Choices®

Choices is a fully featured product line that includes Systems and Desking Furniture, Tables and Filing and Storage. This price list includes detailed product information and pricing for these products.

Trendway product catalogs are available in the following design software: CAP, Data One, Giza, Midnight-Oil, and Project Matrix. The Systems price list is also available in .pdf (Acrobat Reader) format on www.trendealer.com. For Architects and Designers, a free FSL (Furniture Symbol Library) is available on www.trendway.com.

Product dimensions are given throughout the product catalog and are followed by parenthesis which have the metric equivalent in millimeters. For example: A Rectangular Work Surface is available in a 48" (1219)-width.

Ordering Information

The most efficient way to enter an order is through Trendway On-Line Order Entry on www.trendealer.com, which also accepts .sif files from the design software listed above. Faxed orders are available as well but may extend lead-times.

For ease in specifying, Trendway's catalog numbering system uses meaningful characters to convey description, surface type, and size. For example, FAP3666B represents a **F**ramed **A**coustical **P**anel that is **36"** (914)-wide and **66"** (1676)-high.

Order specification examples are shown throughout the price list at the bottom of each page. Be sure to follow the order sequence carefully to ensure complete and accurate order specification.

After placing an order, Trendway will send an order acknowledgement that follows the sequence of information outlined below. Trendway encourages you to follow the same steps so that checking your order against the acknowledgement will be as easy as possible.

Placing an Order

To make placing an order simple, Trendway On-Line Order Entry automatically prompts the product and option decisions that are required. For accurate order processing on faxed orders, please type or use legible handwriting, and be sure to include the following information:

- 1. A complete "sold to" address with correct Zip code.
- 2. A complete "ship to" address with correct Zip code.

- A purchase order number. (The order is issued to Trendway Corporation, Holland, Michigan.)
- 4. A signature or name of person authorizing the purchase order.
- 5. A contact name and phone number at your company.
- 6. An actual calendar date for the requested delivery date (not ASAP).
- 7. Line items that are complete, which means all catalog numbers and descriptions, options listed for each product selected, fabric/finish pattern and color descriptions, and all corresponding letter or number codes. Be sure to make a pick for all available options. Also, combine identical items and specify total quantity unless using special marking or tagging.

(Refer to your price list for ordering options.)

- Special products referenced by their control numbers as well as their descriptions.
- 9. Line items that include price per unit, as well as extended totals.
- 10. A total dollar amount for the purchase order.
- 11. Any special shipping requirements clearly noted; i.e., "call before delivery."

By placing your orders correctly and completely the first time around, your order will be processed and scheduled without delay (subject to credit approval).

Lead-Times

The majority of Choices products are shipped within Trendway's standard lead time. Extended lead-time items in the catalog are designated by shading. Trendway Express lead-times are available on select products. Products and their options available for specification on Express are indicated with an Θ in front of the catalog number. Note that all chosen options for a product must also be available in the Express program to qualify.

Note: Shipping lead-times are subject to product availability due to order size. For exact lead-times on your order contact Trendway Customer Care.

For more information on Order Placement, Confirmation, and Lead-Times, see the Pricing, Procedures & Policies section in the back of this Price List.

Express

1. Trendway Express Orders

Using Trendway Express
Trendway Express is Trendway's
special quick shipment program.
The program was devised to help
customers meet immediate office
furnishing needs. Complete orders
entered electronically will ship
within an average of 3 working
days.

Trendway Express is a selected offering. Featured are the more frequently requested fabrics and finishes from Trendway's selection — enough to address most commonly encountered work situations in today's office.

Because Trendway Express lead times are so condensed, no COM or special orders can be accepted.

- The Maximum Order Trendway Express orders are limited to a maximum of \$75,000 retail list price (total combination of Systems and Storage products) for 3-day shipment. Due to the special nature of this offering, no deviations or substitutions of products found will be accepted. Shipments are subject to product availability. Orders containing any non-Trendway Express offerings will be scheduled for normal lead times.
- Changing or Canceling an Order.
 Trendway Express orders are often
 processed the day after order entry.
 Therefore, your Trendway Express
 order may be changed or canceled
 only on the same day that it is
 placed.

2. Transportation

All orders are shipped by Trendway truck or common carrier. List prices shown include Trendway specified freight cost on all orders. For additional information about transportation, contact the Trendway Customer Care Department at 1-800-893-8115.

3. Prices

Prices shown in this offering are F.O.B. origin, freight prepaid. Trendway reserves the right to change prices without notice.

Standard Fabrics

All Trendway standard directional panel fabrics are applied Down-roll on Choices Panels, Contrada Tiles, and all Systems Components.

Down-Roll (♣)

Down-roll means the height dimension of the tile or component is parallel to the warp of the fabric (Fig. A).

Fig. A

COM Fabrics

COM fabrics may be applied either Down-roll (Fig. A) or Railroad (Fig. B). When choosing Railroad on COM fabrics please note that 84" (2134)-high Choices and TrendWall Panels cannot be Railroad due to panel fabric being 66" (1676)-wide (Fig. C).

Railroad

Railroad means the height dimension of the tile or component is perpendicular to the warp of the fabric (Fig. B).

Trendway, >

Surface Material Program

The Trendway Surface Material Program includes a broad selection of coordinated fabrics, laminate and trim finish options. Additionally, Trendway offers a Customers Own Material (COM) program to allow customers to further personalize their work stations.

The following sections describe the Trendway Surface Materials vocabulary.

Standard Program

Trendway's Standard Program of timeless fabrics, finishes, vinyls and laminates, is recommended for corporate standards programs. These fabrics are carded, swatched and stocked by Trendway. Refer to individual panels for fire rating classifications.

Surface Trends

Trendway's Surface Trends Program is an evolving collection of fabrics, vinyls, and laminates, and are designated by symbol. Influenced and kept up to date by emerging trends, the typical life span in this program is one to three years. Items no longer available through Trendway may still be available for purchase directly through the supplier. Materials in this program comply with, and in many cases exceed the industry standards for quality and performance.

Surface Trends panel fabrics pass Cal.117 and are listed as part of the UL recognized component program.

Express

Express fabrics and finishes are available in a three-day lead time. Surface Materials available for specification on Express are indicated with a 9 in front of the 3-digit code.

Terratex®

Terratex is a True Textiles brand designating fabrics that are made from 100% recycled or compostable material using increasingly sustainable manufacturing practices to produce a high-quality product that is recyclable at the end of its useful life. For more information, go to www.terratex.com.

COM

Customers Own Material program allows customers to select and specify their own fabric or laminate on Trendway product. For detailed information, see COM in the Pricing, Procedures and Policies section in the back of the price list.

Pre-Approved COM

Select from popular COM fabrics pre-approved by Trendway. Customers = 100% Recycled Content are able to search the COM library on www.trendealer.com for fabrics and specific applications that have passed manufacturability testing on Trendway product.

HOW TO ORDER SAMPLES

Binder Cards

Standard and Surface Trends binder cards are available through Trendway fulfillment. Call 1-800-968-5344, ext. 1.

Standard Program Samples

Samples of fabrics and finishes are available through Trendway fulfillment. Call 1-800-968-5344, ext. 1.

Surface Trends Samples

Surface Trends samples must be ordered directly through the supplier.

Contact information is listed below. Reference the pattern name and color along with the supplier part number on the back of your binder card to order samples.

Choices Keying Order Form

This form can be used as a worksheet or an order form to determine what key alike Choices Core/Key Sets are needed for key-alike Choices filing and storage, Choices locks on Choices and Contrada flipper units and for additional Choices Lock Keys, Core Keys and Master Keys*. It is also used to specify special tagging instructions to designate installation locations, which is offered free of charge.

The information on this form can either be entered in Trendway's design software, or through Trendway On-line Order Entry on Trendealer.com using the catalog numbers listed below or it can be used as an order form and faxed to Trendway Customer Care.

Choices Core/Key Set

The Choices Core/Key Set is needed when the Key Alike Option 'T' is selected, or if a lock needs to be changed out in an existing unit. The Core/Key Set provides the ability to pick the key number for a single storage piece, each individual office or group of offices. Choices Core/Key Sets includes a lock core and 2 lock keys. Additional lock keys are available.

Choices Core Installation/Removal Key

Pack Core Installation/Removal Key is needed to install Core/Key Sets and to remove or replace existing Pack lock cores.

*Choices Master Key

Choices Master Key is used to open any Choices style lock. Master keys are sent out separately from the product order. Request for Master keys must be made on the end users letterhead and faxed to Trendway Customer Care at 1-800-893-8212. Orders are shipped within 24-hours of receipt.

Trendway. >

This form can be used as a worksheet or an order form to determine what key alike Pack Core/Key Sets are needed for key-alike Pack filing and storage. Pack locks on Choices and Contrada flipper units and for additional Pack Lock Keys, Core Keys and Master Keys*. It is also used to specify special tagging instructions to designate installation locations, which is offered free of charge.

The information on this form can either be entered in Trendway's design software, or through Trendway On-line Order Entry on Trendealer.com using the catalog numbers listed below or it can be used as an order form and faxed toTrendway Customer Care.

Pack Core/Key Set

The Pack Core/Key Set is needed when the Key Alike Option 'T' is selected, or if a lock needs to be changed out in an existing unit. The Core/Key Set provides the ability to pick the key number for a single storage piece, each individual office or group of offices. Pack Core/ Key Sets includes a lock core and 2 lock keys. Additional lock keys are available.

Pack Core Installation/Removal Key

Pack Core Installation/Removal Key is needed to install Core/Key Sets and to remove or replace existing Pack lock cores.

*Pack Master Key

Pack Master Key is used to open any Pack style lock. Master keys are sent out separately from the product order. Request for Master keys must be made on the end users letterhead and faxed to Trendway Customer Care at 1-800-893-8212. Orders are shipped within 24-hours of receipt.

Pack Core/Key Set

The Pack Core/Key Set must be ordered when the Key-Alike lock option is chosen to replace the "disposable" core that ships with Pack filing units in order for these units to lock. This set can also be ordered to replace an existing Pack Core/Key Set. The set includes a Pack lock core and 2 lock keys.

Pack Core Installation/Removal Key

The Pack Core Installation/Removal Key is needed to install or remove Pack Cores in Pack filing units or in Pack Locks for Choices and Contrada Flipper Units (PKCHFLA and PKCTAFLA).

Pack Locks for Choices Flipper Units

A Pack Lock is used to replace the entire lock assembly on a Choices Flipper Unit. This will allow the lock core and bezel to have a silver color to match the Pack Filing and Storage lock.

There are two lock options to choose from, **randomly keyed** (option "**R**") or **key-alike** (option "**T**"). When the randomly keyed option "R" is chosen, the lock will be assembled with a randomly numbered core and key.

Key-Alike

Core

When the key-alike option "T" is chosen, the lock will be assembled with a plastic "disposable" core.

The "disposable" core must be field replaced with a Pack Core/Key Set in order for the filing unit to lock. The Core/ Key Set (PLCAK) must be ordered separately or by using the Keying Order Form.

Pack Lock for FSU, VFSU, FD, FRF, FRFF, FRFV, CU, CUF, LOCSFDU, LOCSDHD Flipper Units, and FDC Flipper Door **Conversion Kits**

Choices Desking is a complete line of

modular furniture designed to be used

independently or in conjunction with the

Choices Panel Systems. For maximum

storage flexibility, Choices Desking

provides shell components with

separately specified storage

components.

Ordering Information

For ease in specifying, Trendway's catalog numbering system uses meaningful characters to convey description, surface type, and size. For example. CD2436 represents a Corner Desk, 24" (610)-deep by 36" (762)-wide.

By following the Sample Part Number Example at the bottom of each page, you create a Part Number for each product. This Part Number will match your acknowledgement and packing slip.

When ordering filing and storage units, list the following:

- 1. Quantity (combine same products)
- Complete Part Number, see Sample Part Number at the bottom of each page for correct number sequence.
- For ease of reading, place a period between each option number (SD2448.F.P.L.GY.G.JP9.G.JP9.G.G).

Acknowledgment Defaults:

• If grommet option is not identified, GN no grommet will be selected.

- Freestanding Desks include a 11/4" (32) thick work top surfaced with a high pressure laminate with vinyl edge, and support components.
- End panels are non-handed and can be attached under the left or right side of the work top. C-legs may be used as left, right, or shared supports.
- C-legs are designed with three different foot depths for proper support and clearance in each application. Rectangular desks have a C-leg foot that is 211/2" (546)-deep, Corner Desks have a foot depth of 113/4" (298)-deep and Peninsula Desks have C-legs with 7" (178)-deep support feet (Fig. A).

C-legs provide cable management down each side of the C-leg. A onepiece cover allows easy access to the cables.

• The Peninsula Desk is supported by a T-Base and a Column Leg. C-Leg supports are available as an option in place of the T-Base. The Peninsula Desk must be attached to a Standard Desk, a Standard Return, or a Standard Bridge for proper stability.

Fig. B

- · Bridges and Returns are designed to attach to other Freestanding desks. Attachment hardware must be ordered separately.
- Modesty panels are available as full-height or half-height. Half-height modesties provide 17" (432) of space under the modesty for accessing wall outlets. Modesty panels may be positioned with a one-inch space between the work top and the modesty panel to provide cable management.

Fig. C Modesty Flush at Top

Overhead Storage Units

Freestanding Flipper Units and Shelf Units have a 5/8" (16) gap between the back of the shelf and the back of the unit to allow cables to pass through to the work top.

All work tops that accept Freestanding Flipper and Shelf Units have pre-drilled pilot holes on the underside of the work top that serve as a guide for field installation.

Component Capacities

Trendway Corporation will not, under any circumstances, guarantee or assume responsibility for loading performance beyond the basic individual component capacities given below.

- Shelf Units: 3 lbs. (1.4kg) per linear inch of usable space.
- Overhead Storage Units: Inside 3 lbs. (1.4kg) per linear inch. Top cover of under storing door unit -2 lbs. (.9kg) per linear inch of usable space.
- Counter Caps: 3.5 lbs. (1.6kg) per linear inch, uniformly distributed.
- Desks: 5 lbs. (2.3kg) per linear inch, uniformly distributed.
- Center Drawers: 9 lbs. (4.1kg)

Pedestals and Files Centers

Any pedestal or file center that is attached to the underside of a work top must have glides adjusted to support the weight of the pedestal or file center.

WARNING:

Failure to observe the recommended practices, such as loading beyond listed capacities, will result in unsafe usage conditions and may result in bodily injury or failure of other components.

Any modification to Trendway product will change the criteria referenced above. Trendway will not be responsible for product warranty if modifications are made to the product or if the capacities referenced are exceeded.

Finishes

All freestanding units have a highpressure laminate top with vinyl edge. C-Legs are all color matched in one of Trendway's trim colors.

Glide Adjustment Ranges:

C-Leas	1/2" ((13))
--------	--------	------	---

1" (25) **End Panels**

T-Bases 1" (25)

Support Columns 4" (102) work surface height range 27³/₄" (705) to 31³/₄" (806)

33/4" (95) Straight Legs work surface height range 27³/₄" (705) to 31¹/₂" (800)

Specifications

All dimensions listed are nominal unless otherwise noted.

Special Products

Please contact Trendway Custom Solutions 1-800-893-8117 for product availability and pricing on non-standard products.

C-Leg Supports

• In many applications, C-Legs can be shared between desk modules, thus serving as both the supporting and connecting hardware.

Choices Panels

Choices Components

Choices Filing & Storage

Terms, Policies & Index

Return Attachment Kits (RAK) are designed to be used when attaching Returns and Bridges to Freestanding Desks that are supported by End Panels or T-Bases (Fig. F).

Where a Standard Return or Bridge connects to the front of the Freestanding Desk, Return Attachment Kits (RAK) must be

T-Base Supports

When a T-Base is used to support the back end of a Peninsula Desk, a Return or Bridge must be attached to the Peninsula for proper stability. This attachment must be made using a Return Attachment Kit (RAK) (Fig. G).

Flush Support Plates

- Flush Support Plates (SICSP) are designed to be used with attaching a Peninsula Return to the front edge of a Freestanding Desk (Fig. H).
- Note: Flush Support Plates must be ordered separately (see page 193).

Freestanding Flipper, Shelf and Screen Placement Guide

The following illustrations show valid locations for attaching Freestanding Flipper Units, Shelf Units, and Screens to Desk modules. All work tops that can accept Overhead Storage Units and Screens have pre-drilled pilot holes on the underside of the work top that serve as a guide for field installation. The pilot holes are placed to accept Overhead Storage Units and Screens of the same nominal size as the work top.

Note: If a Freestanding Flipper or Shelf Unit is placed on a single rectangular desk, it must be backed up against a wall or be connected to a desk to form a 90-degree angle.

Note: Extended Top Desks, Bowed Desks and Standard Bridges do not specified (specify two kits for a bridge). accept overhead components.

Freestanding Flipper, Shelf and Screen Placement Guide (Cont.)

Peninsula Desks

Peninsula Desks accept Freestanding Flipper, Shelf Units or Screens on the end only.

Corner Desks

Corner Desks accept Freestanding Flipper, Shelf Units, Screens, or Corner Screens on the end only.

Extended Corner Desks

Extended Corner Desks accept Freestanding Flipper, Shelf Units, Screens, or Corner Screens on either side.

Cabinet Units

If a Cabinet Unit crosses a seam (Fig. I) the 90-degree Stabilizer Bracket must be used along with either the Cantilever Bracket or Flush Support Plates depending on the existing connections.

Cantilever

Bracket

Integrating Storage into Choices Desking Furniture

Choices Desking provides shell components with separately specified storage units to maximize storage flexibility. Storage components that work within Choices Desking include Pedestals, File Centers, and Center Drawers. Pedestals, File Centers, and Center Drawers are offered in the Filing and Storage price list along with other coordinating filing units.

Pedestals

Intrinsic, Choices and Pack Pedestals integrate with Desking components. Intrinsic Pedestals are 23" (584)-deep. Choices Pedestals are available in two depths, 22" (559) and 28" (711). Pack Pedestals are available in three depths, 187/s" (479), 217/s" (556) and 277/s" (708). All pedestals are available with two drawer configurations:

Choices Pedestals

6/6/12 – Two 6" box drawers and one 12" file drawer

12/12 - Two 12" box drawers

When the 22" (559)-deep Choices Pedestal, 21"/6" (556)-deep Pack Pedestal or 23" (584)-deep Intrinsic Pedestal is used with a 24" (610)-deep work top, the grommet will be unusable. The same is true when using a 28" (711)-deep Choices Pedestal or 27"/6" (708) Pack Pedestal with a 30" (762)-deep work top. On a 30" (762)-deep work top, use an 18"/6" (479), 22" (559)- or 23" (584)-deep pedestal if grommet access is needed.

File Centers

Choices Floor-Supported File Centers are intended for use under work tops. They aesthetically align with the Choices Floor-Supported Pedestals with matching drawer fronts and base details.

Center Drawers

The Pencil Drawer and the Center Drawer mount beneath any work top.

Note: Grommets are not available on Extended Desks or Bowed Desks.

Note: When the 22" (559)-deep Choices Pedestal is used with a 24" (607)-deep work top, the grommet will be unusable. The same is true when using a 28" (711)-deep Choices Pedestal with a 30" (762) work top, specify a 22" or 23" (559 or 584)-deep pedestal if grommet access is needed.

Standard Grommet Locations

Grommet Dimensions

30" (762) Standard Desks with Full Modest and 22" (559) or 23" (584) depth Pedestal allows access to Grommet.

Choices Components

The underside of the work top has predrilled pilot holes to accept Freestanding Flipper Units, Shelf Units, and Screens. A Placement Guide is located in the planning section. End Panels are non-handed and can be field installed on either the left or right side.

Modesty Panels can be positioned to provide a one-inch wire management clearance at the top or at the bottom of the modesty.

Pedestals, File Centers, Center Drawers and other Filing and Storage Units are specified separately for maximum flexibility. These units are offered in the Filing and Storage price list.

Note: When specifying grommets where Pedestals are being used, please refer to Integrating Storage into Choices Desking Furniture in the planning section for guidelines.

The Extended Cockpit Corner Desk creates a wrap-around effect which provides deeper access into the corner work top. The front opening is $28^{1/2}$ "(724)wide, accommodating most chairs or a keyboard tray.

The Extended Cockpit Corner Desk has a high-pressure laminate top with vinyl edge. Standard features include a Half Modesty. one End Panel, one C-Leg, and a corner support leg. Available options include a Full Modesty, an additional C-Leg, and grommets. See Grommet information in the planning section for standard grommet locations and ordering guidelines.

The underside of the work top has predrilled pilot holes to accept Freestanding Flipper Units, Shelf Units, and Screens. A Placement Guide is located in the planning section.

End Panels are non-handed and can be field installed on either the left or right

Modesty Panels can be positioned to provide a one-inch wire management clearance at the top or at the bottom of the modesty.

The Standard Bridge is designed to be used as a connection between two Freestanding Desks to create a U-shaped configuration. The Standard Bridge has a rectangular, high-pressure laminate top with vinyl edge. Standard features include a Half Modesty. Other available options include a Full Modesty and grommets. See grommet information in the planning section for standard grommet locations and ordering guidelines.

The underside of the work top has predrilled pilot holes to accept Freestanding Screens. Standard Bridges are not designed to support Flipper Units or Shelf Units.

Modesty Panels can be positioned to provide a one-inch wire management clearance at the top or at the bottom of the modesty.

Note: Each end of a Standard Bridge that attaches to the front of a Freestanding Desk with End Panel supports, requires a Return Attachment Kit (RAKH or RAKF), ordered separately.

Available in standard smooth Trim color.

RETURN ATTACHMENT KIT

The Return Attachment Kit attaches Returns and Bridges to the front of a desk, and is also used to attach T-Base supported Peninsula Desks to adjacent Freestanding Desks. One Kit is required for Standard Returns; two Kits are required for Standard Bridges.

Return Attachment Kit for Desk with a Half Modesty

The Kit contains a modesty to end panel bracket, available in trim color, Flush Support Plates in black trim color for work top-to-work top attachment, and the necessary mounting screws.

Return Attachment Kit for Desk with a Full Modesty

The Kit contains two modesty to end panel brackets, available in trim color, Flush Support Plates in black trim color for work top-to-work top attachment, and the necessary mounting screws.

Flush Support Plates

Flush Support Plates connect a work surface that extends from an adjacent work surface at the same level. Includes two mounting plates and screws.

Available in Black only.

Available in Black only.

Retractable Power Centers

The Retractable Power Center offers three grounded outlets and circuit breaker protection. It installs in a Freestanding work top or Full Depth Work Surface grommet and neatly stores below the work top and can be raised up for access. It has a 6' (1829) power

UL and CUL Listed/CSA Certified.

Available in Black only.

Horizontal Wire Manager

The Horizontal Wire Manager accommodates electrical cords and communication cables. It attaches under all work tops and desks. Includes mounting hardware.

Available in Black only.

Units include a steel door with lock, steel cover, steel shelf and composite end panels, a back panel, and a fabric covered tackboard below the shelf. The shelf is designed with a 5/8" (16) gap along the back to allow cable passage. The back panel is surfaced with a high-pressure laminate. Optional factory installed accessories include the Accent Strip and Quarterback.

The Quarterback is a 11/2" (38)-high back stop.

*Note: 66" (1676) and 72" (1829)-wide units have a single shelf, two door fronts and two tackboards.

Shipped ready to assemble.

Note: For fabric orientation, refer to the table located in the Fabric Planning section.

Painted Front

Painted front units have color matched locking steel door, steel cover and steel shelf.

Fabric Front

Fabric front units have a fabric covered locking steel door and selected trim color, painted steel cover and steel shelf.

Note: Resin or composite end supports or end panels, accent strips and quarterbacks are not available in textured or premium trim finishes. If textured or premium trim finish is specified, these components will match the standard smooth trim color. For example, if Pebble Frost (FP) is specified these components will be Pebble (P) in trim finish.

Freestanding Corner Shelf Units

The Freestanding Corner Shelf Unit attaches to Freestanding Corner Desks of equal width. A Corner Shelf may be used on an Extended Corner Desk, Cockpit Desk, Extended Cockpit Desk or an Extended D-Shaped Peninsula Desk. The appropriate size is equal to the smaller of the length dimensions. Corner Shelf Units have two 15" (381)-deep steel shelves that are designed with a 5/8" (16) gap along the back to allow cable passage. A tackboard is provided below each shelf. Back panels are high-pressure laminate and the end panels are composite which are all finished in the matching

selected trim color in a standard smooth finish. Optional factory installed accessories include the Accent Strip and Quarterback.

Note: For fabric orientation, refer to the table located in the Fabric Planning section.

Shelf/File Dividers are freestanding dividers that magnetically attach to a shelf or drawer bottom. Includes three dividers. Available in all standard smooth trim colors.

Monitor Arm

The monitor arms can be affixed to the back edge of the work surfaces between the panel and work surface or can also be bolted through the surface, with a drilled hole or grommet. The height can be adjusted 13" vertically and has 26" of reach. The arm can be adjusted to accurately counterbalance the weight of the monitor. Finally the arm can swivel 360 degrees. All this leads to an ergonomically correct viewing angle. Available in silver only.

Single Monitor Arm

The monitor arm will support any VESA compliant monitor with both 75mm and 100mm mounting holes up to 14 lbs.

Dual Monitor Arm

The monitor arm will support any VESA compliant monitor with both 75mm and 100mm mounting holes up to 20 lbs total. Measured diagonally, the maximum screen width for each monitor is 22".

Total Cost \$92 =

\$92

Screens have a depth of 9" (229).

Note: 66" (1676) and 72" (1829)-wide units have two tackboards.

Price includes attachment hardware.

Note: For fabric orientation, refer to the table located in the Fabric Planning section.

Corner Low Screens

Corner Low Screens attach to Freestanding Corner Desks or Extended Corner Desk and accept Right Angle Counter Caps of equal width. Screens have a fabric covered tackboard front, high-pressure laminate back, and composite end panels.

Screens have a depth of 9" (229).

Note: For fabric orientation, refer to the table located in the Fabric Planning section.

The desk tops are available in 5 laminate colors and come with a grommet. The grommet and edge both match the laminate color.

All Rectangular Desk Tops must be

matched up with a modesty panel and C-Legs to create a desk.

All modesties, C-Legs and support bracketry must be specified separately.

Only the CUFFS and CUPFS hutch units will work with these desk tops.

Post-Formed Corner Desk Tops

Post-Formed Corner Desk Tops have a high-pressure laminate which covers the radiused working edge of the desk to create a softer appearance. The Dual Depth Corner has a 24" (610) and a 30" (762) side to accommodate different depth returns. Both desk tops have a straight front edge.

The corner desk tops are available in 5 laminate colors and come with a grommet. The grommet and edge both match the laminate color.

All Corner Desk Tops must be matched up with a corner post, modesty panel and C-Legs to create a desk.

All corner posts, modesties, C-Legs and support bracketry must be specified separately.

Only the CUFFS and CUPFS hutch units will work with these desk tops.

Only the Post-Formed Rectangular Desk Tops (PFWT) can be used with these corner desk tops.

Corner Posts

A Corner Post needs to be specified when a PFCT is ordered. The Corner Post provides support for the back corner of the desk top, as well as a place for the modesty panels to attach. Attachment hardware included.

The Corner Post must be specified with a desk top, modesty panel and C-Legs to make a desk.

C-Leg Full

C-Legs are used to support desk tops. They are metal and can be used in both shared and unshared applications.

A pair of C-Legs must be specified for every Post-Formed Desk Top to create a freestanding desk.

All attachment hardware is included.

C-Leg Short

C-Legs are used to support desk tops in certain conditions. They are made of metal and can be used in both shared and unshared applications.

All attachment hardware is included.

The C-Leg Cantilever Bracket can be attached to a C-Leg to create a shared cantilever if the C-Leg is already attached to another desk top. They come in pairs which accommodates right-hand and left-hand configurations.

All attachment hardware is included.

Note: Self-drilling, self-tapping screws are provided for attachment to the C-Leg.

C-Leg Base Stabilizer Bracket

The C-Legs Stabilizer is used when two Post-Formed Rectangular Desks are placed in an L configuration. The bracket attaches the two C-Legs together at the bottom of the C-Legs for added desk stability.

All attachment hardware is included.

Note: Self-drilling, self-tapping screws are provided for attachment to the C-Leg.

Flush Support Plates

Flush Support Plates are two metal plates that stabilize the connection between two adjoining desk tops.

Refer to the Planning Guidelines to see when these plates are needed.

All attachment hardware is included.

Available in Black only.

N/C

These units have end panels that match the depth of the flipper bin, and a shelf complete with a back and sides on the top of the unit. There is a tackboard along the back which is attached with Velcro strips.

An optional Accent Strip and Quarterback are available.

The end panels are made of laminate. with matching edge banding and T-molding.

Note: For fabric orientation, refer to the table located in the Fabric Planning section.

Painted Front

Painted front units have color matched locking door, and a steel shelf.

Fabric Front

Fabric front units have a fabric covered locking steel door and selected trim color, and steel shelf.

Note: Laminate end supports or end panels, accent strips and quarterbacks are not available in textured or premium trim finishes. If textured or premium trim finish is specified, these components will match the standard smooth trim color. For example, if Pebble Frost (FP) is specified these components will be Pebble (P) in trim finish.

Specifications

All dimensions are nominal unless otherwise noted.

Load Capacities

Center Drawers:

Center Drawer — 9 lbs. (4.1kg)

Total load capacities of hanging work surfaces are equal to the sum of the fully loaded components attached to the underside of the work surface plus the loads placed on the top of the work surface.

Pedestal Drawers:

6" (152) Pedestal Drawer — 20 lbs. (9kg) 12" (305) Pedestal Drawer — 40 lbs. (18kg)

Lateral File and Pedestal Lateral File Drawers:

2 lbs. (.9kg) per linear inch of usable space.

Stationary Shelves – Bookcases, Double Door Storage Units, Storage Towers

3 lbs. (1.4kg) per linear inch.

Maximum Load Capacity For Any Storage Unit

The maximum load capacity for any storage unit is calculated by multiplying the above stated lbs. per linear inch per each shelf or drawer that is included with the unit and adding them together (includes the top of the unit and the inside bottom).

Eg: Maximum load capacity for a BCB336

- = unit bottom + 2 shelves + unit top at 3 lbs. per linear inch
- = 36" (914) linear in. per shelf x 3 lbs. x 4
- = 432 lbs. maximum load

Note: The addition of more shelves **does not** increase the maximum amount a unit can be loaded.

Proper Usage

Pedestals and File Centers

Any pedestal or file center that is attached to the underside of a work surface must have glides adjused to support the weight of the pedestal or file center.

Lateral Files

CAUTION: Any freestanding lateral file, if improperly used or loaded, can tip. Since files may contain significant weight, this tipping can result in serious damage and/or personal injury. For proper and safe performance, read and follow instructions provided with each file.

Do not attempt to open more than one lateral file drawer at a time. Do not use drawers as steps. Failure to follow these instructions may cause tipping of cabinet, resulting in personal injury.

Use counterbalance weights whenever lateral files or pedestals are not anchored or ganged back-to-back.

To avoid tipping, always load bottom drawers before loading top drawer.

Choices Filing and Storage Offering – Additional filing and storage options are available in the Pack Price List.

Keyed Alike

Choices filing and storage units have two lock options to choose from. Units can be randomly keyed (option "R") or they can be key-alike (option "T") for no additional upcharge. When the randomly keyed option "R" is chosen the Choices

filing and storage unit will ship with a randomly numbered core/key.

When the key-alike lock option "T" is chosen the Choices filing unit will ship with a "disposable" core in place of the core/key and the specified Choices Core/Key set(s) will be packaged separately for field installation. The "disposable" core must be field replaced with a Choices Core/Key set in order for the Choices filing unit to lock. The Core/Key set (LCAK) must be ordered separately.

Ordering Information

For ease in specifying, Trendway's catalog numbering system uses meaningful characters to convey description, surface type, and size. For example. LFS530 represents a Choices Lateral File with Storage Cabinet, 5-High by 30" (762) -wide.

Trendway has further simplified the order process by having all the options available for a product listed in the price chart. By following the Sample Part Number Example at the bottom of each page, you create a Part Number for each product. This Part Number will match your acknowledgement and packing

When ordering filing and storage units, list the following:

- 1. Quantity (combine same products)
- 2. Complete Part Number (see Sample Part Number at the bottom of each page for correct number sequence).
- 3. For ease of reading, place a period between each option number (FSLF536E.J.K.R).

Choices Double-Door Storage Units

Choices Double-Door Storage Units are available in heights to match the two, three and five-high Choices Lateral Files. The units are constructed of painted metal and have locking doors with Choices Accent Strips. Painted metal shelves adjust vertically in 2" (51) increments.

Additional Storage Shelves (SS) are available.

Note: Choices Lateral File Tops (LFT) can be used on Choices Double-Door Storage Units.

Choices Wardrobe Units

The Choices Wardrobe Unit is constructed of painted metal and has locking doors with Choices Accent Strips. Includes one painted metal shelf with attached, full-width wardrobe bar.

When the key-alike lock option T" is chosen a "disposable" core is assembled in the filing unit to temporarily secure the drawers and doors for transit. The "disposable" cores must be field replaced with Choices Core/Key Sets in order for the Choices filing unit to lock. Core/Key Sets (LCAK) must be ordered separately or by using the keying order form.

Total Cost \$1427 =

Choices Pedestal Lateral File Center

The Choices Pedestal Lateral File Center combines the functionality of a pedestal and the lateral file into a single cabinet that fits below a systems work surface or a desk module. It is designed to visually integrate with Choices Floor-Supported Pedestals.

Units are constructed of metal and include full-extension ball bearing slides on all drawers. Drawer fronts are painted metal with Choices pull Accent Strips. Available accessories include the Choices Freestanding Traverse Kit (FSTK) for frontto-back filing, Lateral File Dividers (LFDE), Choices Label Holders (LH), Choices Pedestal Divider/Conversion Kit (PCD) and Choices Pencil Tray (HPPT).

Note: File center must be attached to a panel-mounted work surface or a desk unit.

When the key-alike lock option

Choices Lateral File Tops are sized to be used with Choices Two-Drawer, Three-Drawer, Four-Drawer and Five-Drawer Lateral Files. They are available for use with a single lateral file or combination of two or four lateral files. Lateral File Tops have a high-pressure laminate surface with vinyl edge. Tops are nominal 11/4" (32) thick.

Note: 18" (457)-deep Lateral File Tops are sized to fit between Return Panels and can also be used in freestanding applications. 36" (914)-deep Lateral File Tops are sized for freestanding applications only.

For non-standard sizes, contact Trendway Custom Solutions 1-800-893-8117.

See Lateral File Top Specification Guide in the Planning section.

Note: Lateral File Tops cannot be used in place of counterbalance weights, ganging or anchoring.

ACCESSORIES

Choices Lateral File Counterbalance Weights

The Choices Lateral File Counterbalance Weight provides additional stability and must be used for individual lateral files that are not anchored or ganged back- to-back. All hardware is included for field installation.

Choices Freestanding Traverse Kit

The Choices Freestanding Traverse Kit converts Choices Freestanding Lateral Files and Floor-Supported File Centers

from standard side-to-side filing to frontto-back filing.

Note: For each drawer, order one kit for 30" (762)- and 36" (914)-wide lateral files; order two kits for 42" (1067)-wide lateral files. See Lateral File Front-to-Back Conversion Bar Application Guide in the Planning section for further information.

Available in Black only.

Lateral File Dividers

The Lateral File Dividers are freestanding dividers that securely attach magnetically to a shelf or drawer bottom.

Available in Black only.

Choices Label Holders

The Choices Label Holder attaches to freestanding lateral file and pedestal drawers with pull accent strips. Packaged in boxes of 6. Includes label inserts.

Note: The required number of holders are included with each lateral file order; order extra Label Holders only when additional holders are needed.

Available in Clear Plastic only.

Prices shown in this price list are F.O.B. origin, freight prepaid, in the contiguous United States. Trendway Corporation reserves the right to change prices without notice. Trendway may implement price changes effective at time of shipment if shipping date is more than 120 days from date written order was received by Trendway.

Pricing for shipments outside the contiguous United States will be based on the port of departure. Freight will be prepaid to port of departure.

List prices include coverage of prepaid standard, Trendway-specified freight cost.

2. Order Placement

Trendway Corporation requires all orders to be submitted electronically via on-line order entry at www.trendealer.com, or in writing following Ordering Procedures on page 1. Trendway recommends using design software for larger projects which allows the dealer to design, specify, and enter an order more efficiently and accurately which will assure completeness and avoid errors and duplications. The Buyer assumes all responsibility for the correct content of any order which has been acknowledged.

3. Confirmation

Upon receiving an order, Trendway Corporation will send an acknowledgement with exact pricing information and scheduled shipping date. Orders can also be confirmed on-line at www.trendealer.com. Customer is responsible for checking acknowledgements to ensure that the order is correct. Order will be processed as acknowledged.

4. Lead Times

Trendway Corporation reserves the right to alter lead times as demand for products fluctuate. Stated lead times begin after a complete order is entered and scheduled. Shipments are subject to product availability. Special products and larger orders may extend lead times. Orders placed by dealers without a requested delivery date will be assigned a delivery date of 8 business days for Express orders, 4 weeks for standard product orders and 6 weeks for custom product orders. Please contact your customer care representative for exact lead-times.

5. Buyer's Credit

If, in the judgment of Trendway, the financial condition of the Buyer at any time does not justify the terms specified, Trendway may at any time by notice to the Buyer require prepayment or other terms of payment differing from those specified in Section 8 or other satisfac-

tory security to insure prompt payment of invoices.

6. Order Changes

To change an order, the customer must call Trendway Customer Care for order status. If approved, the customer must confirm the changes in writing to Trendway Corporation. Customer agrees to accept any and all charges involved in altering an order. This includes payment, determined by Trendway, for product already in production. Changes in orders also may result in delayed shipments.

7. Cancellation

All cancellations must be approved by Trendway Corporation. Orders in production cannot be cancelled without incurring substantial or full purchase price. Customers shall agree to accept any and all charges involved in the cancellation transaction, as determined by Trendway. Non-standard items may not be cancelled.

8. Terms of Sale

Terms of sale on all invoices to approved Trendway customers are Net 30 days from date of invoice. These terms may be changed at any time by Trendway Corporation based on credit rating information available on specific customers. Payment in advance may be requested at the discretion of Trendway without explanation.

9. Taxes

Prices listed do not include any federal, state, local, or other taxes. Purchaser agrees to pay or reimburse any such taxes that Trendway Corporation, Trendway Corporation subcontractors, or suppliers are required to pay. For shipments to AZ, CA, CO, DC, FL, GA, IL, IN, KS, MA, MI, MN, MS, NJ, NY, OH, PA, TX and Canada, add appropriate tax rate. All authorized dealers should ensure that a resale exemption certificate is on file with Trendway Corporation.

10. Past-Due Accounts

Past-due accounts will be charged 1.5% per month. This is an annual rate of 18% or the highest legal rate on the unpaid balance. The purchaser agrees to pay all collection agency fees, court costs, and/or reasonable attorney fees incurred by Trendway in the collection of past-due balances.

11. Customer's Own Material (COM)

The Trendway COM program allows customers to use special materials. By complying with the COM testing for manufacturability procedure in the steps below, Trendway will be able to identify if your material is appropriate for application to the products you specify.

To comply with the COM process, please follow these steps:

- 1. Select the COM material.
- Check first with www.trendealer. com/ COM Library, to determine if this material has already passed testing for manufacturability on the intended product.
- 3. If the material is pre-approved in the COM Library, customer must submit a *COM Guideline Form* (available on www.trendealer.com or from Trendway Customer Care Representative).
- 4. If the material requested is not in the COM Library, customer must submit a COM Request Form online at www.trendealer.com, send a sample of the COM material (see Test Yardage Requirements below), and include a list of Trendway product numbers designated for the COM application. Material sample should include pattern name, pattern number and color, manufacturer, direction material should be applied, and Control number from the COM Request Form response.
- 5. Ship COM samples to:

U.S. Mail Shipment and UPS, FedEx Shipment:

Customer Care Trendway Corporation P.O. Box 9016 Holland, MI 49422-9016

You will be notified within five working days by Trendway, whether your COM has been approved or disapproved for application.

TEST YARDAGE REQUIREMENTS

Choices panels1¹/₂ yd. Flipper doors²/₃ yd. Contrada tiles1 yd.

NOTE: Most fabric houses have a yardage minimum or an upcharge on less than one-yard cuts.

NOTE: All COM applications are priced at Grade 1 or Grade A.

If Buyer desires to use his own material in the production of Trendway's products, it is necessary to obtain the prior written consent of Trendway. Material provided by the Buyer shall be shipped to seller, freight prepaid, and all risk of loss or damage shall remain with Buyer. Buyer must assume

assigned delivery date can be

of \$150. This charge does not

requested for an additional charge

- Inside delivery service starts at \$50. Call Customer Care for quote.
- Reconsignment cost after shipment, starts at \$50. Call Customer Care for quote.
- call for a quote.

In the event that special F.O.B. Destination terms are agreed to by Trendway or delivery is made on Trendway-owned or -leased equipment, customer or authorized representative is responsible for noting any freight damage or shortage on the freight bill of lading at time of delivery and must notify Trendway within five (5) days of delivery day of any such damage or shortage. Assistance in a concealed damage claim on an F.O.B. Destination shipment will be provided by Trendway only if the product has been immediately unpacked and both the carrier and Trendway have been promptly notified of resultant damage so the proper inspection can be made.

Trendway strives to minimize packaging to help the environment and to make installations faster and cleaner.

Trendway ships products in using various packaging methods based upon the product type and shipping method (full truck vs. LTL), all of which are designed to provide protection for the product while minimizing packaging materials.

Trendway test packaging designs to ensure their effectiveness.

Title and risk of loss to all goods sold shall pass to Buyer upon Trendway's delivery to Buyer or to a carrier at shipping point. Trendway, however, retains the Purchase Money Security Interest in all goods shipped and the right to perfect same.

responsibility for any spoilage that takes place in the course of processing or during transportation. Buyer hereby holds Trendway harmless against any and all claims for loss, liability, injury, or damage arising from use of customer material; and Buyer takes full responsibility for performance and quality of customer material. Buyer should also be aware that Buyer-furnished materials will not qualify for UL Listings and may not meet fire codes. Please discuss specific concerns and special needs with Trendway Customer Care PRIOR to placing your

11a. Custom Color

Trendway's Custom Color program allows the customer to specify their own color or stain on many of Trendway's products. See www.trendealer.com for product availability, individual product guidelines and lead times. Set up fees and lead times are product specific and will vary.

To request a Custom Color or Stain:

- Complete a Custom Color Request form (available on www.trendealer. com).
- Send request form along with two 2"x3" samples to Trendway Customer Care Color Coordinator.
- After the receipt of the request, Trendway will provide customer with one color sample.
- If approved, Dealer or customer completes custom color form, providing the custom match color number on the back of the sample, signs, and returns by fax or mail to Custom Color Coordinator.
- Samples will be matched under cool white florescent lighting. All orders processed under the Custom Color program will be manufactured within commercially acceptable tolerances.
- Customer Color program is not available within Express lead-time.
- If applicable, dealer will be sent an invoice for \$200 color matching fee per customer, per color. See Custom Color Request form for details.

12. Special Product

When Trendway purchases special surface materials (i.e., fabrics and laminates) at the request of the customer, the customer takes full responsibility for the performance and quality of the surface material.

13. Delays

Trendway shall not be liable for loss or damage due to delay in manufacturing or delivery resulting from any cause beyond Trendway's reasonable control, including, but not limited to, compliance with any regulations, orders, or instructions of any Federal, State, or Municipal Government, or any department or agency thereof, acts of God, acts or omissions of Buyer, acts of civil or military authority, fires, strikes, factory shutdowns or alterations, embargoes, war, riot, delays in transportation or inability due to causes beyond Trendway's reasonable control to obtain necessary labor, manufacturing facilities, or material from Trendway's usual sources. In no event shall Trendway be liable for special or consequential damages for any delay for any cause.

14. Postponement of Delivery

If unforeseen circumstances occur, Trendway Corporation may postpone delivery of ordered products. Customer will be notified when such postponement occurs.

15. Storage

When shipment is delayed by the Buyer, Trendway reserves the right to place the goods in storage at customer's risk and cost. Trendway charges 1/4 of 1% of list price per week to cover storage. All terms and conditions of the sale, including but not limited to invoicing and payment, will continue as Buyer-specified destination; except that title remains with Trendway and that Trendway reserves the right to modify payment terms to assure recovery of any additional cost incurred.

16. Transportation

All orders shipped to any destination, within the contiguous United States, will be F.O.B. origin, freight prepaid, and risk of loss or damage shall pass to Buyer upon delivery to carrier. Trendway will determine the method and agency of transportation to be used.

Exceptions to standard prepaid freight are as follows:

- Customer directed expedites (Air Freight, Team Hauls) will be prepaid by Trendway and Customer will be billed the difference between standard and expedited freight.
- Truckload deliveries that are requested to deliver on weekends. Holidays or after 3:00 pm on Friday's will have an additional charge of \$450 per truck.
- Excessive unloading (in excess of 4 hours) will be billed at \$50 per hour after the initial 4 hour unloading period.
- LTL shipments normally deliver between 8:00 am and 5:00 pm, Monday through Friday. A specific delivery time on your

Shipping Note:

17. Product Ownership

Trendway Corporation is not responsible for shipped products when the common carrier is in receipt of the material. Trendway expects all customers to thoroughly inspect orders on receipt regardless of point of delivery. Clear receipt should not be given on the material until it has been checked for damage in transit. All claims for noted damaged material must be made by the customer to Trendway Customer Care. Concealed damage or damage not noted at time of delivery shall be made by the customer to the common carrier within 15 days after receipt. Trendway assumes no liability for such damage.

19. Shortage on Order

Shortage on ordered products must be reported to Trendway Corporation within five (5) days of product delivery and must be noted on bill of lading at time of delivery.

20. Product Usage and Compliance

Buyer assumes full responsibility for the application of Trendway's product to Buyer's use, and compliance with Trendway installation and maintenance instructions and reasonable load restrictions. Compliance to local code restrictions regarding fire, electrical, and building codes are the responsibility of the customer or his authorized agent.

21. Post-Delivery Assistance

Installation and servicing of Trendway products are normally handled directly by Trendway-authorized dealers. When this is not possible, assistance is available by calling Trendway's Customer Care Department, Holland, Michigan.

22. Returned Goods

As a basic policy, Trendway does not accept returned material, because most items are manufactured per order and are not in stock at the factory. If material is authorized for return because of Trendway error, shipment may be made freight collect. Any other goods for which Trendway does authorize a return will be sent prepaid and a restocking charge of 35% will apply. To receive authorization to return goods, please contact Trendway's Customer Care Department.

All Returned Materials Authorizations expire thirty (30) days from date of issue. Any product returned after 30 days will be refused and returned to sender collect.

Electrical components, nonstandard items, Express products, and fabric-covered goods may not be returned. Replacement products will be billed to you with credit being issued upon return of the product in good condition. All goods returned must be in the original Trendway packing cartons. Goods will

be inspected for damage upon return. No credit will be issued for goods which are damaged. As a general statement of policy, return authorization will not be issued for items unless they are Trendway stock items.

23. Key-Alike Option

The key-alike option is available on all orders. To order key-alike items within a workstation, follow these steps:

- Fill out a key-alike form and submit it with your purchase order. If keyalike orders are placed with your PO or within 30 days of receipt of your order, they will be sent at no charge.
- After 30 days of your PO regardless of your installation date, the cost of key-alike requests will be \$3.00 net per core and key, if the quantity exceeds 10.

Note: Credit will not be issued for return of unused cores and key's.

Key-Alike forms are available on www. trendealer.com or through Trendway Customer Care.

24. Special Marking or Tagging

Special tagging is available on all orders free of charge. Trendway suggests this option to simplify the staging and installation of product. **Tag designations must be specified at the time an order is placed.**

25. Trendway Field Technical and Installation Support:

On-site field measurement and installation support is available as a service. The fees are listed below:

Field Measurement Assistance: 1 Day on-Site, \$1,800.00

Field Installation Assistance: 3 Days on-site, \$3,000.00

These fees are based on a minimum 14 business days advanced notification and booking. Service requests booked less than 14 business days in advance may be subject to additional fees due to added travel cost. For more information or to place a request, contact Trendway Customer Care at 1-616-399-3900.

Find the most current terms and conditions on www.Trendealer.com, in the Price List section.

Limited Lifetime Warranty

Trendway Corporation warrants to the original purchaser that the products described in its price lists, sold after August 1, 2004 will be free from defects in materials and workmanship commencing with the date of initial purchase and continuing for as long as the original owner uses these products. This warranty provides limits on the following products:

	Systems	Architectural Products	Seating
10 Year	•Electrical Components •Height-Adjustable Table Frame		•Pneumatic Cylinders •Mechanisms
5 Year	Drawer Slides Systems Textiles Finishes Electronic Ballasts Height-Adjustable Table Mechanical Components	•System Textiles •Finishes	
3 Year	Veneer Magnetic Ballasts		•Trim •Foam •Upholstery •Arm Pads
2 Year	Surface Trend Fabrics Height-Adjustable Table Electrical Components	•Surface Trend Fabrics	
1 Year	•Non-Standard Product •Personal Task Lighting	•Non-Standard Product •Trend- Wall® Flooring Solutions	•Non-Standard Product •Rexxi™ Chair
Not Covered	•Light Bulbs •Customer's Own Material	•Customer's Own Material	•Customer's Own Material

The following exceptions apply to all product lines:

- The Trendway warranty applies to normal three shift office use, with the exception of seating. Seating is warranted for single-shift usage.
- Damage caused by improper treatment of the product including exposure to unusual environmental conditions (extreme climates, acids, and moisture)

This comprehensive warranty applies to all products installed or reconfigured by a Trendway authorized installer. Trendway will repair, or at its option, replace defective merchandise, free of charge, which, when used normally and pursuant to Trendway's published instructions, and applicable planning guide information, prove to be defective within the period stated. This remedy is expressly agreed to be exclusive as a condition of sale. No person is authorized to assume for Trendway any warranty liability, except as expressly set forth in this paragraph, or set forth in writing by an authorized officer of the company at its headquarters in Holland, Michigan.

Any and all labor charge backs must be pre-approved by Trendway's Customer Care Manager in writing. Trendway will reimburse authorized Trendway dealers and service centers for approved warranty labor during the first year of use.

This warranty does not apply to damage resulting from accident, alteration, transport, or misuse, as well as damage from normal wear and tear such as dents, nicks, scratches, fading and improper maintenance. Trendway employs quality measures to ensure color consistency in our products. However, due to the effects of light and other environmental factors, no guarantee can be made for an exact match to product in an existing installation.

Natural variations occurring in materials such as wood and leather are not considered defects, and Trendway does not warrant the matching of colors, grains, textures or colorfastness of these materials.

Trendway provides a three-year warranty on veneer products for quality and craftsmanship. Due to the natural properties of wood, the following are not covered under this warranty:

- Changes in wood color resulting from exposure to light or aging
- Natural color variation between wood veneer and solid wood pieces, or resulting from veneer lay-up
- Natural variation in wood grain or the presence of character marks
- Normal wear and tear
- Exact match to swatch materials

Trendway makes no warranty to purchasers who acquire products for personal, family, or household purposes, or to purchasers acquiring the product other than directly from Trendway Corporation, its authorized dealers, or others who are specifically authorized by Trendway to sell such products. Trendway's liability with respect to its products shall not exceed that expressly set forth above irrespective of the theory upon which a claim might be based, including negligence. Under no circumstances shall Trendway be liable for incidental or consequential damages. Original product label must be attached to the product in question.

The warranty period is not interrupted or prolonged by the performance of a service under the terms of the warranty. There are no other warranties except as expressly set forth above, either express or implied, including any warranty of design, merchantability or fitness for any purpose.

This warranty supersedes all previously printed Trendway warranties.

Trendway Corporation 13467 Quincy St., Holland MI 49422-9016 www.trendway.com 09.12
