# SEATING FOR EVERY SITUATION

Whether you're working, learning, collaborating or creating, you spend the majority of your day, every day, sitting in a chair. Since 1982, we've been making sitting as productive (and enjoyable) an experience as possible.

Our 218 products span every category, from hospitality to healthcare; from task to training. Together, our team of ergonomic experts, design specialists and engineers ensure our seating stands up to the highest expectations. And every day, we're adding more.

# YOU WORK. YOU LEARN. YOU SUPPORT.

From versatile chairs that accommodate your every move, to service programs that adjust to your evolving business needs, our seating solutions are designed to work the way you do. This includes:

## ACCESSIBLE DESIGN

There's one philosophy that drives the design of all our products: to support any situation, any task, and virtually any budget. The result is that our products have a reputation for being highly adjustable, highly durable and still affordable.

From our Therapod® chair to the revolutionary You® chair to our latest Levo® chair, we have a track-record of designing innovative solutions that change the way we sit. We're proud that many of our chairs have been recognized in international competitions, such as GOOD Design and Best of NeoCon.

## MASS CUSTOMIZATION CAPABILITIES

As an independently owned company, we have the flexibility to run the type of business we've always wanted to work for: one that's flexible and nimble. We know every customer has a unique set of requirements, so we've established production practices that allow us to adjust to those needs, but without the cost of 'going custom'.

While we officially have 218 chairs in our line-up, when you add up all the various mechanisms, arm combinations, seat sizes and other options, our Allseating's mass customization capabilities allow for roughly 7-million variations. So you know we have the perfect one for you.

## COMMITMENT TO CUSTOMER SERVICE

From spec to delivery to maintenance support, we have earned a reputation as being the easiest, most enjoyable manufacturer to do business with – often surprising our partners with our solutions-driven approach to service, product quality and on-time delivery.

We're proud to be recognized as the Office Furniture Dealers Alliance's Seating Manufacturer of choice, and a big reason for this is our customer-centric approach.

We developed our innovative Specall online specification tool so you can specify, customize, price, save and share your product from any computer or mobile device. Our entire product library is also available at [2020technologies.com](http://2020technologies.com).

While we're proud of our highly intuitive specification technologies, we're always happy to work the way you prefer – including supporting traditional order processes over the phone. Simply call our Sales Support representatives and they will assist on all aspects of our products, and can answer all your specification questions.

## THE INDUSTRY'S BEST WARRANTY

When your products are as well engineered as ours, you can back them with the best warranty in the business. Ours is simple: 10 years on all parts and labor.

Of course, we pride ourselves on engineering products that stand up to today's demanding work environments. That said, if something goes wrong, we're known for making it right. So if you receive a product from us that doesn't measure up to your quality standards, we promise to swiftly investigate and solve the problem.

We understand that dealing with warranties is often frustrating. So we developed a dedicated Warranty Response Team to eliminate headaches. They're specially trained to expedite warranty-related issues, so you can get back to business.

## DESIGN FOR THE ENVIRONMENT

In addition to being ISO 14001 Certified, the gold standard for helping companies introduce and adopt environmental management systems, Allseating products are Indoor Advantage Gold – Furniture Indoor Air Quality certified, SCS Global Services' highest level of indoor air quality performance for furniture. This certification assures that furniture products support a healthy indoor environment by meeting strict chemical emission limits for volatile organic compounds (VOCs).

To be certified, our products must be tested by independent labs for compliance with the ANSI/BIFMA X7.1 and either ANSI/BIFMA e.3 or CDPH/EHLB Standard Method V1-1 for VOC emissions of concerns.

SCS Global Services has been providing global leadership in third-party quality, environmental and sustainability verification, certification, auditing, testing and standards development for three decades. Its programs span a cross-section of industries, recognizing achievements in green building, product manufacturing, food and agriculture, forestry, power generation, retail, and more.

SCS is accredited to provide services under a wide range of nationally and internationally recognized certification programs. Consistent with its mission, SCS is a chartered benefit corporation and Certified B Corp™, reflecting its commitment to socially and environmentally responsible business practices.

# ONLINE SPECIFICATION HAS NEVER BEEN EASIER.

We're constantly developing new and evolving existing products - so no matter how much planning goes into this price book, details can change. That's why we developed SpecAll – a convenient online tool that enables you to specify and price your product in real-time without ever leaving the comfort of your chair.

It really is that easy. Simply visit [allseating.com](http://allseating.com), choose your chair and customize it by selecting your preferred options, fabrics and finishes. When you're done you can email it, or save it for future reference.

- 1 | We start with the base model.
- 2 | Change and customize your chair's mechanism, armstyle, finish and any other options available for your model.
- 3 | Choose your textile by clicking on the fabric thumbnail.
- 4 | Share with colleagues, add to your wish list, print or email your model.
- 5 | Need More? Online Product Support includes product specifications, supporting documentation, video and image library.

The screenshot shows the 'allseating' website interface. At the top, there's a navigation bar with links like 'Product', 'Fabrics & Finishes', 'Healthcare', 'Ergonomics', 'Resources', 'Company', and 'Environment'. Below this, the main heading is 'YouToo Midback' with a price of '\$699'. A 'Model code: 85040NA(BN)08F0BLK' is listed. A description follows: 'You Too is an exciting evolution of Allseating's revolutionary You live – and has been designed to bring superior ergonomics to "ALL" of you'. A large image of the chair is shown. To the right, a 'BUILD & PRICE' sidebar allows customization. It includes sections for 'CONTROLS' (Synchro Tilt), 'ARMS' (No Arms), 'FRAME FINISH' (Black Nylon), 'BACK MESH' (Ebony), 'OPTIONS' (S22 Adjustable Width Brackets, S86 Back Height Adjustment, Full Seat, S50 Low Seat Height, S79 Seat Slider), 'CASTERS/GLIDES' (65mm Casters), and 'FABRIC' (All Fabrics, Recommended). At the bottom of the sidebar are fields for 'NAME\*' and 'OVERRIDE PRICE (\$\*)', and buttons for 'Create New Spec', 'Print', and 'Email'. Below the chair image, there's a 'PLEASE NOTE: Image shown does not necessarily represent the model you specified' and a row of small chair icons. At the bottom, there's a 'VIDEOS' section with a video player showing a person sitting in the chair. Numbered callouts 1 through 5 point to specific features: 1 points to the product name and price, 2 points to the 'BUILD & PRICE' sidebar, 3 points to the 'FABRIC' section, 4 points to the 'Email' button, and 5 points to the video player.

# GENERAL PURCHASING ORGANIZATIONS

Allseating has contracted purchasing agreements with Premier and MedAssets. For more information, please contact your local Allseating dealer or your Allseating representative.

## PO REQUIREMENTS

Dealer provides GPO Affiliation (Premier/MedAssets), Hospital or user name and location, GPO member number (if available) on PO. SQ will be handled internally and not is required on orders unless special pricing and/or special product is being specified. Freight + parts are included.

## MEDASSETS

Contract Number: MS03619

Term: November 1, 2014 - October 31, 2017

General website: [www.medassets.com](http://www.medassets.com)

Quotes based on current price list.

Pricing tier is based on the member sell price per order.

## PREMIER

Contract Number: PP-FA-463

Term: January 1, 2015 - December 31, 2017

General website: [www.premierinc.com](http://www.premierinc.com)

Quotes are based on 2013/2014 Price List.

Pricing tier is based on member sell price and calendar year accumulated purchases.

Purchases will be tracked by Premier as well as Allseating.

# CONTROLS

## DELUXE TILTER HEAVY DUTY (DJ/DH) - 11

**Overview:** Task applications which require extensive adjustability. Center pivot tilting action with infinite tilt lock. Suitable for chairs with independent seat and back construction.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Forward Seat Angle Adjustment

To engage forward seat tilt, recline slightly in the chair and roll the bar backwards. As you bring the chair back to an upright position, the seat of the chair will angle forward. To disengage forward seat tilt, recline slightly in the chair and roll the bar forwards. As you bring the chair back to an upright position, the seat will return to a neutral position.

### 3 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too loose, rotate the tension knob counter-clockwise. If the chair has too much resistance, turn the knob clockwise.

### 4 | Back Height Adjustment

To adjust back height, lean forward and grasp the sides of the outside back. To raise, slide the back up. To lower, slide it all the way to the top and then lower to desired height. Release to lock in place.

### 5 | Infinite Tilt Lock

To adjust the recline angle, pull the paddle up to unlock it. Recline to the desired position and push the paddle down to lock in place.

### 6 | Back Angle Adjustment

To increase the angle of the back, lift the paddle up while putting your weight on the back of the chair until you reach the desired angle. Release the paddle to lock into place. To decrease the angle of the back, lift the paddle up while removing your weight from the back until you reach the desired angle. Release the paddle to lock into place.

## DELUXE SYNCHRO TILT (DST) - 12

**Overview:** Task applications, which require extensive adjustability. Suitable for chairs with independent seat and back construction. Synchronized tilting action allows user's feet to remain on the floor as they tilt backwards. Side-activated tension for ease of adjustment. "J-Bar" construction provides enhanced visual appeal.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Seat Depth Adjustment (Optional)

To adjust the seat depth, lift up on paddle and simultaneously lift your weight from the seat while sliding the seat forward or backward. Release the paddle to lock the seat in place.

### 3 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too loose, rotate the tension knob counter-clockwise. If the chair has too much resistance, turn the knob clockwise.

### 4 | Tilt Lock

To adjust the recline angle, twist knob forward to unlock it. Recline to the desired position and twist knob backwards to lock in place.

# CONTROLS

## SWIVEL TILT (T) – 20

**Overview:** For use in boardroom, executive and management applications. Suitable for chairs with combined seat and back construction.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too stiff, rotate the tension knob counter-clockwise. If the chair does not provide enough resistance, turn the knob clockwise.

### 3 | Upright Tilt Lock

To adjust the recline angle, pull the paddle out to unlock it. Recline to the desired position. Push the paddle in to lock in upright position.

## REACT (R) - 22

**Overview:** Collaborative, Conference, or Executive Task Application, which require moderate adjustability. The React™ mechanism intuitively adjusts the tilt tension based on the weight of the user when reclining. When the user reclines, the seat slides forward, encouraging proper posture and bringing the user closer to the work surface.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Tilt Lock

Recline to the desired position and push the paddle inwards to lock in place.

## KNEE TILT (KT2) - 25

**Overview:** For use in boardroom, executive and management applications. Suitable for chairs with combined seat and back construction.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too loose, rotate the tension knob counter-clockwise. If the chair has too much resistance, turn the knob clockwise.

### 3 | Tilt Lock

To adjust the recline angle, pull the paddle up to unlock it. Recline to the desired position and push the paddle down to lock in place.

# CONTROLS

## POSTURE BACK (P) - 30

**Overview:** Task applications which require moderate and affordable adjustability. Suitable for chairs with independent seat and back construction. Suitable for stool applications.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Back Height Adjustment

To increase the height of the back, rotate the knob in a counter-clockwise motion to release the back. Lift back up to the desired height and tighten the knob by turning it clockwise. To lower the back height, rotate the knob in a counter-clockwise motion to release the back. Lower the back to the desired height and tighten the knob by turning it clockwise.

### 3 | Back Angle Adjustment

To increase the angle of the back, lift the paddle up while putting your weight on the back of the chair until you reach the desired angle. Release the paddle to lock into place. To decrease the angle of the back, lift the paddle up while removing your weight from the back until you reach the desired angle. Release the paddle to lock into place.

## SYNCHRO TILT (TS70) - 32

**Overview:** Task applications which require moderate and affordable adjustability. Suitable with chairs with separate seat and back construction. Central pivot tilting action with lock in upright position only.

### 1 | Seat Height Adjustment

To raise the chair, lift the lever while lifting your weight from the seat until you reach the desired height. Push lever back to lock into place. To lower the chair, lift lever while allowing your weight to push the seat down to the desired height. Push lever back to lock into place.

### 3 | Tilt Lock (4 positions)

To adjust the recline angle, lift lever to unlock it. Recline to the desired position and push down on lever to lock in place.

### 2 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too stiff, turn hand-wheel clockwise to increase tension and counter clockwise to reduce tension.

## KNEE-TILT (KT3) -35

**Overview:** For use in conference rooms, executive and management spaces. Suitable for chairs with combined seat and back construction. Side tension control provides a solid ergonomic solution to users.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too stiff, rotate the tension knob counter-clockwise. If the chair does not provide enough resistance, turn the knob clockwise.

### 3 | Tilt Lock

To adjust the recline angle, pull the paddle up to unlock it. Recline to the desired position and push the paddle down to lock in place.

# CONTROLS

## SYNCHRO TILT (ST) - 40

**Overview:** Task applications which require extensive adjustability. Suitable for chairs with independent seat and back construction. Synchronized tilting action allows user's feet to remain on the floor as they tilt backwards. "J-Bar" construction provides enhanced visual appeal.

**1 | Seat Height Adjustment**  
To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

**2 | Seat Depth Adjustment (Optional)**  
To adjust the seat depth, lift up on paddle and simultaneously lift your weight from the seat while sliding the seat forward or backward. Release the paddle to lock the seat in place.

**3 | Tension Control**  
Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too stiff, rotate the tension knob counter-clockwise. If the chair does not provide enough resistance, turn the knob clockwise.

**4 | Tilt Lock**  
To adjust the recline angle, push the paddle forwards to unlock it. Recline to the desired position and push the paddle back to lock in place.

**5 | Back Height Adjustment (Optional)**  
To adjust back height, lean forward and grasp the sides of the outside back. To raise, slide the back up. To lower, slide it all the way to the top and then lower to desired height. Release to lock in place.

**Note:** Fluid and Zip do not have this feature.

## INTUITIVE SYNCHRO - TILT (VT) - 45

**Overview:** Task applications which require moderate adjustability. The Intuitive Synchro mechanism adjusts the tilt tension based on the weight of the user when reclining.

**1 | Seat Height Adjustment**  
To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

**2 | Tilt Lock**  
To adjust the recline angle, push the paddle down to unlock it. Recline to the desired position. Pull the paddle up to lock in the upright position.

# CONTROLS

## DYNAMIC SYNCHRO TILT (DYT) - 46

**Overview:** Task applications which require moderate adjustability. The Dynamic Synchro mechanism adjusts the tilt tension based on the weight of the user when reclining.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Tilt Lock

To adjust the recline angle, push the paddle down to unlock it. Recline to the desired position. Pull the paddle up to lock in the upright position.

### 3 | Seat Slider

To adjust the seat depth, pull the paddle up to unlock it and adjust to the desired position. Release the paddle.

## BASIC TILT 3 (BT3) - 50

**Overview:** Task applications which require moderate and affordable adjustability. Suitable with chairs with separate seat and back construction. Central pivot tilting action with lock in upright position only.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too stiff, rotate the tension knob counter-clockwise. If the chair does not provide enough resistance, turn the knob clockwise.

### 3 | Tilt Lock

To adjust the chair tilt, pull the paddle out to unlock it. Recline to the desired position and push the paddle in to lock in place.

# CONTROLS

## BASIC SYNCHRO-TILT 4 (BT4) - 89

**Overview:** Task applications which require moderate and affordable adjustability. Suitable for chairs with separate seat and back construction. Synchro-Tilt action with lock in upright position only.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too stiff, rotate the tension knob counter-clockwise. If the chair does not provide enough resistance, turn the knob clockwise.

### 3 | Tilt Lock

To adjust the chair tilt, pull the paddle out to unlock it. Recline to the desired position. Push the paddle in to lock in the upright position only.

## VALUE PLUS (VP) - 90

**Overview:** Task applications which require extensive adjustability. Center pivot tilting action with infinite tilt lock. Suitable for chairs with independent seat and back construction. "J-Bar" construction provides enhanced visual appeal.

### 1 | Seat Height Adjustment

To raise the chair, lift the paddle up while lifting your weight from the seat until you reach the desired height. Release the paddle to lock into place. To lower the chair, lift the paddle up allowing your weight to push the seat down to the desired height. Release the paddle to lock into place.

### 2 | Forward Seat Angle Adjustment

To tilt the seat forward, first recline slightly in the chair and then rotate handle clockwise until desired angle is reached. To return to a neutral position, rotate handle counter-clockwise.

### 3 | Seat Depth Adjustment

To adjust the seat depth, lift up on paddle and simultaneously lift your weight from the seat while sliding the seat forward or backward. Release the paddle to lock the seat in place.

### 4 | Tension Control

Leaning back in the chair, decide if the resistance of the chair is comfortable. If it is too stiff, rotate the tension knob counter-clockwise. If the chair does not provide enough resistance, turn the knob clockwise.

### 5 | Back Height Adjustment

To adjust back height, lean forward and grasp the sides of the outside back. To raise, slide the back up. To lower, slide it all the way to the top and then lower to desired height. Release to lock in place.

### 6 | Infinite Tilt Lock

To adjust the recline angle, pull the paddle up to unlock it. Recline to the desired position and push the paddle down to lock in place.

### 7 | Back Angle Adjustment

To increase the angle of the back, lift the paddle up while putting your weight on the back of the chair until desired angle. Release the paddle to lock. To decrease the angle of the back, lift the paddle up while removing your weight from the back until you reach the desired angle. Release the paddle to lock into place.

# ARM ADJUSTMENTS

MULTI-FUNCTIONAL ARM - MF		
		<b>Arm Height Adjustment</b> To increase the arm height, pull up on the arm until the desired height is reached. To decrease the arm height, pull up on the arm and then lower to desired height.
		<b>Width Adjustment</b> To adjust the arm width, loosen the knob found under the seat, move the arm to the desired width and tighten the knob to lock in place. AWL is standard, AWK optional on some models.
		<b>Arm Cap Adjustment - Side to Side</b> Arm caps can be moved in or out by sliding the cap in the desired direction.
		<b>Arm Cap Adjustment - Front to Back</b> To change arm cap depth slide the arm cap forwards or backwards to desired position.
		<b>Arm Cap Adjustment - Pivot</b> To change the angle of the arm cap, twist the arm cap either left or right.
4 DIMENSIONAL ARM - 4D		
		<b>Arm Height Adjustment</b> To adjust the arm height, push the button in and move the arm to the desired height. Release the button to lock in place.
		<b>Width Adjustment</b> To adjust the arm width, loosen the knob found under the seat, move the arm to the desired width and tighten the knob to lock in place. AWK and AWL available on most models. Note: Optional on some models
		<b>Arm Cap Adjustment - Front and Back</b> Arm caps can be moved in or out by sliding the cap in the desired direction.
		<b>Arm Cap Adjustment - Side to Side</b> Arm caps can be moved in or out by sliding the cap in the desired direction.
		<b>Pivot Inwards</b> Arm caps can be moved in or out by sliding the cap in the desired direction.
ADJUSTABLE T ARM - AT		
		<b>Arm Height Adjustment</b> To adjust the arm height, push the button up and move the arm to the desired height. Release the button to lock in place.
		<b>Arm Width Adjustment</b> To adjust the arm width, loosen the knob found under the seat, move the arm to the desired width and tighten the knob to lock in place. AWK is standard, AWL not available with this arm. Note: Optional on some models
		

# ARM ADJUSTMENTS

## TASK 2 ARM - T2

**Arm Height Adjustment**  
To adjust the arm height, push the button up and move the arm to the desired height. Release the button to lock in place.

**Arm Width Adjustment**  
To adjust the arm width, loosen the knob found under the seat, move the arm to the desired width and tighten the knob to lock in place.  
AWK and AWL available on most models.

## TWISTER ARM - TW

\* Depending on model

**Arm Height Adjustment**  
To adjust the arm height, push the button up and move the arm to the desired height. Release the button to lock in place.

**Arm Width Adjustment**  
To adjust the arm width, loosen the knob found under the seat, move the arm to the desired width and tighten the knob to lock in place.  
AWK and AWL available on most models.

**Arm Cap Adjustment - Side to Side**  
Arm caps can be moved in or out by sliding the cap in the desired direction.

## PROPRIETARY DUAL ARM - L2

**Arm Height Adjustment**  
To adjust the arm height, pull the arm pad up to the desired height. Lift all the way to the top (6 clicks) to release back to neutral.

**Arm Cap Adjustment**  
Arm caps can be tilted inward to provide forearm support.

## ARM TRAVEL SPECIFICATIONS SUMMARY

- T2 arms adjustable 4" height (width adjustment optional)
- MF arms adjustable 4" height, pivots and slides side to side and front to back
- TW arm adjustable 3.25" height and rotates 360° (width adjustment optional)
- 4D arms adjustable 3.25" height, cap pivots inwards and slides side to side and front to back (width adjustment optional)
- AT arms adjustable 2.5" height (width adjustment optional)
- T3 arms adjustable 2.75" height
- L2 arms adjustable 2.5" height

## ARM WIDTH OPTION SPECIFICATIONS

**AWK:** Arm width adjustment with a turn knob.  
Available for:  
NA (No Arms), AT, WA, T2, 4D, MF, TW.

**AWL:** Arm width adjustment with lever.  
Available for: T2, 4D and TW only.  
Not available with AT arms or products with a shroud.  
Standard with MF Arms.

# CUSTOMER’S OWN MATERIAL (COM) / LEATHER (COL)

For any COM fabric application, please request the official COM notification form QSF 182. One memo sample (6" x 6") of all COM/COL fabrics must be submitted for approval with the following information:

1. Customer Purchase Order
2. Chair Name/Model Code/Quantity
3. Fabric Supplier
4. Fabric Name/Number/Color
5. Ship To: address

Memo samples to be shipped to:

ALLSEATING CORPORATION  
Attn: Customer Service Department  
5800 Avebury Road, Unit #3  
Mississauga, ON L5R 3M3  
CANADA

Allseating is not responsible for the return of samples; nor the durability, color inaccuracies, dye lot variations, tailoring quality or other defects of any COM/COL.

Upon application approval of COM/COL, fabric must be sent to corporate headquarters with the following:

1. COM/COL Notification Form
2. Commercial Invoice
3. NAFTA Certificate – If shipment originates from the U.S.A.
4. Your company name & contact person
5. Your purchase order number

On your Purchase Order, the following information must be supplied to the factory regarding COM/COL fabric:

1. Manufacturer’s name
2. Correct style number to which COM or COL is to be applied
3. A sample (6" x 6") of the COM or COL
4. Instructions for proper application
5. Manufacturer’s pattern and color number
6. Correct side of fabric

When no instructions are received with your COM or COL, Allseating will use our own judgment with no recourse. Extended lead times may occur if COM or COL is not properly identified when received by Allseating. Allseating is not responsible for any unclaimed COM/COL 30 days beyond shipment of goods.

COM yardage shown in the Price Catalog is based on single chair requirements. For multiples, the yardage may be reduced, please call Customer Service for details. Regular COM orders will be charged at Group 1 pricing and regular COL orders will be charged at Group 4 pricing.

Allseating reserves the right to reject any COM Fabric or COL Material which, in our opinion, is unsuitable. COM fabric must be supplied in one piece. Where patterns or repeats are involved additional yardage may be required.

All COM/COL orders will not be scheduled for production until Customer Service receives confirmation from our warehouse or receiving department that the fabric has arrived. Shipping will be approximately 4 weeks from receipt of fabric.

All items are available with material furnished by the customer. Yardage requirements listed in our price list are based on 54" wide plain material. Generally, additional yardage is required if striped or patterned material is used, if pattern requires matching or if width of material is less than 54" wide. Please contact customer service to determine additional yardage requirements. Though every effort has been made to estimate additional yardage required, Allseating takes no responsibility where additional material must be ordered.

For patterns with a repeat distance of 0"-9" please estimate an additional 10% in yardage. For a repeat distance of 10"-20" please estimate an additional 20% in yardage. Any repeat higher than 20" please contact customer service to determine additional yardage requirements.

If you wish to provide your own leather, please estimate 17 square feet of leather per yard of material required, based on the yardage requirement listed for each piece. Allseating will not order special leather from any supplier other than their own.

Allseating can take no responsibility for tailoring, wearability or application of COM/COL covers. Allseating is not held responsible for receipt of defective fabrics, as they are all applied as first quality goods. COM/COL is applied at customer’s own risk and Allseating assumes no liability

# CUSTOMER’S OWN MATERIAL (COM) / LEATHER (COL)

## ALL STANDARD SEATING FABRICS ARE APPLIED RIGHT WAY (OFF-THE-BOLT)

Usually, seating fabrics are patterned to run Right-Way (off-the-bolt). Allseating will upholster all seating products with the fabric pattern running off the bolt unless special instructions stating otherwise are received. (Upcharges may apply)

### Right Way Application (Off The Bolt)

To avoid unnecessary confusion, always specify Right Way or Railroad. Explanation of what Railroad and Right Way means.

## FABRIC UPGRADE CHART FOR FABRICS GRADED 9 – 12

Determine the amount of fabric required for the product by referencing the COM yardage requirements as published. Once yardage has been determined, add the indicated list amount in the chart below to the published Group 8 price and discount as required.

Yardage	Grade 9	Grade 10	Grade 11	Grade 12
0.25	\$18	\$37	\$55	\$74
0.5	\$37	\$74	\$110	\$146
0.75	\$55	\$110	\$165	\$221
1	\$74	\$146	\$221	\$293
1.25	\$92	\$183	\$275	\$366
1.5	\$110	\$221	\$330	\$439
1.75	\$128	\$256	\$384	\$513
2	\$147	\$293	\$439	\$587
2.5	\$183	\$366	\$549	\$733
5	\$366	\$733	\$1,098	\$1,466
5.5	\$403	\$805	\$1,209	\$1,612
6.5	\$477	\$952	\$1,429	\$1,905
8	\$587	\$1,173	\$1,759	\$2,345
8.5	\$624	\$1,245	\$1,868	\$2,492
10	\$733	\$1,466	\$2,199	\$2,932

# HOW TO ORDER YOUR ALLSEATING CHAIR

Select your chair, follow the steps below and enter corresponding codes in the boxes along the bottom of the page:

## THERAPOD® THERAPIST HIGHBACK

DESIGN | ALLSEATING  
GSA 50180 7 31-18

**BASE PRICE | \$1,035**  
50180-NA

Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8	Grade 9	Grade 10	Grade 11	Grade 12	Leather 1	Leather 2	Leather 3
\$1,035	\$1,067	\$1,099	\$1,131	\$1,172	\$1,248	\$1,344	\$1,440	\$1,514	\$1,583	\$1,788				

### FEATURES

- 3.5" or 5.5" cylinder (depending on options selected)
- Composite base
- For arm features and travel specifications see page 17
- Carpet casters

### DIMENSIONS

- Overall: 43.5" H x 44" W x 20" D
- Seat: 16.5" H x 20" W x 18" D
- Back: 24" H x 17" W
- COM: 17.5 yds.

### NOTES

- Ship installed down.
- All other features are dependent on the control specified. Please refer to Control Chart on page 8 for full description of available features.
- This product meets the requirements and tests in ANSI/BHMA A115.1 and is warranted for users up to 325 lbs.
- Dimensions are dependent on options selected. Product can be configured to comply with ISO 9241-5:2002 Guidelines.
- P1 Pressure Braking Casters - Casters allow the chair to roll only when someone is sitting in the chair.
- H1 Hard Surface Casters - Casters allow the chair to roll only when someone is not in the chair.

SERIES BACK STYLE CONTROL ARM OPTIONS FABRIC CODE

Four additional options available with 12 upcharge.

ALLSEATING | JANUARY 2016 70

**BASE LIST PRICE** (based on fabric grade)

**MODEL CODE**

**OPTIONS**

NOTE: For complete credit information, please refer to Allseating's 'Order Acceptance Policy' and 'Credit Terms' available in this catalog, under 'Conditions of Sale'.

If you have any questions about your order or the ordering process, please contact Allseating's Customer Service Department at 1 800 563 3502.

Specifications and Pricing valid at time of publishing. Please refer to SpecAll for most up-to-date information at [www.allseating.com](http://www.allseating.com)

## MODEL CODE

To determine your Model Code refer to the Series, Back Style, Controls (or Leg), available and the upcharge (if applicable) for each option. Select the desired configuration and place the corresponding number in the boxes noted at the bottom of the page.

## OPTION CODE

Refer to the Arms, Finishes, Option Code etc. for the availability and the upcharge for each option. Choose the options you require, and fill in the boxes with the appropriate code. If multiple options are desired, simply separate with a hyphen. If you do not fill in any option codes, you will be shipped the standard components.

## FABRIC CODE

Refer to the Allseating fabric cards, and select your fabric. The pricing pages indicate list prices for Group 1 - Group 8 Fabrics, as well as Leather 1-3 (for Groups 9 - 12 please see page 21 for pricing). Enter your selected Fabric Code into the appropriate box. Allseating customers may provide their own fabric or leather, and if you wish to do so, please see page 23 for COM and COL information.

Check your completed codes for accuracy and completeness. As an example, if ordering a Therapod® Therapist Highback with Deluxe Tilt J-Bar Mechanism, Multi Functional Arm, Hard Surface Casters and Seat Slider with Stucco Carbon Fabric (F2-ST905), your completed model code should look like this:

**50180 - MF - H - SS - F2 - ST905 Carbon**

**Model Code:** 50180 - MF

**Option Code:** H - SS

**Fabric Code:** F2 - ST905 Carbon

## DETERMINE YOUR FINAL LIST PRICE

The group of the fabric you select determines the list price of your chair. Please refer to the price chart at the top of the pricing page to determine the list price. If options are selected, add the corresponding upcharge to the list price.

For example, using the same model as above with a Grade 2 fabric the base list price will be: **\$1,067**

With the options note:

50180 (with Grade 2 fabric) \$1,067

**+ MF \$150 + H \$28 + SS \$79**

**FINAL LIST PRICE = \$1,324**

# HOW TO ORDER YOUR ALLSEATING CHAIR

## PLACE YOUR ORDER!

Fax the following information to Allseating’s Order Entry Department at 1 800 272 9911 or email: [orders@allseating.com](mailto:orders@allseating.com).

- 1 | Completed Model Code with corresponding Options and Fabric codes.
- 2 | Final pricing. Please ensure that you calculate all of your selected options into your final price, as well as any discounts.
- 3 | Completed Purchase Order on company stationery or company letterhead, and include:
  - a purchaser’s signature
  - a ship to address
  - phone number and e-mail address

Please ensure that the Purchase Order is made out to:

Allseating  
5800 Avebury Road, Unit 3  
Mississauga, Ontario Canada  
L5R 3M3

## SHIPPING

You will receive a confirmation from Customer Service within 72 hours of receiving your Purchase Order, providing all correct information is received. Thank you in advance!

Please be aware that Allseating ships in K.D. (knocked down) format. If you require your chairs to be shipped fully assembled, contact Customer Service for a special quote.

If a customer specifies a delivery time (i.e. “My shipment must arrive by 10 am”), there will be an additional charge.

## FREIGHT SERVICES

In order for us to provide you with the best value and help you control your costs, Allseating includes freight in its pricing. This means that we will select the carriers at our discretion. Should you require any of the following freight options that are not included in our freight program, the Allseating Sales Support Team will gladly provide you with a quote.

Freight that requires a quote:

- Inside delivery
- Curb side delivery
- Loads requiring fully assembled chairs; boxed or blanket wrapped
- Loads requiring shipment to be palletized
- Delivery on a specific day and/or time
- Requiring special equipment to offload (power tailgate and/or driver assist)
- Delivery before or after business hours and/or on weekends
- US driver requirements for restricted areas like Military bases/high security areas
- Charges for shipping points beyond standard delivery zones (remote locations)
- Overseas deliveries

# AYR® STACKER

# CONDITIONS OF SALE

## PRICING

Allseating reserves the right to change published prices without notice. Prices in effect at the time of the order acceptance shall apply. All applicable taxes are extra. All prices in this catalog are list.

## ORDER ACCEPTANCE

Orders will be accepted through all authorized Allseating Dealers upon issuance of a written purchase order on letterhead or purchase order of the customer being invoiced. Faxed orders or orders by email ([orders@allseating.com](mailto:orders@allseating.com)) are acceptable, no verbal orders will be accepted. All purchase orders must contain a valid signature.

## ORDER CANCELLATION

Orders which have been acknowledged are considered firm. In the event a cancellation request is accepted by Allseating, restocking charges may be incurred up to 100% of the order depending on the stage of production.

## CREDIT TERMS

Terms are net 30 days O.A.C. Terms are subject to change and review based upon performance. Customers are required to provide a completed signed Dealer Application for the purpose of updating or setting up an account. All payments should be made to Allseating.

## PACKAGING AND SHIPPING

As a standard, all products are shipped in knocked down condition, in a box.

## ASSEMBLED CHAIRS

On special request and at an upcharge, chairs may be shipped assembled (except base and cylinder). For assembled and fully assembled blanket wrapped products, contact customer service for details. Please note that minimum quantity guidelines will apply.

## FREIGHT POLICY

Allseating reserves the right to use its own or commercial carriers for the “best way” to ship, at its sole discretion. Normal delivery is dock to dock. **Special requests such as inside delivery, specific delivery dates and times, residential delivery, etc. are subject to additional charges. All additional charges will be the responsibility of the consignee.** Allseating reserves the right to charge for freight services over and above standard “best way” delivery. Delivered pricing is based on shipment to the 48 U.S. contiguous states and Canada excluding N.W.T., YK, and NU. For shipments to other destinations, we reserve the right to add a surcharge.

## QUALIFICATIONS FOR DELIVERED PRICING

Please call your Allseating Sales Representative for your qualifications for delivered pricing.

## LOSS / DAMAGE LIABILITY

Every effort is undertaken to effect secure packaging; however, our liability ends when the carrier issues a clear receipt acknowledging that the shipment has been received in good condition. The carrier is then liable for loss or delay or damage. Signing for a shipment without noting damage or deficiencies absolves Allseating of further responsibility and a freight claim will have to be made by the customer.

NOTE: A packing slip signed by the carrier for pick-up at Allseating Warehouse constitutes “Clear Receipt” and absolves Allseating of further responsibility for damage or loss or delay.

Any claim submitted for freight damage must be done within 7 days of receiving the products. Any claims after that time may not be covered under our warranty. If the packaging arrives visibly damaged, then waybill should be signed as “subject to inspection” or “damage noticed”.

## SPECIFICATIONS

Allseating reserves the right to institute changes to materials, specifications and designs, or to discontinue models at any time. Images and line drawings featured in the catalog may not reflect the current product offering. Components are subject to change at Allseating’s discretion.

## RETURNS / RESTOCK

Returns are coordinated and authorized by the Return Authorization Coordinator (RAC). Merchandise may not be returned without prior consent and a Return Authorization (RA) Number. All returns must be securely packaged and boxes clearly marked with an assigned RA number on the outside. Carrier for return goods must be specified by Allseating. Goods returned without a RA Number or by an unauthorized carrier will not be accepted.

Unauthorized returned goods will be subject to a restock charge and/or a charge for any required reconditioning. Returns must be shipped prepaid, unless other arrangements have been made. Custom fabricated merchandise may not be returned. Credit on orders returned with an RA number will be issued once inspection has deemed product in good condition.

# CONDITIONS OF SALE

## APPLICABLE PROVISIONS TO ALL PRODUCTS AND SERVICES

Allseating products, including those designated for Multi-Shift, are warranted to be free from defects in materials and workmanship for a period of 10 years from original date of purchase. This warranty applies to all chair models and extends to original purchasers who acquire new product directly from Allseating or our authorized dealers.

During the warranty period, Allseating, at its sole discretion, will repair or replace (at its option) any product, part or component covered by this warranty that fails under normal use due to defective materials or workmanship. Allseating will repair or replace the defective product, part or component with comparable product, part or component. To be eligible for this warranty coverage, all products, parts or components must be installed, used and maintained in accordance with Allseating's published instructions and must not have been subject to misuse or abuse.

## EXCEPTIONS

Allseating does not warrant the following:

- Normal wear and tear
- Natural variations, scars, marks, wrinkles occurring in leather
- Colourfastness of textiles
- Colour matching of textiles exactly to samples or swatches or past purchases
- COM/COL fabrics
- Products exposed to extreme environmental conditions or improper storage conditions
- Chairs used by individuals who weigh in excess of 325 lbs.

Allseating's products meet the requirements of national and specific local codes as stated in the price book and other written publications. Please visit the company's website at [allseating.com](http://allseating.com) for further details regarding product specifications.

This document inclusively describes Allseating's warranty and remedies available with respect to the company's products and services. Allseating disclaims any other warranty whether express or implied, statutory or otherwise, in relation to the company's products and services.

To the extent allowed by law, any implied warranties, including any warranty of merchantability or fitness for a particular purpose, are disclaimed and to the extent they are legally required, are limited in duration to the duration of this written warranty.

Allseating shall not be liable for loss of time, inconvenience, commercial loss, or incidental or consequential damages.

## WARRANTY RESOLUTION

We understand that dealing with warranties is often frustrating. So we developed a dedicated Warranty Response Team to eliminate headaches. They're specially trained to expedite warranty-related issues, so you can get back to business quickly and painlessly.

Contact our Warranty Response Team at [warranty@allseating.com](mailto:warranty@allseating.com) or toll free at 1(800) 563-3502.

## DIMENSIONS

The price catalog and product literature, show dimensions rounded to the nearest half inch. All dimensions are approximate and may be subject to change without notice. Dimensions are dependent on options selected. Product can be configured to comply with BIFMA G1-2002 Ergonomics Guideline. Where exact measurements are required, contact Customer Service.

## STORAGE POLICY

We will store product at our warehouse for 3 days at no charge. Any order requiring storage for a longer period will be charged at a rate of \$1.00 per day per carton. Order postponements must be received 2 weeks prior to the scheduled production time.

## FIRE CODE

Allseating's entire line of office seating meets California Technical Bulletin 117 (CAL 117) which has been in effect since October of 1975. This is a standard by which upholstered furniture has been tested for approval to meet a minimum fire standard. Allseating's chairs can be upgraded to meet the California Technical Bulletin (CAL TB133). Additional charges of \$565 per chair series (per burn test) and lead times will apply for chairs with special configurations of COM fabrics, not already tested by Allseating.

## CAL TB133

CAL TB133 is a standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as Healthcare facilities, Hospitals, Hotels and Motels, Stadiums, Child Care Facilities, Convalescent Homes, Prisons and Jails.

The CAL TB133 test is a full scale fire test for furniture manufactured for the use in public buildings. The standard does not specify how to construct furniture, but only how it should perform when tested. To pass the fire standard test, a fire blocking liner is placed between the fabric and the foam of our chairs. This liner acts as a fire extinguisher by smothering the flame.

## TO ORDER CAL TB133

Clearly specify CAL TB133 on your order. Please check individual series upcharge.

There is a standard 4 week lead time for CAL TB133.

## ANSI/BIFMA TESTING

Allseating chairs have been ANSI/BIFMA tested and approved.
