LITERATURE

828-495-1930 literature@cabotwrenn.com

We, at Cabot Wrenn, pride ourselves in exploring, developing and processing products that are environmentally friendly.

Our recycling program protects our environment by conserving energy and natural resources. The following activities take place on a daily basis to ensure that our operation has no negative impact on our environment.

We utilize non-toxic paints that are virtually free of all Volatile Organic compound emissions as well as Ozone Depleting Substances (ODS). We are strictly regulated on state and federal levels. State and Federal agencies monitor us closely and we continue to stay in compliance with all laws. The glue that we use is a water-based contact adhesive and is environmentally friendly. All aluminum bases and metal components contain 10-15% recycled material and are 100% recyclable. We eliminate waste by recycling all fabric remnants and leather off-fall. We have joined with several fabric distributors whose main goal is to offer top quality upholstery, which is also environmentally friendly.

Our maple wood comes from sustainable forests where there are 2.29 trees growing for every tree that is being harvested.

All of our corrugated paper is recycled. We work directly with a local paper recycler who shares our environmental concerns. In a combined effort, we have diverted tons of corrugated paper from our landfills.

The foam that is used in our furniture is produced using no fluorocarbons that are harmful to the ozone layer and all foams used are PBDE, TCDPP, TCEP and formaldehyde free. All foam scraps are returned to the supplier who in turn recycles it into floor underlayment material, packaging, or other foam padding products.

In the cold months, all wood scraps are burned in our high efficiency boiler to heat our plant while not exceeding EPA's clean air emissions. In warmer months, our wood scraps are sent to a recycler to grind up for landscaping mulch.

All wood pallets that we use for shipping our furniture are recycled. We return pallets to many suppliers for reuse. Others are accumulated and we reuse them time after time. We also share pallets with other local manufacturers.

Even our lighting is state of the art with electronic ballast. The light output is much higher and also uses less energy.

Environmentally friendly paper is used for our literature and price list. Cabot Wrenn also has a wide variety of photography available on digital imagery, minimizing the excessive need for printed literature.

Cabot Wrenn is pleased to be a good steward of our resources and we will strive to improve our products and our production processes to minimize the impact on our environment.

Warranty

5 Year Warranty

Subject to the limitations set forth below. **Cabot Wrenn warrants to the original purchaser all products in this price list to be free from defects in material and workmanship for a five (5) year period from the date of shipment.** This five (5) year warranty applies to all products sold and installed by a Cabot Wrenn authorized agent for normal commercial single shift service and normal care. Cabot Wrenn will, at its discretion, replace, repair locally, repair at its factory, or return the purchase price of any Cabot Wrenn merchandise that, upon inspection by Cabot Wrenn, is deemed to be defective, without charge to the original purchaser. This warranty does not apply to defects in components not manufactured by Cabot Wrenn such as upholstery materials, pneumatic cylinders, and casters. **Customer's Own Material (COM/COL) or any other non-standard material selected by the customer is not warranted.** This warranty does not apply to damage resulting from accident, alteration, misuse, abuse by customer or any third party, or the unauthorized repair by anyone other than Cabot Wrenn or its named representative(s). That is, Cabot Wrenn's warranty is only valid if products are given proper use and care. Cabot Wrenn assumes no responsibility for product damages resulting from improper installation, user modification, or natural color changes, variations, or movements that occur over time.

It is expressly understood and agreed that the buyer's sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods, or from any other cause, shall be the repair or replacement of defective parts, and Cabot Wrenn shall not be liable for damages or injury to persons or property, nor for replacement of the entire commercial unit, if repair or replacement of defective parts can reasonably render the unit conforming.

All warranty claims must be made in writing by the original purchaser. Purchasers may be required to produce the invoice or other evidence to establish that a claim is within the warranty period. No person, firm, or corporation is authorized to assume for Cabot Wrenn any liability in connection with the sale or installation of Cabot Wrenn product except as stated above.

Compliance with applicable laws, regulations, codes, certifications, and manufacturing standards are disclaimed if this product is misused, improperly installed or modified in any respect (including without limitation, any change in components affecting stability, load capacity or load distribution) after shipment from the manufacturer or after manufacturer-approved assembly. The warranty described in this agreement is in lieu of all other warranties. **THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, ARE EXCLUDED FROM THIS AGREEMENT.** The warranty described in this agreement shall be the sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods or from any other cause. **CABOT WRENN DISCLAIMS AND SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY SORT.**

Shipping

All product is shipped FOB Factory.

An anticipated shipping date is indicated on the order acknowledgement. Cabot Wrenn cannot accept responsibility for shipping delays caused by outside sources or unforeseen problems. Delay of shipments requested by customers must be approved by Cabot Wrenn. Any resultant storage charges will be charged to the customer. If possible, Cabot Wrenn will ship in accordance with customer instructions. Cabot Wrenn may await completion of the entire order and ship all at once or may make partial shipments from time to time at its sole discretion unless the customer requests in writing that partial shipments are needed and Cabot Wrenn approves the specific shipping schedule.

Cabot Wrenn is not liable for any delay or failure to deliver or perform due to strikes, lock-outs, or other labor difficulties, delay of sources or supply, transportation difficulties, accidents, fires, acts of God, or any other causes of like or unlike nature beyond Cabot Wrenn's control.

Liability

Cabot Wrenn products and their packaging are tendered to a transportation company only after passing rigid quality control inspection. At that time, title to the product is passed to the purchaser. However, the transportation company assumes all liability from acceptance of shipment through its delivery. That is, Cabot Wrenn's liability ceases at the time of shipment.

Damage or Shortage

If there is damage or shortage, note it on the freight bill at the time of delivery. If damage is concealed, notify the carrier immediately, request an inspection, and file a claim for damage. The refusal of damaged merchandise in no way relieves the purchaser of responsibility for payment of goods.

Filing of Claims

The utmost care is used in packaging and shipping. Cabot Wrenn liability ceases when the carrier issues a clear receipt to Cabot Wrenn, which is an acknowledgement by the transportation company that the shipment has been received by them in good condition. It is the obligation of the consignee to count and examine the condition of the shipper's containers at the time of delivery. It is the consignee's responsibility to file claims for damage or loss with the transportation company as soon as possible after receipt of merchandise. Do not return freight damaged merchandise to Cabot Wrenn. Proceed with the following steps to expedite payment of claims with transportation companies. Cabot Wrenn is not responsible for pick up and delivery charges for local repairs or inspections OR returns to the factory. Cabot Wrenn is not responsible for the cost of rental furniture while repairs are made.

For Visible Damage

1. Make damage notation on delivery receipt and have driver sign. **Do not reject or refuse the shipment.**
2. Immediately request that the carrier make an inspection.

Wood owes its inherent beauty to variations in color, grain and texture. As a result, there may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. For these reasons, Cabot Wrenn does not guarantee the exact matching of grain, pattern and color.

Care of Leather

Each piece of leather has unique marks and a personality all its own. These distinctive marks are barbed wire nicks, brands and nature's hallmarks. Only true leather can boast these marks, and pride of ownership is enhanced due to this individuality. Please note these marks are not defects but characteristics of full top grain leathers.

Protected Leather

No upholstery material is easier to care for than genuine top grain leather. Dust frequently with a clean dry cloth. Wipe occasionally with a mild Ivory soap and water solution on a clean damp cloth. Repeat with a clean damp cloth and dry with a clean cloth to restore the beautiful patina of the leather. DO NOT use saddle soap, polish, wax or any cleaning agents other than a mild Ivory soap and water solution. The use of any cleaning substance other than a mild Ivory soap and water solution will negate any warranties from the leather tannery.

Unprotected Leather

This is a natural leather that cannot be cleaned because it does not have a protective coating. This leather will fade if exposed to direct sunlight. Leather Solutions has products available that may help the performance of this leather.

You may contact Leather Solutions for assistance at (336) 629-4998.

Caution: Use of water-based or detergent-based solvent cleaner may cause excessive shrinking. Water stains may become permanent and unable to be removed with solvent cleaning agents.

Code W

Instruct a professional cleaning service to clean these fabrics with water-based cleaning agents or water-based foam to remove overall soil. Many cleaning agents are harmful to the color and life of a fabric and testing on an inconspicuous area is recommended before overall cleaning. Cushion and pillow covers should not be removed for cleaning.

Code SW

Instruct a professional cleaning service to clean these fabrics with water-based cleaning agents. Petroleum distillate-based products may be used. Cushion and pillow covers should not be removed for cleaning.

Code X

Water-based foam or solvent-based cleaning agents of any kind may cause excessive shrinking or fading. For better wear, we suggest that you reverse the cushions each week. To prevent overall soiling, frequent vacuuming or light brushing to remove dust and grime is suggested.
