LOFTS

GOING VERTICAL

Foliot lofts provide the ultimate solution for efficiently using available space. By grouping together each roommate's assigned furniture, lofts can help create cozy, private areas in shared accommodations. Foliot lofts include one bed or two. Because we design safety in from the start, they're mounted on highly stable components. Lofts may also be equipped with ladders and safety rails.

SEATING MODERN

Furniture that combines metal and wood provides exceptional freedom of choice in terms of interior design. The metal structure of Foliot's sofas and occasional tables, with its black matte finish, helps create a high tech look that is as alluring as it is functional.
