konvenient kitchenettes

This freestanding unit is a perfect fit for any open office environment that needs a small area for a kitchenette. Ideal for storing plates, mugs, food or any other kitchen supplies. A sink cutout can be specified.

The freestanding application also provides a tax advantage because it depreciates over 7 years like furniture, as opposed to built-in cabinets that depreciate over 30 years.

For Example: \$10,000 **built-in** purchase with straightline depreciation over 30 years = approximately \$333/year tax deduction

\$10,000 **freestanding** purchase with straightline depreciation over 7 years = approximately \$1428/year tax deduction

Pricing Per Linear Foot*

- Base Credenza and Overhead Storage cabinets price begins at approximately \$584 List/Linear foot (with countertop included).
- Base cabinets = approximately \$358 List.
- Overhead cabinets = approximately \$220 List.

*NOTE: Budgetary numbers only.

Optional Sink Cutout

- A sink cutout can be specified by contacting Bold.
- If a sink cutout is installed, faux drawer fronts will be substituted for sliding drawers.
- All plumbing and sink installation occurs in the field by a certified plumber/technician and is the responsibility of the customer.
