CREDIT TERMS & PRICING: This price guide will supersede all other price lists, price quotes, or published information. Contents are subject to change without notice. Prices shown here cover standard product. Changes or alterations to standard products are subject to an additional charge. All pricing, quoting, and invoicing, as well as purchase orders and payments accepted, will be in U.S. dollars only.

TAXES: All prices shown in this price list are subject to any Federal, State, and Local taxes.

FREIGHT & DELIVERY: All prices are FOB factory. Freight shall be prepaid and allowed to all freight stations in the U.S. mainland states on all standard priced shipments (priced with dealer's standard discount) with a minimum order of \$15,000 list for one standard delivery to one location. On single orders shipped to one location totaling less than \$15,000 list, a flat 8% of the total list price shall be added to the invoice. Contact Invincible™ Customer Service if you have questions or concerns regarding freight. It is not Invincible™'s intent to profit from freight, but rather to simply help to defray delivery expenses.

The factory shall determine the method of shipment, which includes but is not limited to; the determination of the carrier, method of ship-

ment, and routing. For deliveries within 250 miles driving distance of Manitowoc, freight will be figured at 10% of NET, with a \$140 minimum charge (excluding UPS shipments). Standard delivery shall be dock-to-dock delivery and shall occur Monday through Friday, 7:00am - 3:00pm. Any freight expenses over those normally charged by the carrier due to a specific request by the purchaser or consignee (e.g. call before delivery, lift gate required, delivery before 7:00 am or after 3:00 pm, weekend delivery, residential delivery, and school delivery requiring special equipment, etc.), shall be charged back to the dealer of record. Shipments to Canada are FOB factory. Contact factory for freight quote.

For shipments destined for Alaska, Hawaii, U.S. or foreign territories, delivery shall be made to a prearranged port. Customer shall prepay all freight charges and any extra expenses resulting from any request by Customer for after hours, holiday, weekend, or specific time delivery, or special carrier, shipping method (ex: air freight, exclusive use vehicle), packaging &/or routing.

Customer directed or expedited shipments shall be prepaid and billed at actual cost. Any charges arising from failure to meet a shipment, rerouting while in transit or carrier's storage is not included in the pricing shown. A rerouting charge of \$125 shall be assessed for rerouted shipments.

Inside delivery and installation are not included in the pricing shown and are the responsibility of the buyer.

TRUCKLOADS: On all individual truckload shipments (except those going to warehouses or to distribution centers), Invincible™ will call the dealer before loading the trailer requesting a firm arrival date. After the

General Product & Order Information

trailer is loaded, Invincible™ will hold the trailer a maximum of 24 hours without a penalty. After 24 hours the dealer will be assessed \$150 per day, per trailer until the trailer is released. Invincible™ may accept requests to blanket wrap orders. Please consult factory for additional charges that may apply.

If requested by the dealer, we will unload product from the trailer for a later shipment. The charge for this service is \$150 per hour.

NEW ACCOUNTS: New customers are required to complete a credit application before orders are accepted. The credit application is available online at www.InvincibleFurniture.com. Credit applications are to be submitted to the Accounting Department. All new customers will be required to pay a 50% deposit down with their first order, including freight and fuel surcharges. Balance of the invoice is then expected BEFORE the order is shipped. The Accounting Manager based upon the customer's credit history will determine terms for subsequent orders.

CUSTOMER ORDER DEPOSITS: A 50% deposit may be required for any order for non-standard or custom product. Any such deposit shall accompany Customer's purchase order.

CREDIT POLICY: Credit limits for all Customers will be determined by the Accounting Department. Any Customer submitting orders that exceed their credit limit will be required to make payment of a deposit for said orders or previously entered orders before those orders are entered into the production schedule. Customers will be notified that they have exceeded their credit limit by the Accounting Department.

PAST DUE ACCOUNT STATUS: Any Customer account that becomes past due will be placed on credit hold and no orders will be fulfilled or entered until the account is brought current. Any account that becomes more than 15 days past due will be referred to a collection agency for resolution and the customer will remain on credit hold until the entire balance due is paid in full. Any customer who is placed with a collection agency will be placed on Cash in Advance terms for a period of no less than one year, at which time the account will be reviewed and considered for alternate payment terms.

COLLECTION COSTS: In the event the Customer defaults on payment obligations to Invincible™, and Invincible™ must employ the services of an attorney or collection agency to enforce these obligations, Customer shall reimburse Invincible™ for all of its actual collection costs and expenses (including actual attorney's fees and court costs) upon demand.

CHARGE BACKS: Must be approved in writing and in advance by authorized Invincible™ agent. No approval, NO CHARGE BACK. Customers are responsible for contacting their sales representative with any concerns that may cause a charge back to be considered.

REQUESTS FOR SPECIFIC DELIVERY TIME(S): Invincible™ will consider requests for delivery times and for drop shipments to job sites, and will undertake reasonable efforts to indicate any such request(s) to product carriers. Invincible™ may, in its sole discretion, extend to customers the option of a carrier guaranteed set delivery time at an additional cost to Customer. Invincible™'s liability for any damages incurred for any late deliveries including labor and other expenses resulting from any such delays shall be limited to a refund of the charge for the aforementioned guaranteed set delivery time.

ACCESSORIAL FEES: Customers shall be responsible for the payment of any and all accessorial fees.

STORAGE OF PRODUCT: If following Invincible™'s acknowledgement of Customer's purchase order, Customer requests a delay in shipment for any period greater than one (1) day from the scheduled ship date, Customer shall be responsible for the payment of the following storage fees:

- 1.) Less than full trailer (11 pallets or 24 feet or less) \$5 per pallet.
- 2.) Full trailer - \$75 per day per trailer

FUEL SURCHARGE FEE: Invincible™ may impose a surcharge over time due to prevailing economic conditions.

TITLE, RISK OF LOSS & DAMAGE OR SHORTAGE CLAIMS

TITLE & RISK OF LOSS: Title to products shall pass to Customer upon delivery by Invincible™ to the carrier. For purposes of risk or loss, all shipments are "FOB Origin" and Customer acknowledges that once Invincible™ delivers the product to the carrier, risk of loss shall pass to the Customer. If you receive product that is freight damaged, the following steps MUST BE TAKEN:

- 1.) Before signing for the merchandise, make careful notation of all damages on the bill of lading, delivery receipt &/or freight bill.
- 2.) Immediately file a claim with the delivery driver. Call our shipping department with claim number.
- 3.) This claim must be filed within five (5) days of delivery.
- 4.) Retain all shipping cartons for inspection by the carrier agent.
For concealed damage, follow steps 2 through 4.

SHIPMENT DAMAGE CLAIMS: All products are packaged to comply with carrier requirements and leave Invincible™'s facility in good condition. Customer shall be responsible to carefully inspect all product(s) upon delivery before acceptance. Any damage discovered upon delivery must be noted on the bill of lading. Notification of damage discovered after delivery must be given to Invincible™ within five (5) days immediately following delivery. All products must remain at delivery location and must retain all original packaging. Invincible™ shall not be liable for loss or damage to product that occurs in transit, and Customer's sole remedy for any such damages shall be to seek appropriate recourse against the carrier. Digital pictures of damaged goods are required.

SHORTAGE CLAIMS: Customer must report shortage claims to Invincible™ within five (5) days immediately following delivery. Shortages reported after will not be honored.

RETURNS: No return shipments will be accepted, nor will credit be allowed unless the return is approved and a Return Merchandise Authorization (RMA) Number is issued by Invincible™'s Customer Service. Requests to return product must be made within fifteen (15) days of receiving product, and the product must be returned within forty-five (45) days of issuance of the return authorization number. All returns must be shipped as originally packaged and in A-1 resalable condition. Return goods are subject to a 30% handling charge and any freight charges incurred. Custom product orders and special items (including special finishes) may not be returned.

General Product & Order Information

PRODUCT SIZES / VARIATIONS: Dimensions listed in tabular columns are as follows: W=Width, D=Depth, and H=Height. These are nominal dimensions. If size is critical, please obtain written verification from the factory. Variations may occasionally occur in dimensions shown in this book.

ORDERING: A hard copy purchase order is required. Please fax, email or mail your order to:

Invincible™ Office Furniture Solutions
PO Box 1117
Manitowoc, WI 54221-1117
Fax: 920.683.2970
Email: Sales@InvincibleFurniture.com

To expedite entry of your order, verify your order is complete and accurate. Be certain to include all catalog numbers, options, quantities, and selected finishes. Include purchase order numbers, bill to and ship to addresses, contact name, and specific shipping dates required. Please include the ship to contact's telephone number.

Individual product questions may be addressed through order examples and specific product information listed on each page or by calling Customer Service at 877.682.4601.

ACKNOWLEDGEMENTS, CHANGES & CANCELLATIONS: All complete credit approved orders received will be acknowledged within 5 working days via email, fax or mail. Any orders received without complete correct information will NOT be entered until complete correct information is received in writing. Verbal is not acceptable. Information must be confirmed via hard copy. Lead times are determined upon order entry. Customers accept responsibility for correct order information and are required to inspect their acknowledgements carefully. All orders are subject to approval of factory. Additions to existing orders require a new purchase order and the existing order will receive a new lead time.

Orders may be cancelled, but are subject to processing and restocking charges. A charge of 10% of net amount will be assessed on any item cancelled after an order has been entered for production but has not been manufactured. There will be a 50% restocking charge applied to any cancelled or changed item after it has been manufactured. Orders for nonstandard and custom products may not be cancelled.

FINISHES, CUSTOM PRODUCTS & SPECIALS: For standard finishes (paint, laminates, edge trim and fabrics) please visit us online at www.InvincibleFurniture.com. Tangible samples may be requested by contacting our Customer Service department by fax, phone or via the web.

For custom color finishes we ask that you send a color sample to us for matching. Due to varying paint formulations, aging, oxidation, and effect of light, special and standard finishes are not guaranteed to match new or existing furniture.

For Custom Products or special finishes, please consult with our Engineering Department for a written price quote. Custom finishes and products are subject to a 12-week lead time and may not be cancelled or returned. A signature will be required prior to release of order to our production facility.

ADDITIONAL NOTES ON FINISHES:

- a) **CUSTOM PAINT &/or TEXTURE MATCHING:** Minimum custom paint / texture matching is 10 pieces. A \$400 net set up fee will be charged per order. Lead times of 6-8 weeks will apply for any order having these special requests. Matching discontinued paint shall be considered a custom paint request.
- b) **STANDARD LAMINATE:** A \$40 net upcharge per surface will be applied to all nonstandard premium laminates selected. This includes any Formica, Pionite, or Nevamar laminate chosen over the standard offerings, as well as Wilsonart Premium & HD Premium selections.
- c) **EDGE TREATMENT OPTIONS:** If T-mold is standard, PVC is optional for \$25 net upcharge per surface.
- d) **PVC EDGE OPTIONS:** Custom match edge options are available. Minimum of 5,000 linear feet required. If PVC is standard, T-Mold is optional for no additional upcharge.
- e) **FABRIC OPTIONS:** Custom fabrics are available. Please contact our Invincible™ Customer Service Department.

LIMITED LIFETIME WARRANTY: Invincible™ brand metal products are warranted to be free from defects in material and workmanship for the entire useful life of the product (generally accepted to be 25 years) as long as the original purchaser owns the product. This warranty does not cover normal wear and tear that is to be expected over the course of ownership.

This warranty is conditioned on proper care of the product, and use of the product being limited to normal commercial use in a climate controlled environment. Modification or attachments to the product not specifically approved in writing by Invincible™ will void the warranty. Products that were not installed, used or maintained in accordance with the product instructions and warnings will void the warranty, as will attempts to make repairs by, or on behalf of the end customer. (Warranty will not apply to products used for lease or rental purposes.)

Invincible™ requires written proof of purchase to validate product warranty, including but not limited to a copy of Invincible™'s original invoice, along with affirmation that the claimant is the original purchaser. If

Invincible™ determines that a product is covered by warranty, it is at the sole discretion of Invincible™ to repair, provide replacement parts or to replace the item with the same or a comparable product. In no event will Invincible™ be responsible for incidental or consequential damage, and under no circumstances shall Invincible™'s liability under this warranty exceed the original purchase price of the product.

CODE RESTRICTIONS: Invincible™ considers its products to be office furniture and subject to all applicable local fire, electrical and building codes. As local codes vary, the purchaser is responsible to notify Invincible™ of all local codes. The proper application and installation of products is the purchaser's responsibility.

Products not manufactured by Invincible™ are listed here with their respective manufacturer warranties:

Keyboard Trays (5 years)	Progressive Suspensions (Limited Lifetime)
Task Lights (3 years)	Crank Adjustable Table Bases (5 years)
CPU Holders (5 years)	(extend from 3 years by Invincible™)
Locks (25 years)	Electrical Pop-ups and wiring (1 year)
	Panel Fabric (manufacturer warranty)

VISTA Modular Furniture

GENERAL PRODUCT INFORMATION

VISTA is a free standing modular desking system. Standard product features include:

Tables

- High pressure laminate tops have balanced construction and vinyl T-mold edge (standard) or Optional PVC edge.
- Legs are 2" thick, all steel construction with smooth, rounded edges and leveling glides. Leg options include C-Leg, Access Leg, Full End Panel, Shared C-Leg and Shared Access Leg. All legs are non-handed and include grommets for vertical and horizontal wire management.
- Modesty panels are all steel construction and are available in 3 heights – Full Height, 3/4 Height and Wall Access Height, and come standard with cable channel.
- All tables are cartoned and ship knocked down (K.D.).
- Two grommets per table is standard. Grommets located in alignment with legs.

Overhead Storage

- Flipper door risers are available with steel fronts, fabric fronts or laminate fronts.
- Flipper door risers and bookshelf risers are available with open back or with steel back and fabric tackboard.
- Corner bookshelf riser is standard with steel back and fabric covered tackboard.
- Corner riser tower provides total access to desk top space and maximizes overhead storage capacity.
- Slatwall organizer rack may be mounted between riser uprights. Multiple accessories available for organizer rack.
- Overhead storage ships fully assembled.
- Locking Options available - may be keyed alike to other overhead storage units and to pedestals.

Privacy Screens

- Laminate covered privacy screens are available in 2 styles and mount to table tops.
- Fabric covered privacy screens are tackable and mount to table back panels.
- Slatwall organizer rack may be mounted directly onto fabric covered privacy screens and risers. Multiple accessories available for organizer rack.

Pedestals

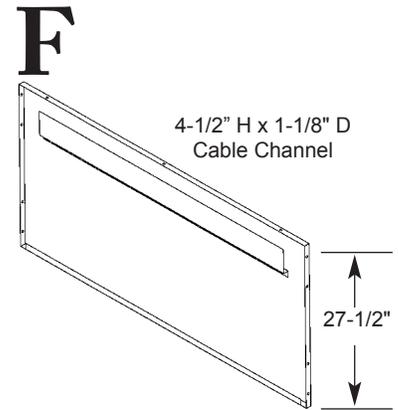

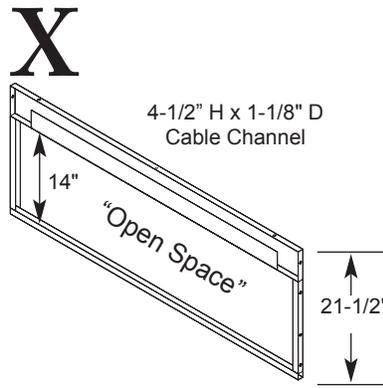

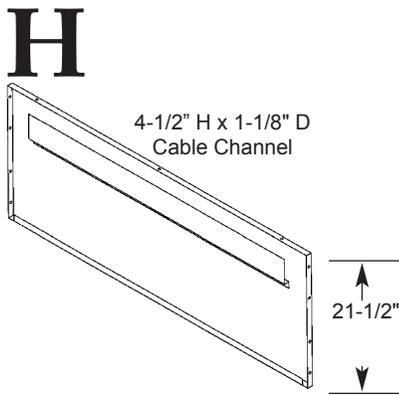

- Pedestals are all steel construction with steel ball bearing progressive suspensions. Box drawers and file drawers have full extension.
- Box drawers are equipped with one adjustable divider per drawer. Additional dividers may be purchased.
- File drawers have high sides for hanging folders. Optional compressors are available with an upcharge.
- Mobile pedestals have concealed caster base.
- Locking Option available - may be keyed alike to other pedestals and to overhead storage units.

*** To order Pedestals, Center Drawers, Keyboard Trays and other Accessories refer to pages 18 to 22.**

VISTA Desk / Table Overview

Back Panel Options:

H = 3/4 Height 21-1/2" Back Panel
 X = Wall Access Open Frame Back Panel
 F = Full Height Back Panel

- Tables ship unassembled, knocked down (KD) and crated with tops, back panels and legs.
- All legs/end panels are 2" thick and are non-handed.
- Modesty panels come standard with cable channel.

Note: May not be used with power channels.

Legs (Non-Handed)

- Maximum length of straight run tables with only clear access legs is 6'. Every 6' in a run should be supported by a C-Leg or an End Panel.
- Legs with hardware are approximately 5-1/2" deep.

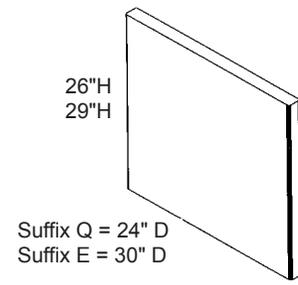

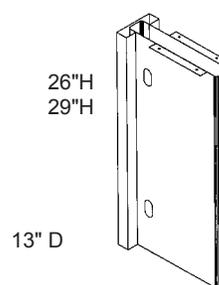

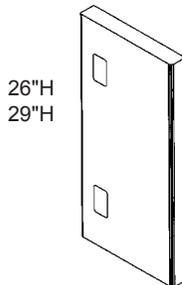

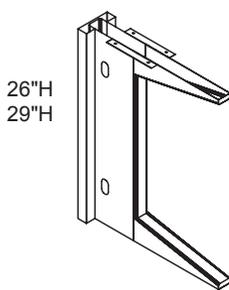

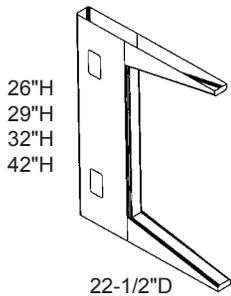

C = C-Leg

SCL = Shared C-Leg

A = Access Leg

SAL = Shared Access Leg

E or Q = Full End Panel

- 29H C-Leg may be ordered without grommet. Part number is C29NG. Call Customer Service at 877.682.4601 for current pricing.
- Inside of leg open (hollow) for vertical, concealed cable/cord passage
- Includes grommets for cable pass through
- Use shared leg when two adjacent tables are joined

- 29H Access Leg may be ordered without grommet. Part number is A29NG. Call Customer Service at 877.682.4601 for current pricing.
- Inside of leg open (hollow) for vertical, concealed cable/cord passage
- Includes grommets for cable pass through
- Use shared leg when two adjacent tables are joined

- Available as option to replace any C-Leg or Shared leg
- Primary use at end of run for full panel look or added support
- Tow hemmed oval openings for cord passage on inside only
- Only support style available for 36" deep tables
- Must be used on 30" deep tables if caster kit is ordered

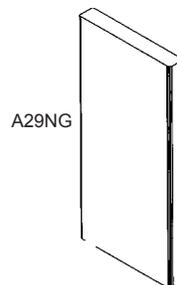

COL-SUP-29 Column

2 1/4" Dia.

Standard for D, C, F, P, half round convergent.

2

NOTE:

Access Legs are also available without grommets. Part number is A29NG.

How to Order VISTA Modular Furniture

Standard rectangular VISTA tables do not have a prefix. Vista prefixes indicate: corner, type of corner, mobile or special height (if other than standard 29" high.)

Example: SC30424230 #** (S=Standing Height 42"H, C=Corner, 3042230=30x42x42x3, suffix symbols stand for [#] back panel, and [*] indicates type of leg)

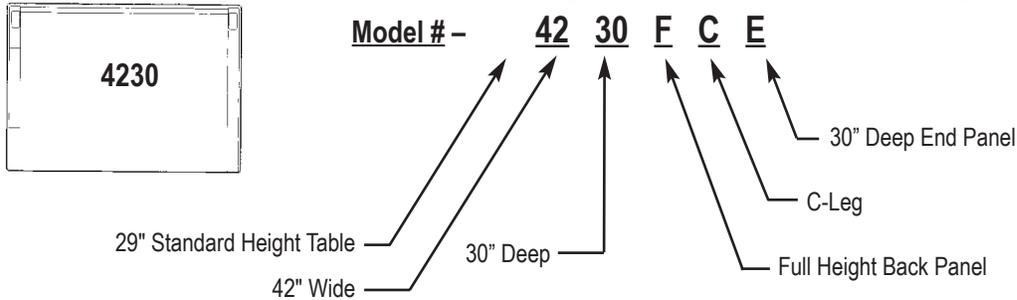

- # the first suffix is back panels
- X = Wall Access No Upcharge
- H = 3/4 height (21-1/2") No Upcharge
- F = full to floor (27-1/2") Add \$50
- the second and third suffix are two leg options
- A = Access Leg
- C = C-Leg
- Q or E = End Panel
- N = No Leg

NOTE: Use the No Leg option when a table is being attached to a table with a shared leg. Subtract \$102.

- # For corner tables the first and second suffix are back panels.
- The third and fourth suffix are leg options

Note: Vinyl T-Mold edge is standard. PVC, Self Edge, and Waterfall edge treatments are available. Please consult factory. Legs are Non-handed.

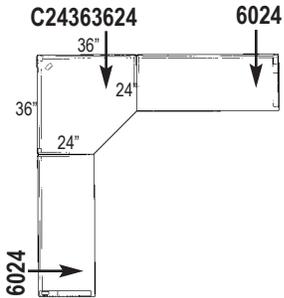

Example #1: Freestanding **STANDARD HEIGHT** rectangular table, 42"H x 42"W x 30"D
Full height modesty back panel, C-Leg on left, 30" deep end panel on right

Note: Example #1 is a standard 29"H, is no prefix and appears as 4230FCE.

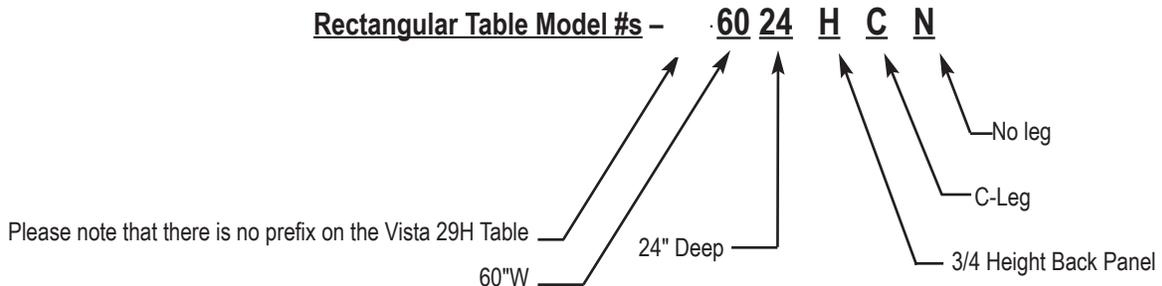

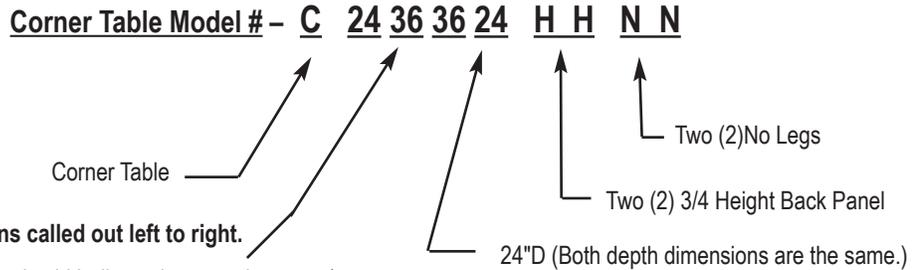

Example #2: Corner Table, 29"H x 36"W x 24"D, 3/4 height modesty back panels, no legs.

2 each 29"H x 60"W x 24"D rectangular tables, 3/4 height modesty back panel.
Each table has 1 C-Leg, and 1 leg is omitted.
2 shared access legs are used where corner table and rectangular tables meet and are ordered separately.

Four sets of dimensions called out left to right.

36"W (In this instance, both width dimensions are the same.)

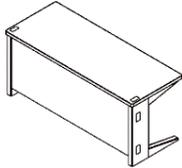

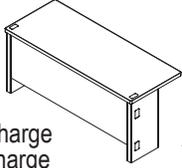

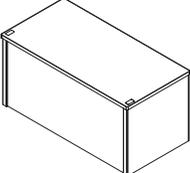

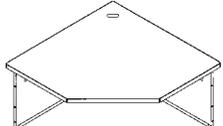

Specify paint, T-mold & laminate colors when ordering.

Note: IG4 available in Orange only.

Pedestals & Accessories

GENERAL PRODUCT INFORMATION

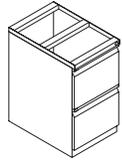

- Pedestals are available in 22-3/32" and 28-3/4" depths.
- With or without steel tops.
- Pedestal drawer options come in either B (Box/Box/File) or F (File/File) configuration.
- Four 1" leveling glides standard on each pedestal.
- Box drawers come standard with one divider.
- File drawers have full height sides for hanging folders.
- Full recessed pull along drawer front (Steel Fronts).
- Laminate drawer front with self edge is standard. PVC edge option is available with waterfall handle - for upcharge. Please consult factory.
- Box and file drawers have full progression ball bearing suspensions.
- Compressor option available.
- Pencil tray option available for box style drawers.
- Mobile pedestal option available in 22-3/32" and 28-3/4" depths.
- Cushion top mobile pedestal option available in 22-3/32" and 28-3/4" depths.
- Locks may be keyed alike to other pedestals, center drawers, verticals, laterals, etc. This must be specified at time of order.

**NOTE: Posting shelves may be added to 28-3/4 pedestals.
Simply add "-PS" to suffix and add \$155 to list price.**

Storage

GENERAL PRODUCT INFORMATION

Storage Cabinets

- Storage cabinets are 18-1/8" deep and available in 30", 36" and 42" widths.
- Storage cabinet heights are 27-11/16", 39-13/16" and 65-1/4". These heights match the heights of 2, 3 & 5 drawer Bentson lateral files respectively.
- Locks are standard on all storage cabinets except sliding door cabinets with prefix of SCS". Locks may be keyed alike to like storage cabinets. This must be specified at time of order.
- Reinforced top and base with leveling glides are standard on all storage cabinets.

Technology Command Centers *NEW*

- Secure locking storage units for your technology componentry, measuring 30" wide x 25" deep x 29" high with laminate top (27-11/16" high with steel top).
- 3 adjustable shelves provide 4 storage compartments on one side with a 9-1/2" wide Tower CPU Storage area in the other. Rear access for ease in wiring components. Side and back ventilation keeps technology equipment cool. One (1) standard wiring grommet located above CPU compartment.
- Locking double front doors feature integral full pulls.
- Mobile caster option available

Storage Towers

- A variety of cabinets are available combining file storage, wardrobe storage and bulk storage.
- Storage towers are available in 18-1/8" and 24" depths.
- Storage towers are available in 24", 30" and 42" widths.
- Lateral file drawers are equipped for side-to-side hanging folders, letter or legal size.

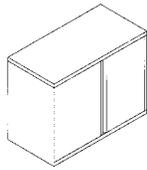

File Center

- File center is 18-1/8" deep x 30" wide x 27-11/16" high. This matches the height of the Bentson 2 drawer lateral files.
- File features 2 box drawers, 1 letter file drawer and one lateral file drawer. Lateral file drawer is equipped for side-to-side hanging folders, letter or legal size.
- Optional lock may be keyed alike at no upcharge. This must be specified at time of order.

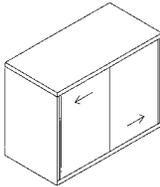

Bookcases

- Bookcases are 12" deep and 36" wide. Bookcases are available in 29", 44", 56" and 72" heights.
- Bookcases are all steel construction and standard with adjustable leveling glides.
- Bookcases are available with 3 top styles. SW suffix denotes steel top, waterfall front edge. SE suffix denotes high pressure laminate top, self edge, Wood Core. Part numbers without a suffix denotes Steel top, square front edge.
- Bookcase shelves are adjustable on 9/16" centers.
- The openings of the 44" and 56" high bookcases will accommodate 3 ring binders.
- Bookcases to match the heights of Bentson lateral files are available. Please consult customer service for price and availability.

Laterals

NOTE:

For information on additional compressors, please refer to page 20 at the bottom of page under Accessories.

Counterweights

Used with Bentson/Independence Series laterals

CW30	30" wide	\$153	18
CW36	36" wide	\$179	20
CW42	42" wide	\$207	22

Note: Installation of counterweights is recommended for freestanding files (i.e. files that are not positioned under a work surface, ganged to an adjacent file or bolted to the wall or (floor). One weight per cabinet required. 5-drawer laterals passed BIFMA tests without weights but for a safety factor of 10 lbs, add (1) weight.

Vertical Files

GENERAL PRODUCT INFORMATION

1100 [HSA & HSB] / 1400 [HSA] / 3400 [HSB] / Bentson Series [HSA & HSB]

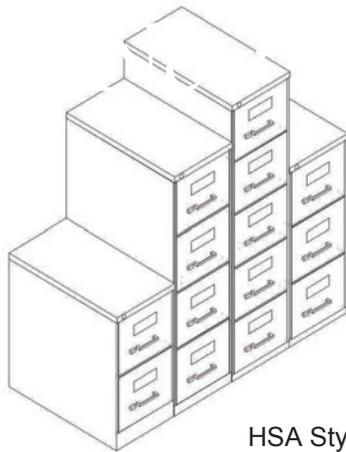

- These series vertical files are available in a variety of heights: 2 drawer (29"H), 3 drawer (39-7/8"H), 4 drawer (52"H), and 5 drawer (60-7/8"H). All files use a 3-piece body welded construction. Heavy gauge steel cross members combined with welded top and bottom form a rigid case assembly.
- HSA series use traditional style brushed aluminum handles with positive thumb latch catch for anti-rebound.
- HSB series has full width folded recessed drawer pull and uses anti-rebound case channels to prevent unintentional opening of more than one drawer at a time.
- Verticals are a full 28" deep, letter and legal width sizes.
- Letter or legal width files come standard with high side drawers and may be ordered with a quick release compressor.
- A single lock controls all drawers. The lock may be field or factory installed and are keyed at random. Specify if to be keyed alike to other units.
- Replacement locks and master key locks are available.
- Security lock bars (SLB) are welded to the outside of file and must be secured with a padlock. Padlock is not provided.
- Maximum weight capacity is 75 pounds per drawer

Suspensions

- 1100 Series Vertical File Cabinets have 3 Segment Progressive Suspension
- The 1400 and 3400 Series Vertical File Cabinets have Nylon Roller Cradle Suspension
- The Bentson Series Vertical File Cabinets have Nylon-Tired Steel Ball Bearing Cradle Suspension

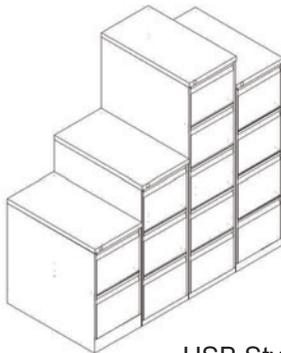

1100 Series 28" Deep

3 Segment Progressive Suspension / High Side Drawers

HSA Style Fronts

NOTE: The 1100 Series is also available in HSB full integral pull style front. Pricing is the same as the HSA equivalent.

C-Series Desk

Desks
C-Series

GENERAL PRODUCT INFORMATION

Desks

- 29" high and have double or single pedestals.
- Back modesty panel is 3/4 height.
- Center drawer is standard in all desks and has a central locking system that locks all the desk pedestal drawers. Desks are keyed at random, unless otherwise specified.
- Square-faced drawer fronts with brushed aluminum pulls are standard.
- Optional full recessed (integral) pull drawer and file fronts available.
- Optional Pull-out (reference) posting shelves available.

Pedestals

- Invincible™ Ultra Series pedestal design.
- Pedestals are letter width.
- Box drawers contain one adjustable steel divider. To order additional dividers, order part number DIV15.
- File drawers feature high sides for hanging folders. File drawer bottom are equipped to accept optional compressor with quick release lever. Ordered separately. They are Spring Compressor & Track 28", VPCT28.
- Drawers operate on ball bearing suspensions.

Worksurfaces

- 1-1/4" thick high density wood core with high pressure laminate.
- T-Mold edge is standard.
- Corners are 1-5/8" radius. C-Series Desk with T-Mold edge is designed to match up to Invincible™'s Peninsula Break-away Table.
- Available in PVC or Waterfall top edge treatment.

Legs/End Supports

- (4) prominent 1" heavy gauge steel chrome powder coat paint finish square legs.

Spirit Desk

GENERAL PRODUCT INFORMATION

Designed by teachers, for teachers. The Spirit Desk provides student conferencing, maximum storage and versatility with flexible design. The Spirit Desk is available with, or without, a bookcase or lateral. You have your choice of a variety of colors, sizes and configurations. Finally, a **“Teacher Friendly”** desk.

In today’s educational environment, it isn’t uncommon for a teacher to instruct out of different rooms. For the teacher on the go, Invincible™ now offers the Spirit Desk on casters making the work space completely mobile.

Features:

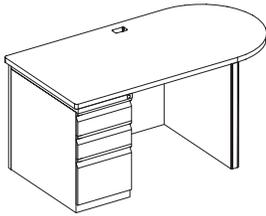

- File drawers accommodate hanging files without additional hardware.
- Special sizes available.
- Adjustable leveling glides.
- T-edge molding.
- Adjustable shelf in bookcase.
- No sharp corners.
- Lifetime Warranty.
- Pedestal Locking
- Now available in a mobile unit.
- One grommet in top.
- Optional Locks may be keyed alike to other units.
- Full height modesty panel, with cable management.
- Ball bearing roller suspension.
- 1.25" thick work surface.
- Box drawers include one divider.
- Ships completely assembled.
- Optional center drawer or keyboard tray available.

Codes:

T = Lateral
K = Bookcase
P = Panel End
F = File / File Pedestal
B = Box / Box / File Pedestal

Cube & Contemporary Desks

Cube Desk

Contemporary Desk

GENERAL PRODUCT INFORMATION

Desks

- 29" high and have double or single pedestals.
- Standard back modesty panel is 3/4 height on Contemporary Desks. Back panels on Cube Desks are available in X back, 3/4 height and full height.
- Seamless back and sides with full height flush end panels on contemporary style.
- Seamed flush modesty on cube.
- End panel and legs have non-corrosive adjustable floor glides.
- Optional non-locking center drawer operates on ball bearing suspensions.

Pedestals

- Box/File pedestal units (left and right) contain their own lock. All pedestals are letter width. (Locks are randomly keyed unless otherwise specified.) May be keyed alike to other units.
- Box drawers contain one adjustable steel divider. To order additional dividers, order part number DIV15.
- File drawers feature high sides for hanging folders. File drawer bottom are equipped to accept optional compressor with quick release lever. Order Spring Compressor & Track 28", VPCT28.
- Drawers operate on ball bearing suspensions.

Worksurfaces

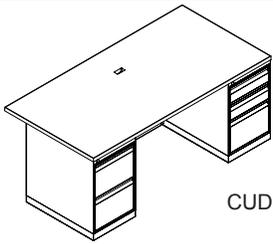

- CONTEMPORARY: 1-1/4" thick high density wood core with high pressure laminate. Rounded waterfall edge front and back (except L-returns and bridge unit which are rounded front only on working side of desk, valley filler included). Worksurfaces include grommet in Desks & Credenzas. Please specify if no grommet is required. No grommet included in Bridges or Returns.
- CUBE: 1-1/4" thick high density wood core with high pressure laminate and PVC edge band sides (corners are square). Worksurfaces include grommet on Desks. Please specify if no grommet is required. No grommet on Returns, Bridges or Credenzas.

Legs/End Supports

- CONTEMPORARY: End supports are constructed of sturdy steel (1" thick) with reinforced stiffeners flush with desk front and back and finished ends extending to floor.

Contemporary Desks

M-Line Desks

GENERAL PRODUCT INFORMATION

M-Line Desks

- M-Line desks are 29-5/8" high and have double or single pedestals.
- TE wood core laminate tops with vinyl T-edge molding are standard. TF steel core laminate tops with stainless steel binding and powder coat painted rim are **available as an option**.
- Each pedestal has a slide out reference posting shelf 13-5/8" wide x 16-1/4" deep.
- The center drawer is standard in all desks and has a central locking system that locks all the desk pedestal drawers. Desks are keyed at random, unless otherwise specified.
- Pedestals are letter width.
- Single pedestal desks must be 60" or wider to accept a return.

Desk Worksurfaces

- Prefix TE indicates vinyl T-edge laminate, wood core construction with rounded corners. Prefix TF (**available as an option**) indicates laminate top, steel core with "W" stiffener construction, stainless steel edge binding with powder coat painted rim and rounded corners.

Suspension System

- Desk box drawers operate on rounded edge nylon glides. Desk file drawers have 5-member cradle suspension with four (4) nylon rollers and six (6) nylon tired steel ball bearing rollers giving full drawer extension.
- All 18" depth pedestal drawers have 3-member progressive ball bearing suspension, giving full drawer extension.

M-Line File Drawers

- Front to back hanging folder rails are standard.
- A compressor may be substituted with an upcharge if specified at time of order.

M-Line Box Drawers

- Desk pedestal box drawers are letter width having one cross divider as standard.
- 18" depth pedestal drawers offer letter or legal width filing, having one cross divider as standard.

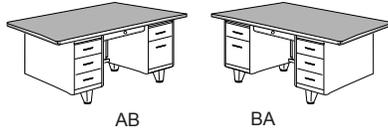

Pencil Tray

- One desk box drawer provided with a pencil tray when center drawer is omitted—Pedestal Non-locking.

Tables

VISTA Training Tables

Peninsula Mobile Break-away Table

Contemporary Boat Table

GENERAL PRODUCT INFORMATION

Access Series Computer Tables Feature

- Rear access lockable channel offering high end security from would be vandals
- Come standard with two (2) grommets.
- 54" and wider tables come standard with two (2) top grommets.
- Fixed C-Legs with pass through Wire Management.
- Optional Shared Leg for table runs.
- Vinyl T-Mold edge standard.
- Powder coat painted C-Legs standard.

Elevation Series Feature

- Elevation Series tables/desks provide the ultimate in versatility.
- Tables are height-adjustable from 28-1/2" to 41-3/4".
- When equipped with a box/file pedestal and casters the adjustable-height table serves as a great mobile desk!
- Available with or without locking box/file pedestal
- Available with optional electrical pop-up and wiring channel
- Available with adjustable leveling glides and with casters
- Vinyl T-mold edge standard.
- Powder coat painted C-Legs standard.

Drafting Series Feature

- Invincible™ drafting tables feature a tilt-top drafting surface that can be adjusted from flat to 45 degrees. Tilt adjustment mechanisms allow you to position the top where you want it.
- Tables are available in 36", 42", 48" and 60" widths.
- Tables up to 48" feature a single tilt-adjustable top.
- The 60" table features a split-top, with a 36" tilt top on the left, with a 24" fixed top on the right.
- Tables may be ordered with adjustable leveling glides, or with casters.
- PVC edge standard.
- Powder coat painted C-Legs standard.

VISTA Training Tables Feature

Refer to page 55.

Liberty Series Feature

- 6" deep by 4" wide Laminate Flip door Cable Management Channel.
- Fixed C-Legs with pass through Wire Management.
- Optional Shared Leg for table runs.
- PVC edge standard.
- Powder coat painted C-Legs standard.

Contemporary Series Feature

- Powder Coat painted legs standard. Chrome powder coat painted legs available.
- Mirror chrome legs available. Call factory for pricing as upcharge applies. For mirror chrome base legs, the "P" in the part number would become "C".
- Laminate tops are available with self-edge or vinyl T-mold edge. Call factory for pricing on self-edge Racetrack Tables.
- Tables are available in various sizes and shapes. Consult factory for special sizes and pricing.

Peninsula Break-away Series Feature

- Vinyl T-Mold edged laminate top.
- Powder Coat painted legs standard.
- Match form fit to all desks having 1-5/8" radius corners.
- Mobile; uses standard 2" wheels.
- May be matched to mobile or standard height desks.

S – Series Tables Feature

- Self edged laminate top.
- Removable, 1" square painted legs standard.
- Mirror chrome legs available. Consult factory for special pricing.

R – Series Tables Feature

- PVC edged laminate top.
- Round painted legs.

Freedom Series Feature

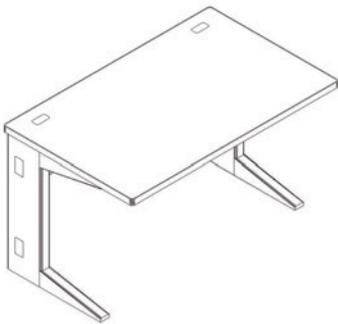

- Folding or Fixed Leg option.
- 30" and 24" deep surfaces available.
- 6" Laminate Modesty Panel option available.
- PVC edge standard.
- Powder Coat painted T-Legs standard.
- Optional Grommets in top- Consult Factory.

S-T6020P-SE	60 x 19-5/8 x 29	Table without drawer	\$745	74

NOTE: Table top is flush on all sides. Bolt on 1" square painted legs are standard.

Panel Systems Furniture

GENERAL PRODUCT INFORMATION

System Panels

- Available in nine (9) widths and five (5) heights as standard
- Wood trim panels are available. (Consult the factory for ordering information and pricing)
- Special height panels are available. (Consult the factory for ordering information and pricing)
- Panels are fabric covered, tackable and acoustical with divided base raceways and electrical power capabilities. Includes vertical and horizontal hang-on provisions. Panels are also offered split fabric/glazed, full glazed—straight, and a 79" high laminated door panel with lock set.
- Panels are constructed using monocoque design giving structural rigidity with weight control. Honeycomb core material is bonded to steel skin. Innocuous foam covers steel skin with class 1 or grade A fabric covering all surfaces. Powder coat painted top rails and bottom raceway covers facilitates cleaning. Metal connectors used at all panel joints (not plastic). Panels are connected end to end in a straight run. Posts are used at corners to angle off in another direction and fills opening created by angled panels. Bottom corner fillers provided to conceal electrical panel to panel connections.
- Mid-panel connections are accomplished with same height panels only and must be 90°. Note: Electrical connections may not run through mid panel joint. Multiple height panels may be connected at ends of any panel or at corners.

Systems Worksurfaces

- Worksurfaces are high pressure laminate with vinyl T-edge molding all around. Worksurfaces have 1-1/8" corner radius. Standard depth worksurfaces have one cord relief centered on back edge. Additional cord reliefs or grommets are available.
- Desk top electrical and communication outlets are available.
- Transaction surfaces are without cord reliefs and two pairs of attaching brackets are provided. Standard worksurfaces include one pair of cantilevered support brackets that lock in place (additional support may be required). Individual brackets may be ordered at upcharge.

Systems Panel Mounted Components

- Components including worksurface cantilever brackets lock into panel uprights at 1-1/2" increments. Shelving components including ends and attaching brackets are powder coat painted steel. Doors of standard overhead RDU are steel. Laminate or fabric covered RDU doors are available at extended lead times. Consult factory.
- Unique panel top rail mounting brackets allow components; i.e. bookshelves and receding door units, to be positioned diagonally above corner worksurfaces.
- Horizontal wall mounting track available. Attaches directly to building wall. (Fastening method to be determined by installer.) **Invincible™ will not assume responsibility for method of attachment.**

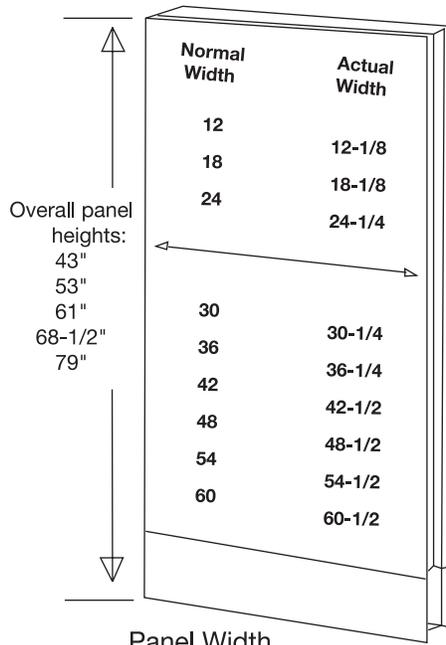

Pedestals

- Pedestals available in a variety of styles including mobile, freestanding, and suspended (under surface mounted). Most pedestals are offered in letter width. All pedestals available with locks. All drawers have full width recessed pulls or laminate with waterfall pull.
- Box drawers have multi-formed construction with interior having one cross divider. File drawers have front to back hanging folder rails as standard. A compressor may be substituted with an upcharge if specified at time of order.
- Locking option: Pedestals may be keyed alike to other units.

** To order Pedestals, Center Drawers, Keyboard Trays and other Accessories see pages 18 to 22.*

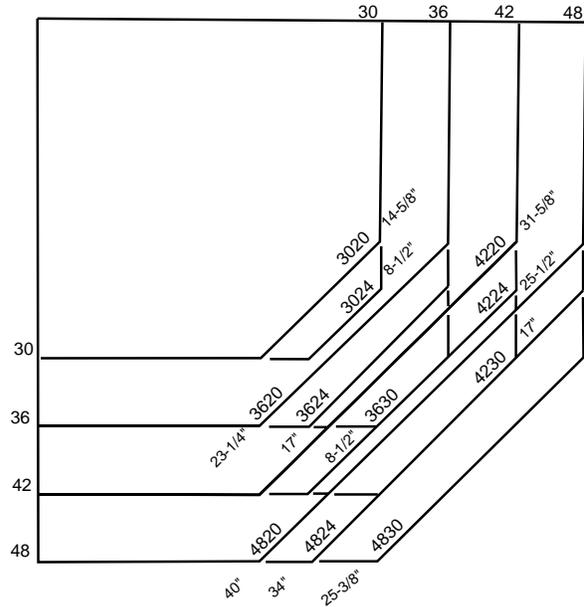

Systems Furniture

Power Distribution System

The power system is a 20 amp 8 wire plug-in type power distribution system with 4 individual circuits providing a practical alternative to high cost, labor-intensive methods of providing electrical outlets and task lighting circuits in open plan furniture.

The pre-wired panels offer flexibility which may be easily and reliably interconnected on site, or retrofitted with duplex receptacles in the field after installation.

The system allows for tapping off of energy saving task lighting as well as providing the capability for 2 optional dedicated circuits for information technology terminals as required:

- Four available circuits accommodate up to 13 duplex receptacles per circuit.
- All electrical components are Underwriter Laboratory approved.
- Base or ceiling entry infeeds available for power source situation.
- 15 amp duplex receptacles have back to back capability and are interchangeable.
- If requested, panels are pre-wired at factory except where local electrical code prohibits.

1. DIVIDED POWER RACEWAY – Used to divide communications and computer cables from higher voltage electrical cables. Base raceway capable of handling up to 8-25 pair cables.

2. DUPLEX RECEPTACLES – Provides two electrical outlets per receptacle, may be ordered in 4 different circuits.

- Circuit 1 - Utility Circuit
Used with 3 phase or single phase
- Circuit 2 - Utility Circuit
Used only with 3 phase WYE power
- Circuit 3 - Utility Circuit
Used with 3 phase or single phase
- Circuit 4 - Computer circuit
Used with 3 phase or single phase

3. INTERCONNECTING CABLE – Used to pass power from panel to panel.

4. CHANNEL ASSEMBLY – Supplied with electrified panel, used as a pass thru or as a power assembly when receptacles added. 12", 18" and 24" panels have pass-thru power only. 30" panels have 1 receptacle per side. All other panels sizes are capable of 2 per side.

5. RACEWAY COVERS – Metal face plates lock in place to cover raceway. Supplied with panel (completely removable).

When ordering power for system:

- Order style of power entry needed
- Order appropriate powered panel
- Order quantity and color of duplex receptacles required for each circuit.

Electrical Installations

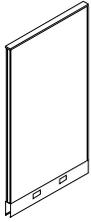

All electrical installations must be made by a qualified electrician in accordance with local codes. Invincible may not be held responsible for installations not meeting local codes. Electrical installation guide included with SCA18 or base feed.

Specify Product Information

SPECIFIC PRODUCT INFORMATION

TRB painted brackets will allow receding door units and bookshelves to be mounted anywhere on the panel when not positioned in panel top rail channel. With the TRB brackets you can put a storage unit anywhere on the panel, even diagonally at corners. HWT painted brackets allow upper storage units and tackboards to mount to the wall.
