- Broadway
- Collective Office
- Finale
- iXY
- Shuffle

Vision Casegoods - Volume 2

- Vision Laminate
- Vision Veneer

Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

MISSION

To achieve this vision, we are dedicated to ensuring the health and wellbeing of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

The Jasper Group family of brands, including JSI, is an international manufacturer that has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to "recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer". In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a "Sustainable Partnership", supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

LOCATION

Our manufacturing facilities are located in Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING

We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 125 tons of corrugated material annually.

REGULATORY

All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water and hazardous waste disposal.

MANUFACTURING FACILITIES

Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

MANUFACTURING PROCESSES

Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

TEXTILES

Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable and contain various percentages of recycled content. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

WOOD

Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood's dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary "sustainable" renewable resource.

WOOD OPTIONS

Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, soy-based resin bio-composites, etc.

INDOOR AIR QUALITY

Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering, awarding us the UL2818 - GreenGuard Indoor Air Quality standard.

Warranty (Casegoods)

JSI warrants, to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use for a period of fifteen (15) years of single shift service. Drawer suspensions carry a life time warranty. Fabric manufacturer's warranty will apply. Ergo mechanism and controls along with electrical items not manufactured by JSI are covered for a period of one (1) year. JSI will, at its option, repair or replace any defective merchandise with the terms of this warranty. ▲

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose.

This warranty does not cover:

- + Natural variations in color, texture of wood, and covering materials over which JSI has no control.
- + Damage created by bottom loading file drawers. File drawers are manufactured for hanging folders only.
- + Normal wear, color fastness, shrinkage, wrinkling, stretching of leather, and textiles.
- + Damage caused by transportation or installation companies.
- + Damage created by any accident, user modification, misuse of product, or neglect of product care.
- + Damage resulting from extreme climate conditions.

Unique Characteristic of Natural Woods and Veneers

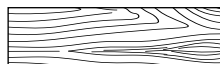

JSI uses high quality wood and veneer harvested from sustainably managed forests. Every tree has unique and defining characteristics, like fingerprints. These characteristics can be defined by differences in color, grain configuration, and textures. These characteristics will be more noticeable if the product has a clear or lighter finish.

Maple and Cherry species have a higher degree of uneven distribution of grain, small color streaks, and pin knots.

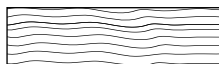

At JSI, we take care of selecting woods and veneers that are used in our products. With this in mind, we hope you appreciate the beauty of each tree's fingerprints. Products will not be replaced due to these natural characteristics.

Veneers can be sliced in a variety of ways to create unique patterns. JSI uses several different patterns, as shown below.

Flat (Plain) Cut as shown in diagram

Quarter Sliced as shown in diagram

Double Cut as shown in diagram

Double Cut

The Double Cut veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

JSI uses select beech, cherry, maple, oak and walnut cut wood products to produce the desired look of our furniture products.

Please reference the featured highlights of each product line to identify the species and grain patterns available for that product.

Laminates (Veneer Series)

HPL (Higher Pressure Laminate) laminates can be specified on most of our work surface tops in most of our product lines. Refer to the specification pages for each series. The specification pages will also list the available coordinating finishes. HPL is .050 thick for maximum durability.

Laminate Series

JSI laminate series offer a full laminated product with imprinted grain to hide finger prints and provide durability. The worksurface tops can be specified in either a matching HPL or TFL (Thermal Fused Laminate). TFL is used on the product's chassis. Please reference the featured highlights of each product for additional details.

Finish - Top Coat

To reduce hazardous formaldehyde emissions, we use our proprietary specially designed top coat, DuraTex™. It significantly reduces hazardous formaldehyde emissions and helps improve indoor air quality.

Finish - Color/Stains

A wide range of stains are available to bring out the beautiful characteristics of each wood species. We coordinate finish color between our veneer stains and solid lumber stains; however, not all may be a perfect match. The stains are continually reviewed for accuracy of color, as well as a constant monitoring of the latest color trends in the furniture market.

Finish - Matching

Due to the natural characteristics of wood, environmental effects, and material upgrades, JSI cannot guarantee exact finish matches on existing furniture previously ordered.

If an exact match is required to accompany existing furniture, it must be specified at the time of order placement, so specific internal procedures can be followed to ensure a proper and acceptable finish match. We reserve the right to change our finish formula at any time to improve safety, quality, and appearance. Unless a finish match for existing furniture is requested at the time of ordering, we accept no liability for finish that may not match the existing furniture from prior orders.

Solid lumber may inherently have mineral streaks, pits, and various other natural occurrences. Care is taken in selecting the solid lumber to coordinate with the requested finish on our veneer products. This internal selection process is subject to availability of solid lumber parts.

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first time matches and must be included with the written request.

There is a one time charge of **\$275 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Samples

Samples of standard wood finishes, paints colors, metal colors, and standard laminate are available upon request. The fastest way for requests to be filled is by using our website. See below for options to request samples.

Pricing

Prices found in this document or on our website are list prices in U.S. dollars for standard product delivery to one destination. Prices do not include storage, installation, or taxes. Possession of this price list does not constitute an offer to sell. Orders can only be received from approved authorized JSI dealers.

Prices and product information in this document, as well as our website, are subject to change without notice. Reference website for most up to date product offering and pricing.

Orders

Detailed specification pages are available in the price list at the beginning of each series.

Additional information may be obtained by consulting the Customer Service Department or our website.

Indicate shipping address if different from billing address.

Send Orders To:

US Mail – JSI

225 Clay Street

Jasper, IN 47546

Fax – 812-482-1548

Email – orders@jaspergroup.us.com

JSI reserves the right to make changes in dimensions, styles, or specifications if we believe these changes will improve the safety, quality, or appearance of the product.

Acceptance of orders will be subject to credit approval, barring any acts of governments, or any other causes beyond our control (e.g. strikes, fire, embargo of materials, etc).

Product Modifications

While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering.

In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

Order Acknowledgments

All orders will be acknowledged promptly, showing how the order was entered, shipping time, and other information pertinent to the order. It is the purchaser's responsibility to verify all the information on the acknowledgment carefully and notify us immediately, in writing, of any discrepancies.

Published ship dates are contingent upon adverse conditions; however, every effort is made to ship as acknowledged.

Order Cancellations

All cancellations must be made in writing. Administration and/or labor charges may be incurred by the purchaser depending upon the stage of the order. Orders cannot be canceled after the finish process has begun without incurring substantial re-stocking charges.

Once production has begun on product modifications or special finishes the orders cannot be canceled. Items purchased specifically from our vendors for the order, such as textiles or laminates, are subject to our vendor's cancellation terms and re-stocking fees.

Order Changes

All changes to an order must be in writing and dated. Order changes are subject to our ability to conform. Administration and/or labor charges may be incurred by dealer depending upon the stage of the order. No change can occur once production is started.

Quickship

Items indicated with a Quickship symbol  ship within 10 business days of receipt of a clean, credit approved purchase order. Product for up to 10 offices or 10 tables can be selected from the Brogan, Finale or Vision series. See individual product pages for those models available on quickship. Available capacity is filled by orders as they are received. If normal 10 day Quickship is not available because capacity has been filled, you will be immediately notified. Changes and cancellations to Quickship orders are not allowed under any circumstances.

Delivery

Our freight policy consists of prepaid freight to the 48 contiguous states; all other shipments prepaid to port of exit ONLY. JSI reserves the right to select the appropriate carrier and shipment routes. Standard deliveries require docks that can accommodate 75 foot trucks. Pricing in this book is for standard delivery. Standard delivery does not include non-dock delivery, inside delivery, residential delivery, or installation of product. Special requests for delivery should be done at the time of ordering. See below for charges for special delivery.

Orders of less than \$1,000 net will be assessed a handling charge of \$75 net per order.

Charges for special delivery request (net pricing):

- + Lift Gate/Non-Dock Delivery – \$75 per occurrence
- + Inside Delivery – 5% of order total with a minimum of \$50
- + Residential Delivery – \$75 per occurrence

Any charges arising from failure to meet shipment, re-routing while in transit, or carrier storage charges are the responsibility of the customer.

Contact Customer Service to inquire about skidding of products, special crating of products, blanket wrap services, and product installation. These requests must be made at the time of order.

Freight Damage

JSI products are packed in cartons and meet or exceed existing codes for furniture and seating products. All shipments are delivered to the carrier in good condition and our liability ceases thereafter. If delivery arrives short or damaged, contact the carrier immediately to file a claim. In the event of concealed damage, notify the carrier and request immediate inspection. Failure to file a claim within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claims. Please inspect merchandise immediately upon receipt, otherwise there is no recourse. Keep all cartons and packing material, discarding these materials may negate your claim.

Storage of product in areas of uncontrolled humidity and temperature may cause damage to the product and void the JSI warranty.

Repairs

JSI will not issue credit allowance for any type of repairs without prior written consent.

Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

Returns▲

No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. Any authorized return not due to damage or defect will be accessed a 45% restocking fee and all return freight charges must be prepaid. Additional restocking fees may apply for any modification, special or custom built product.

Liability for defective merchandise shall be limited to replacement or repair.

Under no circumstance can we accept COD (Cash On Delivery) returns. Any such shipment will be refused.

Replacement Parts

Obtain information and pricing on replacement parts by contacting Customer Service. Please have the model number available when requesting replacement parts. Additional information may be required to ensure proper replacement parts.

Care and Maintenance

Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabric and vinyl, please visit our website at jsifurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions; however, lubricant can be used if needed.

Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects. Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Care of Metal Finishes

Wipe smooth powder coat finishes and textured metals with a damp cloth. For stubborn stains and grease marks, use soap and water. Lightly brush textiles metals with a soft, dry brush to remove dirt.

Fire Retardancy

At a minimum standard, all JSI upholstered products are manufactured to comply with Bureau of Electronics, Appliance Repair, Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. With a January 1, 2015 effective date, this standard was passed and requires upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

California Technical Bulletin 133 (CAL 133)

JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is \$55 list per yard of textile.

JSI has performed a series of full scale fire tests on samples - representing a variety of product styles and worst case scenarios of upholstery covers - to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance will be labeled that they have been manufactured to meet the CAL 133 standard. Only products with internal test data can be labeled.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

Textile Carded Programs

JSI is proud to partner with Maharam, Momentum, Ultrafabrics and Wollsdorf Leather. Please refer to the respective pages in this pricer for each of these partners. Scan the QR codes on the back of the swatch card for latest grades and other information.

Textile Grade-In Programs

For the convenience of our specifiers, we have graded in the following suppliers:

Arc Com	Pallas Textiles
DesignTex	Stinson
Maharam	Ultrafabrics
Mayer	Wollsdorf Leather
Momentum	

Please contact Customer Service for pricing grades on textiles and leathers not listed.

Indicate on purchase order if JSI is to order the fabric.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See jsifurniture.com for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the JSI Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

Some fabric thickness may cause issue with proper upholstering of tackable wall panels or upholstery privacy screens. Please contact Customer Service, with concerns on the fabric thickness for these items.

COM Policy

Refer to the COM price column for list prices.

All yardage requirements listed in the price list, are based upon 54" plain non-directional material. The textile on most products is cut "up the roll"; refer to the check list pages for each individual series for further information.

Additional yardage may be required. Contact Customer Service for any of the following conditions to assure proper yardage:

- + horizontal repeats or vertical repeats greater than 3"
- + textile less than 54" wide off the roll
- + patterned textile to be applied a special way

To assure quick turn around and accurate calculation of yardage, please supply the following information:

- + supplier's name
- + pattern name and color name
- + the JSI model numbers and the order quantity
- + any special direction and/or special instructions

We cannot assume responsibility for defective COM delivery to us or for the tailoring quality issues some textiles may create. Bulky textiles, thin weight textiles or fiber content may not tailor well on some models.

COL Policy

Refer to the COL price column for list prices.

Customer's own leather requirements are based on an average hide of 50 square feet.

Contact Customer Service for requirements on any other sizes.

All square footage requirements are based upon usable footage. The shape of the hide and the usable footage may make it necessary for us to request additional leather.

Placing Orders with COM or COL

COM & COL orders must include the following:

- + model number where the COM or COL will be applied
- + textile/leather supplier's name
- + sample of the textile/leather attached to order
- + special application instructions

Ship COM/COL prepaid to the following:

JSI

Attn: COM Dept
12th & Vine Street ▲
Jasper, IN 47546

Make sure the supplier tags the shipment with the customer purchase order number and sales order numbers if available.

All COM/COL orders will ship at standard lead time from the delivery of the COM/COL, except for orders requiring special custom matched finishes or special application of the COM/COL.

Specification Tools

JSI products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

JSI Customer Service edits every order for complete information. If details are not included with the purchase order, Customer Service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could effect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to ensure all selections have been completed.

To ensure completion of details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

20-20 GIZA Studio and 20-20 CAP Studio software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all JSI Casegood and Seating products, in 2D and 3D graphics and the Specifier Catalog.

ProjectMatrix, Inc. offers a full software solution for the contract furniture industry. Their software can help you create space plans to specifications for ease of specifying our JSI Casegood and Seating product lines.

GSAAdvantage is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing JSI product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our JSI website jsifurniture.com provides many tools to assist in the design and order selection. Included in the site are downloadable images, typicals, product symbols, brochures, contact information, price lists, sales representative locations, warranty and environmental information.

GSA Terms and Conditions

Contract Holder
Contract # GS-28F-0030U

In addition to the standard terms and conditions, the following terms and conditions apply to GSA contract.

Contract Number

GS-28F-0030U

Contract Period

September 23, 1999 - June 24, 2018

Statement of Intended Use

The furniture covered by special item numbers 711-8, 711-9, 711-11, 711-16, 711-17, 711-18, 711-19, and 711-95 is intended for use by Government executives (or equivalent military rank) in the executive, judicial, and legislative branches or armed forces of the federal government. To help customers make a good purchasing decision based on their needs and budget, GSA has established four grades of furniture: Grade (1) includes furniture that tends to be the most expensive on this schedule, Grade (2) furniture tends to be more moderately priced and Grades (3) and (4) furniture tend to be affordable pricing when compared to grades (1) and (2). The ordering agency or service is responsible for determining furniture appropriate for use in its offices which will fit within budget and comply with applicable federal or internal agency procurement regulations.

Description of Special Item Numbers SIN#

711-8	Executive office furniture
711-9	Executive conference room furniture
711-11	Tables, occasional and conference
711-16	Upholstered seating
711-17	Multiple seating
711-18	Multi purpose seating
711-19	Stacking chairs and dollies
711-95	Installation services (not to exceed 12% of net prices for projects where installation costs are \$500 or less.) Installation costs over \$500 are negotiated on a case by case basis.

Maximum Order

711-8	\$500,000 (five hundred thousand dollars) net
711-9	\$500,000 (five hundred thousand dollars) net
711-11	\$500,000 (five hundred thousand dollars) net
711-16	\$300,000 (three hundred thousand dollars) net
711-17	\$200,000 (two hundred thousand dollars) net
711-18	\$200,000 (two hundred thousand dollars) net
711-19	\$200,000 (two hundred thousand dollars) net
711-95	\$150,000 (one hundred fifty thousand dollars) net

Minimum Order

\$100 (One hundred dollars) net

Notification Regarding Registration in SAMS Database

Name: Jasper Seating Company, Inc.

Cage code: 31881

Acceptance, Modification, Assignment

By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment

Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S.funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Attorneys' Fees

Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

Remedies

The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency

Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

Limitation of Liability

The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience caused by or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered hereunder must be commenced within one year after the cause of action has occurred.

Returns and Allowances

Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances may be authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

GSA Terms and Conditions

Security Agreement

The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law

All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation

If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration

This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes

All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact match to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Company's Performance of Its Obligation

The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

Brogan Modular Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction

Tops are 5-ply balanced construction, 1 3/8" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Modular Desks, Credenzas, Corner, Returns & Bridges units feature metal threaded inserts in the underside of the top for quick mounting and reconfiguration of modular storage components.

Case Construction

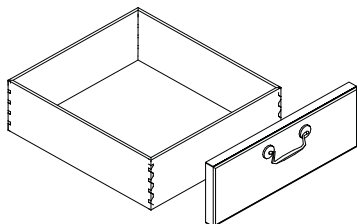

All construction is a combination of full mortise and tenon, reinforced with screws. Leveling glides are set in solid hardwood to prevent glides tear out.

Outside End Panels are 1 3/8" thick with 3-ply construction and rimmed with veneer bands.

Pedestals are mortise and tenon construction reinforced with screws for increased stability. All modular storage units feature full top panels with holes for mounting to shell inserts.

Drawer Construction

Drawers are assembled using four corner, dovetailed box and 1/4" thick drawer bottom panel construction with exterior front attached separately. Sides and backs are 9-ply, 7/8" thick unidirectional hardwood. Interiors are sanded and finished with clear catalyzed varnish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages 48-50.

Locking

All storage pedestals and cabinets feature front pedestal locking .

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Brogan. Please see the chart below. Samples are available upon request. Former finish names are listed in parentheses for reference.

CH1 Cherry Flat Cut Veneer

Brogan Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Cherry and Walnut veneer are the species available on the **NOW!** quickship program on select models.▲

Work Surface Construction

Tops are 5-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

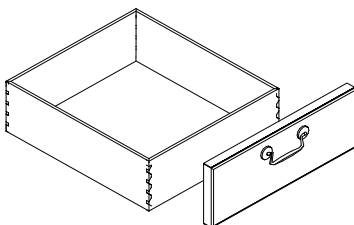

Case Construction

All construction is a combination of full mortise and tenon, reinforced with screws. Leveling glides are set in solid hardwood to prevent glides tear out.

Outside End Panels are 13⁄16" thick with 3-ply construction and rimmed with veneer bands.

Drawer Construction

Drawers are assembled using four corner, dovetailed box and 1⁄4" thick drawer bottom panel construction with exterior front attached separately. Sides and backs are 9-ply, 7⁄16" thick unidirectional hardwood. Interiors are sanded and finished with clear catalyzed varnish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages 48-50.

Locking

All desk, and lateral files feature central locking. Credenza and returns feature pedestal locking.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Brogan. Please see the chart below. Samples are available upon request. Former finish names are listed in parentheses for reference.

Base Molding Only (without trim)
optional at no charge

Gala Trim
optional with upcharge to list for each item
\$100 for all desk
\$50 for all other product with standard trim molding

Brogan Product Information

This mechanism requires a signed Liability Waiver prior to time of order specification.

Contact Customer Service or visit our Website at jsifurniture.com

ERGO Adjustable Work Height Mechanism

Our proprietary adjustable work height mechanism can be specified on many of the models in Brogan.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge, or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A $\frac{3}{4}$ " thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds $\frac{3}{4}$ " to the standard height of the desk and the installation will decrease knee space depth by 8".

Automatic Collision Control is built in to each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

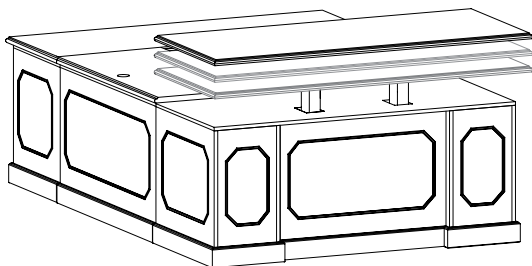

When ERGO is added to a desk worksurface in a "L" or "U" group, the unit that connects to the desk also needs to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a $\frac{3}{4}$ " sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at 30 $\frac{3}{4}$ ", to a standing height of 50 $\frac{1}{4}$ ", a range of 19 $\frac{1}{2}$ ".

To specify the unit that has the mechanism, add **ERGO** to the end of the model number.

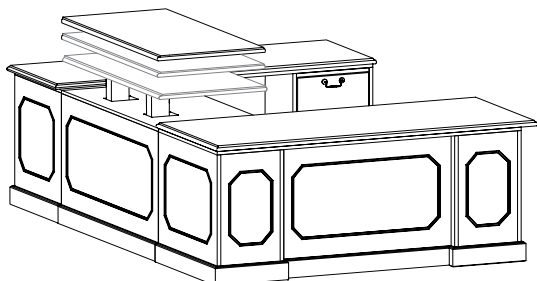

To specify the connecting or adjacent units add, **ERGO ADJACENT** to the end of the model number.

The Ergo mechanism and controls are warranted for a period of (1) year. The rest of the case/good unit(s) are warranted under the normal fifteen (15) year warranty. ▲

Walden Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Walden product line. To attain a pleasing, symmetrical pattern, all veneers in Walden are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Walden is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction

Tops are 3-ply balanced construction, 1 3/16" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Case Construction

All construction is a combination of mortise and tenon with bore and dowel.

All panels are 3/4" thick with 3-ply construction and rimmed with veneer bands.

Arm slides are 3-ply construction, banded on all four sides with veneer. Pedestals are enclosed at the bottom with a 1/8" thick panel securely fastened to the bottom of the pedestal.

Each corner of the pedestal has a metal reinforcement bracket with a 2 1/2" adjustable glides. All glides can be adjusted from inside the pedestal by removing the bottom drawer.

Drawer Construction

The standard Baltic Birch drawer is constructed with 1/2" thick high quality Baltic Birch plywood with a durable finish. This five sided drawer box features fully glued dovetail construction ensuring a solid, warp resistant drawer box.

Veneered bottoms are framed into grooves on four sides. Bottoms are then glued, stapled, and reinforced with a continuous band of glue.

The optional V-fold drawer interior is a 1/2" durable, miter-fold drawer system. The V-fold vinyl wrapped drawer sides form a mitered box. The box is glued and doweled, the drawer fronts attached to the box.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages 84-85.

Locking

All desk, credenzas and freestanding pedestals with drawers are face locked. Locks are located in the upper right corner of top drawer. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains on Walden. Please see the chart below. Samples are available upon request. Former finish names are listed in parentheses for reference.

CH1 Cherry Flat Cut Veneer	
AUT Autumn (<i>Autumn Cherry</i>)	EAR Earthy
BRL Barley	LGC Legacy (<i>Legacy Cherry</i>)
BBN Bourbon (<i>Natural Cherry</i>)	PRL Praline (<i>Vintage Cherry</i>)
BRG Brighton (<i>Brighton Cherry</i>)	SAF Saffron (<i>Medium Cherry</i>)
CLA Classic (<i>Classic Cherry</i>)	
WA1 Walnut Flat Cut Veneer	
AUB Auburn (<i>Windsor Mahogany</i>)	SIE Sienna
ESP Espresso	TOF Toffee
MCH Mocha	TRF Truffle
NTO Night Owl (<i>Vintage Walnut</i>)	

Protective Top Coat

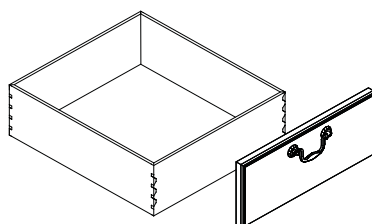

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.

Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.

Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Walden Product Information

Product Modification

Laminate Tops

Work surface only, no additional upcharge if Walden's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
Autumn	Auburn
Barley	Mocha
Bourbon	Night Owl
Brighton	Sienna
Classic	Toffee
Legacy	Truffle
Praline	
Saffron	

Special Finishes

Special finishes can be requested by following the instruction in the general introduction section, page 3. There is a one time charge of \$275 list per order.

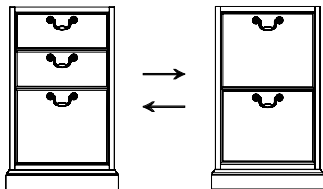

Sheen Modifications (Tops Only) ▲

Finish sheen can be modified on worksurface tops. There is a 15% upcharge added to the list of each item.

Pedestal Configuration Change

Pencil-box-file configuration is standard on all desks pedestals and return pedestals. Standard configurations for all other units are listed in the pricing section for that model.

Drawer configurations can be switched out either to a pencil-box-file or a file-file configuration on units 28 ¾"▲ high, but must be specified at the time of order and with an additional 5% upcharge to the list price.

Changing from pencil-box-file to file-file pedestal will eliminate the writing shelf (arm slide).

Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Walden. **All modifications still must be approved by JSI manufacturing,** please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible, please refer to page 4 for additional details.

This chart does not apply to glass doors, or to metal components; such as grill on doors and cornices. Any changes to file drawers will affect filing capabilities.

Increasing Dimensions - Add On to the list Per 6" Occurrence

Overhead

Increasing width	\$688
Increasing depth	\$1176
Increasing width with doors	\$816
Increasing depth with doors	\$1260

Any Pedestal

Increasing width	\$978
Increasing depth	\$872

Any Panel

Increasing width	\$221
------------------	-------

Any Top

Increasing width	\$288
Increasing depth	\$408

Decreasing Dimensions Add On to the list Per 6" Occurrence

Overhead

Decreasing width	\$224
Decreasing depth	\$224
Decreasing width with doors	\$308
Decreasing depth with doors	\$308

Any Pedestal

Decreasing width	\$978
Decreasing depth	\$872

Any Panel

Decreasing width	\$114
------------------	-------

Any Top

Decreasing width	\$168
Decreasing depth	\$168

Example 1

Increasing open corner credenza width by 11", from 86" to 97".

Add Top Width (\$288 × 2) [\$288 for each 6" increment]

Add Panel Width (\$221 × 2) [\$221 for each 6" increment]

Total Modification = \$1,018

Example 2

Increasing a desk pedestal depth from 36" to 40" & increase the width of the same pedestal by 8"

Add Pedestal Depth \$872

Add Pedestal Width (\$978 × 2) [\$978 for each 6" increment]

Total Modification = \$2,828

Example 3

Decreasing an overhead from 62" to 58" width & increasing the depth by 3"

Add Overhead Width \$224

Add Overhead Depth \$1,176

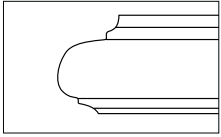

Total Modification = \$1,400

Picture Frame Molding

Many Walden units, including desks, credenzas, and overhead storage, can be specified with picture frame molding. Desks feature this molding on the modesty panel, the back and side of the pedestal, and the outside of the end panel. Molding on the returns are located on the side and back of the pedestal. Credenzas have molding on the side of the pedestal and end panel only. Overhead storage features molding on wood doors only. For location of molding on reception station, see page 93 of the pricing section.

Worksurface Grommets

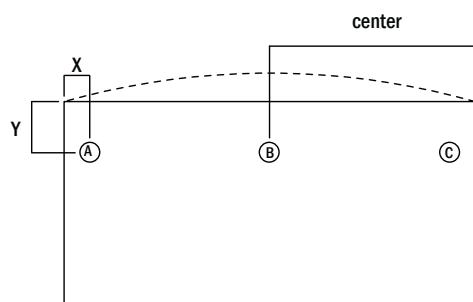

G3A - 2"
Antique Brass
G3B - 2"
Matte Black

Work Surface Grommet Locations

The optional grommet locations on the desk, run-off desk, bridges, credenzas and returns are predetermined on the Walden product. Grommet locations are indicated below with an (A) for left, (B) for center, (C) for right, and (D) for center end.

Pedestal Desk

$X = 4\frac{1}{2}"$
 $Y = 8\frac{1}{4}"$

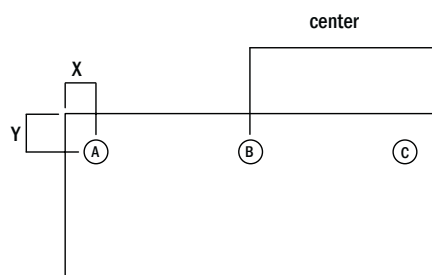

Support End and Run-Off Desk

$X = 4\frac{1}{2}"$ from connect end
 $Y = \text{center}$

Bridges, Returns and Credenzas

Center grommet is not available on open corner lateral credenzas and lateral returns due to the location of the pedestal.

$X = 4\frac{1}{2}"$
 $Y = 5"$

Note: Grommet not recommended over pedestal, contact Customer Service for other locations.

Wellington Product Information

Exterior Wood Materials

Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction

Tops are 3-ply balanced construction, 1 3/16" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Top can be routed to accept 3 piece leather inlay.

Case Construction

All construction is full mortise and tenon.

Some panels are 7/8" and others are 13/16" thick. All panels are 3-ply construction. End panels and pedestal back panels are mitered and lock jointed together on approach side of desk.

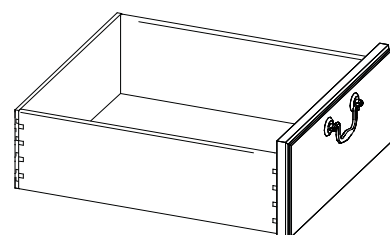

Pedestals are enclosed at bottom by a 1 1/16" framed base platform, securely fastened to panels.

Arm slides are 3-ply construction, banded on all four sides with veneer.

Drawer Construction

All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and glued. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.

Drawer Suspension

The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware

All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages 150-151.

Locking

Locking is standard in all desks, credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors

We offer a variety of wood stains and paint colors on Wellington. Please see the chart below. Samples are available upon request. Former finish names are listed in parentheses for reference.

CH1 Cherry		Flat Cut Veneer	
AUT	Autumn (<i>Autumn Cherry</i>)	EAR	Earthy
BRL	Barley	LGC	Legacy (<i>Legacy Cherry</i>)
BBN	Bourbon (<i>Natural Cherry</i>)	PRL	Praline (<i>Vintage Cherry</i>)
BRG	Brighton (<i>Brighton Cherry</i>)	SAF	Saffron (<i>Medium Cherry</i>)
CLA	Classic (<i>Classic Cherry</i>)		

WA1 Walnut		Flat Cut Veneer	
AUB	Auburn (<i>Windsor Mahogany</i>)	SIE	Sienna
ESP	Espresso	TOF	Toffee
MCH	Mocha	TRF	Truffle
NTO	Night Owl (<i>Vintage Walnut</i>)		

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Wellington Product Information

Product Modification

Laminate Tops

Worksurface only, no additional upcharge if Wellington's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

Cherry Finishes	Walnut Finishes
<i>Autumn</i>	<i>Auburn</i>
<i>Barley</i>	<i>Mocha</i>
<i>Bourbon</i>	<i>Night Owl</i>
<i>Brighton</i>	<i>Sienna</i>
<i>Classic</i>	<i>Toffee</i>
<i>Legacy</i>	<i>Truffle</i>
<i>Praline</i>	
<i>Saffron</i>	

Special Finishes

Special finishes can be requested by following the instruction in the general introduction section, page 3. There is a one time charge of \$275 list per order.

Sheen Modifications (Tops Only) ▲

Finish sheen can be modified on worksurface tops. There is a 15% upcharge added to the list of each item.

Adjusting Sizes

All charges are to be added to the list price of the unit. All size adjustment need approval by JSI Engineering, contact Customer Service.

Re-size standard tops or bases (shorter or narrower)	\$388

Wellington Product Information

Edge and Hardware

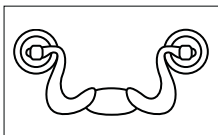

Wellington is available with the Federal Edge Profile and two hardware options. Each hardware is available in antique or burnished brass.

Edge Profile

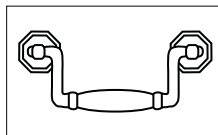

Federal Edge Profile
Accepts Laminate Top

Drawer Hardware

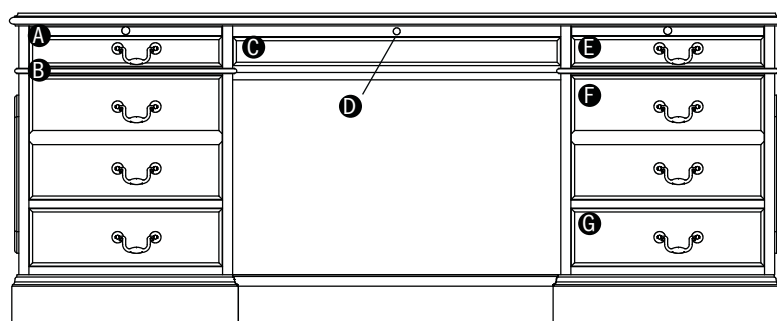

Wellington Hardware
Antique Brass (ANB)
Burnished Brass (BBR)

Windsor Hardware
Antique Brass (ANB)
Burnished Brass (BBR)

Drawer Pedestals

Wellington has unique construction on the pedestals as described below. Space does not allow for file-file configuration.

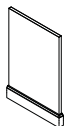

Pedestal Configuration

- A** Pedestal Writing Shelf
- B** Horizontal Trim Molding (*molding can be eliminated*)
- C** Center Drawer (*with pen tray*)
- D** Central Locking (*locks all drawers*)
- E** Top Tray Drawer
- F** Center File Drawer (*front made as two box drawers*)
- G** Lower Box Drawer

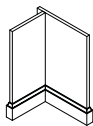

End Support Components

Wellington offers end support components that can be used with other modular items to create modular freestanding applications.

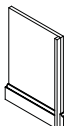

Note: Spans 48" or greater requires a support rail

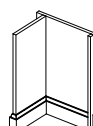

End Panel Support
PE8028
Use as support for modular credenza configuration

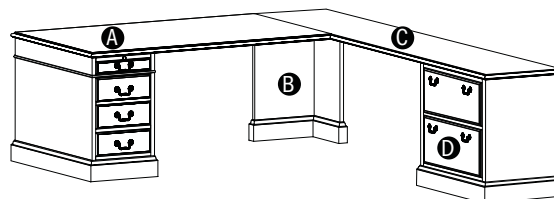

End L-Panel Support
PELF8028R (*right shown*)
Use as additional support for either freestanding credenza or when connecting run-off desk to modular credenza configuration.

End Panel Support
PE8028R (*right shown*)
Use as support for modular credenza configuration when connecting to a return or a bridge.

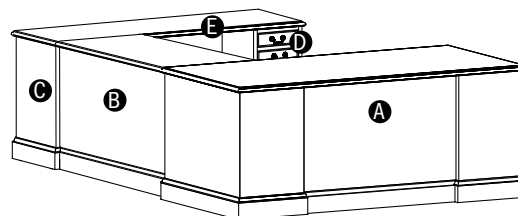

End L-Panel Support
PELF8028R (*right shown*)
Use as additional support for either for modular credenza configuration and connecting to return or bridge.

Example 1

- A** PRR8066L Run-Off Desk
- B** PELF8028L End L-Support
- C** TU8091 Modular Top
- D** FD8031N File/File Pedestal

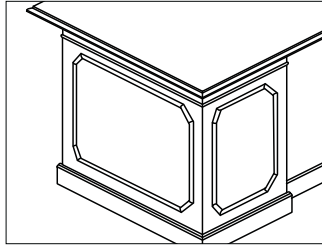

Example 2

- A** SPR8066L Single Ped. Desk
- B** EU8048 Bridge
- C** PELF8028L End L-Support
- D** F8020N Box/Box/File Pedestal
- E** TU8066 Modular Top

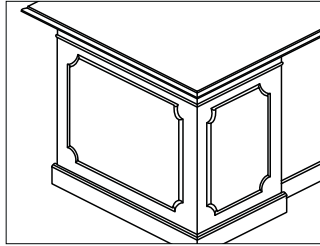

Wellington Product Information

Picture Frame Molding

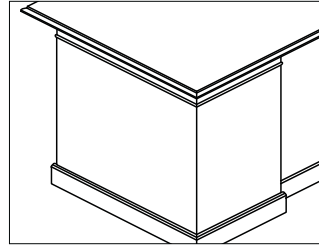

Wellington desks, credenzas and overhead storage may be specified with picture frame molding. Desks feature this molding on the back and side of the pedestal, and the outside of the end panel. Molding on the returns are located on the side and back of the pedestal. Overhead storage features molding on wood doors only. For location of molding on reception station, see page 159 of the pricing section.

Windsor Molding
Use **WNM** in pricing column

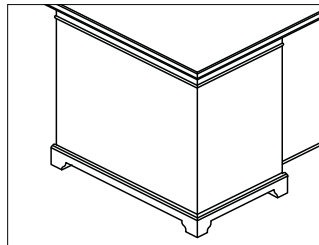

No Molding
WOM in pricing column (when available)

Base & Leg Options

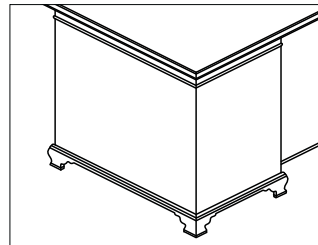

Wellington units feature a standard traditional style base molding. The Bracket Base and Georgian Feet are available on Wellington desks, credenzas and lateral files. Modesty panels on returns and bridges may be specified without base molding to coordinate with the Bracket Base and Georgian Feet styles. Table desks are standard with the fluted leg.

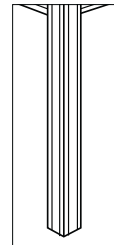

Standard Base

Bracket Base Option
Add \$234 to list for double pedestal desks, credenzas and modular base units.
Add \$158 to list for pedestal ends.

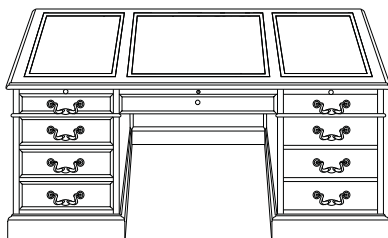

Georgian Feet
Add \$531 to list for double pedestal desks.
Add \$407 credenzas and modular base units. Up to 59" in length.
Add \$531 to list for credenza and modular base units 60" and longer.

Fluted Leg

3-Piece Leather Inlay

The prestige of Wellington can be enhanced with a 3-Piece Leather Inlay with Gold Tooling, which may be added to the worksurface of any freestanding desk for a \$2,272 upcharge to list price.

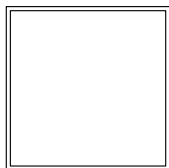

Wollsdorf Leather Options
FOC Earth
Euroglazed

Leather Inlay is limited to specific style and thickness of leather.
Call Customer Service for more information.
Visit jsifurniture.com for leather colors.

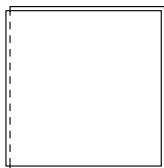

Wellington Product Information

Edge Shaping

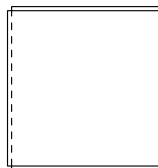

Freestanding desks and storage units such as credenzas and overheads are shaped all sides. Run-Off desks, returns, and bridges use a combination of shaped sides and reverse shaped sides.

Shaped All Sides
Freestanding Desks
Storage Units

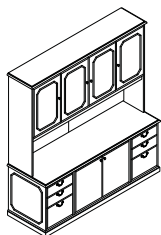

Shaped 3 Sides with Reverse Shape on Connecting End
Run-Off Desks and Returns

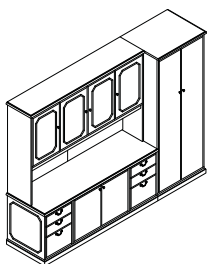

Shaped 2 Sides with Reverse Shape or Flat Cut on Connecting Ends
Bridges

Flat Cut Option

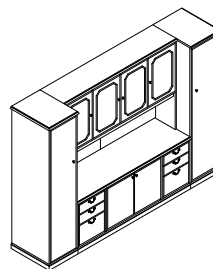

Storage units have the option to have the left, right or both sides flat cut to allow for flush alignment against other units. Handedness is determined when facing the front of the unit. See pricing pages for additional charges.

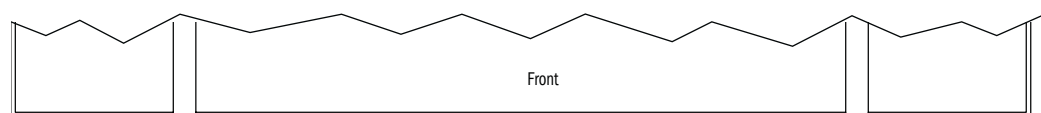

Shape Front and Both Side

Flat Cut

Flat Cut

To Order, Specify:
① Model Number

Standard casegoods cut out locations:

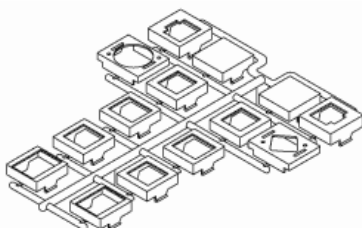

- Specify - Location when ordering on desk, return, computer corner, bridge and credenza - please provide drawing.
- Computer corner units - power/data replaces grommet.
- Standard power and data unit locations are indicated from user side of desk, return, computer corner bridge or credenza.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice

Data Adapter Applications

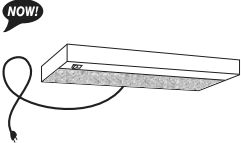

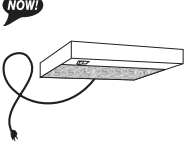

Data adapter kits ship with each power and data unit.

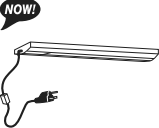

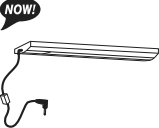

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.
