Specifications Guide

Top Specifications

Leg Base Table Top

- Tops** - The tops shall be **1-1/8" thick**, particle board core.
- Laminate** - **.050" thick** high pressure laminate top surface and a phenolic backing sheet.
- Edges** - The edges shall be internally banded with a **3/4" wide flush edge band**.
External flush edges are available for an upcharge.

Carrel Top

- Tops** - The tops shall be **1-1/8" thick**, particle board core.
The top will not be flush with the carrel back panel and will include a 2" cord drop on the back side to allow for wire management.
- Laminate** - **.050" thick** high pressure laminate top surface and a phenolic backing sheet.
- Edges** - The edges shall be internally banded with a **3/4" wide drop edge band** on the user's side. The back edge shall be internally banded with a **1/4" solid hardwood band**.
External edges are available for an upcharge.

Internal Edge Profiles

- Edge details **shall be specified at time of order** and are available in the **"A", "B", "C", "E", and "I"** profiles.
- Pod computer tables are only available with an "A" edge profile.*

Apron Frames

- The apron rail shall be constructed of **3" wide x 3/4" thick** solid hardwood with a **1/8" radius** on the bottom edge. The connection of the apron rails to the legs shall provide an integral space frame construction. All four apron rails shall be shaped with a **6" arch** on either side to be **1-1/4"** in the middle to ensure **ADA compliance**. The apron rails shall attach to each other using solid hardwood corner blocks, and the frame shall attach to the tops using **1-1/2"** wood screws.

Table Size Specifications

Table Height

Height - 29".

Additional heights of 25", 27", and 36" are available upon request.

Leg base study tables are also available at 39" upon request.

Table Width

See specific sections for available table widths.

Width selection may vary from the actual overall footprint width.

Table Length

See specific sections for available table lengths.

Length selection may vary from the actual overall footprint length.

*Tables **60" in length** and longer will receive a **14 gauge channeled stress bar** for added support.*

Carrel Size Specifications

Carrel Height

Height - 29".

Overall Height - 48".

Additional top heights of 25", 32", and 39" are available upon request.

Carrel Width

See specific sections for available carrel widths.

Width selection may vary from the actual overall footprint width.

Carrel Length

See specific sections for available carrel lengths.

*Carrels **48" in length and longer** will receive a **14 gauge channeled stress bar** for added support.*

Length selection may vary from the actual overall footprint length.

Leg Specifications

Table Legs

The legs shall be constructed of glued-up solids and shall be **2-1/4" square**.

All vertical edges shall have a **3/16" radius**, and the bottom edges shall be eased.

The legs attach to the aprons with two **3" lag bolts** passing through a solid hardwood corner block, and tightened with lock washers and hex nuts.

*Any table **longer than 72"** shall receive an additional leg for added support.*

Glides

Each leg shall be fitted with two **1-1/4"** diameter rubber cushioned adjustable leveling glides with a **15/16"** stem.

Keel and Panel Specifications

Table Keels

Panel base study tables shall include two keels constructed of **1" thick** particle board core with grade **"A"** veneer faces and externally banded with a **1/4"** solid hardwood on the bottom side extending **6-1/2"** down from the top and spaced **6"** from one another.

The keels shall attach to the end panels by means of Mod-eez clips and shoulder screws, and to the top by means of angle mounting brackets and screws.

Table Back Panel

The back panel shall be constructed of **1" thick** particle board core with grade **"A"** veneer faces and externally banded with a **1/4"** solid hardwood on the bottom side.

The panel shall be captured inside of the end/intermediate panels and start **9-1/4"** above the ground extending to the bottom of the top.

The back panel shall attach to the end/intermediate panels by means of Mod-eez clips and shoulder screws and shall attach to the underside of the work surface by means of angle mounting brackets.

The back panels of double-faced units shall receive one pass-through grommet.

Table End and Intermediate Panel

The end and intermediate panels shall be constructed of **1-1/4"** thick particle board core with grade **"A"** veneer faces.

The panels shall be externally banded on all four edges with **3/4"** solids.

The panels shall protrude **1/2"** above the work surface and shall be attached to the top by means of a z-bar connector.

All intermediate panels shall include a grommet hole for wire passage.

Carrel Back Panels

The back panel shall be constructed of **1" thick** particle board core with grade **"A"** veneer faces.

The back panel shall be externally banded on the top and bottom edges with **1/4"** solid hardwood bands.

The panel shall attach to the end panels by means of Mod-eez clips and shoulder screws.

The double face back panels shall receive one pass-through grommet.

Carrel End and Intermediate Panels

The end and intermediate panels shall be constructed of **1-1/4"** thick particle board core with grade **"A"** veneer faces.

The panels shall be externally banded on all four edges with **3/4"** thick solid hardwood bands.

The panels shall be attached to the work surface by means of z-bar connectors.

All intermediate panels shall include a grommet hole for wire passage.

Shelf Specifications

Shelf

The shelf shall be **9"** deep and constructed of **1"** thick particle board core with grade **"A"** veneer faces.

The front edge shall be externally banded with a **1/4"** eased solid hardwood band.

Each shelf shall attach to the end/intermediate panels by means of shoulder screws and Mod-eez clips, and secured to the back panels by means of an embedded connector.

All carrels shall receive a shelf, available as a top shelf or bottom shelf.

The shelf location must be specified at the time of order.

Valance Shelf

Any top shelf will also receive a valance, which shall be constructed of **1"** thick particle board core with grade **"A"** veneer faces.

The bottom edge shall be externally banded with a **1/4"** eased solid hardwood band.

The valance shall extend **2-1/2"** below the shelf, and attach by means of **(3) wood screws** passing through the valance and into the shelf.

Divider Specifications

Wood Divider

The wood divider replaces the back panel and shall be constructed of **1"** thick particle board core with grade **"A"** veneer faces and be externally banded with a **1/4"** solid hardwood band on the bottom side, and **1/2"** solid hardwood bands on the other sides.

The panel shall be captured inside of the end/intermediate panels and start **9-1/4"** above the ground extending above top, available at **8"**, **12"**, and **16"** high.

The panel shall attach to the end/intermediate panels by means of Mod-eez clips and shoulder screws and shall attach to the underside of the work surface by means of z-bar connectors.

The wood dividers of double-faced units shall receive one pass-through grommet underneath the work surface.

Acrylic Divider

The acrylic divider replaces the back panel and shall be constructed of **1"** thick particle board core with grade **"A"** veneer faces and be externally banded with a **1/4"** solid hardwood band on the bottom side, and **1/2"** solid hardwood bands on the other sides.

The top of the panel shall have a **1/4"** route to accept a **1/4"** thick clear acrylic panel, frosted both sides, extending **8"**.

The panel shall be captured inside of the end/intermediate panels and start **9-1/4"** above the ground extending above top, available at **12"**, **16"**, and **20"** high.

The panel shall attach to the end/intermediate panels by means of Mod-eez clips and shoulder screws and shall attach to the underside of the work surface by means of z-bar connectors.

The acrylic dividers of double-faced units shall receive one pass-through grommet underneath the work surface.

Electrical / Power

Electrical / Power

There are several standard table-top electrical options complete with power outlets, data ports, and/or USB ports.

See the accessories for standard offerings, or contact project management to customize your desired configurations.

Wire Manager Leg

Table legs are available as a wire manager leg and shall be constructed of glued-up solids and shall be **2-1/4"** square.

All vertical edges shall have a **3/16"** radius, and the bottom edges shall be eased.

The leg shall be routed out to allow wires to pass through, and a removable veneer covered metal strip will attach to the leg by means of **(6) wood screws** to hide the wires.

The legs attach to the underside of the table tops through a **1/4"** thick **5" x 5"** steel plate.

The plate attaches to the leg with two bolts threading into a barrel nut inserted into the leg.

The plate attaches to the underside of the table top with **(5) 5/16" x 1"** machine bolts engaging threaded inserts.

*Any table longer than **72"** shall receive an additional leg for added support.*

Wire Manager Tray

All computer tables shall include a wire manager trough constructed of **1"** thick particle board core with grade **"A"** veneer faces and externally banded with a **1/4"** solid hardwood on the top edge.

The trough shall attach to the end panels by means of Mod-eez clips and shoulder screws at a **45°** angle with mouse holes on either side.

*There should be at least **5"** space between the top and the trough for access to wires.*

J-Wire Manager

All carrel and computer table products, as well as study tables **with a power cutout upgrade** are to **come standard** with one j-wire manager made of extruded plastic to hold wires.

The j-wire manager is shipped loose and comes with double sided tape to assist with placement in the field.

All j-wire managers must be installed with the included screws.

Terminology and Tips

The following guide is provided as a reference to some of LIAT's **Deveraux Carrel terminology** along with tips to help with the planning process.

ISLAND

Island units are **stand-alone** or free-standing units.

STARTER

Starter units act as a **starting point** for a run of desking units.

All starters must be ordered with an end unit.

ADDER

Adder units act as an **extension** for a run of desking units.

All adders must be ordered with both a starter and an end unit.
There is no limit to the amount of adders allowed in a given run.

END

End units act as an **ending point** for a run of desking units.

All ends must be ordered with a starter unit.

LIAT Shipping Zones

Shipping | Pricing Guide

Use the following guide to **determine the delivered pricing** for your LIAT furniture product by **selecting your zone** from the map and reviewing the price changes for each zone. To **determine your list price**, add your prices from your selected furniture and then **add the shipping cost based on your designated zone**.

USA

- **Zone 1** No extra cost
- **Zone 2** Add **4%** to the list price
- **Zone 3** Add **7%** to the list price

Zone 1 orders less than \$5,000 list will have a flat fee of **\$375** added to invoice

Zone 2 orders less than \$5,000 list will have a flat fee of **\$375** added to invoice, plus **4%** of list

Zone 3 orders less than \$5,000 list will have a flat fee of **\$375** added to invoice, plus **7%** of list

Hawaii, Alaska, and International

Note. This system does not apply to our international customers or those living in Alaska and Hawaii, **freight must be quoted separately for these orders.**

Example 1 Below \$5,000 list

DV-ST-3666-29-PB-PD

List Price - \$1,828

Nominal Size - 36" W x 66" L x 29" H

Actual Footprint -

Power & Data - Node Power Unit

Leg Shape - Panel Based

Top Shape - Straight

Zone 1 List Price: \$1,828 + \$375(flat fee) = \$2,203

Zone 2 List Price: \$1,828 + \$375(flat fee) + \$73(4% of list) = \$2,276

Zone 3 List Price: \$1,828 + \$375(flat fee) + \$128(7% of list) = \$2,331

Example 2 Above \$5,000 list

DV-ST-3666-29-PB-PD (more than one)

List Price - \$7,312

Nominal Size - 36" W x 66" L x 29" H

Actual Footprint -

Power & Data - Node Power Unit

Leg Shape - Panel Based

Top Shape - Straight

Zone 1 List Price: \$7,312 = \$7,312

Zone 2 List Price: \$7,312 + \$293(4% of list) = \$7,604

Zone 3 List Price: \$7,312 + \$512(7% of list) = \$7,824

*LIAT product is shipped knocked down (KD). Assembly in the field is required.

Pricing Guide Tutorial

How to use this pricing guide

These pages are a guide on how to build and customize your *Deveraux* table using this specification and pricing guide.

Terms and Conditions

Deveraux Terms and Conditions

The following terms & conditions apply to all LIAT, LLC products.

1. ACCEPTANCE, MODIFICATION, ASSIGNMENT: By placing this order for furniture, material or other products (sometimes collectively referred to as "Goods"), Customer agrees to these Terms and Conditions which shall prevail over inconsistent provisions in any other form or document of Customer. No change or modification shall be applicable unless set forth in writing and signed by Company. Neither this order nor any interest therein shall be assigned by Customer except with the prior written consent of Company.

2. PRICING: LIAT, LLC assumes no responsibility for the quantities or the interpretation of competitive product. Pricing is based on standard LIAT furniture including standard construction, materials, finishes and sizes. Unit prices shall prevail. Pricing subject to change without notice. Prices are those in effect at the time of order entry.

3. PAYMENT: Customer agrees to pay deposit or down payment as required by Company. Customer agrees to pay to Company the amount indicated on the Invoice, 1% 15 days, net 30 days from date of Invoice (U.S. Funds only), for Goods ordered. **INTEREST WILL BE CHARGED AFTER 30 DAYS FROM THE DATE OF INVOICE AT THE RATE OF ONE AND A HALF PERCENT (1.5%) PER MONTH.** International sales will require additional payment arrangements. No Goods shall be sold on consignment or conditional sales basis. Payment for the Goods delivered hereunder shall constitute acceptance thereof.

4. DELIVERY: The specific terms of delivery are as stated on the sales order acknowledgment. Goods which are delivered in advance of schedule are delivered at the risk of Customer. The Company is not liable for delays or failure to ship due to fire, strike, act of God, the public enemy or other causes beyond the control of the Company. With respect to LIAT, LLC, all shipments which are F.O.B. Factory or Delivered, LIAT, LLC reserves the right to select the appropriate carrier. Special requests including, but not limited to, inside delivery, installation, and call before delivery are not included in the price. Any charges arising from failure to meet shipment, rerouting while in transit, or carrier storage charges are the responsibility of the Customer.

*LIAT product is shipped knocked down. Assembly in the field is required.

5. CARE AND MAINTENANCE: To maintain your LIAT product for years of use, please follow these care and maintenance guidelines:

Wood Care and Maintenance: Use a damp, lint free cotton cloth for general dusting. Work with the grain of the wood.

Laminate Tops: Laminates may be cleaned using a damp cloth and mild soap.

Marmoleum Tops: Marmoleum can be maintained by dry or wet maintenance systems. For detailed product specifications or maintenance information, contact Forbo Industries Support Services at 1-800-842-7839 or visit their website www.forbo-industries.com.

Metal Finishes: Mix a solution of liquid soap and warm water. Saturate a clean cloth with this mixture. Wipe down metal then dry completely.

Acrylic Products: Use only products specifically recommended for cleaning acrylic, or a mild solution of dish detergent and warm water. Do **NOT** use any cleaner containing ammonia to clean your acrylic products. Do **NOT** use a dry cloth or your hand to clean the acrylic - this will rub the dirt and dust into the acrylic and can scratch the surface.

Fabric Care: The ability to be cleaned will vary based on the type of fabric. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spill should be wiped up immediately with a cloth. If upholstery has been protected with Scotchgard or Zepel, the coating should be re-applied yearly. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth.

6. CLAIMS. All shipments are delivered to the carrier in good condition and

Company's liability ceases after acceptance by carrier. If shipment arrives short or damaged, the Customer must file a claim immediately with the carrier. In the event of concealed damage, notify carrier and request an immediate inspection. Keep all cartons and packing material. Failure to file claim within 15 days after receipt of Goods constitutes acceptance and a waiver of any such claims

7. DISCLAIMER OF WARRANTIES: The express warranties below are the Company's sole warranties of its Goods, there are no understandings, agreements, representations, or warranties, express or implied (including any regarding the merchantability or fitness for a particular purpose), not specified herein, respecting the Goods. Except for those obligations of the Company identified in these Terms and Conditions, all risks related to the quality and performance of the Goods and responsibility for repair or service costs rests solely on the Customer. Company reserves the right to limit the applicable warranty to the Goods depending upon the division or catalogue through which said Goods were sold. Some states do not allow limitations on implied warranties, limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to all Customers. This warranty gives the Customer specific legal rights, and each Customer may also have other rights which vary from state to state.

8. EXPRESS WARRANTIES: The express warranties of the Company are as follows:

LIAT, LLC

LIAT, LLC WARRANTS TO THE ORIGINAL PURCHASER THAT EACH CASEGOOD WILL BE FREE FROM DEFECTS IN WORKMANSHIP GIVEN NORMAL USE FOR A PERIOD OF TWENTY (20) YEARS OF SINGLE SHIFT SERVICE. LIAT WARRANTS THEIR SEATING PRODUCTS TO THE ORIGINAL PURCHASER THAT EACH PIECE OF FURNITURE WILL BE FREE FROM DEFECTS GIVEN NORMAL USE FOR FIVE (5) YEARS. LIAT, LLC WILL, AT ITS OPTION, REPAIR OR REPLACE ANY DEFECTIVE FURNITURE WITHIN THE TERMS OF THE WARRANTY. THIS WARRANTY DOES NOT APPLY TO DAMAGE RESULTING FROM ACCIDENT, ALTERATION, OR MISUSE. ALL LIAT ELECTRICAL COMPONENTS AND ACCESSORIES ARE WARRANTED TO THE EXTENT OF THE ORIGINAL MANUFACTURER.

Goods other than furniture are sold by Company to Customer without warranty.

9. ATTORNEYS' FEES: Customer shall be responsible for all expenses and costs in connection with the enforcement by Company of these Terms and Conditions and the costs of collection (including the fees of any collection agencies to whom the Customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

10. CANCELLATION: All cancellations must be made in writing. Administrative and/or labor charges may be incurred by the Customer depending upon the production stage of the order. Orders specifying special finish cannot be cancelled once finishing has begun. Cancellations cannot be accepted once final production has begun.

11. ORDER CHANGES: All changes to an order must be made in writing and are subject to Company's ability to conform. Administrative and/or labor charges may be incurred by the Customer depending upon the production stage of the order. Once final production has begun, no changes can be accepted.

12. REMEDIES: The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these Terms and Conditions shall constitute waiver of any other breach or of such provision.

13. INSOLVENCY: Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the Customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have Customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for Customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by Customer of an assignment for the benefit of creditors.

14. LIMITATION OF LIABILITY: The Company shall not under any circumstances be liable to the Customer, owner of the Goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay or inconvenience caused by or arising from the purchase, sale, use, repair or inability to use the Goods or by any performance or non-performance under, or breach of, these Terms and Conditions. The Company's sole liability for any defective Goods shall be its repair or its replacement pursuant to the Express Warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the Goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all Customers. Any action resulting from any breach on the part of Company as to the Goods or services delivered hereunder must be commenced within one year after the cause of action has occurred.

15. RETURNS AND ALLOWANCES: Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances may be authorized only by a Company officer. It is the responsibility of the field sales representatives to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the Company by definite agreement, without final authorization by a Company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the Company's attention upon arrival at the Customer's "Ship To" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the Company for any reason must be issued by the Company via a Return Goods Authorization. Any authorized returns not due to damage or defect will be assessed a 30% restocking charge and all return freight charges must be prepaid. Company will not issue credit allowances for any repairs without Company's prior consent. Under no circumstances shall the Company accept COD (Cash on Delivery) returns, and any such shipment will be refused.

16. SECURITY AGREEMENT: The Company may require and Customer shall grant a security interest in Goods sold pursuant to any credit the Company may extend to the Customer.

17. GOVERNING LAW: All disputes between the parties, whether or not arising out of these Terms and Conditions, will be governed by the laws of the State of North Carolina. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the Customer and the Company will be brought only in a state court located in Dubois County, North Carolina or the United States District Court for the Southern District of

North Carolina. THE CUSTOMER HEREBY WAIVES THE RIGHT TO A TRIAL BY JURY IN ANY ACTION, PROCEEDING, CLAIM, OR COUNTERCLAIM WHETHER IN CONTRACT OR TORT, AT LAW OR IN EQUITY, ARISING OUT OF OR RELATING IN ANY WAY TO THESE TERMS AND CONDITIONS AND ALL OTHER DISPUTES BETWEEN THE PARTIES.

18. MITIGATION: If the Company repossesses the Goods prior to payment by the Customer of all amounts due hereunder, the Company may sell the Goods, AS IS, WHERE IS, free and clear of all rights of the Customer at either public or private sale, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of Customer hereunder. The Customer shall remain liable for any deficiency. THE COMPANY MAY DISPOSE OF THE GOODS IN ANY COMMERCIALY REASONABLE PLACE AND MANNER AND THE CUSTOMER WAIVES ANY NOTICE OF TIME, PLACE AND MANNER OF SALE.

19. INTEGRATION: This order for Goods, including these Terms and Conditions, along with any Credit Application, Invoice, Statement, Dealer Contract, Acknowledgment, Bill of Lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the Company and the Customer with respect to the purchase of the Goods.

20. DIMENSIONS/SPECIFICATIONS/FINISHES: All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the Customer to state such specifications with the order. Detailed specification sheets are available for each series of Goods, and Customer should consult the Company's Customer Service Department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if Company believes these changes will improve the Goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the Company cannot guarantee exact finish matches on existing Goods previously ordered from Company. If an exact match to Customer's existing Goods are required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure is not followed. Company reserves the right to make changes in a finish formula if Company believes the change will improve the quality or appearance of Company's Goods.

21. ACKNOWLEDGEMENT: All orders will be acknowledged promptly, showing how the order was entered, the approximate shipping time and other pertinent information. It is the Customer's obligation to examine this acknowledgment carefully and notify Company immediately of any discrepancies. Every reasonable effort is made to ship as acknowledged, however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, Customer must inform Company at time of order and Company will make all reasonable efforts to meet each Customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these Terms and Conditions.

22. COMPANY'S PERFORMANCE OF ITS OBLIGATIONS: The production and delivery of the Goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of God, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrection, acts of terrorism, war or other reason of a like nature not the fault of the Company shall excuse for the period of the delay the Company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.
