Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective February 1, 2016, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $\frac{1}{8}$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Work Chair

EN122
EN123

Product Information

Description

This chair is available in 3 sizes and has a flexible, 1-piece shell with an H-shaped cutout, a seat and back with foam padding, a 5-star base, and a pneumatic seat-height adjustment.

Tilt options include a knee tilt that allows the chair to recline and pivot, and a knee tilt with lock that secures the chair in an upright position.

Arm choices include no arms, fixed arms, and adjustable arms that adjust 4" vertically with armpads that adjust 3/4" horizontally and pivot outward and inward over a 25° range.

The split-pad upholstered chair has cushions that snap off for replacement. It also has an adjustable lumbar that vertically adjusts 3" for size A and 4" for sizes B and C; it expands up to 1" for additional lumbar support.

Fire-retardant chair meets CAL 133 requirements; this chair is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

To help determine chair size, see Equa 2® Chair Size/Fit Reference in Appendices. A-, B-, and C-size chairs are tested and warranted for use by persons 300 pounds and under.

For information on casters and glides, see Casters and Glides in Appendices.

For nonupholstered armpads, specify BK armpad finish for BU and G1 base/frame finish or base finish/frame and outer shell finish options.

Customer's Own Material (COM)/Customer's Own Leather (COL) requires the following:

For fully upholstered chairs:

Size—COM—COL

A—1½ yards—30 square feet

B—1¾ yards—30 square feet

C—2 yards—34 square feet

For split-pad upholstered chairs:

Size—COM fabric—COM vinyl—COL

A, B—1 yard—1½ yards—22 square feet

C—1⅓ yards—NA—24 square feet

Add 8 square feet of COL for leather armpads. See Order Information in Appendices.

Stool

EN712
EN713
EN722
EN723

Product Information

Description

This stool has a flexible, 1-piece shell with an H-shaped cutout and a seat and back with foam padding. It has a 5-star base, pneumatic seat-height adjustment, and an adjustable, chrome-plated steel footring. Available in size A only.

Tilt options include a knee-tilt swivel that allows the stool to recline and pivot, and a knee-tilt swivel with lock that allows the stool to be secured in an upright position.

Arm options include no arms, fixed arms, and adjustable arms that adjust 4" vertically with armpads that adjust 3/4" horizontally and pivot outward and inward over a 25° range.

The split-pad upholstered stool has cushions that snap off for replacement. It also has an adjustable lumbar that vertically adjusts 3" and expands up to 1" for additional lumbar support.

Fire-retardant stool meets CAL 133 requirements; this stool is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

Stool is tested and warranted for use by persons 300 pounds and under. High-stool footring adjusts from 6 1/4" to 14 1/4" off the floor; the low-stool footring adjusts from 6 1/4" to 9" off the floor.

For information on casters and glides, see Casters and Glides in Appendices.

For nonupholstered armpads, specify BK armpad finish for BU and G1 base/frame finish or base finish/frame and outer shell finish options. Stool accepts Customer's Own Material (COM)/Customer's Own Leather (COL). Fully upholstered stool requires 1 1/2 yards for COM or 30 square feet for COL. Split-pad upholstered stool requires 1 yard for COM fabric, 1 1/2 yards for COM vinyl, or 22 square feet for COL. Add 8 square feet of COL for leather armpads. See Order Information in Appendices.

Product Information

Description

This chair has a flexible, 1-piece shell with an H-shaped cutout, a seat and back with foam padding, and a sled base.

Arm options include no arms and fixed arms.

The split-pad upholstered chair has cushions that snap off for replacement.

Fire-retardant chair meets CAL 133 requirements; this chair is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

Chairs are tested and warranted for use by persons 300 pounds and under.

For chair used on hard floors, sled-base glide option is recommended.

For nonupholstered arm pads, specify BK arm pad finish for BU and G1 base/frame finish or base finish/frame and outer shell finish options.

Customer's Own Material (COM)/Customer's Own Leather (COL) requires the following:

For fully upholstered chairs:

COM—COL

1³/₄ yards—30 square feet

For split-pad upholstered chairs:

COM fabric—COM vinyl—COL

1 yard—1¹/₂ yards—22 square feet

Add 8 square feet of COL for leather arm pads. See Order Information in Appendices.

Product Information

Description

These arms retrofit to an Equa® or Equa 2 chair. They adjust 4" vertically with armpads that adjust 3/4" horizontally and pivot outward and inward over a 25° range. Attachment hardware is included.
Fire-retardant arms meet CAL 133 requirements.

Notes

For nonupholstered armpads, BK armpad finish is recommended for all frame finish options except MT.
Equa 2 adjustable arms have a lower gloss frame finish than Equa chair base finish.
Customer's Own Leather (COL) requires 8 square feet. See Order Information in Appendices.

Fire Retardancy – Seating

Fire Retardancy

Fire-retardant chairs are manufactured with special cushions, cushions covered with fire-barrier material, and/or are upholstered in approved fire-retardant fabrics. These chairs meet California TB 133 requirements.

All foam, Proprietary Textiles, and Textile Alliance Program™ (TAP™) textiles on HermanMiller seating products comply with California TB 117-2013.

- Fabric meets code requirements.

FR To meet California TB 133 code requirements, fabrics must be applied to approved chairs identified with FR product numbers. To verify a fabric is approved for a specific chair, see the Fire-Retardant listing on the Seating Textiles Application Chart.

- Balance 3512 carbon and 3513 black only available on Embody® FR chairs.
- Rhythm 3014 black only available on Embody FR chairs.
- Lyris 2 4W11 graphite only available on Setu® FR chairs.
- Pellicle Classic 3Do1 graphite only available on Aeron® FR chairs.

Size/Fit Reference – Equa 2® Work Chairs

This reference helps people select A-, B-, or C-size chairs when the three sizes are not available for actual test sitting. Height and weight are key indicators of suitable chair-size choice. Since the B-size chair is designed to fit a broad range of people, Herman Miller recommends it for users who fall in the A/B or B/C category.

To determine which chair size is best, find the point of intersection for your height and weight. Equa 2 A-, B-, and C-size chairs are tested and warranted for use by persons 300 pounds and under.

Customer's Own Material/Customer's Own Leather Order Information — Seating

Packaging

Packaging varies according to individual product. A surcharge may be added for special packaging requests. Contact Customer Care for specific information.

Customer's Own Material/Customer's Own Leather

Program Overview

The Customer's Own Material (COM) and Customer's Own Leather (COL) program gives you the option of using textiles other than those listed. Herman Miller will test textiles for application to Herman Miller products and will process orders for those with approved COM/COL textiles only. COM/COL are assigned lead-time textiles.

Omni lists an overview of fabrics and leathers that have been tested and indicates whether or not they were approved for application to Herman Miller products.

Specific information on the terms and conditions, testing, approval, and ordering process for COM/COL is listed below. Questions about the COM/COL program and requests for assistance may be directed to your COM representative at:

(616) 654 3400

(866) 854 3048 EXT 3400

Customer's Own Material/Customer's Own Leather Warranty

Herman Miller does not warrant COM/COL textiles. COM/COL textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM/COL textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Customer's Own Material/Customer's Own Leather Pricing

COM is a Category 1 fabric. There are no application charges for COM fabrics. COL is a Category 7 textile; refer to prices on specific products to determine the application charge.

Ordering and payment for COM/COL textile yardage are the responsibility of the customer and the textile supplier.

If desired, Herman Miller will purchase COM textiles directly from True Textiles, C.F. Stinson, Luna Textiles, Maharam, and Momentum Textiles to simplify ordering and shipment. For this service, refer to the Supplier Connection program.

Textile Approval

1. Select a COM/COL textile and a Herman Miller product.
2. If your textile is not listed in Omni, obtain a test number from a COM representative at (616) 654 3400. You can also submit your request within Omni. Please have the following information ready before calling: textile name, number, pattern, roll width, and the product you will apply it to.

Additional yardage may be needed due to the unique characteristics of a textile. All package labels must include the words "COM test" or "COL test" and the assigned COM/COL test number.

3. Herman Miller will notify you of approval or disapproval within 4 days from receipt of the test yardage.

Ordering Products with COM/COL

1. Refer to the specific products to determine the yardage required for COM/COL textiles.
2. If your textile is not listed in Omni, call a COM representative at (616) 654 3400 or (866) 854 3048 EXT 3400. The representative will assign an identification number for your textile (ID#) and will verify yardage requirements for your order. Additional yardage may be needed due to the unique characteristics of a textile.
3. Enter your order on Order Manager in Omni.
4. Upon receipt of your purchase order, Herman Miller will send you a PO acknowledgment.
5. Arrangements must be made for the textiles to be shipped from the supplier to Herman Miller for application to the seating products. Textiles must be tagged with the assigned identification number and the roll yardage quantity. See Omni for shipping procedures and current shipping addresses or contact a COM representative at (616) 654 3400 or (866) 854 3048 EXT 3400.

Products will be scheduled for production when COM/COL textiles are received at Herman Miller. Standard lead times in effect at that time will apply.

Note: If textiles are to be purchased directly by Herman Miller through the Supplier Connection program, Herman Miller will handle the ordering and shipping process and will schedule your order for production upon receipt of your purchase order (dependent on textile availability). Refer to the Supplier Connection program for more information.

Customer's Own Material/Customer's Own Leather Order Information — Seating

Supplier Connection

Program Overview

The Supplier Connection program is a service offered by Herman Miller to purchase approved COM textiles directly from True Textiles, C.F. Stinson, Luna Textiles, Maharam, and Momentum Textiles. When you select a textile through this program, Herman Miller will facilitate the ordering, scheduling, and shipment of the textile directly with the supplier.

Suppliers included in the Supplier Connection program keep an active inventory of textiles that are pre-approved for application to Herman Miller products. Pre-approval applies only to the suitability of a textile for manufacturing and application to a Herman Miller product. Omni provides an overview of fabrics that have been tested and indicates whether or not they were approved for application to Herman Miller products.

Specific information on the terms and conditions, testing, approval, and ordering process for the Supplier Connection program is listed below. Questions and requests for assistance may be directed to your COM representative at:

(616) 654 3400
(866) 854 3048 EXT 3400

Supplier Connection Warranty

Textiles purchased by Herman Miller through the Supplier Connection program are COM and are not warranted by Herman Miller. COM textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Supplier Connection Pricing

Textiles purchased by Herman Miller through the Supplier Connection program are COM. COM is a Category 1 fabric. There are no application charges for COM fabrics.

Payment for textiles purchased by Herman Miller through the Supplier Connection program is the responsibility of the customer or dealer. Herman Miller will invoice the order at the supplier's prices published at the time of the order.

Textile Approval

1. Refer to Omni to identify the approval status of the textile. If your textile is not listed, contact the COM Department to request testing for application to Herman Miller products.
2. Herman Miller will notify you of approval or disapproval in approximately 4 days from receipt of the test yardage. If the textile is approved, it will be assigned a COM identification number.

Ordering Products with Supplier Connection COM

1. Identify and include the following information on your purchase order:
 - Product number and option
 - Herman Miller's COM identification number
2. Enter your order on Order Manager in Omni.
3. Upon receipt of the purchase order, Herman Miller will process your order and send you a PO acknowledgment. Herman Miller will determine the yardage required to produce your product and will order and schedule for delivery the required textile. Standard lead times in effect at the time the textile is allocated at the supplier will apply to products ordered through this program.
