFICATIONS

THIS COMPLETE COLLECTION OF SEATING IS THOUGHTFULLY DESIGNED FOR SEAMLESS SPECIFICATION THROUGHOUT HIGH TRAFFIC HEALTHCARE FACILITIES. INTELLIGENT FEATURES INCLUDE: WALL SAVER LEG DESIGN, CLEAN-OUT SEAT, MOISTURE BARRIER PROTECTION, AND EKO GUARD® ANTI-MICROBIAL FINISH POWERED BY AGION TECHNOLOGY. ALL KARDIA HEALTHCARE PRODUCTS OFFER A LIMITED LIFETIME WARRANTY FROM DEFECTS IN MATERIALS AND WORKMANSHIP FOR THE LIFETIME OF USE.

KARDIA'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

DESIGNED BY JOHN STAFFORD/CHRIS CARTER.

kardia transport chairs

PRODUCT SPECIFICATIONS

THIS COMPLETE COLLECTION OF SEATING IS THOUGHTFULLY DESIGNED FOR SEAMLESS SPECIFICATION THROUGHOUT HIGH TRAFFIC HEALTHCARE FACILITIES. INTELLIGENT FEATURES INCLUDE: WALL SAVER DESIGN, CLEAN-OUT SEAT, MOISTURE BARRIER PROTECTION, AND EKO GUARD® ANTI-MICROBIAL FINISH POWERED BY AGION TECHNOLOGY. ALL KARDIA HEALTHCARE PRODUCTS OFFER A LIMITED LIFETIME WARRANTY FROM DEFECTS IN MATERIALS AND WORKMANSHIP FOR THE LIFETIME OF USE.

KARDIA'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

DESIGNED BY JOHN STAFFORD/CHRIS CARTER.

kardia 4-position trendelenburg recliners

PRODUCT SPECIFICATIONS

THIS COMPLETE COLLECTION OF SEATING IS THOUGHTFULLY DESIGNED FOR SEAMLESS SPECIFICATION THROUGHOUT HIGH TRAFFIC HEALTHCARE FACILITIES. INTELLIGENT FEATURES INCLUDE: CLEAN-OUT SEAT, MOISTURE BARRIER PROTECTION, AND EKO GUARD® ANTI-MICROBIAL FINISH POWERED BY AGION TECHNOLOGY. ALL KARDIA HEALTHCARE PRODUCTS OFFER A LIMITED LIFETIME WARRANTY FROM DEFECTS IN MATERIALS AND WORKMANSHIP FOR THE LIFETIME OF USE.

KARDIA'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

DESIGNED BY JOHN STAFFORD/CHRIS CARTER.

kardia ultra treatment bariatric recliners

PRODUCT SPECIFICATIONS

THIS COMPLETE COLLECTION OF SEATING IS THOUGHTFULLY DESIGNED FOR SEAMLESS SPECIFICATION THROUGHOUT HIGH TRAFFIC HEALTHCARE FACILITIES. INTELLIGENT FEATURES INCLUDE: WALL SAVER DESIGN, CLEAN-OUT SEAT, MOISTURE BARRIER PROTECTION, AND EKO GUARD® ANTI-MICROBIAL FINISH ON ALL EXPOSED WOOD SURFACES POWERED BY AGION TECHNOLOGY. ALL KARDIA HEALTHCARE PRODUCTS OFFER A LIMITED LIFETIME WARRANTY FROM DEFECTS IN MATERIALS AND WORKMANSHIP FOR THE LIFETIME OF USE.

KARDIA'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

DESIGNED BY IDI.

kardia side-sleeper

PRODUCT SPECIFICATIONS

THIS COMPLETE COLLECTION OF SEATING IS THOUGHTFULLY DESIGNED FOR SEAMLESS SPECIFICATION THROUGHOUT HIGH TRAFFIC HEALTHCARE FACILITIES. INTELLIGENT FEATURES INCLUDE: CLEAN-OUT SEAT, MOISTURE BARRIER PROTECTION, AND EKO GUARD® ANTI-MICROBIAL FINISH POWERED BY AGION TECHNOLOGY. ALL KARDIA HEALTHCARE PRODUCTS OFFER A LIMITED LIFETIME WARRANTY FROM DEFECTS IN MATERIALS AND WORKMANSHIP FOR THE LIFETIME OF USE.

KARDIA'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

DESIGNED BY JOHN STAFFORD/CHRIS CARTER.

reed lounge

PRODUCT SPECIFICATIONS

REED LOUNGE EXUDES MODERN SOPHISTICATION AND BRINGS LOBBY ENVIRONMENTS TO FLIRTATIOUS LIFE. A CAREFULLY PLANNED COMPOSITION OF PROPORTIONS AND GENTLE ARCS PROVIDE THE FOUNDATION FOR THIS CONTEMPORARY, RELAXED, AND COMFORTABLE LOUNGE COLLECTION. THE PRECISELY UPHOLSTERED PUZZLE-FIT OUTSIDE BACK AND LAYERED PILLOW-TOP INSIDE BACK ADD THE LIVELY DETAILS THAT UNIFY THIS SLEEK DESIGN. FOR ADDED PIZAZZ SELECT A CONTRASTING TEXTILE FOR THE SEAT AND INSIDE/OUTSIDE BACKS.

REED LOUNGE'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

DESIGNED BY JOHN STAFFORD/CHRIS CARTER.

PRODUCT SPECIFICATIONS

EXTREME DESIGN VERSATILITY AND MAXIMUM COMFORT IS THE CONCEPT BEHIND THIS SLEEK, UNIFIED MODULAR SEATING SOLUTION FOR INTERIORS LARGE AND SMALL. ONE, TWO, AND THREE SEAT COMPONENTS ARE AVAILABLE WITH OR WITHOUT ARMS, OR IN LEFT OR RIGHT ARM OR TABLE COMBINATIONS. THREE SIZES OF OTTOMAN TABLES COMPLETE THE COLLECTION AND OFFER WOOD OR LAMINATE TOP CHOICES. ALL PIECES CAN BE USED INDIVIDUALLY OR UNIQUELY GROUPED IN A MULTITUDE OF CONFIGURATIONS. ALUMINUM LEGS ADD SUPPORT AND ACCENT THE SIMPLE UPHOLSTERY SHAPES TO FINISH THE DESIGN.

STRATOS LOUNGE'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CAL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.

DESIGNED BY JOHN STAFFORD/CHRIS CARTER.

PRODUCT SPECIFICATIONS

SUTTON COLLABORATIVE OFFERS MODERN APPEAL WITH CLEAN LINES, PERFECT PROPORTIONS, AND UNMATCHED COMFORT. THIS SLEEK COLLECTION FEATURES CURVED ARMS AND BACK TO ACCEPT LARGER USERS WHILE STILL MAINTAINING A SMALL FOOTPRINT. SWIVEL CLUB CHAIRS FEATURE 360° ROTATION ON GLIDES ALLOWING USERS TO COLLABORATE WITH COLLEAGUES FROM ANY ANGLE. ADD CASTERS FOR EASY MOBILITY IN LEARNING ALCOVES OR CORPORATE BREAK-OUT SESSIONS. SUTTON'S OPTIONS INCLUDE A STATIONARY WOOD FEET CLUB CHAIR, CUP HOLDERS, AND PATENTED FLIP-DOWN FIXED TABLET ARM THAT FOLDS AWAY WHEN NOT IN USE AND ALLOWS EASY CHAIR EXIT. SUTTON'S OUTSTANDING VERSATILITY MAKES IT A MUST FOR CORPORATE, LOUNGE, RECEPTION, AND EDUCATIONAL ENVIRONMENTS.

SUTTON LOUNGE'S SUPERIOR CONSTRUCTION INCLUDES SOLID HARDWOOD AND CNC CUT FURNITURE GRADE PLYWOOD FRAMES. JOINTS ARE CORNER BLOCKED, GLUED, AND FASTENED FOR DURABILITY. TEXTILES ARE HAND-TAILORED OVER 100% POLYURETHANE FOAM THAT MEETS CALL 117 STANDARDS. DOUBLE NEEDLE STITCHED SEWING TECHNIQUE WITH COLOR MATCHED THREAD ADDS EXTRA STRENGTH TO SEAMS AND STYLISH FLAIR.
