# wood seating

Wood chair frames are made of premium European Beech. We employ a blend of cutting-edge technology and time-honored woodworking methods to maximize both beauty and durability. The Variations™ program allows you to specify upholstery treatments to create a one-of-a-kind look.

## Wood Seating | Orchestra Collection | Chairs

Wood chair frames are made of premium European Beech. We employ a blend of cutting-edge technology and time-honored woodworking methods to maximize both beauty and durability. The Variations™ program allows you to specify upholstery treatments to create a one-of-a-kind look.

### Features

#### Shared Features

##### Beech

Superb strength, exceptional grain consistency and superior color clarity make beech wood the best choice for commercial seating.

##### Construction

Mortise-and-tenon construction has been the hallmark of fine woodworking for centuries. We rely on this time-tested method for maximum joint strength.

##### Detail differences

We glue, screw and “blind-bolt” back legs together using hardened nuts and bolts, then camouflage the connection with a matching grain plug. Corner blocks are glued and lagscrew-bolted at a mitred angle for exceptional strength and durability. Stretchers are toenail screwed to eliminate the need for unsightly metal brackets.

#### Variations Upholstery Program

The Variations Custom Upholstery program allows you to create endless upholstery treatment possibilities with our wood chairs.

With so many style and finish choices, we're sure to have a solution that's just right for you.

With so many style and finish choices, we're sure to have a solution that's just right for you.

## Features

### Shared Features

#### Construction

Our chairs are manufactured from high-quality plating-grade steel, providing significant strength advantage. All joints are hand-tailored, coped and brazed to maximize strength, create a smooth finish and prevent rust.

#### Premium glides

Blend pure Nylon 66 with a super-dense additive for unsurpassed wear resistance.

#### Frame finishes

32 standard powder coat finishes to choose from.

### Customized Backs

Several chairs offer a back option that is available with several standard cutouts or create your own custom look.

#### Artisan II

Chair features a wood or steel back and is available with several standard cutouts. Custom cutouts and engraving are available. Please call factory for pricing.

CA-Cappuccino

DT-Dot

5H-Five, Hold

MX-Matrix

Solid

#### Melissa Anne and Mama Melissa 574

Feature a wood back that is available with several standard cutouts. Custom cutouts and engraving are available. Please call factory for pricing.

DT-Dot

ST-Star

PF-Picture Frame

MX-Matrix

BD-Bell Dot

SL-Slot

TS-Three Slot

## Features

### Jill

Jill offers a wood back option that can be customized with cutouts or engraving. Please call the factory for pricing.

# aluminum

Our aluminum chairs are incredibly strong, lightweight and versatile.

Our aluminum chairs are incredibly strong, lightweight and versatile.

### Features

#### Shared Features

##### Construction

Precision CNC-machinery and carefully engineered weld placement make our aluminum chairs incredibly strong and durable yet surprisingly lightweight.

##### Finish

Available in a classic brushed aluminum finish or a powder-coated paint.

##### Details

Working with aluminum takes as much skill and craft as woodworking. The attention to detail is evident in the graceful contours of our chairs and the invisible welds at joints.

##### Seat options

Seats are available in aluminum, upholstered or wood options. All-aluminum models are ideal for outdoor use.

# task & multipurpose

Our chairs are designed to comfortably support a variety of tasks and complement any environment.

## Task & Multipurpose | Orchestra Collection | Chairs

Our chairs are designed to comfortably support a variety of tasks and complement any environment.

### Features

#### Anytime, multipurpose chair

Shown with swivel-tilt mechanism which means the seat and back recline in unison.

##### Seat and back.

Feature a contoured, polypropylene seat and back available in 15 colors. Can be specified with an upholstered seat and back for added comfort and color.

##### Arms.

Fixed-height Loop arms or armless models are available.

##### Back tilt-tension.

Adjustment increases/decreases the effort needed to recline in the chair.

##### Handhold.

For quick, easy transport.

##### Pneumatic seat-height.

Allows the seat to be adjusted to preferred height.

##### Five-arm base.

Black plastic.

##### Swivel-only mechanism

Is also available. The chair swivels and the seat and back stay in a fixed position (no recline).

##### Frame.

Available in a black or silver finish; with glides or casters.

##### Stacks

Models with glides stack 8-high on mobile cart.

##### Stool

Also available in a 30" high stool.

## Features

### Hannah, multipurpose chair

#### Waterfall back.

Rounded waterfall back design allows for back to act as armrest.

#### Frame.

Available in 6 different metal finishes.

#### Stacks

Stacks 10-high on floor or 16-high on dolly.

#### Shell.

Available in 15 different thermoplastic finishes.

#### Arms

Fixed-height or armless models are available.

#### Casters.

Caster models are available.

#### Five-arm base.

Black nylon is standard, also available in black or silver aluminum.

#### Casters.

Carpet, hard surface or glide casters available.

## Features

---

### InFlex, multipurpose chair

#### Frame.

Available in a black or silver finish; with glides or casters.

#### Stacks

Models with glides stack 5-high on floor, 8-12 on optional cart.

#### Arms.

Fixed-height or armless models are available.

#### Stool

Also available in a 30" high stool.

## Features

### Wing, multipurpose chair

#### V-shape back.

V-shape back design reduces pressure on the spine.

#### Frame.

Available in black or silver metal finishes.

#### Stacks

Stacks 15-high on dolly.

#### Shell.

Available in 6 different thermoplastic finishes.

#### Rocking tilt.

Rocking tilt motion encourages movement while seated.

#### Self-leveling legs.

Self-leveling legs for uneven surfaces.

#### Five-arm base.

Available in matte black or silver.

#### Optional arms.

Optional fixed height arms.

#### Casters.

Carpet or hard surface casters available.

### Features

#### Relay, multipurpose chair

Shown with swivel-tilt mechanism which means the seat and back recline in unison.

##### Seat and back.

Features a contoured, polypropylene seat and back available in 15 different colors. Can be specified with an upholstered seat and back for added comfort and color.

##### Pneumatic seat-height.

Allows the seat to be adjusted to preferred height.

##### Five-arm base.

Black plastic.

##### Handhold.

For quick, easy transport.

##### Arms.

Fixed-height or armless models are available.

##### Back tilt-tension.

Adjustment increases/decreases the effort needed to recline in the chair.

##### Swivel-only mechanism

Is also available. The chair swivels and the seat and back stay in a fixed position (no recline).

##### Frame.

Available in a black or silver finish; with glides or casters. Frame incorporates a wall saver design to help minimize marks on walls.

##### Nester

Seat flips up for compact storage or can stack 5-high.

##### Stacks.

Models with glides stack 8-high.

## Features

### Rowdy, stack chair

#### Shell.

One-piece plastic shell available in 15 colors.

#### Arms.

Available with fixed-height arms or without arms.

#### Handhold.

For quick, easy transport.

#### Frame.

Steel wire rod available in black or chrome.

#### Stacks

40-high or 25-high with arms on transport dolly.

# acton

The classic design and simplicity of Acton make it a perfect choice for many environments.

The classic design and simplicity of Acton make it a perfect choice for many environments.

## Features

### Shared Features

#### Construction

14-gauge tubular steel Z-shaped frame design with 16 gauge steel inner reinforcement delivers superior strength and durability.

#### Finishes

Mar-resistant, textured polypropylene seat and back are available in 16 colors. Frame is available in 8 Powder-coat epoxy frame finishes, plus chrome.

#### Contoured seat and back

Seat and back are ergonomically contoured to provide comfort and support.

## Statement of Line

#### Task Chair

Standard adjustments include: swivel-tilt, tilt-tension, pneumatic seat height. Arm options: armless, with arms, with arms and arm caps.

#### Stacker

Stacks 26-high on dolly. Arm options: armless, with arms, with arms and arm caps.

#### Tablet Arm

Flip-up tablet arm mechanism, with or without arms.

# tables

It's easy to find just the right table to compliment any setting. Our Orchestra Table Collection features a wide range of styles, materials and edge choices to choose from.

## Tables | Orchestra Collection

It's easy to find just the right table to compliment any setting. Our Orchestra Table Collection features a wide range of styles, materials and edge choices to choose from.

### Features

#### Construction

Our bases are made of high strength steel that is 30% stronger than the average steel. Raw steel table bases are cleaned, phosphate primed, powder-coat painted and oven-baked with auto-grade finishing materials.

Columns are heavy-wall tubes made of 14-gauge steel. Top plate is stamped high-strength steel. All connections are hard-welded using our state-of-the-art machinery and a deep penetration welding process that maximizes strength.

#### Labor Saver Attachment

Our top mounting plates and columns are unique to the industry. The mounting plate is hard-welded to the column. It attaches easily to our pre-driller table tops.

### Optional Accessories

#### Fixed Pub Height Table

Most base heights can be increased. Standard dimension for Fixed Pub Height Table is 42" nominal with top. Please call for pricing.

#### Foot Rings (Pub Height)

19" diameter foot supports that are hard-welded to the vertical column. Available on most designs. Please call for pricing.

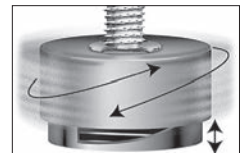

#### Purse Shelf

"Under-Top" option for accommodation of purses, coats, bags, etc. at bar tables. Each shelf has four storage hooks affixed to the bottom of the shelf. Standard size is 15" round; identical to top. Please call for pricing.

#### Self-Leveling Glides

A patented product that self-levels table bases on uneven floors. Please call for pricing.

#### Table-Flip Mechanism

A heavy H.D. steel assembly that allows the table top to flip to a vertical position. Usually specified to accommodate table storage. Available on sizes up to 48".

#### Table-Fold Mechanism

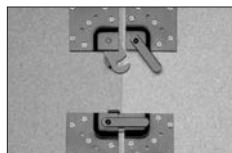

Allows "T" bases to fold. Typically for storage purposes. Available on most non-cast iron products. Please call for pricing.

## Optional Accessories

### Table Connectors

Used to join square and rectilinear tables together for reconfiguring space. Please call for pricing.

## Table Edge Options

Note: not all edges are available on every top.

### Vinyl Edges

T-Edge, VINTEE (standard)
