P2 Plate Carrier

The P2 Plate Carrier was designed for high speed operators who need the versatility of a modular plate carrier system with expandable load carrying capacity. The P2 utilizes spacer mesh to protect the upper body during high speed operations and is enhanced by ergonomically correct shoulder pads to relieve load stress on the operator. The base model is ideal for active shooter scenarios and can be upgraded to a full tactical entry system allowing the operator to choose the options based on the threat. Available options include, Side Cummerbund System, Side Cummerbund Hard Armor Plates, Shoulder Armor Inserts, Biceps and Groin Protection, Level IIIA Soft Armor Ballistic Inserts and a full assortment of pouches.

Features:

- *Fully adjustable padded Drilex shoulder straps and padded spacer mesh interior for air circulation*
- *Split pocket to separate soft and hard armor with suspension*
- *Optional NIJ Level IIIA ballistic inserts available for Cummerbund Armor Panels (6"x6", 6"x8" and 6"x12")*
- *Optional Cummerbund system*
- *Reinforced drag handle*
- *4" x 6" loop area on front/back for ID placards*
- *Available in the following colors: Ranger Green (RG), Black (BLK), Multicam (MC) and Coyote Tan (CT)*

Optional Level IIIA Soft Armor
Ballistic Inserts

Ergonomically
Correct Shoulder Pads
