# Introduction

## A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

### Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

### Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

### The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

## General Information

This book is effective February 1, 2016, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit [www.HermanMiller.com](http://www.HermanMiller.com).

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest  $\frac{1}{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

### 20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

# Multipurpose Chair

WC111  
WC121

### Product Information

#### Description

This multipurpose chair has a molded, flexible back that is perforated and contoured. It has a biomechanical tilt mechanism that synchronizes the movement of the chair's seat and back, pneumatic seat-height adjustment, and 5-star base with casters. The chair has 2 seat options: the molded seat is perforated and contoured; the Flexnet™ seat is suspension material. It is available with or without arms. All chairs meet CAL 133 requirements.

The multipurpose chair is breathable and distributes the user's weight evenly. Each chair is lightweight and mobile and has a cutout in the back for easy movement.

#### Notes

Chair is tested and warranted for use by persons 300 pounds and under. Cape® chairs are not recommended for outdoor use.

For information on casters, see Casters and Glides in Appendices.

# Caper® Stacking Stool

WC742  
WC743

## Product Information

### Description

This stacking stool has a molded, flexible back that is perforated and contoured. The stool has a tubular steel frame and foot ring and comes in 24" (counter) and 30" (bar) heights. Available with or without arms. All chairs meet CAL 133 requirements.

The stool has 2 seat options: the molded seat is perforated and contoured; the Flexnet™ seat is suspension material. Each stool is breathable and distributes the users weight evenly.

The stool is lightweight and mobile. The 24" stool weighs 13.8 pounds and the 30" stool weighs 14.9 pounds. All styles of this stool can be stacked up to 5 high on the floor. Each seat back has a cutout for easy movement.

### Notes

Stool is tested and warranted for use by persons 300 pounds and under. Caper stacking stools are not recommended for outdoor use.

Glide color is predetermined based on arm finish/arm cap finish. For black (BK) and silver grey (SY), glides are black. For fog (63), glides are fog (63).

For information on casters and glides, see Casters and Glides in appendices.

# Stacking Chair

WC410  
WC420

## Product Information

### Description

This stacking chair has a tubular steel frame, a molded back that is perforated and contoured, and a 4-leg base with casters or glides. It has 2 seat options: the molded seat is perforated and contoured; the Flexnet™ seat is suspension material. Each chair is breathable and distributes the user's weight evenly. The chair is available with or without arms. All chairs meet CAL 133 requirements.

The chair is lightweight and mobile. The molded chair without arms weighs 9½ pounds and the Flexnet chair with arms weighs 11½ pounds. All styles of this chair can be stacked up to 6-chairs high on the floor and up to 15-chairs high on the Caper® cart. Each chair has a cutout in the back for easy movement.

### Notes

Chair is tested and warranted for use by persons 300 pounds and under. Ganging stacking chairs (WC415 or WC425) can be stacked with armless stacking chairs (WC410N or WC420N) on the floor or on a Caper cart.

Order optional Caper cart (WC904) separately.

Caper chairs are not recommended for outdoor use.

Glide color is predetermined based on arm finish/arm cap finish. For black (BK) and silver grey (SY), glides are black. For fog (63), glides are fog (63).

For information on casters and glides, see Casters and Glides in Appendices.

# Ganging Stacking Chair

WC415  
WC425

## Product Information

### Description

This ganging stacking chair has a tubular steel frame, a molded back that is perforated and contoured, and a 4-leg base with glides. It has 2 seat options: the molded seat is perforated and contoured; the Flexnet™ seat is suspension material. Each chair is breathable and distributes the user's weight evenly. The chair's ganging connectors are on the front and rear legs to ensure proper alignment. All chairs meet CAL 133 requirements.

The chair is lightweight and mobile and weighs 9½ pounds. It can be stacked up to 6-chairs high on the floor and up to 15-chairs high on the Caper® cart. Each chair has a cutout in the back for easy movement.

### Notes

Chair is tested and warranted for use by persons 300 pounds and under.  
Ganging connector finish matches frame finish.

Ganging stacking chairs (WC415 or WC425) can be stacked with armless stacking chairs (WC410N or WC420N) on the floor or on a Caper cart.

Order optional Caper cart (WC904) separately.

Caper chairs are not recommended for outdoor use.

Glide color is predetermined based on arm finish/arm cap finish. For black (BK) and silver grey (SY), glides are black. For fog (63), glides are fog (63).

For information on glides, see Casters and Glides in Appendices.
