List and Suggested Retail Price List

Prices and Specifications Subject to Change Without Notice

Due to the handcrafted nature of our product, dimensions and weights are approximate. Variations in the tailoring, padding and fabric thickness affect the dimensions and weights of each piece and should be expected.

THE SUGGESTED RETAIL PRICES INDICATED ON THIS PRICE LIST ARE INTENDED AS A SUGGESTION OF WHAT WE DEEM TO BE A FAIR PRICE TO BE CHARGED FOR OUR PRODUCTS BY A FULL SERVICE FURNITURE RETAILER. FAIRFIELD MAKES NO ATTEMPT TO ENFORCE RETAIL PRICES AND LEAVES PRICING DECISIONS COMPLETELY TO THE DISCRETION OF OUR RETAIL DEALERS. TO THAT END, FAIRFIELD HAS MADE NO EFFORT TO DETERMINE WHAT RETAILERS CHARGE FOR OUR PRODUCTS.

HOW TO ORDER

Mail, FAX or Email orders to:

Fairfield Chair Company
PO Box 1710
Lenoir, NC 28645
FAX: (828) 758-0211
Email: orderdept@fairfieldchair.com

Send COM Fabric to:

Fairfield Chair Company
Attn: COM Dept.
606 Kincaid Circle
Lenoir, NC 28645

A COM Information Form must be filled out for each piece of COM.
See page 227 for a copy of this form.

The following information must be provided to acknowledge your order:

1. Your Purchase Order number with billing address
2. Quantity
3. Model Number
4. Description
5. Finish (some finishes require an additional charge; see pages 12-13 for details)
6. Fabric/Leather Grade/Selection
   (grade, fabric/leather number, color and application instructions)
7. Options
8. Pricing (include cost of any options)
9. Indicate any “tagging” or any other special instructions
10. Shipping destination and any shipping instructions

ORDER ENTRY

All orders are subject to final acceptance by Fairfield Chair Company in Lenoir, NC. No order will be entered for production or acknowledged until ALL specification information is complete (see above).

Fairfield Chair Company attempts to clarify all purchase orders. **However, in the event the model number and description on the purchase order differ, the model number will prevail.**

Acknowledgments will be made for each accepted order and contain the final order specifications on it. The buyer is responsible for checking the acknowledgment to make sure that every detail is correct. If any errors are found, it is the buyer’s responsibility to contact our Order Entry Department immediately.

Receipt of our acknowledgment indicates acceptance of your order subject to the terms set forth on the acknowledgment.

Fairfield Chair Company cannot be responsible for errors made on any orders taken over the phone if written confirmation from the buyer has not been received.

Any duplicate orders not clearly marked “Confirmation” are the responsibility of the buyer.

CANCELLATIONS & CHANGES

Because all upholstery items are manufactured to the buyer's specifications, acknowledged orders cannot be cancelled for any reason without the written authorization of Fairfield Chair Company. No verbal cancellations will be accepted, either from reps or customers. ALL CANCELLATIONS MUST BE WRITTEN (either faxed, mailed or e-mailed). If a cancellation is approved, it will be subject to a charge of up to 50% of the net price. Orders for custom merchandise cannot be cancelled for any reason (any modification to items included in this price list is considered custom).

Fairfield Chair Company is not required to accept any changes to orders. For any accepted and authorized changes, Fairfield Chair Company reserves the right to charge for any expenses incurred due to the change. This includes material, labor, and any other costs, plus up to 25% of the net price. Order changes may also change production and ship date of your order.

SHIPPING & STORAGE:

Fairfield Chair Company will ship in accordance with customer instructions whenever possible. Orders in production will be shipped as scheduled and cannot be held. If a customer is unable to accept an order when it is ready for shipment, storage may be requested. Acceptance of a storage request will be at the discretion of Fairfield Chair Company. All costs including transportation will be at customer's expense. A storage charge of 1.5% of the invoice will be assessed for every 30 days, or any part thereof, that merchandise remains in storage. Fairfield Chair Company considers transfer to storage the equivalent of delivery. This includes invoicing and payment. Customers will bear all risk of damage or loss during storage.

RETURNS

Fairfield Chair Company will not accept returned merchandise without a signed Return Authorization issued by our Customer Service Department. If a return is authorized, it is the sole responsibility of the buyer to make sure that the product is cartoned to prevent any further damage. The only reasons we would consider a return are for a manufacturing defect or an error in our order processing. Defective items must be inspected and confirmed by a Fairfield Chair Company representative. Proper documentation, including digital photos of the defect must accompany the request.

If a return is authorized, the item must be received at Fairfield Chair Company within thirty (30) days of the date of the RA. Any freight damage, signs of use, missing parts, etc. will affect the amount of the credit issued to the buyer. Unauthorized returns will be automatically refused at our dock, and Fairfield Chair Company will not be liable for any damages or losses.

Liability for defective merchandise shall be limited to the replacement or repair of that merchandise, and Fairfield Chair Company shall not be liable for other damages or losses.

FREIGHT DAMAGE & CLAIMS

Fairfield Chair Company is not liable for any damages to products that occur during Transit or storage. The carrier assumes all responsibility upon acceptance of product. It is the buyer's responsibility to inspect products upon receipt and file any claims with the carrier. If products are received damaged, a written exception should be made on the bill of lading and an immediate inspection be requested of the carrier. Concealed damage must be reported to the carrier within 15 days of receipt. Failure to make claims shall constitute acceptance of the products and waiver any claims of defects, errors or shortages.

"THIRD PARTY","NOTIFY" AND "WILL ADVISE" ROUTINGS

Orders requesting special routing instructions such as "Third Party", "Notify" or "Will Advise", please note the following information:

Important Shipping Information: Carrier must call (828) 610-2587 or fax (828) 726-8770 at least 24 hours in advance of pickup with Acknowledgement number(s) to insure orders are ready. Shipping hours are: 7 AM - 2 PM, Monday - Friday. Upon pickup, carrier must furnish Acknowledgement number(s) to insure correct orders are released.

Arm Covers

Arm covers are optional for an additional charge of $92 per set in fabric and $122 per set in leather. The price of arm covers will be added to the acknowledged unit price of the merchandise. Exact shade match of fabrics cannot be guaranteed due to variations of dye lots.

CAL 117-2013

California Technical Bulletin 117-2013 is a mandatory flammability standard for component materials used to make residential upholstered furniture which is to be sold in the state of California. All component materials used by Fairfield to manufacture its line of furniture meets California Technical Bulletin 117-2013. The exception to this is Customer's Own Material (COM), which may or may not meet CA TB 117-2013. **All fabrics in Fairfield's own line meet CA TB 117-2013.**

Additionally, all component materials used by Fairfield to manufacture its line of furniture contain no added flame retardant chemicals. Again, the exception to this is COM, which may or may not contain added flame retardants. No fabrics in Fairfield's own line contain added flame retardants.

If you are using COM, please, check with your fabric supplier if you are concerned with meeting CA TB 117-2013 or added flame retardants.

CARB Compliance

The California Air Resources Board (CARB) is a department of the California Environmental Protection Agency. This state-funded group works to attain healthy air quality and protect the public from exposure to toxic air contaminants. CARB establishes air quality standards and monitors air quality.

In April 2007, the California Air Resources Board (CARB), voted to implement new limits for formaldehyde emitted from composite wood products. The regulation establishes the toughest production standard in the world for formaldehyde emissions from composite wood products.

The regulation applies to hardwood plywood, particleboard, medium density fiberboard (MDF) and all products (furniture, cabinets, flooring, store fixtures, millwork, countertops, doors, etc.) made with those products.

The CARB measure focuses on Formaldehyde, which is an organic compound that exists naturally in food, the environment, and our bodies. Formaldehyde is a common ingredient found in adhesives used in composite wood products, as it cross-links with other ingredients to form a strong bond. The regulation limits the amount of emissions of this compound to levels which the state deems to be safe.

While this law applies only to furniture consumed in the state of California, all Fairfield products meet CARB Phase II limits and are labeled to satisfy the California law.

Carton Charge

Merchandise will be cartoned upon request for an additional charge of $24.00 per Ottoman, Bench or Chair and $43.00 per Chaise, Sofa, Loveseat or Headboard.

Casters

Casters are available on specific frames as noted in the catalog for an additional charge of $73.00. If an item is ordered with no nails, the windsor antique brass caster will be the standard caster, unless otherwise specified. The polished nickel caster is available at no additional charge, if the caster is standard. A polished nickel caster will be the default caster on any item ordered with nickel nails. A windsor antique brass caster will be the default caster on any item that is ordered with brass or pewter nails. Please clearly mark all purchase orders with your choice of caster finish. **Casters are not recommended for wood floors.**

Cleaning Codes (Fabrics)

S .....Only mild, pure water-free dry cleaning solvents may be used.
W .....Water-based cleaning agents or foam may be used.
WS .....Water-based cleaning agents and foam may be used, may also be cleaned with mild, water-free solvents.
X.....Should be vacuumed or brushed lightly to remove soil.

Combination of Fabrics (Inside/Outside Applications)

Combination of fabrics (Inside/Outside Applications) is available on ottomans, chairs, loveseats and sofas. If two Fairfield fabrics are used, including graded-in fabrics, the merchandise will be priced at the higher grade price. If the grades are the same, $61 will be added to the price of the frame. If more than two fabrics are used, an additional $61 will be added for each fabric above two. For frames requiring more than two fabrics, please provide a diagram with your order indicating fabric placement for each pattern. (See CONTRASTING PILLOWS, CONTRASTING WELT CORD and DECORATIVE FRINGE paragraphs for additional information relating to pricing those items.)

Combination of Leather & Fabric

Combination of leather and fabric is available on tight seat fabric chairs and leather sofas (including loveseats and settees). Tight seat fabric chairs may have a leather (grade 1 - grade 6) substituted for the fabric **on the seat** by adding $245 to the fabric grade price*. Please specify the leather number and color of the leather you want applied to the seat. (NOTE: Depending on the size availability of leather hides, there is a possibility that areas on a frame may be pieced. Pieced areas, aiming for a minimum number of pieces, will be at the discretion of the factory.) If you want nail-head trim added to the chair, add an additional $46 for small nails, or $61 for medium or large nails (if applicable; unless otherwise noted in the price list) to the price of the chair and designate by adding an “N” to the suffix of the chair. Nail-head will not otherwise be added to a leather seat unless nail-head trim is listed as standard, in some way, on that specific item in the price list. Leather sofas and loveseats may have fabric substituted for leather on various parts of the sofa. Price is figured by reducing the leather price of the sofa $306. Please specify the fabric number and color and provide specific instructions as to where the fabric substitution is to be applied.

**A leather from grade 8 may be substituted by adding $428.*

Contrasting Buttons

Contrasting buttons are available for the following charges:

Chair or Ottoman	$46
Sofa, Loveseat, Settee or Headboard	$77

Contrasting Pillows

Contrasting pillows can be ordered where the pillow(s) are a standard feature for an additional charge of $46 per pillow in Fairfield fabrics graded D through U, and $92 per pillow in Fairfield fabrics graded above U (all U+ grades). **Additional charges may apply when specifying Graded-In Program fabrics (*please see page 15 for an explanation of our Graded-In Program*). Please contact the factory for all contrasting pillow pricing when specifying a Graded-In Program fabric.**

(Note: Contrasting pillows are not to be confused with extra pillows which are priced on pages 35-38 of the current price list. **Some frames ordered in leather/vinyl will <u>not</u> come standard with pillows. Please see your catalog or price list to see if pillows are standard with leather/vinyl application.**)

Contrasting Welt Cord

Contrasting welt cord can be added to the graded price of the merchandise for the following charges:

	Fairfield Fabrics & COM
Pillows (Each)	$15
Ottoman	$61
Chair	$77
Loveseat, Chaise or Settee (Including standard pillows)	$92
Sofa or Headboard (Including standard pillows)	$107

NOTE: These prices also apply to COM contrasting welt cord.
** Additional charges may apply when specifying Graded-In Program fabrics.*

WELT CORD can be CUT on the BIAS for the following charges:

Pillows (Each)	$46
Ottoman	$77
Chair	$92
Sofa, Loveseat, Chaise, Settee or Headboard	$153

NOTE: These prices also apply to COM Welt Cord cut on the bias.

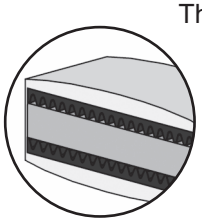
Contrasting Welt Cord in Leather

Contrasting welt cord in leather can be added to the graded price of the merchandise for the following charges:

Pillows (Each)	$61
Ottoman or Exposed Wood Chair	$153
Upholstered Chair	$184
Loveseat, Chaise or Settee (Including standard pillows)	$291
Sofa (Including standard pillows)	$337

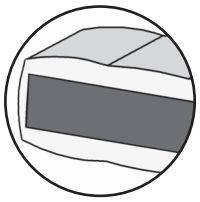
Cushions

ULTRA PLUSH 5L This five-layered cushion uses a soft grade of 1.8 lb. HR foam for the cushion core. The foam core is then capped with a 1-3/4" thick, soft convoluted foam on each side and wrapped with a 1-1/4 ounce fiber crown. The cushion is then encased in a white non-woven ticking. This combination of foams and fiber is designed to create a soft plush cushion yet will still maintain positive "memory" of its original shape. This cushion is standard on most Sofas and Lounge Chairs.



Exceptions to the above standard are the following frames which are standard with 5L Poly Dac (see below for description): 1071-01, 1072-01, 1080-01, 1123-30, 1123-31, 5118-01, 5125-01, 5129-01

BLEND DOWN CUSHIONS (Featherblend™) are available on all frames with loose or semi-attached seat or back cushions. Optional BlendDown is not available on ottomans. See current price list for pricing.



Both the seat cushions and back pillows have a filling combination of 50% Ultima Supreme™ polyester fiber/45% duck feather/5% duck down. The feather and down fill has been cleaned using biodegradable emulsifiers, then rinsed eight times, in accordance with Pacific Coast Feather Cushion Company's exclusive Ultraclean™ process. Afterwards, PCFCC steam dries the feather, enhancing the natural curl in the feather for optimum loft and resiliency. The result is a debris free, hypo-allergenic natural fill with exceptional performance. All feather and down adheres to the standard of the bedding industry for maximum comfort and luxury.

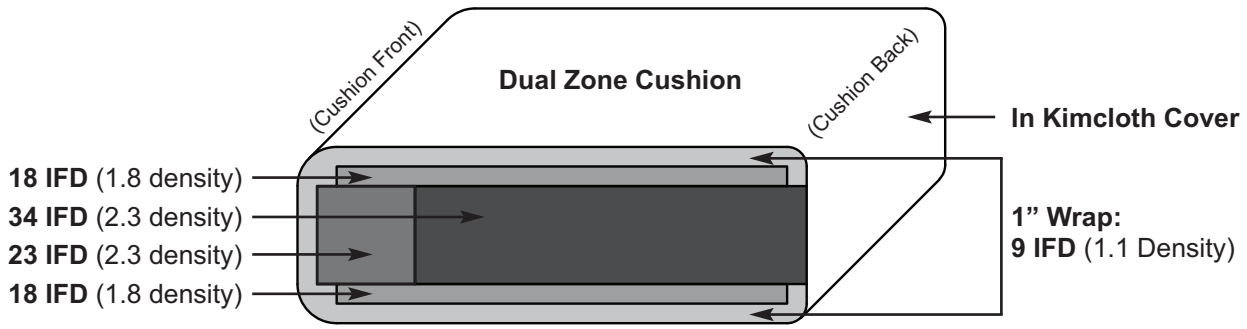
The foam part used in the Featherblend™ Cushion is a high density, high resiliency foam that meets and exceeds industry standard. *Featherblend™, Ultima Supreme™ and Ultraclean™ are trademarks of the Pacific Coast Feather Cushion Company.*

NOTE: Blend Down is not available in the back only.

NOTE: The additional charge for throw pillows where they are standard is $31 per pillow.

NOTE: 1416-01, 1416-20, 2601-01, 2601-25, 2729-01, 2729-31, 2729-32, 2729-50, 5267-01, 5422-01, 6066-01 and all "Opportunities" frames (pages 32-34) are standard with Blend Down in the seat.

DUAL ZONE (NEW!) - Fairfield's Dual Zone premium seat cushion is uniquely constructed with two zones and five layers to provide the ultimate in support and comfort. The foundation of the Dual Zone cushion is made of a 2.3 Density Ultracel™ HR foam core, which is divided into two zones – the front 1/3 is softer (23 IFD) and the rear two thirds is firmer (34 IFD). This provides more support in the rear to improve bone and body fatigue, and less pressure in the front for improved blood circulation in the legs. A softer layer of 1.8 Density, 18 IFD foam is applied over the top of the inner core to provide extra loft (crown) to the cushion. The outer layer is constructed of a super soft Reflex Foam. Reflex Foam offers the crush-resistance of foam with the loft, softness and conformity of fiber. It offers longer lasting height retention for good looks that last longer. **All loose seat cushions can be upgraded to the Dual Zone premium cushion for $46/cushion.**



Cushions (continued)

ULTRA FIRM 3L SEAT CUSHIONS are available on all frames with loose seat cushions.
See current price list for pricing.

This is an “all foam” cushion (no fiber crown) constructed with three layers of Premium HR foam. The core foam is a firm compression which is wrapped on each side with a layer of medium compression foam. This cushion is then encased in a white non-woven ticking. The outer layer provides a softer initial feel, while the inner core provides the firm support. This Premium “all foam” cushion is designed for high shape retention and will resist fatigue and sagging. It is especially recommended for use in Commercial/Contract applications.

3L POLY DAC - A 1.8 density Ultracel™ foam (“POLY”) wrapped with 0.75 ounce low-melt polyester (“DAC”) on each side.

5L POLY DAC - A 1.8 density Ultracel™ foam (“POLY”) wrapped with a softer foam “crown patch” and 0.75 ounce low-melt polyester (“DAC”) on each side.

HR - A high-resiliency foam used on most tight seat cushions.

Softer — *Firmer*

HR-20	**HR-30**	**HR-40**	**HR-55**
1.8 Density Foam	2.5 Density Foam	2.8 Density Foam	3.1 Density Foam
20 IFD	30 IFD	40 IFD	55 IFD

CAL 117-2013 - California Technical Bulletin 117-2013 is a mandatory flammability standard for component materials used to make residential upholstered furniture which is to be sold in the state of California. **All foam used by Fairfield meets California Technical Bulletin 117-2013 and contains no added flame retardants.**

TB 133 - (California Bureau of Home Furnishings Technical Bulletin 133) is a full-scale fire code that consists of six different tests to measure flammability. The test must measure the entire piece of upholstered furniture, consisting of frame, foam, fire resistant interliner, thread and fabric. Fairfield uses an “active” interliner under the fabric for all TB-133 certified items that actually assists in extinguishing a fire. Please see individual frames in the price list for TB 133 pricing.

Cushion Tie-Downs

Optional cushion tie-downs are available on items containing loose seat cushions at an additional charge of $31/cushion. **Tie-downs are standard on all single bench seat sofa cushions.**

Customer's Own Material (C.O.M.) and Customer's Own Leather (C.O.L.)

36"	60%	65%	80%	90%	100%	105%

** **PLEASE NOTE:** Fairfield is unable to accept COM or FOM fabrics that are wider than 60 inches.*

Customer's Own Material (C.O.M.) and Customer's Own Leather (C.O.L.) *(continued)*

All C.O.M. orders will be priced at the "H" Grade price. All C.O.L. orders will be priced at the "K" Grade price. If more than one fabric is to be applied per frame, there will be an additional charge of $46 per fabric. **For stripes, plaids and matching designs, please refer to the chart on page 8 for yardage requirements.** This applies only to 54" wide fabric. Patterns less than 54" wide will require additional yardage. Yardage figures do not include optional items (arm covers, self-deck, etc.). All fabric must be first quality upholstery material. Fairfield reserves the right to reject any material that does not meet our standards. **We will not be responsible for defective fabric. Any special instructions must accompany the C.O.M. form or the fabric will be cut at the factory's discretion.** Please note that all stripes will be applied vertically, unless otherwise indicated. We reserve the right to determine if a C.O.M. pattern layout fits our cutting procedures. All fabrics must be properly identified with your company name, the frame number you are ordering and the PO number. **Proper identification of C.O.M./C.O.L. is imperative.** If we are unable to identify a C.O.M/C.O.L., or the **required amount** of the fabric is not received, the order cannot be processed and the anticipated ship date will be delayed. Please make sure C.O.M./C.O.L. is marked with your company name, PO number and the frame number you are ordering. See price list for C.O.M. yardage requirements. Please contact the factory for C.O.L. yardage requirements.

Flammability: It is the responsibility of the customer to advise Fairfield Chair Company of local fire code requirements for final shipping destinations at the time of order placement. All Fairfield Chair upholstered products meet or exceed the requirements of the California Technical Bulletin 117-2013, NFPA 260A-86 and Upholstered Furniture Action Council (UFAC) for flammability when upholstered with textiles that meet or exceed the same flammability requirements. Proof of COM/COL flammability compliance must be provided at the time of order placement.

NOTE: Fabrics with more than 40% silk content will not be accepted. ALL FABRICS CONTAINING SILK, OR SILK-LIKE FABRICS, MUST HAVE A KNIT BACKING. No silk, or silk-like, fabrics will be entered into production without a knit backing.

NOTE: Some heavy vinyls cannot be made into double welt.

Unbalanced Stripes: If a customer chooses any fabric with an unbalanced stripe, they need to be aware that the following areas may not match: inbacks, outbacks, inarms, outarms and arm panels. Per Fairfield manufacturing standards, stripes will be aligned as closely as possible. **Please see image on right for an example of an unbalanced stripe when applied to a frame.**

(Unbalanced Stripe as Applied to a Frame)

C.O.M. WELT can be cut on the BIAS for the following charges:

Pillows (Each)	$46
Ottoman	$77
Chair	$92
Sofa, Loveseat, Chaise, Settee or Hdboard	$153

Shipping address for C.O.M. is 606 Kincaid Circle, Lenoir, NC 28645. For all C.O.M. orders make a photocopy of the form on page 227 and return with cutting of C.O.M. ***This form is required and the material must be received before any C.O.M. order can be placed into production.***

Decorative Welt Cord & Fringes

Decorative welt cord and fringes are available as an optional feature for an additional charge as shown below. Cut yardage is also available at a charge of $24.50 per yard for cord and fringe. **The minimum is 1 yard.**

	Cord & Fringe	
Pillows (Each)	$37	
Ottoman, Exposed Wood Chair or Bench	$107	
Upholstered Chair	$153	
Loveseat, Chaise or Settee	$245	(Including pillows if standard)
Sofa or Headboard	$275	(Including pillows if standard)

NOTE: The above prices also apply to C.O.M. Decorative welt cords and fringes.

NOTE: This edging replaces welt on frame styles where applicable.

NOTE: Frames on which throw pillows are standard, the cost of cord or fringe for the pillows will be added to the regular cost of the frame. Extra pillows with cord or fringe may be ordered. The cost will be added to the price of the pillow (see pages 35-38 of current price list).

Executive Office Chairs

A **5-PRONG BASE** is standard on all executive swivel chairs. The 5-prong base has metal understructure with a wood cap.

TWIN-WHEEL CASTERS are standard on all executive swivel chairs.

EDGEGUARDS are available for an additional charge of $31 on all office chairs, with the exception of the following: 1000-35, 1012-35, 1024-35, 1025-35, 1030-35, 1070-35, 1075-35, 1083-35, 1096-35, 1098-35, 1099-35, 5169-35, 5466-35, 5476-35, 6022-35 and 8199-35.

GAS UNIT MECHANISM is available on all office chairs, excluding “Essentials”, for an additional charge of $92.

KNEE TILT MECHANISM (Includes Gas Lift) is available on all office chairs for an additional charge of $153.

(Please see your Fairfield catalog for detailed descriptions of our Premium "Plus" finishes.)

Please note that all our finishes are applied by hand and require multiple steps from skilled artisans to achieve the fine, rich look that is the hallmark of Fairfield's finishes. As a result, each piece will be unique.Variations in color, shading, burnishing, distressing, crackle, texture and other characteristics create this uniqueness. At Fairfield, we treat each piece as a true work of art to provide our customers with furniture that is rich in beauty and character.

All our finishes are formulated with UV inhibitors, which help reduce the bleaching effects of sunlight on wood. UV inhibitors work similarly as sunscreen does for the skin. Like sunscreen, our UV inhibitors reduce the sun's harmful effects but do not completely eliminate them. Direct and prolonged exposure to sunlight should still be avoided.

Additionally, all our finishes are formulated with an antimicrobial additive (silver ions) which inhibits the growth of mold, mildew, fungus and bacteria on the finish surface.

* Light finishes, Barley, Cognac, Golden Wheat, Light Cherry, Natural Cherry, Natural Maple and Rustic Portobello are restricted to frames made of Beech. Wood Species is denoted in the price list for each individual frame.

℗ (+ ALL CAPS) Indicates a paint finish. Paint finishes are <u>not</u> recommended for contract/commercial application.

(Note: Match finishes are available for an additional charge of $367 per match finish. Minimum Order: 12 items. Please note that if additional labor is required, additional charges may apply. **Fairfield <u>cannot</u> match paint finishes.**)

FAIRShield+

Fairfield's *Fair-Shield Plus* finish offers enhanced chemical, moisture, mar and scratch resistance, ideal for high use commercial environments. *Fair-Shield Plus'* clear top-coat conversion varnish forms a chemically cross-linked barrier that is more resistant to wear and abrasion and is more impervious to moisture and commercial cleaning materials. *Fair-Shield Plus* is also formulated with UV inhibitors to reduce the harmful effects of sunlight and features silver ion technology for antimicrobial performance.

Fair-Shield Plus is denoted by the suffix "FS" following the name of the finish (i.e. Barley-FS).

Barley-FS*
Cafe Mocha-FS
Candlelight-FS
Cashew-FS
Cherry-FS
Chestnut-FS
Cordovan-FS
Espresso-FS
Golden Wheat-FS*
Light Cherry-FS*
Mahogany-FS
Manhattan-FS
Montego Bay-FS
Natural Cherry-FS*
Natural Maple-FS*
Sable-FS
Umber-FS
Walnut-FS
Windsor-FS

ALL ORDERS MUST SPECIFY A FINISH. Orders received without a designated finish will be delayed.

Please note that all our finishes are applied by hand and require multiple steps from skilled artisans to achieve the fine, rich look that is the hallmark of Fairfield's finishes. As a result, each piece will be unique. Variations in color, shading, burnishing, distressing, crackle, texture and other characteristics create this uniqueness. At Fairfield, we treat each piece as a true work of art to provide our customers with furniture that is rich in beauty and character.

***Light finishes, Barley-FS, Golden Wheat-FS, Light Cherry-FS, Natural Cherry-FS and Natural Maple-FS are restricted to frames made of Beech. Wood Species is denoted in the price list for each individual frame.**

Glides

Our standard glide is a 5/8" tan nylon glide *(shown right)*.

Glides can be upgraded to any of the glides shown below for an additional charge. **Please clearly specify corresponding glide number when submitting your order.** *Due to the variations of floor types and finishes, we cannot recommend which glides should be used.*

Glide #1:
5/8" tan nylon
Cost: (STANDARD)

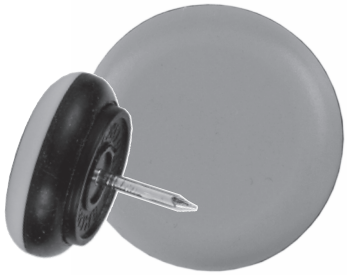
Glide #2:
7/8" white nylon
Cost: $18 (set of 4)

Glide #3:
1-1/8" white nylon
Cost: $18 (set of 4)

Glide #4:
7/8" steel cushioned
Cost: $18 (set of 4)

Glide #5:
7/8" steel cushioned
with snap-on teflon cover
Cost: $37 (set of 4)

Glide #6:
1-1/8" steel cushioned
Cost: $18 (set of 4)



Glide #7:
1-1/8" steel cushioned
with snap-on teflon cover
Cost: $37 (set of 4)

Glide #8:
7/8" white composite
with black support pad
Cost: $18 (set of 4)

Glide #9:
1-1/8" white composite
with black support pad
Cost: $18 (set of 4)

Glide #10:
7/8" tan composite
with black support pad
Cost: $18 (set of 4)

Glide #11:
1-1/8" tan composite
with black support pad
Cost: $18 (set of 4)

Replacement Glides:

Replacement glides can be ordered at the prices listed above, plus applicable shipping charges.

Graded-In Fabrics

As an additional convenience, Fairfield has assigned grades for fabrics from partnering vendors. A list of all available fabrics, with their Fairfield grade, is available for download from the following website: fairfieldchair.com/sales (or by clicking on "Dealer Login" in the upper right-hand corner of the fairfieldchair.com website; under the "Fabric Textile" heading). **Please Note:** A login and password are required to access the "sales" area of the website. *Please contact your Fairfield Sales Representative if you do not have this information.*

Kickplates

Kickplate finish will be consistent with selected nail-head trim. Nickel or pewter nails will have a nickel kickplate. Brass nails will have a brushed brass kickplate. If no nail-head trim is used, the standard kickplate will be brushed brass, unless otherwise noted.

Moisture Barrier

SEAT - A plain Moisture Barrier fabric is available for all seat types and is constructed of a 210 thread count nylon fabric with a polyurethane coating designed to protect the foam and cushioning from penetration of liquids. This fabric is anti-bacterial, anti-fungal, mildew resistant and meets CAL 117-2013 requirements. When applying to a frame with a tight seat, the moisture barrier fabric will be applied directly under the chosen fabric. If the frame has a loose seat cushion, the cushion will be wrapped with the moisture barrier fabric and then upholstered with the chosen fabric.

DECK - A plain Moisture Barrier Decking is available for all loose seat frames. This beige decking is constructed of a 100% double-knit polyester that has been treated with an oven-dried, multiple step process designed to impart water repellency, stain repellency and anti-microbial properties.

	Moisture Barrier Decking Only (M)	Moisture Barrier Seat Only (B)	Moisture Barrier Seat, Cushion, Inarm and Inback (L)
Chair, Ottoman or Bench	$37	$61	$122
Loveseat, Chaise or Settee	$77	$107	$214
Sofa	$92	$153	$306

For Example: If you would like to order the 3720-01 Lounge Chair with a Moisture Barrier Decking, you would order 3720-01M ($37 upcharge). If you would like to order the 3720-01 Lounge Chair with a Moisture Barrier Seat Only, you would order 3720-01B ($61 upcharge). If you would like to order the 3720-01 Lounge Chair with a Moisture Barrier Decking and Seat, you would order the 3720-01MB ($98 upcharge). If you would like to order the 3720-01 Lounge Chair with a Moisture Barrier Decking and Seat, Cushion, Inarm and Inback, you would order the 3720-01ML ($159 upcharge).

Fairfield offers a variety of nail-head trim for all applicable frames. When selecting your nail-head trim, please indicate the name shown to the left below (example, #4 1009 Small Hammered Oxford). If a frame is standard with nails, 1009 Brass will be applied, unless otherwise specified. *Please see individual items in price list for availability and pricing. Please see your current Fairfield catalog for color photos of each nail.*

Nail-head Trim Options: Small

Nail-head #1: 1009 Small Brass (Standard Nail)		1/2" *(Shown Actual Size)*	**Standard Nail** Applied in a fashion that each nail-head touches the previous nail-head.
Nail-head #2: 1009 Small Nickel		1/2" *(Shown Actual Size)*	Applied in a fashion that each nail-head touches the previous nail-head.
Nail-head #3: 1009 Small Pewter		1/2" *(Shown Actual Size)*	Applied in a fashion that each nail-head touches the previous nail-head.
Nail-head #4: 1009 Small Hammered Oxford		1/2" *(Shown Actual Size)*	Applied in a fashion that each nail-head touches the previous nail-head.
Nail-head #5: 1009 Small Hammered Nickel		1/2" *(Shown Actual Size)*	Applied in a fashion that each nail-head touches the previous nail-head.

Nail-head Trim Options: Medium

Nail-head #11: 1054 Medium Brass		5/8" *(Shown Actual Size)*	Applied with consistent fingerwidth spacing between each nail.
Nail-head #12: 1054 Medium Nickel		5/8" *(Shown Actual Size)*	Applied with consistent fingerwidth spacing between each nail.
Nail-head #13: 1054 Medium Pewter		5/8" *(Shown Actual Size)*	Applied with consistent fingerwidth spacing between each nail.

Nail-head Trim Options: Large

Nail-head #6: 1037 Large Brass		7/8" *(Shown Actual Size)*	Applied with consistent fingerwidth spacing between each nail.
Nail-head #7: 1037 Large Nickel		7/8" *(Shown Actual Size)*	Applied with consistent fingerwidth spacing between each nail.
Nail-head #8: 1037 Large Pewter		7/8" *(Shown Actual Size)*	Applied with consistent fingerwidth spacing between each nail.

Non-Breathing Fabrics

Items that feature a loose seat cushion, when ordered in Vinyl, Cryptons and other fabrics that do not breathe (excluding leather), will have vented grommets applied to the backside of the cushion positioned above and below the zipper. These grommets allow for a gradual transference of air to pass through when weight is applied to the cushion. The cushion is, therefore, reversible.

Optional Breathable Denim Panel: For a faster transference of air, cushions may be upholstered with an optional fabric panel sewn to the bottom of the cushion. The fabric panel is made of a denim material which allows for air to transfer through the cushion more efficiently than the vented grommets. This mimics how we upholster leather cushions. Cushions upholstered this way are not reversible. The upcharges for this option are: Chair - $37; Chaise - $77; Loveseat/Settee - $37 per cushion; Sofa - $37 per cushion; Bench Seat Loveseat/Settee/Sofa - $77.

Prepaid Freight Program

Fairfield offers a prepaid freight program (PFP). The Fairfield PFP includes freight and fuel surcharges. Freight is added to the invoice and is based on a percentage of the invoice. Fairfield Chair Company reserves the right to select the carrier to be used on all PFP shipments. Rates may change without notice and are not guaranteed. For current rates, rules and conditions, please, visit our Dealer Website at fairfieldchair.com/sales (or by clicking on "Dealer Login" in the upper right-hand corner of the fairfieldchair.com website). **Please Note:** A login and password are required to access the "sales" area of the website. *Please contact your Fairfield Sales Representative if you do not have this information*.

Pricing Formula (U+ Fabrics)

Fairfield lists individual pricing for all frames from grades D through U; however, some fabrics may fall beyond the U grade. These fabrics are graded using a "U+" format. In order to allow you to accurately calculate frame pricing for these fabrics, Fairfield uses the following formula:

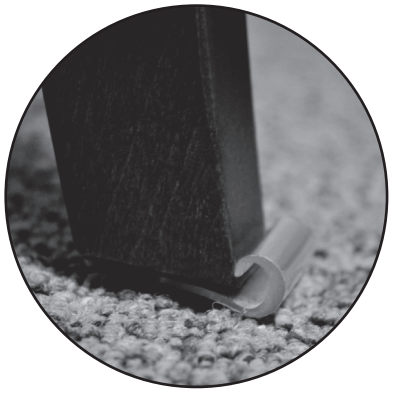
(# above U) *times* **Riser** *plus* **U Grade price**

Please Note: Risers, U Grade Pricing and U+ Pricing Formulas are provided for each individual item throughout the price list. See each individual frame for this information.

For example: If you choose to upholster the 1000-35 Office Swivel Chair in fabric 4952 Crimson (which has a U+10 grade), you will use the following formula:

10 (# of grades above U) x 9 (Riser) + 1258 (U Grade price) = 1348
The price for the 1000-35 Office Swivel in fabric 4952 Crimson would be $1348.00.

Protective Leg Tabs (for Stacking Chairs)



Leg protector tabs, made of clear PVC material, aid in the prevention of bumps and bruises to stacking chair frames while in the stacking position. This optional feature is applied to the rear legs and is available on all stacking chairs for an up charge of $31 per set.

Self-Decking

Self-decking in fabric is available as an optional feature for the following charges:

	Grades D through U	U+ Grades:
Chair	$77	Call Factory for Pricing
Loveseat, Chaise or Settee	$92	Call Factory for Pricing
Sofa	$122	Call Factory for Pricing

NOTE: Chairs, Loveseats and Sofas upholstered in vinyl WILL NOT be self-decked.

Sleeper Information: *Hickory Springs 905 Contract Deep Cavity* Sleeper, Extra Long - RESIDENTIAL

MATTRESS INFORMATION Standard mattress is *Leggett & Platt - Golden* mattress. Cover is multi-needle quilted to quality foam. Allergy Free, Odor Free and Mildew Resistant. Top Ticking is Straw White – Burlington Damask. Innerspring units totally oven tempered for permanent memory.

Full Size Mattress XL	53 x 75	312 coil count	6 inch
Queen Size Mattress XL	60 x 75	360 coil count	6 inch

MECHANISM INFORMATION *Hickory Springs 905 Contract Sleep System.* Heavy Duty Contract Sleep Sofa System featuring Extra Length Tubular Steel Mechanism with TV Headrest.

Sleeper Information: *Hickory Springs 905 Contract Deep Cavity* Sleeper, Regular Length - CONTRACT

MATTRESS INFORMATION Standard mattress is *Hickory Springs*. Cover is multi-needle quilted to quality foam. Allergy Free, Odor Free and Mildew Resistant. Top Ticking is Straw White – Burlington Damask. Innerspring units totally oven tempered for permanent memory.

Twin Size Mattress	36 X 72	184 coil count	5-1/2 inch
Full Size Mattress	53 X 72	299 coil count	5-1/2 inch
Queen Size Mattress	60 X 72	345 coil count	5-1/2 inch

MECHANISM INFORMATION *Hickory Springs 905 Contract Sleep System.* Heavy Duty Contract Sleep Sofa System featuring Tubular Steel Mechanism (does not feature a TV Headrest).

Stain-Repellent Finish

Stain-repellent finish is available at $8.30 per yard for each fabric per order that is not stain-repellent finished by the supplier: MINIMUM CHARGE IS $230.00 per fabric. *(Note: When adding stain-repellent finish there will be an additional 2-3 weeks required for delivery.)* ***Please note that stain repellent is not available on C.O.M. fabrics.***

Suffix Designations for Various Options

When ordering any of the following options please specify by adding a **suffix letter to the frame number** (limit four letters per frame).

A = Stain Repellent Finish
B = Moisture Barrier Seat
C = Casters
D = Blend Down Seat Cushion
E = Edgeguards
F = Blend Down Seat, Back & Throw Pillows
G = Gas Unit Mechanism
K = Knee-Tilt
L = Moisture Barrier Seat/Cushion/Inarm/Inback
M = Moisture Barrier Decking
N = Nail-Head
Q = Ultra Firm 3L
S = Self Deck
T = TB-133
U = UltraPlush
Y = Dual Zone Cushion

Examples: *1000-35G* - adds Gas Unit Mechanism
1080-01DN - adds Blend Down Seat Cushion and Nail-Head

Throw Pillows

Extra throw pillows are available. Prices are per pillow and are based on the grade of fabric. See pages 35-38 for available sizes and pricing.

Options available on extra throw pillows are as follows:

Option	Price (Per Pillow) *
Welt cut on the bias	$46
Contrasting Welt in fabric	$15
Contrasting Welt in leather	$61
Standard Decorative Cord, Fringe or Rope	$37
~~Premium Decorative Cord, Fringe or Rope~~	~~$77~~
Blend Down	$31

** Additional charges may apply when specifying Graded-In Program fabrics*

Care of Wood Finishes

For day to day maintenance, regular dusting with a dry soft cloth is recommended.

Cleaning requires only wiping with a clean, damp cloth and then drying. To remove general soil, the coated surface may be wiped clean with a fresh solution of mild soap (ie, Murphy's Oil Soap; mix as directed) and water. The cloth should be soft and dampened with the soap solution. The surface should then be wiped down with a clean dry, soft cloth to remove excess moisture. It is important to ensure that the surface is dried. Always wipe in the direction of the wood grain.

Other "wood cleaning" products exist but may contain alkaline reagents or other ingredients which may damage the coated surface. Over time these materials can soften the finish potentially leading to film failure. The softening may also lead to incidental damage from environmental influences such as water or moisture damage, increased susceptibility to scratching or abrasion, and staining.

Household polishes that are wax free and silicone free can be used on an infrequent basis (we recommend Guardsman Furniture Polish).

Points to remember:
Routine cleaning will prevent long term damage from dirt and grease which will form a film over time, dulling and discoloring the finish. Using anything other than a mild soap solution and then drying the surface with a soft cloth may damage the finish.

Where possible, keep finish away from exposure to direct sun. Over time sunlight may change the color of the finish, and/or damage the finish.

Avoid extremes in temperature or moisture as they can cause wood to expand or contract leading to potential coating damage.

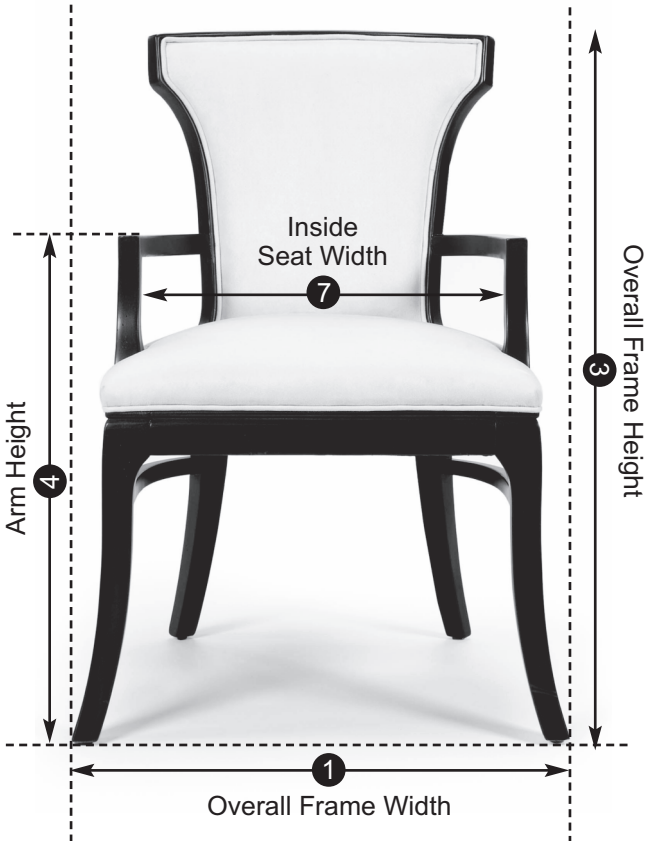
Construction of Wood Product

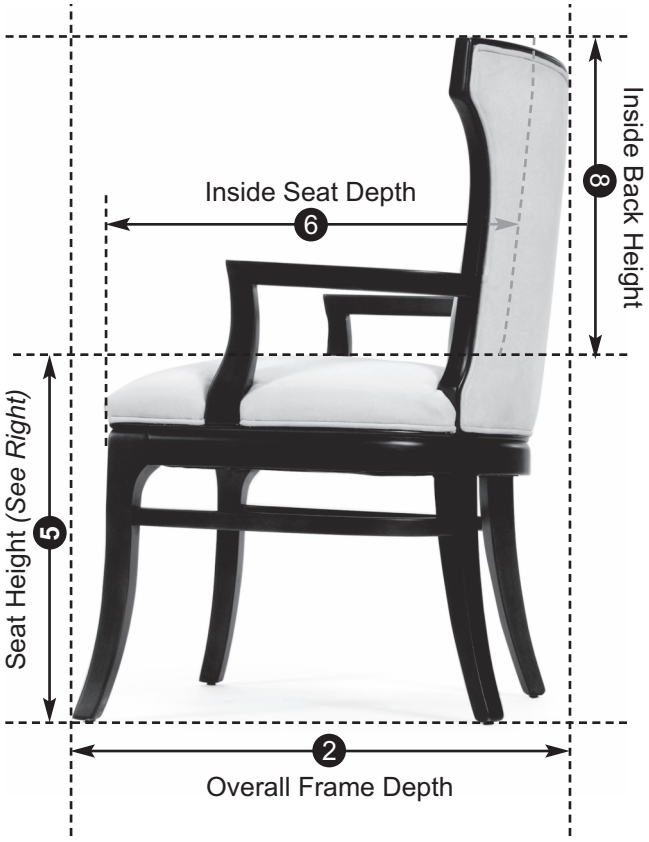
All occasional products manufactured by Fairfield Chair are built using the most trusted construction techniques that have been in practice for centuries. Ensuring the integrity of a piece of furniture is the number one priority in furniture construction. Therefore, we insist on holding to the furniture standards established through years of handcrafted furniture experience. Wood is a natural product which reacts to the environment and these furniture standards will allow the product to react without compromising the longevity.

The interior construction of a piece of wood furniture often plays a more important role in its longevity than its beautifully finished or natural exterior wood. Fairfield's wood furniture construction uses a combination of solid hardwoods, plies and engineered wood. These parts are machined using Joinery techniques such as Mortise and Tenon joints, Dowel Joints and Dovetail joinery. While the design may demand a different type of joinery, all of our tops are constructed using veneer and engineered substrate (core) materials. This construction falls under the Plies and engineered wood application which allows beautiful veneers to be used on tops that will not move or transfer reaction to the environment into the tops.

We consider these manufacturing applications to be critical to our success. Wood furniture construction is both an art and a science. The beauty achieved through elaborate finishing techniques coupled with today's advanced manufacturing techniques results in wood furniture that is not only very attractive, but sturdy and durable, too. Quality wood furniture, such as that you'll find here at Fairfield Chair, may last several lifetimes.

For your health and safety, all Fairfield products meet California CARB Phase II standards for formaldehyde emissions.





1. **Overall Frame Width** is measured at the widest outside points of the frame.
2. **Overall Frame Depth** is measured from the front of the frame to farthest point at the back, along a parallel plane. A good way to measure this is to place the piece against a wall and measure from the wall to the farthest point on the frame.
3. **Overall Frame Height** is measured from the floor to the tallest point on the frame or back pillow along the same plane.
4. **Arm Height** is measured from the floor to the top of the arm at the point just above the arm stump.
5. **Seat Height is measured from the floor to the top of the cushion/seat crown.**
6. **Inside Seat Depth** is measured from the front of the front rail along the top of the cushion to the plane at the nearest point in the crown of the inback or back pillow. *When a kidney pillow is standard, the seat depth is measured from the front rail to the kidney pillow and not the inback.*
7. **Inside Seat Width** is measured from the inside of one arm or arm stump, to the inside of the other arm or stump.
8. **Inside Back Height** is measured from a plane at the highest point of the seat to the tallest point of the chair.
9. **Reclined Depth** is measured at the longest point from the front of the foot rest to the top of the back when the piece is fully reclined.

Office Chair Measurements

All measurements are made using the same set of standards used in numbers 1-8.

10. **Lowest Seat Height** is the measured seat height with the chair set at its lowest possible position.
11. **Tallest Seat Height** is the measured seat height with the chair set at its tallest possible position.
12. **Lowest Arm Height** is the measured arm height with the chair set at its lowest possible position.
13. **Tallest Arm Height** is the measured arm height with the chair set at its tallest possible position.
14. **Lowest Overall Height** is the measured height with the chair set at its lowest possible position.
15. **Tallest Overall Height** is the measured height with the chair set at its highest possible position.

Tables and Desks

16. **Apron Height** is measured from the floor to the lowest point on the apron.

1A Seat cushion (top and bottom panels) line or spot with inside backs (front and back panels).

1B Spot fabric - Spot centers on backs or back cushion/pillow, seats, skirts and outarms, but do not stack (double expose) pattern as same spot on center of cushion, cushion border, and platform plus skirt panel.

2A Top borders and tacking borders on loose back cushion/pillow will line with the seat cushion.

2B The side of the back tacking border will not line on semi-attached seats or backs.

3 Back and seat cushions line horizontally. (We do not flow match- we spot fabrics).

4A Inside arms will front on the same stripe except on unbalanced stripes and plaids. When the pattern is primary and the stripe is secondary, the pattern controls and centers the inside arm.

4B Outside arm will line with inside arm. The inside arm controls, unless unbalanced stripe with nap.

4C Arm panels spot/stripe on the same spot/stripe as cushion and backs.

4D Outside arms and wings center on the same stripe. (The inside wing controls).

4E Outside wing lines with outside arm.

4F Inside arms and inside wings will line.

5A Outside backs will line vertically with inside backs on all chairs and tight back sofas and loveseats. Curved back sofas, loveseats, and chairs will line in center only.

5B Piece-outs on the inside of tight back sofas and loveseats are to fill-out the pattern (includes stripes, prints, and plains with a pattern or design). Outside back patterns will also fill-out, except on contoured frames.

5C Plaids or horizontal stripes on the outback and outarms will bottom the same.

5D Inarms and outarms will bottom the same when sewn together. Outarms and outbacks will bottom the same when sewn together.

6 The outside back of loose backs and semi-attached back sofas will line only with the center cushion.

7 All skirt panels will line vertically and horizontally on all four sides.

8 Knife-edge cushions line around top and bottom when the stripe dominates. If the spot dominates, the bottom of the cushion spots like the top.

9A Ottomans will be pieced on all four corners such that the sides will also line up.

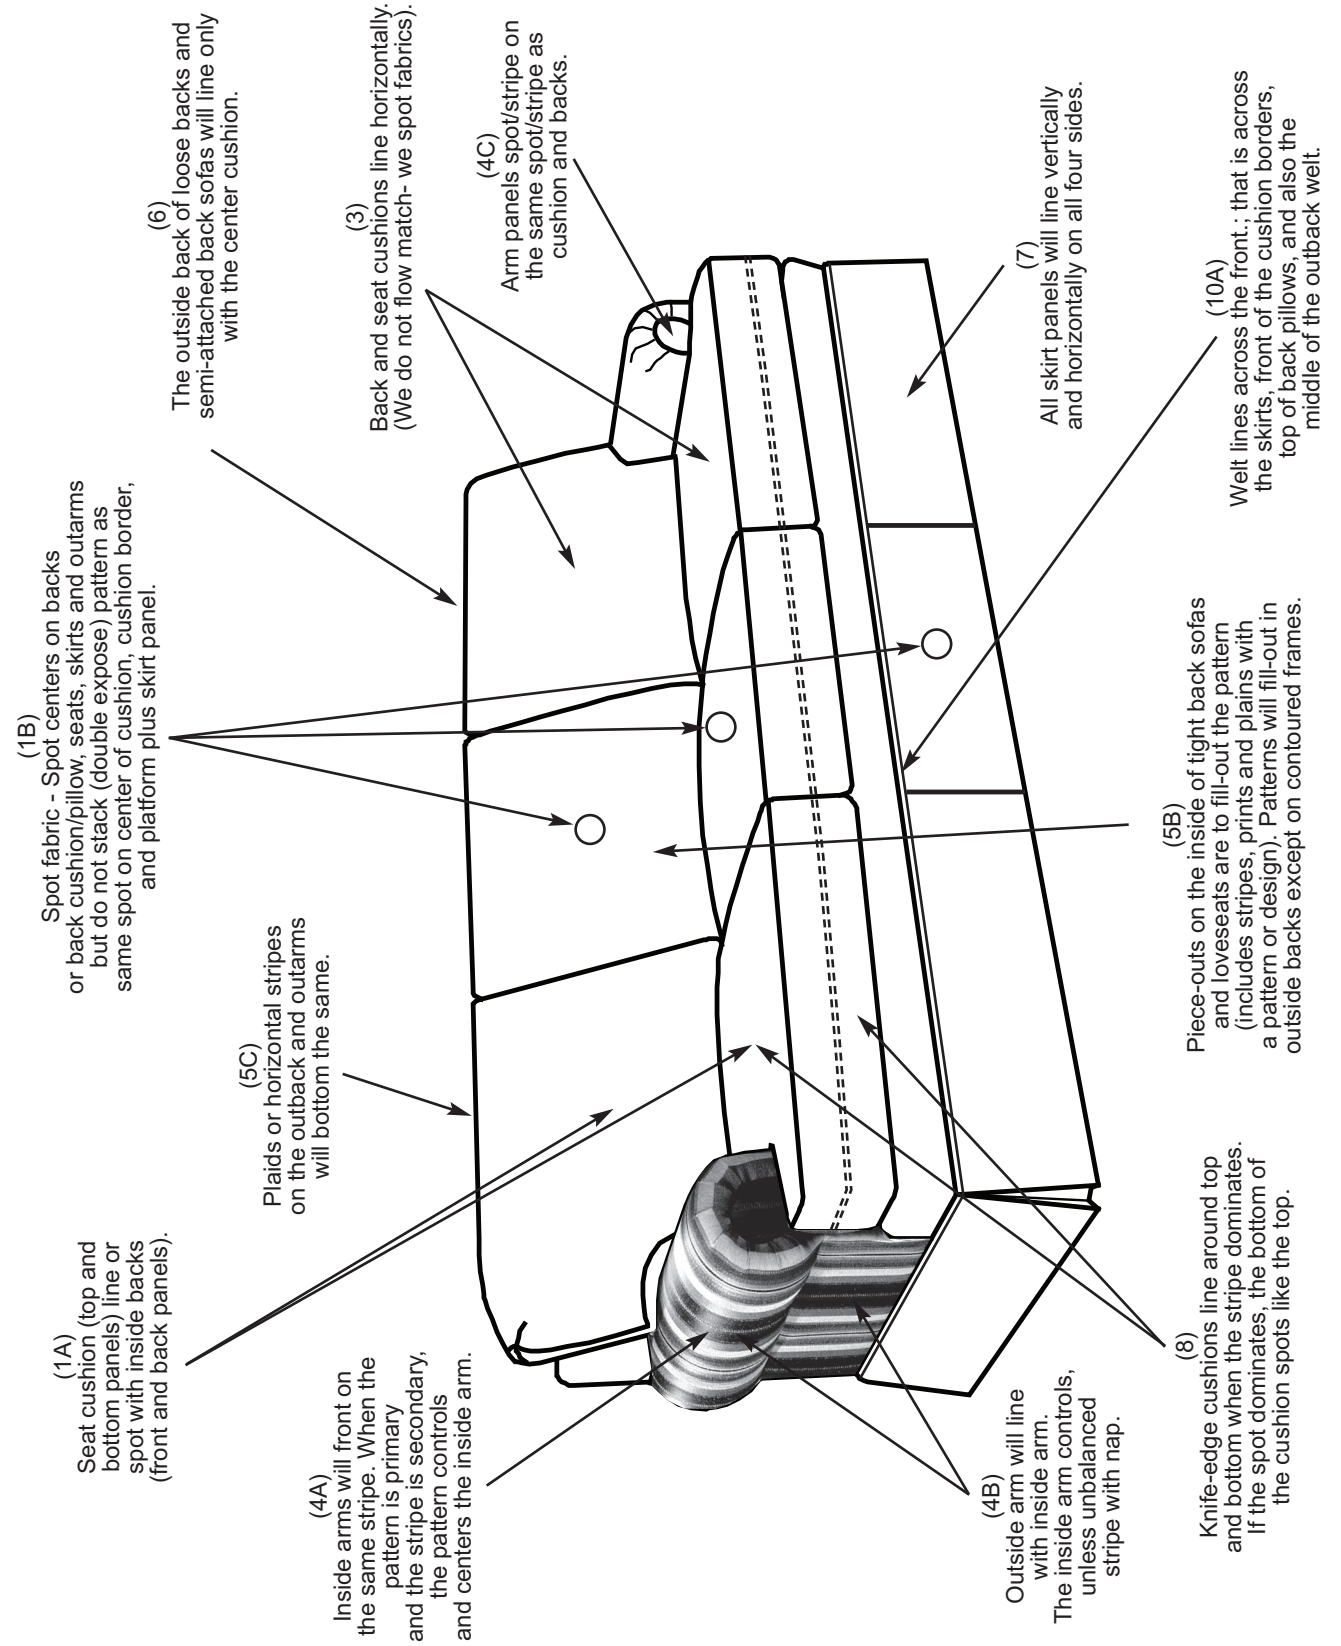
9B Ottoman top lines with border, platform and skirt on front and back only.

9C Ottoman skirts line on all four sides with the platform and border.

10A Welts line across the front; that is across the skirts, front of the cushion borders, top of back pillows, and also the middle of the outback welt.

10B Welt is not pieced in highly visible areas.

11 Front of inarms and back side where pleats are required must have the same quantity and size pleats on each side.



(1A)
Seat cushion (top and bottom panels) line or spot with inside backs (front and back panels).
(1B)
Spot fabric - Spot centers on backs or back cushion/pillow, seats, skirts and outarms but do not stack (double expose) pattern as same spot on center of cushion, cushion border, and platform plus skirt panel.
(3)
Back and seat cushions line horizontally. (We do not flow match- we spot fabrics).
(4A)
Inside arms will front on the same stripe. When the pattern is primary and the stripe is secondary, the pattern controls and centers the inside arm.
(4B)
Outside arm will line with inside arm. The inside arm controls, unless unbalanced stripe with nap.
(4C)
Arm panels spot/stripe on the same spot/stripe as cushion and backs.
(5B)
Piece-outs on the inside of tight back sofas and loveseats are to fill-out the pattern (includes stripes, prints and plains with a pattern or design). Patterns will fill-out in outside backs except on contoured frames.
(5C)
Plaids or horizontal stripes on the outback and outarms will bottom the same.
(6)
The outside back of loose backs and semi-attached back sofas will line only with the center cushion.
(7)
All skirt panels will line vertically and horizontally on all four sides.
(8)

Ottoman top lines with border, platform and skirt on front and back only.

(9C)
Ottoman skirts line on all four sides with the platform and border.

FAIRFIELD LIFETIME LIMITED WARRANTY INFORMATION - RESIDENTIAL

Fairfield warrants its merchandise to be free of defects in materials and workmanship for the life of the piece under normal residential use and conditions to the original purchaser.
Exceptions to this warranty include:

- Commercial/Contract use (see separate warranty)
- Fabrics – One (1) year
- Customer's Own Material (COM) – Not warranted
- Standard Executive Swivel Bases and Mechanisms – Five (5) years
- Knee Tilt and Gas Lift Mechanisms – Five (5) years
- Casters – Five (5) years
- Glides – Not Warranted
- Recliner Mechanisms (non-motorized) – Three (3) years
- Recliner Mechanisms (motorized) – One (1) year
- Swivel, Swivel Rocker and Swivel Glider Mechanisms – Three (3) years
- Sleeper Mechanisms – Three (3) years
- Kingsdown Innerspring Sleeper Mattresses – Five (5) years
- Renting, recovering, misuse or abuse
- Damage due to carrier or customer handling
- Case Goods – One (1) year

Fabrics will naturally stretch and wear with normal use and is not considered evidence of defectiveness. Fabric fading, piling, heavily soiled, improperly cleaned and "after-market" chemically treated fabrics are not covered by this warranty. Customer's Own Material (COM) is not warranted.

Seat cushion cores have a lifetime warranty against loss of resiliency. Through normal use, all cushion cores will soften and lose loft with time. Loose seat and back cushions should be fluffed and turned weekly, polyester fibers will lose loft with normal use and is not be considered defective.

Warranty service is handled through the original furniture agent/dealer. Should service be needed, contact your furniture agent/dealer. After receiving Fairfield authorization, the agent/dealer will either repair or return the defective item to the factory for repair or replacement. Fairfield's responsibility for transportation and labor is limited to one year from the original purchase date and to the transportation between the agent/dealer's location and the factory. Outside the USA, warranty is limited to replacement parts only.

Replacement parts for office mechanisms, office bases, loose seat and back cushion cores and swivel rocker bases are without charge. Installation of these items is the responsibility of the dealer and is not covered by this warranty.

Consequential and incidental damages are excluded from this warranty. This warranty gives you specific legal right, and you may also have other rights that vary from state to state.

Our frames are constructed to support individuals up to 300 pounds.

FAIRFIELD LIMITED WARRANTY INFORMATION - CONTRACT/COMMERCIAL

Fairfield warrants its merchandise to be free of defects in materials and workmanship for Five (5) years under normal single shift use and conditions to the original purchaser.
Exceptions to this warranty include:

- Certain frames with delicate features, as listed below (also denoted in the catalog) – Not warranted 1612-10, 5196-01, 5274-01, 5274-20, 5403-04, 5403-05, 5449-04, 5449-05, 5478-04, 5478-05, 5485-01, 6003-04, 6003-05, 6013-04, 6013-05, 6018-04, 6018-05, 6032-01, 6032-A4, 6034-01, 6034-A4, 6039-01, 6047-01, 6048-04, 6048-05, 6061-01. **Please refer to our website for the most current information.**
- Fabrics – Not warranted
- Customer's Own Material (COM) – Not warranted
- Ultra Plush and Blend Down Seat Cushions – One (1) year (HR-40, Ultra Firm and Dual Zone Seat Cushions – 5 years)
- Back Cushions and Arm Pillows – One (1) year
- Knee Tilt and Gas Lift Mechanisms – Two (2) years (Standard Executive Swivel Bases and Mechanisms – 5 years)
- Casters – Two (2) years
- Glides – Not warranted
- Recliner Mechanisms (non-motorized) – Two (2) years
- Recliner Mechanisms (motorized) – One (1) year
- Swivel, Swivel Rocker and Swivel Glider Mechanisms – Two (2) years
- Sleeper Mechanisms – Two (2) years
- Renting, recovering, misuse or abuse
- Damage due to carrier or customer handling
- Case Goods – One (1) year, with the exception of the frames listed below, which will not be warranted (also denoted in the catalog): 8095-15, 8100-87, 8104-12 and 8120-99. **Please refer to our website for the most current information.**

Fabrics are not covered by this warranty (please use an appropriate wear tested fabric for use conditions).

The warranty for seat cushion cores is against a loss of resiliency. Through normal use, all cushion cores will soften and lose loft with time. Loose seat and back cushions should be fluffed and turned weekly; polyester fibers will lose loft with normal use and is not be considered defective.

Warranty service is handled through the original furniture agent/dealer. Should service be needed, contact your furniture agent/dealer. After receiving Fairfield authorization, the agent/dealer will either repair or return the defective item to the factory for repair or replacement. Fairfield's responsibility for transportation is from the location to which Fairfield originally shipped. Transportation and labor are limited to one year from the original purchase date. Outside of the U.S.A., warranty is limited to replacement parts only.

Replacement parts for office mechanisms, office bases, loose seat and back cushion cores and swivel rocker bases are without charge. Installation of these items is the responsibility of the dealer and is not covered by this warranty.

Consequential and incidental damages are excluded from this warranty. This warranty gives you specific legal right, and you may also have other rights that vary from state to state.

Our frames are constructed to support individuals up to 300 pounds.

1070 Leather (Grade 6)

Full grain aniline with the luster of an antiqued leather

1084 Leather (Grade 6)

Semi aniline dyed top grain leather with a wax and oil finish. A slightly protected leather that allows the migration of natural markings.

1090 Leather (Grade 3)

A soft handed semi aniline with a protective finish to assure carefree use

1093 Leather (Grade 5)

Full grain vegetable dyed leather. Vegetable tanning, or veg-tan, is an age-old process of using deep, richly colored vegetable dyes to add depth of color to the leather hides.

1105 Leather (Grade 5)

This leather is an aniline dyed, slightly corrected leather that has been excessively tumbled to create a very supple hand. The coloration and feel of this leather are that of a leather normally used for clothing.

1108 Leather (Grade 5)

A top grain leather with a hand padded application to create an antiqued look. The hand padding also adds some protection to the leather.

1115 Leather (Grade 5)

A top grain leather with a very soft hand and lightly applied hand rubbed sauvage to create an antique look and add durability.

1120 Leather (Grade 4)

A full grain hand wipe off leather that allows more underneath color to show the more the top color is rubbed.

1121 Leather (Grade 8)

This leather is a natural top grain tanned with the hair left on the hide, thus referred to as a hair-on-hide. These leathers are mainly used as accent leathers, but can be used all over on a piece of furniture. Please note that these are all natural hide, color variation and design variation should be expected.

1128 Leather (Grade 4)

A top grain leather with a raised grain or pebbled effect to the surface. The colors are bright and clear because of the use of pigments in the finishing process. This is a great leather for use in a contemporary or transitional setting.

1141 Leather (Grade 4)

Tanned on full grain buffalo hides, this leather is milled and finished with a soft wax treatment for a casual traditional look.

1142 Leather (Grade 4)

A top grain leather inspired by eclectic lifestyle with upbeat color and a supple feel.

1145 Leather (Grade 5)

A full aniline, hand rubbed traditional leather in luxurious earth tone colors. The soft hand makes it ideal for a variety of applications.

1146 Leather (Grade 3)

A pigmented leather providing consistency of color, with a subtle two tone effect for a natural look. A clear finish top coat is added for protection.

1147 Leather (Grade 8)

This leather hide is embossed with a large crocodile grain and then colored by applying pigments which are then “wiped-off” to give contrast and highlights. It is lightly protected with a topcoat providing great depth and warmth to the finished product.

1149 Leather (Grade 5)

A full grain aniline dyed leather. It is hand antiqued for a natural look and is finished with a top coat for protection.

1151 Leather (Grade 5)

This is a semi-aniline leather. Pearl color is added to the surface and then a subtle two-tone is added to create its unique look. It is luxurious to the touch and styled as a dressy leather but can still work in high traffic applications. Natural markings such as healed scars, neck wrinkles and subtle color variations are characteristic.

1152 Leather (Grade 4)

This is an aniline protected leather with a subtly stained finish. The leather is hot ironed to enhance the see through look reminiscent of the old English Bridle leathers. Once upholstered, it gives any piece a sophisticated natural transparent antique effect.

1153 Leather (Grade 2)

This leather features corrected grain that has been finished with a pigmented topcoat and then embossed with an artificial grain pattern. The result is a leather offering excellent value and fantastic durability.

1155 Leather (Grade 2)

This is a top grain leather that has been slightly buffed and corrected to create an even, consistent surface. Extended milling accentuates the natural grain of this leather as well as its inherent softness.

1156 Leather (Grade 4)

This is a semi aniline dyed with a protective top coat. It has a soft, flat surface that is smooth and supple. The colors available complement todays styling.

1157 Leather (Grade 5)

This is a semi-aniline leather with luxurious feel and deep luster. The surface is hand antiqued adding depth of color and enhancing the natural leather characteristics.

FAIRFIELD®
COM Information

Please copy and complete this form: Return a separate form for each piece of your COM. Ship COM to: Fairfield Chair Co., Attn: COM Dept., 606 Kincaid Circle SW, Lenoir, NC 28645. *This COM information page is not an order. Please send your order to Fairfield and reference your PO number.*

Store's Name: _____

Store's PO Number: _____

Frame Number: _____

Quantity ordered: _____

Number of yards being sent: _____

Fabric Supplier: _____

If shipping to California, or if your order requires CAL 117-2013**, please indicate that your fabric is compliant and attach a certification letter from the fabric mill. **Orders will not be processed without this certification.**

CAL 117-2013 Approved: yes_____ no_____
Signature_____

Please do not assume that fabric application is obvious. Attach a sample of your fabric in the space provided, paying careful attention to the top of the pattern and the face side of the fabric. Stripes will be applied vertically, unless otherwise noted. **Also, please provide application instructions in the space provided (below).**

If material is being sent from a source other than the purchaser, that source should insure that the information requested on this form is provided. **Proper identification of COM is imperative. If we are unable to identify a COM, or the required amount of fabric is not received, the order cannot be processed and the anticipated ship date will be delayed. Please make sure COM is marked with your company name and PO number.**

While we do inspect fabrics for mill imperfections, we cannot be responsible for defects, color or dye lot variations, or other flaws in fabrics.

We accept no responsibility for a fabric's overall appearance, flammability, normal durability or colorfastness.

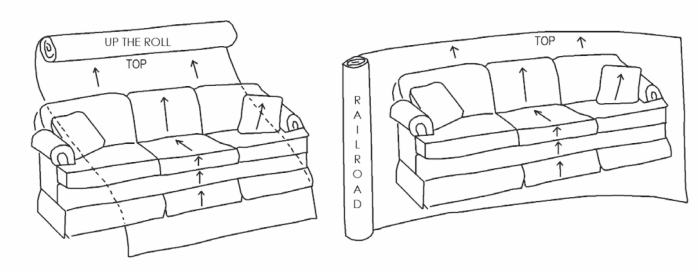
NOTE: Fabrics with more than 40% silk content will not be accepted. ALL FABRICS CONTAINING SILK, OR SILK-LIKE FABRICS, MUST HAVE A KNIT BACKING. No silk, or silk-like, fabrics will be entered into production without a knit backing.

*** Purchase order must be marked for excess to be returned. Excess of less than 1 yard will not be returned.**

Based on pattern repeat add the following percentage to the price list yardage requirement for COM:

FABRIC WIDTH	Plain to 6" (RR)	Plain to 6" (UTR)	7" to 14"	15" to 20"	21" to 27"	Over 27"*
54"	(price list ydg)	10%	20%	25%	30%	40%
50"- 53"	10%	25%	35%	40%	45%	50%
45"- 49"	25%	30%	40%	45%	50%	55%
36"	60%	65%	80%	90%	100%	105%

*Fairfield is unable to accept *COM/FOM fabrics that are wider than 60 inches.*



Apply fabric:

☐ Railroad ☐ Up the Roll ☐ Use Best Judgment

Special application instructions (i.e. specific motifs to center on cushions):

_____
_____
_____
_____
_____

Unbalanced Stripes: If a customer chooses any fabric with an unbalanced stripe, they need to be aware that the following areas may not match: inbacks, outbacks, inarms, outarms and arm panels. Per Fairfield manufacturing standards, stripes will be aligned as closely as possible. **Please see image below for an example of an unbalanced stripe when applied to a frame.**
