introduction

GLOBALcare™, a division of The Global Group, manufactures products specifically designed to promote correct body positioning and alignment for an enhanced level of wellness. Products are developed with the highest quality standards in mind to meet the demands of today's hospitals, long-term care facilities and assisted living environments.

With a strong dedication to building quality healthcare furniture that aids both patient care and medical staff, GLOBALcare products, in combination with products from Global, accommodate the healthcare needs of clinical and/or emergency waiting areas, laboratories, patient rooms, resident rooms or administration, nursing stations or lounge areas, lobbies or dining room plus cafeteria areas. Time and time again, GLOBALcare products have proven that they will remain in prime condition for many years, providing good return on investment as well as supporting a health compliant environment.

In the ever-changing world of healthcare, GLOBALcare products are the clear choice for an enhanced level of wellness. We offer strong consulting resources, optimum healthcare furniture solutions and a comprehensive value added program for products and service with our 25 Year Limited Lifetime Warranty. We believe in building long-term relationships and we've proven that GLOBALcare furniture stands the test of time in real life situations while passing strict healthcare guidelines.

GLOBALcare laminate and seating products have been tested using GREENGUARD'S stringent environmental chamber methods and found to meet GREENGUARD's Indoor Air Quality Standards. GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.

level™ certification, based on the ANSI/BIFMA e3-2010 furniture sustainability standard, sets furniture manufacturers on a path toward greater sustainability over time. Certification assessment includes an evaluation of specific corporate policies and guidelines and an assessment of associated company manufacturing facilities. Products must meet quantifiable milestones of environmental and social performance at every step of development. The quantitative assessment addresses four categories: material use, energy and atmosphere impacts, human and ecosystem health, and social responsibility.

aldon + sonoma
personal room furniture

The Aldon series offers affordable and personalized furniture solutions for patient or room spaces. Highly durable, Aldon's clean lines and simple design provide built-in quality to meet the demands within healthcare environments. Tops, gables and backs are all field replaceable to meet future requirements for long term performance. The design incorporates smooth surfaces with a straight profile and durable finish options, demonstrating respect for housekeeping and infection control practices. A 3mm PVC edge on the tops, drawer and door fronts provide peace of mind for greater long-term performance. The vast array of product and finish selections allow for individual choices while complimenting the design objective. Aldon is the ideal balance of value and style.

Features and Benefits

FROLICK, CURTSY & SPLASH

Three different back constructions

Separate panel piece closes the lower back to conceal the support bracket. Offered in **Frolick** series on select models.

Single piece back with a pullover style upholstery cover and support bracket fastened on the outer back. Offered in **Curtsy** series and on select **Frolick** models.

Two piece back covering the back support brackets when fastened in place. Offered in **Splash** series.

FEATURES

- Frolick, Splash and Curtsy are Multi-Purpose stacking chairs that share generous width between the arms, great comfort, and a frame built for greater strength and stability. Each series offers a different back design with special features to best address the application and infection control practices.
- Standard size models offer 19" seat width with 21.5" clearance between the armrests. Bariatric size models offer 31.5" seat width with 33.5" clearance between the armrests.
- Heavy duty round, tubular gusseted frames. Available in Black (**BLK**), Platinum (**PLT**), Toast (**TOA**), Tungsten (**TUN**), Cappuccino (**T20**), Mocha (**J52**), and Kalua (**KAL**). Please specify.
- Active weight capacity is up to 300 lbs. for standard models, and 500 lbs. for Bariatric models.
- Wallsaver rear legs eliminate accidental damage to walls.
- Armrests are fiberglass reinforced Nylon and have a flat profile. Fully extended to front of seat edge to assist in entry and exit from the chair.
- Armrests are standard in Black (**BLK**). Also available in Toast (**TOA**) and Platinum (**PLT**). Please Specify - **Add \$24.00** list upcharge.
- Protective Platinum (**PLT**) color seat shroud is standard on all models (except Bariatric models GC3003 and GC3023).
- For a completely sealed seat pan underside with no seat shroud used, please add **(-S)** to the model number. For standard models - **Add \$42.00** list upcharge. For Bariatric models - **Add \$59.00** list upcharge.
- Comfortable 1.5" high density and high resilient Ultracell Biofoam with waterfall front on the seat, ensures maximum comfort.
- Back descriptions are noted with each model.
- As an option, seams can be sealed to prevent

penetration of fluids through the stitching. Please contact customer service for more information.

- Moisture Barrier (Seat Only) - **Add \$85.00** list upcharge per seat. For Bariatric models - **Add \$131.00** list upcharge per seat.
- For addition of a Fire Barrier Lining - **Add \$65.00** list upcharge per yard.

GC-BELONG

model GC4231HB

model GC4231HB

FEATURES

- The GC - Belong Series was developed for active and transient spaces and environments with rigorous demands.
- Elliptical metal tube frame. Available in Black (**BLK**), Platinum (**PLT**), Toast (**TOA**), Tungsten (**TUN**), Cappuccino (**T20**), Mocha (**J52**), and Kalua (**KAL**). Please specify.
- Self-skinned urethane armcaps are available in Black (**BLK**), Platinum (**PLT**), Toast (**TOA**), Cappuccino (**T20**), Mocha (**J52**), and Kalua (**KAL**). Please Specify. Wood armcaps are also available in all Globalcare wood finishes. Please specify. *Refer to individual models for upcharge.*
- The frame can be weighted and made with tamper proof fasteners for greater security in more challenging mental health spaces or correctional facilities.
- The seat and back are removable and field replaceable.
- All seats are standard with High Density Ultracell foam.
- All Seat Frames feature a wallsaver design to prevent back contact with wall. **Note:** In order to allow full flex of the back on models GC4242, GC4242HB, GC4243 and GC4243HB, a 10.5" wall clearance is required. Ottomans and Benches do not have wallsaver legs.
- Standard seat height on all models is 18.5"
- Select models are offered with casters on the rear legs. These casters allow for ease of movement in support of housekeeping efforts or repositioning seating within a space. **They are not intended for patient transfer.**
- Cleanout space is provided between the seat and back cushions for easier housekeeping.
- Left and Right Position Reference** is determined based on being seated in the bench.
- Standard with Black glides. Non-marking glides also available. Specify **NM** - No Upcharge.

- Flex Back models feature a torsion control mechanism which allows the back to move in a soothing rocking motion.
- Complementary tables are offered as part of this series in either high pressure or thermally fused laminate tops.
- Moisture Barrier (Seat Only) - **Add \$85.00** list upcharge per seat. For Bariatric models - **Add \$131.00** list upcharge per seat.
- As an option, seams can be sealed to prevent penetration of fluids through the stitching. Contact Customer Service for approved textiles.
- Low Back Models - **Add \$73.00** list upcharge per seat
- Low Back Bariatric Models - **Add \$79.00** list upcharge per seat
- High Back Models - **Add \$80.00** list upcharge per seat
- High Back Bariatric Models - **Add \$86.00** list upcharge per seat
- Split-Back Models - **Add \$119.00** list upcharge per seat
- Ottoman - **Add \$25.00** list upcharge
- Benches - **Add \$35.00** list upcharge per seat.
- Active weight capacity is 500 lbs. per seat position and 750 lbs for Bariatric Seating.
- For Globalcare textiles and wood finish options, visit the web site at www.thinkglobalcare.com.
- This product can be upholstered in standard Global textiles if healthcare compliance is not required.
- For addition of a Fire Barrier Lining - **Add \$65.00** list upcharge per yard.
- Call Customer Service for **CAL133** approved textiles.

SUGGESTED APPLICATIONS

- Waiting Areas
- Guest Seating
- Lobbies

BENCHES & BRIDGES

- Units with links can only gang with a bridge. They CANNOT gang directly with another link unit. (Link units have side brackets.)
- Available in One, Two or Three seat models.
- A bridge unit suspends between 2 other units using their links. A Bridge is NOT freestanding. (A Bridge does not have legs.)
- Benches have no front or back facing distinction so models with links can be reversed.
- All bridge models can be ganged to seat units with link.

TABLES

- Table heights are 16"
- 1" thick tops are available in thermally fused laminate (L) and high pressure laminate (H). Please select the appropriate model number for the finish you prefer.
- 3mm edging color coordinated with laminate finish is standard for all tops. Finish MUST BE specified at the time of order.
- Refer to the following lists when selecting a finish color. MUST Specify both a Top Color and Leg Finish when ordering.

Headrest adjustment handle

Casters and height adjustable legs

Transfer arm

FEATURES

- Nourish is an innovative state of the art patient chair, developed in consultation with leading Healthcare professionals. It embraces the body, cultivating comfort during periods of recovery. Housekeeping and infection control will appreciate the hassle-free maintenance and clean design.
- All chair models have a pair of **transfer arms** that are very easy to operate. Transfer arms increase ease of access for those less mobile users who need transfer to or from a wheelchair, while substantially fostering caregiver safety when patient assistance is required.
- Height adjustable legs** are standard on all models (except Bariatric chair, ottoman and GC3698 - 4 caster model). Legs can be conveniently adapted to provide patients with a seat height range of 17" to 20" for maximum fit. Additional models (-20) provide a seat height range of 20" to 23" ensuring the perfect seating solution is available for multiple applications. Front and back legs can be adjusted separately allowing modification of seat pitch, forward or rearward.
- Models with **rear casters** allow for 'tip and move' so the chair can be conveniently and easily repositioned without lifting.
- Easy grip Push Bar** is optional on Nourish patient chairs to assist in ease of movement of the chair. Available for all height adjustable leg models in Toast (TOA), Platinum (PLT), Tungsten (TUN), Cappuccino (T20), Mocha (J52), Kalua (KAL) and Black (BLK). Please specify - **Add \$99.00** list upcharge.
- On selected models, a unique **depth adjustable headrest** solution is integrated into the upper back area, preventing any possible loss or misplacement of the headrest and making cleaning and disinfecting easier. The Schukra depth adjustment is placed under the upholstery in the neck region. The depth is controlled by a handle on the lower outer back cushion. The ability to set the intensity of the headrest promotes a healthier, more personal level of comfort during the convalescence period.

- Schukra Depth adjustable lumbar support** for additional comfort is standard on selected models.
- Flex Back models feature a torsion control mechanism which allows the back to move in a soothing rocking motion.
- Metal frame is available in Black (BLK), Platinum (PLT), Toast (TOA), Tungsten (TUN), Cappuccino (T20), Mocha (J52), and Kalua (KAL). Please specify.
- Self-skinned urethane armcaps are available in Black (BLK), Platinum (PLT), Toast (TOA), Cappuccino (T20), Mocha (J52), and Kalua (KAL). Please Specify.
- Arm body is standard in Tungsten only. No other colors are available.
- All seats are standard with High Density Ultracell foam.
- As an option, seams can be sealed to prevent penetration of fluids through the stitching. For High Back models - **Add \$104.00** list upcharge. For Bariatric models - **Add \$122.00** list upcharge. For Ottoman - **Add \$22.00** list upcharge. Contact CustomerCare for approved textiles.
- Moisture Barrier (Seat Only) - **Add \$85.00** list upcharge per seat. For Bariatric models - **Add \$122.00** list upcharge per seat.
- Active weight capacity for standard single seat is 350 lbs. and 750 lbs for Bariatric Seating.
- For addition of a Fire Barrier Lining - **Add \$65.00** list upcharge per yard.
- For Globalcare textile options, visit the web site at www.thinkglobalcare.com.
- This product can be upholstered in standard Global textiles only if Healthcare compliance is not required.
- Call Customer Care for **CAL133** approved textiles.

- The Strand Series is the perfect synthesis of versatility, comfort, durability and value pricing. Strand offers a pleasing look in a diverse range of solutions from single patient room chairs to waiting areas and public spaces.
- All models are standard in oval metal tube frame.
- Frame available in Black (BLK), Toast (TOA), Platinum (PLT), Tungsten (TUN), Cappuccino (T20), Mocha (J52), and Kalua (KAL). Please specify at time of order placement.
- The frame can be weighted and made with tamper proof fasteners for greater security in more challenging mental health spaces or correctional facilities.
- Arm caps are standard in Black (BLK) Self Skinned Urethane. Wood arm caps are also available in all GLOBALcare wood finishes. (Must be specified at time of order placement.) Single Seat - **Add \$118.00** list upcharge. Two Seater - **Add \$176.00** list upcharge. Three Seater - **Add \$235.00** list upcharge.
- Left and Right Position Reference** is determined based on being seated in the chair.
- The seat and back are removable and field replaceable.
- All seats are standard with High Density Ultracell Bio Foam.
- All Seat Frames feature a wall saver design. Ottomans and Benches **do not** have wall saver legs.
- Standard seat height on all models is 18". Cleanout space is provided between the seat and back cushions for easier housekeeping and infection control.
- Select models are offered with casters on the rear legs. These casters allow for ease of movement in support of housekeeping efforts or repositioning seating within a space.
- To activate rear casters, tilt the chair back so the casters are in contact with the floor. This feature makes it easier to relocate the chair while unoccupied.
- Flex Back models allow the back to move in a soothing rocking motion.
- Standard with Black glides. Non-marking white glides also available. Specify **WH** - No Upcharge.
- Moisture Barrier (Seat Only)** - **Add \$85.00** list upcharge per seat. For Bariatric Models: **Add \$131.00** list upcharge per seat.
- As an option, seams can be sealed to prevent penetration of fluids through the stitching. Contact Customer Care for approved textiles. For Low Back Models - **Add \$67.00** list upcharge per seat. For High Back Bariatric Models - **Add \$72.00** list upcharge per seat. For High Back Models - **Add \$79.00** list upcharge per seat. For High Back Bariatric Models - **Add \$82.00** list upcharge per seat. For Split-Back models - **Add \$119.00** list upcharge. For Ottoman - **Add \$20.00** list upcharge. For Single Seat Bench - **Add \$27.00** list upcharge. For Two Seat Bench - **Add \$53.00** list upcharge. For Three Seat Bench - **Add \$79.00** list upcharge.
- Active weight capacity for standard single seat is 350 lbs. and 750 lbs for Bariatric Seating
- For Globalcare textiles and wood finish options, visit the web site at www.thinkglobalcare.com.
- This product can be upholstered in standard Global textiles if healthcare compliance is not required.
- For addition of a Fire Barrier Lining - **Add \$65.00** list upcharge per yard.
- Call Customer Service for **CAL133** approved textiles.
- For complementary tables, please refer to the GC-Belong Series **Freestanding** Tables. (NOT FOR USE with GC-Belong Table Bridges)

THE ENVIRONMENT We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

As an industry leader, Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building "healthier" offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Global has the products and resources to help your projects achieve LEED certification.

New technology allows us to reduce glue usage by 50%. In addition, our polyurethane glue reduces emissions and requires less energy to apply.

Epoxy Powder coating process is solvent free. No harmful VOC's or lead. No toxins are released into the atmosphere.

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs of fabric offcuts weekly.

TERMS & CONDITIONS

GLOBALcare is a division of Global Industries, Inc. ("Global") focused on providing furniture products for use in healthcare environments and is a member of the Global Group.

This illustrated price list has been designed to facilitate fast reference and easy use. All products are categorized into product series groupings, and are listed numerically by product number within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of GLOBALcare products are made only on GLOBALcare's standard terms and conditions of sale which are contained in this Price Book. The "Purchaser" in these Terms & Conditions shall mean dealers and those who purchase directly from GLOBALcare for re-sale. These standard terms and conditions may be modified or supplemented only by a separately written document signed by GLOBALcare's authorized personnel at its head office in Marlton, NJ. Any term or condition contained in any purchase order or other form used by the Purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with GLOBALcare's standard terms and conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this book are based on the latest product information available at the time of publication. GLOBALcare reserves the right to make changes, at any time and without prior notice to prices, colors, materials, specifications and models offered.

DESCRIPTION

Each product shown or described in this price list is standard GLOBALcare product. Variations are noted at the beginning or end of each series. Any variations from what is standard may require additional delivery time and cost and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

PRICES AND PAYMENT

The prices shown in this book, as well as those quoted by GLOBALcare, are in United States dollars for orders shipped to destinations in the U.S., Mexico and Puerto Rico.

If shipping date requested is more than 90 days from date of order, GLOBALcare shall have the right to use published list prices effective at the time of shipment.

Orders are invoiced at the time of shipment. **Terms of payment are net 30 days from date of invoice (1% 15 days) unless otherwise stated.** The Purchaser agrees that GLOBALcare shall have the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If the Purchaser's most recent annual net volume is less than \$5,000, payment must be made in advance. All orders are subject to the Purchaser complying with GLOBALcare's prevailing credit policy. Any products sold by GLOBALcare shall remain the personal property of GLOBALcare until fully paid.

Prices are suggested list prices only and are subject to change without notice. GLOBALcare will, however, attempt to keep the Purchaser up-to-date on all developments including price changes.

TAXES

All prices shown in this book are exclusive of sales, use, excise and other applicable taxes and are the Purchaser's responsibility as per the invoice issued by Global on behalf of GLOBALcare. If Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish GLOBALcare with an appropriate exemption certificate at time of order.

ORDERING INFORMATION

To avoid errors and/or duplication GLOBALcare requires that all orders be submitted in writing. All orders submitted to GLOBALcare in writing will be acknowledged on Global's acknowledgement forms governing the transaction. The details appearing on this acknowledgement will describe the items to be shipped and the approximate shipping date. It is the Purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the Purchaser must notify GLOBALcare immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.

When ordering, please provide the following information:

1. Account number (if possible)
2. P.O. number
3. "Bill to" and "ship to" name and address
4. Complete model number
5. Description
6. Options
 - a. Upholstery fabric type and color (specify by name and number)
 - b. Color of paint finish, laminate or wood (if applicable)
 - c. Trim options (frame)
 - d. Arms
 - e. Base, Casters
 - f. Mechanism
 - g. Accessories

The Purchaser is responsible for providing correct information when placing an order. Orders with incorrect information (finish, etc.) will be scheduled for manufacturing upon receipt of complete information.

All phone orders must be confirmed in writing by the customer within 7 days.

To prevent a delay in processing orders, please specify delivery routing.

CHANGES AND CANCELLATIONS

After the date of GLOBALcare's acknowledgment of a Purchaser's order, the order may not be changed or cancelled by Purchaser without the written consent of GLOBALcare. Special order items, C.O.M. and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric is scheduled for cutting.

ERRORS AND OMISSIONS

All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

FINISHES

Seating Finishes

Where painted frames are not a standard color, there is a one time charge of \$578.00 list price per order for custom wood staining/color matching. Restrictions may apply. The customer must provide a 3"x 3" color chip/sample for review and approval. Non-standard finishes must be approved by Global prior to acceptance of order.

Frame Finishes

Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible.

All exposed wood surfaces and frames are finished with an anti-microbial, anti-bacterial lacquer. The anti-microbial, anti-bacterial additive provides effective protection by inhibiting the growth of bacteria and fungal spores.

GLOBALcare coordinates its finishes program between marketing divisions within the Global Group to match products

as best as possible when same finishes are specified. However, GLOBALcare will not be held responsible if the finishes cannot be matched.

C.O.M. (Customers Own Material)

Use of Customer's Own Material must be approved by GLOBALcare prior to acceptance of order. Please refer to the inside back cover of this Price Book and fill out the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" fabric sample and advise how the fabric is to be applied and quantity of fabric being sent. Fabric yardage requirement will be advised by factory, and additional yardage may be required if pattern requires matching. Send fabric to your Customer Service Representative upon approval from GLOBALcare. If C.O.M. is difficult to apply or if product is required to be modified, extra charges shall apply. GLOBALcare reserves the right to cancel an order at any time if C.O.M. is inadequate for any reason. Customer's Own Material must be shipped freight and duties paid to our factory. Such shipment must be fully identified with Purchaser's order number, RGA # provided by Global, and the item for which material is intended. Performance of C.O.M. when applied to product is the sole responsibility of the Purchaser. GLOBALcare's standard product warranty shall not apply to C.O.M. Use of C.O.M. will not reduce the published list price.

C.S.M. (Customer Specified Material)

Use of Customer Specified Material must be approved by GLOBALcare prior to acceptance of order. If C.S.M. is difficult to apply or if product is required to be modified, extra charges shall apply. GLOBALcare reserves the right to cancel an order at any time if C.S.M. is inadequate for any reason. Performance of C.S.M. when applied to product is the sole responsibility of the Purchaser. GLOBALcare's standard product warranty shall not apply to C.S.M.

VINYL & FABRIC GRADING

All products are priced according to their standard vinyl and fabric grade. Lower grade vinyls and fabrics are available (unless otherwise specified) at same price as standard. The listing of prices for each model indicates a price for each of the upholstery grades. Prices are based on yardage in imperial measurements. Please refer to the Textiles & Finishes section of the GLOBALcare website for the most up to date listing.

UPHOLSTERY COVERINGS

Slight variations in color may occur between dye lots. Although GLOBALcare attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

YARDAGE

Required yardage (ydg) is based on unmatched materials with widths of 54" for seating. Yardage calculations are based on imperial measurements.

WEIGHT

This figure indicates the weight of one part and its packaging, regardless of the number of parts shipped in a single carton. In order to estimate the approximate shipping weight for an order, you have to multiply the indicated weight by the number of parts per carton. (e.g. if a part weight is 10 lbs. and is shipped 4 per carton, shipment weight should be calculated as: 4 x 10 = 40 lbs.)

CUBIC MEASURE

The stated cubage is an approximate cubic foot measure to calculate freight costs. The figure shown is the volume for the total shipment of a part (e.g. if a part is sent in 2 cartons the volume indicated reflects the cubage of both cartons together) and is subject to change without notice. It is most economical to purchase the specified number per carton.

DELAYS

Global's shipping confirmation will state a shipping date which is GLOBALcare's best estimate at the time the order is acknowledged. However, GLOBALcare shall not incur any obligation or liability to Purchaser for failure to ship by specified date unless GLOBALcare has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, GLOBALcare shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, electrical power failure, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of GLOBALcare, whether of the class of causes enumerated or otherwise.

SUSPENSION

In the event that the Purchaser defaults in the payment of any sum due to Global, or in the event the Purchaser's financial condition becomes unsatisfactory to GLOBALcare, GLOBALcare shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the Purchaser provides assurance of payment to Global.

F.O.B.

F.O.B. point is GLOBALcare's Factory, Downsview, Ontario, Canada, or any Global Regional Distribution Center.

SERVICE

Service requests are normally the responsibility of GLOBALcare's authorized dealers. Where this cannot be accomplished on a local level, service problems should be referred to GLOBALcare's Customer Service Department in the nearest distribution center.

RETURNS

No returns of goods will be accepted without written consent and shipping instruction of GLOBALcare. A minimum restocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. GLOBALcare's Return Goods Authorization (R.G.A.) numbers must appear prominently on all authorized returns. GLOBALcare will not be responsible for freight costs. No credit will be given if goods cannot be reused as new. Special order items and C.O.M. products are in no event subject to return. All returns must be approved and authorized in writing by GLOBALcare Customer Service. GLOBALcare reserves the right to refuse delivery of any unauthorized returns.

STORAGE CHARGE

Global reserves the right to assess storage charges if a customer does not accept shipment of an order within a week of shipment or requested ship date.

CLAIMS

All goods are sold F.O.B. plant or GLOBALcare Distribution Center. GLOBALcare is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against GLOBALcare for apparent defects, errors or shortages must be made by the Purchaser, in writing, within 15 working days after any delivery. Failure by the

Purchaser to make any claim against GLOBALcare within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

COMBINED SHIPMENTS

GLOBALcare will make every effort to combine shipments and orders on written request. However, GLOBALcare cannot be held responsible where such request is not complied with.

UPS SHIPMENTS

Seating products marked with a UPS symbol next to the CARTON COUNT are packaged for UPS-able shipments.

OFFER OF SALE

Possession of this price list or any other literature shall not imply GLOBALcare's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current printed price lists, then the printed price list shall prevail.

TESTING QUALIFICATIONS

Many GLOBALcare products pass or exceed the most stringent testing procedures. Where tests are significant, they are marked as C.G.S.B. (Canadian General Standards Board) qualified and as passing ANSI/BIFMA (American National Standards Institute/Business Institutional Furniture Manufacturer's Association).

DISCLAIMER

All dimensions are in inches. Prices shown are current manufacturer's suggested list prices at the time of printing. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

FLAMMABILITY

The Global branded carded fabrics and foam used in GLOBALcare products meet the requirements of California TB117. This is a component test and measures the flame resistance of fabric and foam. Many products are also available with CAL133 certification. This is a composite test of a completed product and is more stringent than the CAL117 component test. It is typically required in public use occupancy buildings. There is an additional cost to certify an upholstered product to the CAL133 standard. Those costs and additional information are noted below.

When a product cannot be certified to CAL133, due to the composition of the fabric selected a customer may still choose to have an upholstered piece manufactured with a fire barrier. This is not a replacement for CAL133 certification but may, give piece of mind to a customer who is looking to maximize the fire retardancy of a product not available with CAL133 certification.

Costs for the optional fire barrier lining (AF) are listed under each series' notes.

CAL133:

This test is a composite test conducted on a complete chair. Should you require product to meet CAL133 Performance Standard, the covering and complete product combination must pass. When ordering product that must pass CAL133 Performance Standard, the FIRE BARRIER must be used as a lining to the upholstery on the product. Please note the FIRE BARRIER does not alone ensure the product will pass the required testing. Any change to the finished product means a retest is necessary. Compliance is acknowledged when a certificate is issued by the testing facility that is licensed to conduct this test. To pass the CAL133 test, a burner is placed where the inside seat and back meet. The burner is ignited and extinguished for a specific period of time. To pass this test the completed product must be self-extinguishing and must meet specific heat, smoke and carbon monoxide emission standards. To have product tested and certified the cost to the customer is as follows:

- 1) Cost of product, based on using a graded in or C.S.M. textile.
- 2) Cost of C.O.M. if a standard Global graded in textile is not used.
- 3) Cost of test = \$800.00 (approximate) for the lab. This test is performed by a local qualified and licensed facility.

NOTE: These costs apply whether the product passes or fails. If it passes, a CAL133 certificate will be issued. Failure would result in starting at step 1, including the costs. Many fabric/vinyl compositions are highly combustible, preventing them from achieving CAL133 Performance Standards.

LIFETIME WARRANTY

GLOBALcare warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser.

GLOBALcare will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty. The warranty applies to products manufactured after January 1, 2012.

GENERAL GLOBALCARE SEATING

GLOBALcare's warranty for general commercial seating covers all chair components including bases, casters, glides, frames, arms, plastic seats, backs and other structural components.

Exceptions to the warranty for general commercial seating are as follows:

- Foam, textiles (as sampled on Global branded and textile program cards) are warranted for five (5) Years
- Control mechanisms and pneumatic cylinders are warranted for ten (10) Years

The warranty applies only to single shift, standard commercial usage, defined as a standard eight (8) hour day, forty (40) hour week for users weighing up to 300 pounds.

HEAVY DUTY SEATING

GLOBALcare offers products designed for multiple shift applications (24 hours a day / 7 days a week) and larger individuals weighing up to 350, 500 and/or 750 pounds (depending on series and/or model). GLOBALcare warrants these products for ten (10) years to the original purchaser. All components (including control mechanisms, pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats/backs, etc.) are covered for 24/7 applications under the warranty. The exceptions are foam and textiles, which are covered for five (5) years. Textiles on these products must exceed 100,000 double rubs for the textile portion of the warranty to apply. Heavy Duty product series that apply under this warranty currently include: Interlock, Nourish and Bariatric models of Aubra, Careflex, GC-Comet, Primacare, Primacare HT, Strand and GC-Belong.

FABRICS

GLOBAL warrants fabrics, vinyls and leather products marketed on Global, Global Branded cards and GLOBALcare Branded cards. GLOBALcare carded Branded textile alliance programs are currently with CF Stinson, Maharam, Mayer, Momentum and Morbern, and are warranted for five (5) years. Global does not warrant COM (Customer Own Materials) or GPM (Global Purchased Materials) that are customer's own specified materials, or graded-in and purchased by Global for a customer. For GPM or COM products, please contact the textile supplier for performance information and warranty details.
